November 17, 2017

To the Board of County Commissioners, the County Manager and the citizens of Santa Fe County

We are pleased to submit to you the Comprehensive Annual Financial Report for Santa Fe County for the fiscal year ended June 30, 2017. The financial statements and supporting schedules have been prepared in conformity with generally accepted accounting principles for government, and with the requirements of the State of New Mexico, Office of the State Auditor.

This report consists of management's representations concerning the finances of Santa Fe County. County management assumes full responsibility for the completeness and reliability of the information presented in this report based on a comprehensive framework of internal controls that were established for this purpose. Santa Fe County has established a comprehensive internal control framework that is intended to provide reasonable assurance that assets are safeguarded against loss or unauthorized use, and that financial records can be relied upon to produce financial statements according to generally accepted accounting principles. "Reasonable assurance" is intended to recognize that the cost of maintaining the system of internal accounting controls should not exceed the benefits derived. The County's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. The County's management team asserts that, to the best of our knowledge, this financial report is complete and reliable on all material respects.

This report consists of the Introductory Section, the Financial Section that includes the opinion of the County's independent auditor, REDW LLC (REDW), the Management's Discussion and Analysis, the Statistical Section with 10 years of summary data, and the Other Information Section. The Introductory Section includes this transmittal letter, the County's organizational chart and a list of County Officials and administrative staff. Readers should refer to the Management's Discussion and Analysis (MD&A) beginning on page 15 of this report for a more detailed overview of how to use this report, and for an introduction to the County's basic financial statements and an analytical overview of the County's financial activities.

REDW has audited the County's financial statements for the fiscal year ended June 30, 2017. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2017, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and

disclosures in the financial statements; thus, resulting in an assessment of the overall financial statements. REDW concluded that there was a reasonable basis for rendering an unmodified (or clean) opinion that Santa Fe County's financial statements for the fiscal year ended June 30, 2017, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The report may be found on pages 12-14 of this report.

The Reporting Entity and Its Services

Santa Fe County was established by the laws of the Territory of New Mexico of 1852, under provisions of Section 4-26-1 NMSA 1978. Santa Fe County is located in north-central New Mexico. The City of Santa Fe is the capital of the State of New Mexico and is in the center of the County, approximately 60 miles northeast of Albuquerque. Santa Fe County has a total area of 1,911 square miles, including 1,909 square miles of land and 2 square miles of water. The 2010 decennial census revealed a population of 144,170, which included 67,947 individuals located in the City of Santa Fe. This reflects a countywide population percentage increase since the 2000 decennial census of 11.5 percent. During that period, Santa Fe County experienced a lower percentage population increase than the State as a whole, which saw a 13.2 percent increase. Based on 2016 population estimates, Santa Fe County had a population of 148,651. Santa Fe County experienced the 5th highest county population growth rate in the State (behind Lea, Eddy, McKinley and Sandoval) and was the 3rd most populous County (behind Bernalillo and Dona Ana). The average unemployment rate in June 2017 was 5.6 percent, which was less than the State rate of 6.8 percent.

The County operates under the commission-manager form of government. All legislative power within the County is vested in an elected five-member Board of Commissioners (BCC). The executive function is divided and shared by the Board and five elected county officials - the Assessor, Clerk, Probate Judge, Sheriff and Treasurer. The County provides the following services: public safety (inclusive of sheriff, fire, emergency communications center and corrections), highways and streets, sanitation, health and social services, low rent housing assistance, affordable housing, culture and recreation, senior services, public works improvements, planning and zoning, economic development, and general administration services. A regional planning authority, created by the City of Santa Fe and Santa Fe County, as well as County Housing Authority, utilities and home sales enterprises are included within the business activity of the County's financial statements.

Santa Fe County maintains extensive budgetary controls; the budget approved by the BCC serves as the foundation for Santa Fe County's financial planning and control. The fiscal year 2017 budget continued utilizing a results-accountable, priority-driven budget methodology (referred to generically as performance-based budgeting) for budget development. Staff built budget requests focusing on four specific countywide outcomes/goals: provide a safe community, support a healthy community, promote a sustainable community, be a proficient, efficient and transparent government. Staff was further instructed to leave budgets flat to the extent possible. The fiscal year 2017 budget contemplated modest increases to some revenue sources, increases to staff compensation and the cost of benefits, expanded programming in priority areas, significant one-time expenditures for large maintenance and repair items, significant asset renewal and replacement expenditures and provided departments with the resources needed to achieve the desired outcomes of their functions.

Public safety, park and facility improvement and construction, road maintenance, economic development, youth program funding, the final expansion of the utilities into a self-sustaining enterprise, as well as ongoing development of employees remained priorities in fiscal year 2017. As part of the public safety focus, an additional gross receipts tax increment was enacted in fiscal year 2017, to begin collection in fiscal year 2018, solely for the purpose of public safety support. New funding was also provided for development of management plans for several additional open space properties, public information activities, and sustainability programs including alternative energy programs and watershed restoration. Finally, additional funding was budgeted for operating costs associated with new facilities scheduled to go "on line" during fiscal year 2017.

Economic Condition and Outlook

Major industries in the Santa Fe County area center on tourism and recreation. These include all associated industries such as food, lodging, arts and entertainment. Education and health care also contribute a large portion of the jobs in the area. Professional scientific and management industries also add significantly to the employment base of Santa Fe County. According to data reported by the New Mexico Department of Workforce Solutions for the Santa Fe metropolitan area as of June 2017, total employment was 64,400. Of that total, government employees comprised 16,500 jobs or 25.6 percent of the workforce; of those government employees, 8,500 worked in State government, 7,000 worked in local government, and 1,000 worked in federal government. An additional 11,300 employees, or 17.5 percent, worked in the leisure and hospitality sector, while 10,700 employees, or 16.6 percent, worked in the education and health services sector.

Economic development emerged as a key citizen priority of the quality of life for citizens of Santa Fe County. As a result, this service area received more focus and more resources during the fiscal year 2017 budget process. Film and media, arts, culture and cultural tourism, and alternative and renewable energy initiatives received targeted funding.

Santa Fe County's property tax base was assessed at \$6.8 billion for property tax year 2016 (the tax year applicable to fiscal year 2017), which comprised 11.9 percent of the statewide total. This represented 2.6 percent growth in assessed values over the previous property tax year, compared with a statewide decrease in assessed values of 3.2 percent due to volatility in prices and volumes of oil and natural gas. In fiscal year 2013, the County Assessor completed a Countywide reappraisal that was intended to ensure that all properties were captured on the tax rolls and that all valuations were "true and correct" in compliance with State law. Property tax collections continued to be strong in fiscal year 2017 with a collection of 96.4 percent.

In fiscal year 2017, Santa Fe County increased the budget for countywide and unincorporated gross receipts taxes by 2.0 percent. This increase represented a conservative projection of collections, which have begun to rebound from the significant declines of fiscal year 2009 through fiscal year 2011. While the unincorporated gross receipts taxes have been slower to rebound, they have been rebounding, allowing for the modest increase in the budget.

A principal issue for Santa Fe County is the funding of a large regional water system that will serve the northern part of the County, which has historically obtained its drinking water from wells. The Aamodt Settlement of water rights requires that a regional water system be designed and

constructed. The cost of building this regional system will be borne by the Federal government, the State of New Mexico, and Santa Fe County.

The County strives to incorporate robust financial planning into its long-range vision to remain solvent throughout economic cycles. The County maintains the State-mandated cash reserve requirements in its general fund and the road fund. During fiscal year 2015, the BCC approved new fund balance requirements that included committing general fund balance for disaster recovery, uninsured losses, major infrastructure repair and replacement as well as a contingency reserve. The new requirements also included a 10.0 percent contingency reserve in each fund that supports ongoing operations, exclusive of grant funds. Additionally, the County maintains a \$6.0 million budgeted contingency reserve to assist, if necessary, in times of economic distress. Thus far, the County has not utilized the contingency reserve, which has been in place at varying levels of funding since fiscal year 2011.

Santa Fe County has both conscientiously and strategically maintained sufficient reserves and continued to be conservative with revenue projections. This strategy has enabled the County to not impact employees either by reduced salaries or furloughs while also being able to continue a strong employee benefits program.

Financial Policies

Santa Fe County's accounting records for general government operations are maintained on a modified accrual basis, with revenues being recorded when available and measurable and expenditures being recorded when services are rendered or goods are received, and the liabilities are incurred. Accounting records for Santa Fe County's utilities and other enterprise activities are maintained on an accrual basis.

In developing and maintaining the County's accounting system, constant consideration is given to the adequacy of the internal control structure. We believe that Santa Fe County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The State of New Mexico requires a balanced budget for each fund. The budget is reviewed by the BCC, and is formally adopted by the BCC's passage of a budget resolution. Santa Fe County imposes this balanced budget standard in conjunction with the additional standard that recurring expenses in each fund be sourced with recurring revenues. A monthly report of major revenue sources, costs categories, fund expenses, and major fund cash positions is produced and reported to the BCC. Lastly, written quarterly budget updates are provided to the BCC prior to being submitted to the New Mexico Department of Finance and Administration's Local Government Division, pursuant to state law.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Santa Fe County for its comprehensive annual financial report for the fiscal year ended June 30, 2016. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted

accounting principles and applicable legal requirements. This was the fifth year in a row that the County received this GFOA award. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and will submit it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report could not have been accomplished without the dedication of staff within the Finance Division. A special thanks is extended to Yvonne Herrera, accounting and financial reporting manager. Ms. Herrera displayed interminable commitment and professionalism coordinating the audit process and in preparing these financial statements.

We wish to express our sincere appreciation to all staff members whose efforts made the preparation of the report possible. We would also like to thank the staff from other Santa Fe County departments who assisted and contributed to its preparation. Finally, without the leadership and support of the County Manager and the members of the BCC, preparation of this report would not have been possible.

Respectfully submitted,

Stephanie Schardin Clarke Finance Division Director

FINANCIAL SECTION

Independent Auditor's Report

Mr. Wayne A. Johnson, New Mexico State Auditor and To the Honorable Members of the Board of County Commissioners Santa Fe County, New Mexico

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund and major special revenue funds of the Santa Fe County, New Mexico (the "County"), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers

5353 N 16th St, Suite 200

Phoenix

internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the general fund and the major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, Schedule of the County's Proportionate Share of the Net Pension Liability, and the Schedule of County Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements that collectively comprise the County's basic financial statements. The introductory section, supplementary information, other supplementary information, and statistical section, as listed in the table of contents, are presented for the purposes of additional analysis or are required by Section 2.2.2.10 NMAC and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplementary information, other supplementary information, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary and other supplementary information, required by Section 2.2.2 NMAC, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2017, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Albuquerque, New Mexico

REDWILL

December 1, 2017

As management of Santa Fe County (County), New Mexico, we offer the readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2017.

FINANCIAL HIGHLIGHTS

The financial statements, which follow Management's Discussion and Analysis (MD&A), provide the significant key financial highlights for fiscal year 2017 as follows:

- In the statement of net position the County's total net position of governmental activities increased \$20.1 million and business-type activities decreased by \$2.0 million. In total, the net change of \$18.1 million represents an increase of 4.8 percent from the prior year. The County continues to have a strong financial position, operating reserves and assets available to provide services to its citizens.
- The statement of net position reflects the recording of \$95.3 million in net pension liability, \$30.5 million in deferred outflows, and \$2.0 million in deferred inflows in accordance with the requirements of GASB Statement No. 68 (GASB 68).
- In the statement of activities, the total governmental activities revenue totaled \$150.1 million, of which general revenues from governmental activities accounted for \$125.0 million or 83.2 percent. Program specific revenues in the form of charges for services and grants and contributions accounted for the remaining \$25.1 million or 16.8 percent of total revenue from governmental activities.
- In the statement of activities, the total business-type activities revenue totaled \$6.3 million, of which program specific revenues in the form of charges for services and operating grants and contributions accounted for \$6.3 million or 100.0 percent of business-type activities.
- In the statement of activities the County had \$129.1 million in expenses related to governmental activities, of which \$25.1 million were offset by program specific charges for services or grants and contributions. General revenues of \$125.0 million were adequate to provide for the remaining costs of these governmental activities. The County had \$9.2 million in expenses related to business-type activities. These expenses were offset by program specific revenues in the form of charges for services and operating grants and contributions of \$6.3 million.
- The General Fund had \$70.8 million in revenue, which primarily consisted of taxes, charges for services and interest earnings. The total expenditures of the General Fund were \$32.7 million. The General Fund's fund balance increased by \$6.4 million compared to a fiscal year 2016 General Fund balance increase of \$4.5 million. Overall revenue increased, by \$4.5 million, which is the net result of increases in gross receipts taxes, other taxes, interest earnings and grants and intergovernmental revenue and decreases in charges for services and licenses and permits. Expenditures decreased by \$0.8 million resulting in expenditures being flat as compared to fiscal year 2016. Additionally, the transfers out to other funds increased by \$3.4 million.

OVERVIEW OF FINANCIAL STATEMENTS

This MD&A is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the County's assets, deferred outflows, liabilities and deferred inflows with assets and deferred outflows minus liabilities and deferred inflows reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities indicates how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal period (e.g., uncollected taxes and earned, but unused, compensated absences).

The government-wide financial statements of the County's activities are presented in the following categories:

- Governmental activities Most of the County's basic services are included here, such as general government, public safety, public works, and culture and recreation. Gross receipts taxes, property taxes, and intergovernmental revenues finance most of these activities.
- **Business-type activities** The services provided by the County included here are home sales, regional planning, utilities and housing services. These services are primarily financed through charges for services.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

• Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year, modified accrual basis of accounting. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and government-wide statements.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund, Fire Operations Fund, Capital Outlay GRT Fund, Developer Fees Fund, and Corrections Operations Fund, which are considered to be the County's major governmental funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining schedules.

- Proprietary funds. The County maintains four proprietary funds. These enterprise funds are used to report certain functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its home sales program, regional planning authority, utilities, and housing authority. Enterprise funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Activities whose customers are primarily County departments are accounted for in an internal service fund. The internal service fund is consolidated with the governmental activities in the government-wide statements because those services predominately benefit governmental rather than business-type activities.
- **Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is the economic resources measurement focus and the accrual basis of accounting.

Notes to the financial statements. The notes (pages 49-97) provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Under New Mexico Administrative code Section 2.2.2, governments in New Mexico must include the budgetary comparison statement for the General Fund as well as major special revenue fund data as a component of the fund financial statements within the basic financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows exceeded liabilities and deferred inflows by \$398.3 million at the current fiscal year end.

Total assets and deferred outflows of the County as of June 30, 2017, were \$722.3 million, an increase of \$50.6 million or 7.5 percent from prior fiscal year. The majority of the increase is due to increased capital asset investment and deferred outflows related to pensions.

- For governmental activities, total assets and deferred outflows were \$570.0 million, an increase of \$51.3 million, or 9.9 percent.
- For business-type activities, total assets and deferred outflows were \$152.3 million, a decrease of \$0.7 million or (0.5) percent.

Total liabilities and deferred inflows as of June 30, 2017 were \$324.0 million, an increase of \$32.5 million from the prior year due to an increase in the GASB 68 net pension liability of \$30.3 million.

- Total liabilities and deferred inflows for governmental activities were \$320.0 million, up \$31.2 million, or 10.8 percent.
- For business-type activities, total liabilities and deferred inflows were \$4.0 million, an increase of \$1.3 million or 46.6 percent.

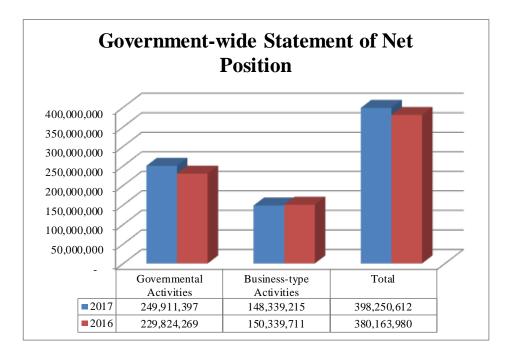

The County's total net position of \$398.3 million was \$18.1 million or 4.8 percent higher in fiscal year 2017 compared to the prior year. Of the County's net position, \$233.4 million was invested in capital assets, net of related debt, while \$164.3 million was restricted by state statute or other legal requirements and was not available to finance day-to-day operations of the County. Unrestricted net position was a \$0.5 million.

A significant portion of the County's net position reflects its investment in capital assets (e.g. land, construction in progress, infrastructure, buildings and improvements, and vehicles, furniture and equipment), less any related debt used to acquire those assets that is still outstanding plus any unspent proceeds and deferred outflows on advance refunding of bonds. The County uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities. In addition, \$93.3 million of the County's net position is restricted for the specified purposes of debt service repayment and capital outlay investment.

The County's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets. The same situation held true for the prior fiscal year. The most

significant changes from the previous fiscal year were the addition of \$25.1 million of current assets, primarily cash and investments, a decrease of \$2.4 million of current liabilities, and the addition of \$34.7 million of long-term liabilities. In addition to these changes, the reporting of pension balances significantly increased from fiscal year 2016, with net pension liability increasing by \$30.3 million, deferred outflows increasing by \$26.8 million and deferred inflows increasing by \$0.2 million. The following chart and table present comparative information of the County's net position for the fiscal years ending June 30, 2017, and June 30, 2016.

Changes in net position. The County's total revenues for the fiscal year 2017 were \$156.4 million, an increase of \$6.6 million or 4.4 percent from the previous year. The total cost of all programs and services was \$138.3 million, an increase of \$10.4 million or 8.1 percent over the previous fiscal year. The following table presents a summary of the changes in net position for the fiscal years ended June 30, 2017 and June 30, 2016.

Governmental and Business-type activities. The following table presents the cost of the 12 major County functional activities. The table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the County's taxpayers by each of these functions.

- The cost of all governmental activities this year was \$129.1 million; the increase of \$8.5 million from the prior year was primarily due to increases in expenses related to general government, public safety, which were offset by a decrease in expenses related to public works. The most significant increase, \$6.7 million, was seen in general government and is attributable to a change in the pension expense recorded in fiscal years 2017 and 2016 and the inclusion of the new self-insurance internal service fund.
- The expenses of all business-type activities this year was \$9.2 million, a net increase of \$1.9 million from the prior year. The increase was primarily in the Utilities Department which accounts for \$1.9 million of the total net increase. The year over year increase in the Utilities Department is the result of recognition of a loss on the donation of the County's interest in the Regional Water Transmission Line under the joint powers agreement with the Greater Chimayo Mutual Domestic Water Consumers Association of \$0.9 million in combination with an increase in administrative expenses associated with operating the utility in fiscal year 2017 of \$1.0 million.
- Charges for services and contributions subsidized certain governmental programs and business-type programs with revenues of \$31.4 million, a net increase of \$7.0 million from the prior year. The increase can be found in governmental activities that experienced increases in charges for services of \$4.7 million, operational grants and contributions of \$1.3 million, and capital grants and contributions of \$0.3 million. Charges for services in business-type programs increased by \$0.6 million.
- Net cost of governmental activities of \$103.9 million was financed by general revenues, which are made up primarily of property taxes and gross receipts taxes of \$119.6 million. The majority of costs can be attributed to general government, public safety, highways and streets, health and welfare and interest on long-term debt.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Fund Balances. At June 30, 2017, the County's governmental funds reported combined ending fund balances of \$250.0 million. The County reported \$176.8 million, or 70.7 percent, as restricted. Note 2 contains more details about the fund balance classifications at June 30, 2017. Committed, assigned and unassigned totaled \$72.0 million, or 28.8 percent.

STATE OF NEW MEXICO SANTA FE COUNTY Fund Balances as of June 30, 2017

Governmental funds. The focus of the County's governmental funds is on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unrestricted fund balances may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

The financial performance of the County as a whole is reflected in its governmental funds. As the County completed the year, its governmental funds reported a combined fund balance of \$250.0 million, an increase of \$24.4 million. This increase is attributable to the net of increases in assets totaling \$22.9 million and decreases in liabilities and deferred inflows totaling \$1.5 million. The increase in assets is net of increases in the cash and investments categories of \$20.9 million, \$1.9 million increase in mortgages receivable, and a smaller amount net of increases and decreases in other asset categories. The decreases in liabilities and deferred inflows can primarily be seen in the net of an increase in mortgages and down payment assistance, a decrease in accounts payable and accrued wages accrual for fiscal year 2017.

The General Fund is the principal operating fund of the County. The General Fund's fund balance increased \$6.4 million to \$85.6 million over the previous fiscal year. Overall revenue increased by \$4.5 million, which is the net result of increases in gross receipts tax collections, the reallocation of gross receipts tax payments from another fund to the General Fund and charges for services and decreases in interest earnings, grants and other revenue. Expenses decreased by \$0.8 million as the net result of decreases in general government, public safety, culture and recreation, health and welfare, and public works, housing and increases in capital outlay. Additionally, the transfers out to other funds increased by \$3.4 million.

Major special revenue funds include the Developer Fees Fund which stayed flat with a marginal increase. The Corrections Operations Fund experienced an increase of \$1.1 million in fund balance. The increase is the result of the increased cash flow from transfers in from other funds. The Fire Operations Fund continues to be reported as a major fund this fiscal year and experienced an increase of \$1.0 million in fund balance. The increase is due to increased ambulance fee collections and grants as well as other financing sources.

The Capital Outlay Gross Receipts Tax Fund, the only capital improvement fund reported this fiscal year as a major fund, realized an increase in its fund balance of \$3.2 million. This increase in fund balance is a result of a decrease in the spending in various capital projects.

Proprietary funds. The Enterprise Funds net position decreased by \$2.0 million to \$148.3 million at year end. The decrease can be attributed to a reduction in investments in capital assets, increased administrative expenses and changes in the net pension liability, deferred inflows and deferred outflows in accordance with GASB 68.

BUDGETARY HIGHLIGHTS

The fiscal year 2017 original budget was developed using a results-accountable, performance-based budgeting methodology and marked the fifth transitional year to this form of budgeting. Staff built their budget requests in such a manner as to fund each function adequately to achieve the function's desired outcome while leaving the budget as flat as possible due to somewhat flat revenue projections.

The fiscal year 2017 original budget totaled \$338.6 million of which \$57.6 million represented interfund transfers. Excluding these transfers the total fiscal year 2017 budget was \$281.0 million. This represents a \$38.0 million increase from the fiscal year 2016 budget. Most of this increase lies within the debt service fund which had a net increase of \$24.8 million due to the payment of the advance refunded 2007A and 2007B general obligation bonds.

The vast majority of the County's budget was within its special revenue funds totaling \$111.9 million. A distant second majority was the General Fund totaling \$85.0 million. The remainder of the budget was comprised of capital improvement funds (\$74.7 million), debt service funds (\$54.3 million) and enterprise funds (\$12.7 million).

Many of the funding priorities remained from fiscal year 2016 to fiscal year 2017. Public safety, road maintenance, improvement and construction, and expanding the utility into a self-sustaining enterprise were existing priorities that carried over from fiscal year 2016 to fiscal year 2017 as were economic development, the expansion of youth programs and library programs, and completing management plans for key open space properties.

The Public Safety Department (including the Sheriff's Office) continued to have the largest operating budget of any department in the County. The General Fund heavily supported these operations by transferring funds. Expansion of public safety is a priority for the citizens and the Commission. The Public Safety Department added 27 new positions in the department as a whole which includes 10 new wildland firefighters, 5 new communication specialists for the RECC (911 call center), and 6 new sheriff positions for a total budget increase of \$1.1 million.

The County also decided to leave the State's health insurance plan and became self-insured starting January 1, 2017. There was a one-time surcharge to leave the State's plan of \$640,000, but will become an overall savings to the County over time.

Other new initiatives that received funding were utilities master planning (\$400,000), broadband consulting (\$50,000), film office expansion and marketing/media projects (\$210,000), operation of the newly completed Stanley Cyclone Center (\$50,000), and expanded Oblique Photography Program (\$105,000). The County also had re-negotiated contracts with its employee unions for an overall increase in salaries and related benefits to County Employees of \$257,800.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. For the fiscal year ended June 30, 2017, the County invested \$14.9 million in capital assets, including buildings, water systems, facilities, vehicles, computers, equipment, and other infrastructure. The investment net of deletions represents an increase of \$13.4 million prior to depreciation. Total depreciation expense for the current fiscal year was \$14.6 million. The following schedule presents comparative capital asset balances for the fiscal years ended June 30, 2016 and June 30, 2017.

Governmental Activities		As of June 30, 2017	As of June 30, 2016
Land	\$	39,147,452	\$ 37,678,241
Buildings and improvements		195,211,150	185,700,696
Infrastructure		82,923,515	79,574,442
Vehicles, furniture, fixtures and equipme	ent	67,531,980	65,033,801
Construction in progress		5,104,145	10,701,854
Right of way land		10,109,940	10,109,940
Less: accumulated depreciation		(140,880,992)	 (131,014,528)
Total	\$	259,147,190	\$ 257,784,446
Business-type Activities			
Land	\$	918,321	\$ 876,119
Buildings and improvements		8,066,234	7,858,297
Water systems		123,683,683	124,132,020
Vehicles, furniture, fixtures and equipme	ent	1,186,366	1,197,048
Construction in progress		961,821	784,081
Water rights		17,808,069	17,808,069
Less: accumulated depreciation		(21,879,579)	(19,233,167)
Total	\$	130,744,915	\$ 133,422,467

Additional information on the County's capital assets can be found in Note 5 Capital Assets, pages 67 through 69.

Debt Administration. At year end, the County had \$199.4 million in long-term debt principal outstanding. The following table presents a comparative summary of the County's outstanding long-term debt for the fiscal year ended June 30, 2017, and June 30, 2016. Additional information on the County's debt can be found in Note 9 Bonds Payable, pages 73 through 76.

	2017	2016
Bonds payable	\$ 117,105,000	\$ 118,410,000
Revenue bonds payable	82,250,000	80,405,000
TOTAL	<u>\$ 199,355,000</u>	<u>\$ 198,815,000</u>

State statute currently limits the amount of general obligation debt a County may issue for general purposes to 4.0 percent of its total assessed property valuation. The general obligation debt limitation for general purposes for the County as of June 30, 2017 is \$271.2 million. State statute currently does not limit the amount of general obligation debt a County may issue for Water and Wastewater systems. Debt service per capita in fiscal year 2017 totals \$135.80; \$75.95 for general obligation debt service and \$59.85 for revenue bond and other debt service. Outstanding debt per capita totals \$1,343.48; \$787.78 for general obligation debt and \$555.70 for revenue bonds and other debt.

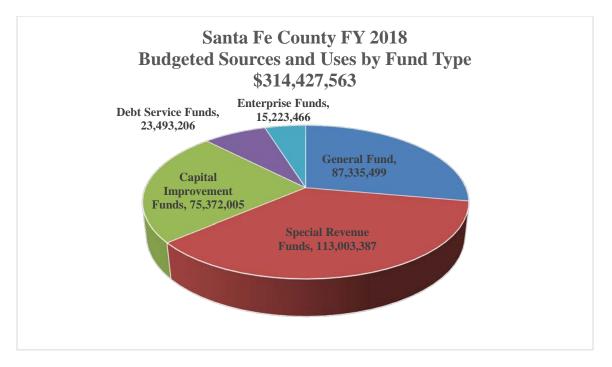

Credit Ratings. The financial condition of the County is strong as reflected by the County's general obligation bond rating of AA+ from Standard & Poor's, which assigned a stable outlook to the rating. The rating reflects that the County has a strong economy, strong management and good financial policies, strong budgetary performance, strong budgetary flexibility, strong liquidity, among other factors.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

In fiscal year 2018 Santa Fe County continued with its transition to a performance-based budget. With the formal approval of four population goals – Provide a Safe Community, Promote a Sustainable Community, Support a Healthy Community, and Be a Proficient, Transparent, and Accessible Government – priorities revealed by the citizen survey conducted during fiscal year 2014, as well as input from various advisory boards, and direct input from citizens, the County's budget was developed. Priorities included public safety, senior services, sustainability, behavioral health, youth programs, programming and operational funding for new facilities, open space and trails master planning and maintenance, facility maintenance and water planning. The most significant priority change was in the area of behavioral health and staffing within public safety. Santa Fe County also enacted an additional 1/8th percent gross receipt tax to fund the areas of public safety and behavioral health.

The fiscal year 2018 budget totaled \$314.4 million, or \$260.2 million excluding inter-fund transfers. The most significant increase from the fiscal year 2017 budget can be found in the self-insurance fund as the county will be funding an entire year versus half a year for 2017. In fiscal year 2016 the County moved away from budgeting capital improvement projects "on time," or budgeting projects only when they were ready to move forward, and began to budget projects as they were approved by the Commission regardless of their readiness to proceed. This process has continued for fiscal year 2018.

In fiscal year 2018 revenue projections supported an increase in property tax based on trend analysis of collections from the past three years and projections from assessed values. Revenue projections also include a 2.0 percent increase for previously imposed gross receipts and a partial year of the newly imposed 1/8th gross receipts tax.

Changes from the fiscal year 2017 budget resulted in an increase in most funds from fiscal year 2017 to fiscal year 2018. Highlighted below are some of the significant changes.

Major changes in the General Fund are:

- Increase the Asset Renewal and Replacement package (formerly known as the capital package) (\$500,000).
- Decreased General Fund support of the Road Fund (\$200,000).
- Increase General Fund support of the Law Enforcement Operations Fund (\$200,00).
- Increased General Fund support of the Corrections Operations Fund (\$700,000).
- In fiscal year 2018 all capital improvement funds totaled \$75.3 million versus fiscal year 2017 with total capital improvement funding of \$74.7 million.
- In fiscal year 2018 the second Hold Harmless Gross Receipts Tax fund will be \$1.7 million. This 1/8th percent gross receipts tax increment will go into effect on January 1, 2018, the County will begin receiving revenue from this tax in March 2018.
- The Lodgers Tax budget remained flat.
- The Indigent Hospital budget increased by \$0.16 million.
- The Indigent services fund decreased by \$1.8 million due to the reduction in the three year transfer from the general fund, which began in fiscal year 2017 and phases out by 2019 with each year and reduces the amount each fiscal year.
- The water utility budget increased by \$0.25 million.
- The Regional Emergency Communications Center (RECC) Operations Fund transfer increased by \$0.17 million. Since this fund has no significant funding of its own, it is reliant upon transfers from other funds. In fiscal year 2018 the Fire Operations fund will transfer \$3.6 million to the RECC.

- The Water Enterprise budget increased by \$0.25 million.
- The self-insurance budget has increased by \$4.0 million. Santa Fe County became self-insured in January of 2017. Fiscal year 2018 will be funded for a full fiscal year.

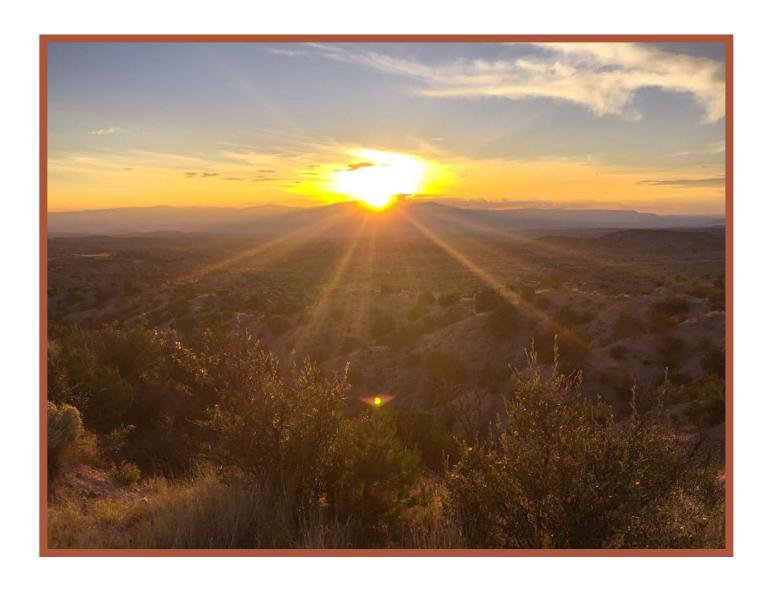

We believe this written analysis and the accompanying financial reports will indicate to the reader that Santa Fe County is in good financial health. Factors such as bond ratings, fund balances, cash on hand and budget management, reflect a positive financial direction and management.

REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customer, and investors and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the resources is receives. If you have any questions about this report or need additional information, contact the Finance Division, Santa Fe County, 102 Grant Avenue, Santa Fe, New Mexico 87501 or visit our website at www.santafecountynm.gov.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

YEAR ENDED JUNE 30, 2017

Net changes in fund balances - total governmental funds		\$ 24,426,184
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. When assets are sold a gain or loss is recognized for the difference between the cost and sale of the asset.		
Expenditures for capital assets Less current year depreciation	14,827,725 (11,791,170)	3,036,555
Less current year deprectation	(11,/91,1/0)	3,030,333
Loss on disposal of capital assets is not reported in the funds statements.		(731,594)
Transfers of capital assets from governmental capital assets to proprietary funds are not recorded in governmental funds.		(942,218)
Governmental funds report pending legal action when it is due. However, in the Statement of Activitie the estimated cost is recognized when the action is both probable and estimable.	S,	
Change in pending legal action		1,152,749
An internal service fund (ISF) is used by management to charge for insurance. The net revenue (expension the internal service fund is reported with governmental activities.	se) of	200,760
Revenues in the governmental funds that provide current financial resources are not included in the Statement of Activities because they were recognized in a prior period.		
Property taxes	(31)	
Mortgages and down payment assistance	2,055,133	
Other receivables	(964,320)	1,090,782
Amortization of deferred amounts related to advance refunding of long-term debt is not recorded in the governmental funds, but is included in the government-wide statement of activities.		
Deferred outflows - advance refunding of bonds		2,946,185
The issuance of long-term debt (e.g. bonds, loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. The following transaction relates to current year issuance of debt in process.		
Bonds payable	(54,669,300)	
Net premium on bonds payable	(5,391,089)	(60,060,389)
The following table represents the changes in long-term debt for the fiscal year:		
Change in general obligation bonds payable	26,165,000	
Change in revenue bonds payable	28,520,000	
Change in compensated absences payable	25,043	
Change in accrued interest on long-term debt	296,708	
Landfill closure and post-closure	10,023	
Net premium on bonds payable	405,532	10 060 111
Net pension expense	(6,454,192)	 48,968,114
Change in net position in governmental activities		\$ 20,087,128

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Santa Fe County (County) was established by the laws of the Territory of New Mexico of 1852, under provisions of the act now referred to as Section 4-26-1 of the New Mexico Statutes Annotated, 1978 Compilation. The County operates under the commission-manager form of government and provides the following services as authorized in the grant of powers: public safety (sheriff, fire, emergency communications, and corrections), highways and streets, sanitation, health and social services, low rent housing assistance, culture-recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The County's significant accounting policies are described below.

Reporting Entity

The County's major operations include public safety - sheriff and fire protection, emergency communication operations, adult and juvenile detention operations; public works – roads, solid waste, projects and facilities management, utilities (water and wastewater operations); certain health, social and community services, general administrative services, planning and zoning, low income housing assistance, and the collection of and distribution of property taxes.

The County's basic financial statements include the accounts of all County operations. GASB Statement No. 14 as amended by GASBS 39 and 61, *The Financial Reporting Entity*, establishes the standards for defining and reporting on the financial reporting entity. GASBS 14 defines the financial reporting entity as consisting of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A primary government is any state government or general-purpose local government, consisting of all organizations that make up its legal entity. The County is a primary government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, the County has not identified any component units for the fiscal year ended June 30, 2017.

During July 1996, the Housing Authority's Board resigned and day to day operations became a County responsibility. The Authority's operations are included in the financial statements as County enterprise and special revenue funds. The Santa Fe County Housing Authority Enterprise Fund is now known as Housing Services Enterprise Fund (Housing Services).

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

A. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information about the County as a whole. The reported information includes all of the non-fiduciary activities of the County. The effect of internal activity has been removed from these statements. These statements distinguish between governmental and business-type activities of the County. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for service.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, investment income and other items not included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and the fiduciary funds, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide Financial Statements — The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. In addition, the fiduciary fund financial statements are reported on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. As a general rule, the effect of internal activity has been eliminated from the government-wide financial statements, however the effect of interfund services provided and used between functions are reported as expenses and program revenues at amounts approximating their exchange value. In the government-wide financial statements, the Internal Service Fund is included with governmental activities.

<u>Fund Financial Statements</u> – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. In addition, derived tax revenues, such as gross receipts and gasoline taxes, are recognized as revenues when the underlying exchange transaction has occurred. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, gross receipts taxes, state shared taxes, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenue is not susceptible to accrual because generally they are not measurable until received.

Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Deferred inflows of resources also arise when resources are received by the County before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

Property taxes recognized are net of estimated refunds and uncollectible amounts. Delinquent property taxes have been recorded as unavailable revenue. Receivables that will not be collected within the available period have also been reported as unavailable revenue on the governmental fund financial statements.

Customer contributions owed to the Utilities Division for the extension of the water system to their property are recorded as revenue when the customer begins to receive water service. Customer contributions owed to the Utilities Division are recorded as notes receivable and deferred revenue if water service has not yet been extended to the customer.

Presentation of Funds

The accounts of the County are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. The transactions of each fund are summarized in a separate set of self-balancing accounts, which include its assets, liabilities, fund equity, revenues, and expenses/expenditures. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Governmental funds are reported as major funds in the accompanying financial statements if they meet both of the following criteria:

• Ten percent criterion – An individual governmental fund reports at least 10.0 percent of any of the following: a) total governmental fund assets and deferred outflows, b) total governmental fund

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

liabilities and deferred inflows, c) total governmental fund revenues, or d) total governmental fund expenditures.

• Five percent criterion – An individual government fund reports at least 5.0 percent of the total for both governmental and enterprise funds of any of the items for which it met the 10.0 percent criterion.

The County reports the following major governmental funds. The County elected to report the Fire Operations Fund as major although it did not qualify using the basic criteria established by GASB Statement No. 34.

<u>General Fund</u> – This fund accounts for all financial activities except those required to be accounted for in other funds. It is funded primarily through property, gross receipts and other miscellaneous taxes.

<u>Developer Fees Fund</u> – This fund accounts for funds contributed by Las Campanas Limited Partnership and others for affordable housing programs and other projects. The fund was created by the Board of County Commissioners. In prior years, this fund had received approximately \$2.0 million in payments from the private Las Campanas housing development project and the Affordable Housing program, which assists low income persons in the purchase of homes. Current revenue is from interest on the cash balance of this fund and developer funds to assist the affordable housing program. Mortgages funded by developers as part of an affordable housing program are recorded to this fund.

<u>Fire Operations Fund</u> – This fund accounts for the funding and expenses of the County's career fire and emergency medical services, and the volunteer stipend program. It is funded primarily through gross receipts taxes, charges for ambulance services, and revenue from various grants.

<u>Corrections Operations Fund</u> – This fund accounts for the funding and expense of the County Adult and Juvenile Detention Facilities, through charges for care of prisoners from outside jurisdictions, property taxes, along with gross receipts taxes. This fund also accounts for expenditures associated with the care of Santa Fe County adult and juvenile inmates. This fund was identified as the Jail Operations Fund in prior years.

<u>Capital Outlay GRT Fund</u> – This fund accounts for a 1/4th cent gross receipt tax to be used for various capital projects.

The County has elected to report all of its enterprise funds and internal service fund as major funds although only the Utilities Fund met the basic criteria of a major fund established by GASB Statement No. 34. The following are major proprietary (enterprise) funds:

<u>Home Sales Fund</u> – This enterprise fund is used to account for the construction and sales of housing to eligible buyers of affordable housing.

Regional Planning Authority Fund – This enterprise fund is used to account for the funding and

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

expense of the Regional Planning Authority, created by agreement between the City of Santa Fe and Santa Fe County.

<u>Utilities Fund</u> – This enterprise fund is used to account for the funding and expense of the Water and Wastewater utilities of Santa Fe County.

<u>Housing Services Fund</u> – This enterprise fund is used to account for the funding and expense of the County's Public Housing Authority. Revenue for this fund is derived from housing rentals and Housing and Urban Development (HUD) grants and subsidies.

<u>Self Insurance Fund</u> – This fund is used to account for revenues collected from employee/employer contributions for the purpose of the self-funding health / prescription and dental insurance and other fully funded benefits to County employees.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for sales and services. Operating expenses for this fund include sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Additionally, the County reports the following fund type:

<u>Fiduciary Funds</u> – The Fiduciary Funds are agency funds which account for resources held by the County on behalf of others including inmates, bail money posted, seized and/or forfeited amounts, court ordered writs of execution, and funds utilized by the multi-jurisdictional narcotic task force. In addition, the County Treasurer Fund accounts for collection of property taxes billed on behalf of the County and other taxing entities, and distribution of those taxes, plus any interest and penalties assessed, to the County and other recipient entities.

C. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County reports a deferred outflow of resources related to advance refunding of bonds. The County also records deferred outflows of resources related to its participation in the New Mexico Public Employees Retirement Association (PERA) pension plan.

Also, in addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of*

NOTES TO THE FINANCIAL STATEMENTS - NOTE 1 (CONTINUED)

resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County records deferred inflows of resources related to its participation in the PERA pension plan. Deferred outflows of resources and deferred inflows of resources related to pensions are the result of the changes in the net pension liability not included in pension expense.

Additionally, the County has four types of items, which arise only under modified accrual basis of accounting, that qualify for reporting in the deferred inflows of resources category. Those amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Accordingly, the items under the deferred inflows category (*property taxes, mortgages and down payment assistance unearned revenue, and unavailable revenue*) are reported only in the governmental funds balance sheet.

The County reports unearned revenue on its governmental fund balance sheets and the government-wide statement of net position. Unearned revenues reported by the County represent resources received by the County before it has legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods the County will reimburse unearned revenue amounts and remove the liability from the balance sheet and statement of net position. Additionally, the County may remove the liability for unearned revenue from the balance sheet and statement of net position and recognize revenue when it meets both revenue recognition criteria methods and the County has a legal claim to the resources.

D. Cash and Investments

For purposes of the Statement of Cash Flows, the County considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents at year end were cash in bank and investments held by the County.

New Mexico Statutes Annotated (NMSA) authorizes the County to invest public monies in interest-bearing savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; bonds or other obligations of the U.S. government that are guaranteed as to principal and interest by the U.S. government; and bonds of the State of New Mexico, counties, cities, school districts, and special districts as specified by statute. A significant portion of the cash and investment of funds of the County is pooled for investment purposes. Equity in pooled cash and investments includes amounts in demand deposit accounts, money market accounts, certificates of deposit, U.S. Treasury securities, and repurchase agreements secured by collateral with a market value greater than 102.0 percent of the value of the agreement. The securities are held by a third party in the County's name. Repurchase agreements are recorded at fair market value. Interest earned is allocated to the applicable County funds based on the County's policy of allocating interest to those funds which is required by law or by debt covenants. The remaining interest income is recorded in the General Fund.

Nonparticipating interest-earning investment contracts are stated at cost. Money market

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

investments and participating interest investment contracts with a remaining maturity of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value.

Certain resources set aside for the repayment of debt, State of NM and County required contingency are classified as cash and investments – restricted on the statement of net position/balance sheet, because their use is limited by applicable bond covenants or statutory and other contractual requirements. Trust accounts, recorded in the Debt Service Funds, are used to segregate resources accumulated for future debt service payments.

E. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

F. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." All receivables are shown net of allowance for uncollectible.

The County is responsible for assessing, collecting and distributing property taxes for its own operational and debt service purposes and for certain outside entities. Unpaid property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable in two installments no later than the following December 10 and May 10. Collections and remittance of property taxes are accounted for in the County Treasurer's Agency Fund. Amounts are recognized as revenue in the applicable governmental fund types under accounting principles generally accepted in the United States. The property taxes receivable for the General Fund and for the Debt Service Fund in the governmental fund financial statements are net of an allowance for uncollectible accounts. Refunds related to the settlement of property tax protests are only recorded when the case is completed.

G. Inventory

Inventories on hand at year end were immaterial and therefore not included on the fund or government-wide financial statements.

H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

I. Capital Assets

Capital assets, which include land and improvements; buildings and improvements; plant; vehicles, furniture, and equipment; construction in progress; computer software; and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of \$3,000 or more and an estimated useful life of more than one year. Effective July 1, 2006, State law requires capitalization of assets greater than \$5,000. The County has elected to use the more conservative threshold of \$3,000 for internal tracking purposes. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets, donated works of art, historical treasurers, and similar items are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Such assets, including infrastructure, have higher limits that must be met before they are capitalized. Governmental capital assets of the County are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and structures	40
Improvements other than buildings	25-40
Infrastructure	25-30
Machinery and equipment	3-10
Furniture, vehicles and other assets	3-5

All additions to the infrastructure have been capitalized. The Utilities Fund consists of engineering costs and other expenses to plan and build a water system. Depreciation expense is recorded by the Utilities Fund over the estimated 50 year life of the water system. Proprietary capital assets of the County are depreciated using the straight-line method over the following estimated useful lives:

Assets	Utilities	Housing Services
Water system	50 years	-
Buildings	40 years	40 years
Machinery and equipment	10 years	10 years
Furniture, vehicles, other assets	3-5 years	3-5 years

J. Compensated Absences

The County's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay. Accumulated sick leave benefits in excess of 240 hours are eligible to be "sold back" to the County upon an employee's retirement at a rate of 50.0 percent of the excess leave. Sick leave that is eligible to be sold back and vested or accumulated vacation leave is expected to be liquidated with available financial resources and is recorded as an expenditure and

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

fund liability of those funds that will pay it. No liability is recorded for sick leave benefits that are estimated or will be taken prior to retirement. In the entity-wide statements vested or accumulated vacation and sick leave eligible to be sold back to the County are recorded as an expense and liability as the benefits accrue to employees. The General Fund has been used in prior years to liquidate the liability for compensated absences. The total amount of compensated absences is estimated due within one year because of the uncertainty of when the amounts will be paid.

K. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Long-term Obligations

In the government-wide financial statements and proprietary fund types, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts and the difference between the reacquisition price and net carrying amount of the old debt are deferred and amortized over the life of the bonds using the straight line method, which approximates the effective interest method, over the term of the related debt. Bond issuance costs are recognized as expenditures in both the governmental fund types and entity-wide financial statements when bonds are issued.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, and similar items when bonds are issued. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

M. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund statements are reported as other financing sources/uses in governmental funds and non-operating revenues/expenses in proprietary funds.

N. Budgets

Budgets are adopted on a basis inconsistent with generally accepted accounting principles

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

(GAAP). Appropriations of funds unused or underspent during the fiscal year may be carried over into the next fiscal year by budgeting those amounts in the subsequent year's budget. For the current fiscal year actual to budget comparisons, the actual amounts are reported on the budgetary basis, which differs from the modified accrual basis for governmental fund types and accrual basis for the enterprise funds.

Differences between the budgetary basis and GAAP include the following:

- 1. The budget includes encumbrances (unperformed contracts for goods or services). GAAP does not include encumbrances.
- 2. The budget does not include certain liabilities, receivables, and depreciation expense for Enterprise funds. The GAAP basis financial statements do include these transactions.

Annual appropriated budgets are adopted for the general, special revenue, debt service, capital projects, and the enterprise funds. Department heads and elected officials are required to complete budget request forms for each organizational unit. The County Manager's Office prepares a management budget recommendation based upon budget requests as well as Board of County Commissioner and community priorities. The Commission reviews the management budget recommendations and makes changes as needed. The amended budget is then adopted and approved by resolution. The Finance Division prepares the adopted budget for submission to the Local Government Division (LGD) of the New Mexico Department of Finance and Administration (DFA) by June 1, for interim approval.

Before July 1, DFA grants interim approval of the budget. The County's final annual budget document, which incorporates any changes recommended by DFA/LGD is prepared and submitted to DFA/LGD by July 31. During August, the County's final annual budget is reviewed and certified by DFA/LGD.

After the annual budget is adopted, the following types of adjustments must be approved by the governing body through a resolution and submitted to DFA for review and approval: 1) budget increases; 2) transfers of budget or cash between funds; and 3) budget decreases. Additionally, it is County policy to prepare an internal budget adjustment request form for the following:

- Transfers within organizational units (between expenditure categories)
- Transfers between organizational units (same department and same fund)

Organizational unit budgets are monitored by the Finance Division to ensure that DFA and County policy are being followed. Additionally, a mid-year budget review is conducted with each organizational unit which includes a hearing with the County Manager or designee, Finance Division staff, and department heads and elected officials. During the hearing, department goals and objectives and budget status are reviewed. This review may result in budget adjustments.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 1 (CONTINUED)

The legal level of budgetary control is the fund level. Expenditures may not legally exceed budgeted appropriations at the fund level except for the following funds, whose legal level of budgetary authority is at the program or district level:

- Emergency Medical Services
- Fire Districts

The following funds were not budgeted in fiscal year 2017:

- Recreation Special Revenue Fund
- Equipment Loan Debt Service Fund
- Regional Planning Authority Enterprise Fund
- Self Insurance Fund

O. Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting is used for purchase orders, contracts, and other commitments for the expenditures of monies to reserve that portion of the applicable appropriation, as an extension of formal budgetary integration. In governmental fund types, encumbrances outstanding at year-end do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. Significant encumbrances, those greater than \$200,000, are disclosed in the Contingent Liabilities Note 13.

P. Net Position

In the government-wide financial statements, net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds and deferred outflow of resources related to refunding of bonds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. Unrestricted net position represents assets of the County not restricted for any other project or purpose.

Q. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 2

NOTE 2 – CLASSIFICATION OF NET POSITION AND FUND BALANCES

Fund Balance Classifications:

Nonspendable – Represents amounts that are not in a spendable form, cannot be spent, or required by legal or other contractual reasons to be maintained intact. This classification includes permanent fund principal, inventory, assets held for sale, prepaids, and long-term receivables net of deferred revenue. At June 30, 2017, the County had \$1.1 million in nonspendable fund balance made up of prepaid insurance for general and law enforcement liability, automobile, property, and boiler and machinery.

Restricted – Represents amounts that have been constrained by specific purposes stipulated by external providers, creditors, grantors and other governments, constitutionally, or through enabling legislation. At June 30, 2017, the County had approximately \$176.8 million in restricted fund balance. Restrictions included bond covenants restricted for capital projects, debt service restrictions, grantor agency restrictions, and other contractual amounts statutorily restricted by State or Federal law. Restricted fund balance also includes approximately \$5.7 million set aside for a loan guarantee with Santa Fe Film and Media Studios for the construction of a film and multimedia production studio.

Committed – Includes amounts that have been committed by formal action by the highest level of authority for specific purposes (via Board of County Commissioners [BCC] action, resolution or adopted ordinance-both equally binding) and can only be changed or lifted by the same formal action. At June 30, 2017, the County had \$385,233 in committed fund balance in the Emergency Communications Operations Fund, which represents the remaining fund balance in excess of statutory restrictions formally committed by the Board of County Commissioners during the budget adoption for the operation of the Regional Emergency Communication Center (RECC). Other committed amounts include a 10.0 percent expense reserve in those governmental funds that directly support County operations and personnel totaling approximately \$3.5 million in non-major governmental funds, and approximately \$4.1 million in major funds excluding the General Fund. In the General Fund, there is a contingency reserve of approximately \$8.8 million equal to 10.0 percent of the general fund operating budget (including transfers), a disaster recovery reserve equal to 10.0 - 15.0 percent of unassigned fund balance, an uninsured loss reserve equal to 5.0 - 10.0percent of unassigned fund balance, and a major infrastructure repair and replacement reserve equal to 10.0 – 15.0 percent of unassigned fund balance. For purposes of committing fund balance, the unassigned fund balance is the General Fund unassigned fund balance reflected at June 30 in the prior year Comprehensive Annual Financial Report (CAFR).

<u>Assigned</u> – Amounts that are intended to be used for specific purposes by the County, but do not meet the definition of other fund balance classifications. The general and the Regional Emergency Communications Operations (RECC) funds are the only funds that have assigned fund balance due to the restricted nature of other fund types. The authority to assign fund balance can be that of the Board of County Commissioners, or by an official (usually the County Manager or County Finance

NOTES TO THE FINANCIAL STATEMENTS – NOTE 2 (CONTINUED)

Director) that has been delegated that authority. The County had assigned fund balance in the general fund of approximately \$26.5 million and \$250,000 in the RECC fund at June 30, 2017.

<u>Unassigned</u> – This is the fund balance that is the residual classification for the General Fund not contained in other classifications. Only the General Fund can report a positive unassigned fund balance. Other governmental funds may have a negative unassigned fund balance after all restrictions or commitments have been accounted for via other classifications. In the General Fund, the unassigned fund balance at June 30, 2017, was approximately \$7.8 million and represents residual fund balance undesignated by other classifications.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The following schedule presents fund balance classifications at June 30, 2017:

	General Fund	D	eveloper Fees	O	Fire perations	_	orrections perations	Capital Outlay GRT	N	Non-Major Funds
FUND BALANCE										
Nonspendable: Prepaid insurance	\$ 220,057	\$	-	\$	138,775	\$	379,398	\$ -	\$	363,666

NOTES TO THE FINANCIAL STATEMENTS - NOTE 3

NOTE 3 – CASH AND INVESTMENTS

At year end, the carrying amount of the County's deposits was \$76,327,668 and the bank balance was \$79,341,580. The difference represents outstanding checks, deposits, and other reconciling items.

Custodial Credit Risk – Investments - To control custody risk, State law and the County adopted Investment Policy requires all securities and all collateral for time and demand deposits, as well as repurchase agreement collateral, be transferred delivery versus payment and held by an independent party required to provide original safekeeping receipts. Repurchase agreements must be collateralized to 102.0 percent.

Custodial Credit Risk - Deposits - Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned. The County has a deposit policy for custodial credit risk; which follows New Mexico law. All deposits with financial institutions must be collateralized in an amount not less than 50.0 percent of the uninsured balance.

No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC). At year end, \$74,843,736 of the County's bank balance was exposed to custodial credit risk as uninsured. Pledged securities totaling \$90,904,030 collateralized the uninsured amount exceeding the collateralization requirement by \$53,482,162.

The pledged collateral by bank at year end consists of the following:

		50%
	R	equirement
Deposits	\$	79,341,117
Less FDIC coverage		4,497,381
Total unsecured public funds		74,843,736
Collateral requirement		37,421,868
Pledged securities, fair value		90,904,030
Pledged in excess of requirement	\$	53,482,162

NOTES TO THE FINANCIAL STATEMENTS – NOTE 3 (CONTINUED)

Interest Rate Risk – Interest rate risk is the risk that changes in the interest rates of investments will adversely affect the fair value of the investment. As a means of limiting its exposure to fair value losses from rising interest rates and to meet the County's liquidity needs, the County's investment policy limits portfolio maturities to five years or less, with the exception of the Core Portfolio. The Core Portfolio shall not exceed a total market value of \$25.0 million.

At year end the County's investments consisted of the following:

		Investment Maturities (in Years)				
Investment Type	Fair Value	Less than 1	1-5	6-10		
Money market-	\$			_		
investments	74,040,390	74,040,390	-	-		
Municipal Bonds	11,881,238	5,718,503	6,162,735	-		
U.S Treasuries	10,876,485	9,880,085	996,400	-		
U.S. Agencies:						
Federal Farm Credit						
Banks	4,978,330	999,850	3,978,480	-		
Federal National						
Mortgage Association	25,351,779	3,992,480	21,359,299	-		
Federal Home Loan						
Mortgage Corporation	40,809,535	5,992,320	34,817,215	-		
Federal Home Loan Bank	20,032,755	-	18,066,975	1,965,780		
Fing Corp FICO	2,984,610	2,984,610	-	-		
Total	\$ 190,955,122	103,608,238	85,381,104	1,965,780		

Credit Quality Risk – The County has an investment policy that would further limit its investment choices. Risk classifications are limited to primary capital asset ratio of 6.1 percent for "Class A", 5.0 percent for "Class B", less than 5.0 percent for "Class C", and less than 2.5 percent for "Class D". All of the County's investments in U.S. Agencies in the preceding table were rated Aaa by Moody's Investors Service and AA+ by Standard & Poor's, except for 15 Not Rated Bonds, totaling \$14,425,013. All of the County's investments in Municipal Bonds, except for one Not Rated Bond, were rated A+ or better by Standard & Poor's.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 3 (CONTINUED)

Concentration of Credit Risk – Investments in securities of any issues, other than U.S. Treasury Securities, mutual funds, local government investment pool, that represent 5.0 percent or more of the total investments at year end are as follows:

		% of
	Amount	Investments
Treasury Money Market	\$ 74,040,390	39.8%
Municipal Bonds	11,881,238	6.0%
U.S. Agencies		
Federal National Mortgage Association	25,351,779	13.3%
Federal Home Loan Mortgage Corporation	40,809,535	21.4%
Federal Home Loan Bank	20,032,755	10.5%

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, Level 3 inputs are significant unobservable inputs.

The County has the following recurring fair value measurements as of June 30, 2017:

- U.S. Treasury securities of approximately \$10.9 million are valued using quoted market prices (Level 1 inputs)
- Municipal Bonds of approximately \$11.9 million and U.S. Agencies of approximately \$94.2 million are valued using a matrix pricing model (Level 2 inputs)

The County did not have any investments at June 30, 2017 that valued using nonrecurring fair value measurements (Level 3 inputs).

NOTES TO THE FINANCIAL STATEMENTS - NOTE 4

NOTE 4 – RECEIVABLES

Governmental receivable balances, net of allowance for uncollectible accounts, as of year-end for the County's individual major governmental funds and non-major governmental funds in the aggregate, were as follows:

	General Fund	Developer Fees*	Fire Operations	Corrections Operations	Capital Outlay GRT	Non-Major Governmental Funds
Accounts	\$ 318,615	-	11,655,277	3,690,482	-	363,163
Taxes	6,964,875	-	1,646,898	-	1,783,483	4,960,982
Interest	365,507	_	-	64,475	-	34,040
Grantor and other	154,772	-	44,557	-	-	947,053
Mortgage notes	-	14,287,570	-	-	-	-
Down payment assistance	-	667,817	-	-	-	-
Less: allowance for uncollectible	(84,147)	(827,183)	(11,336,611)	(3,189,523)		(244,383)
Net receivables	\$ 7,719,622	14,128,204	2,010,121	565,434	1,783,483	6,060,851

^{*}Developer fees receivable fund accounts receivable are not expected to be collected within 1 year; therefore, are considered long term assets.

Proprietary funds report revenues net of allowances. The Utilities and Housing Services funds are the only proprietary funds with allowances as follows:

	Housing
Utilities	Services
\$ 4,667,086	521,365
(4,026)	(6,800)
\$ 4,663,060	514,565
	\$ 4,667,086 (4,026)

Governmental funds report deferred inflows in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also report deferred inflows in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred inflows reported in the governmental funds were as follows:

<u>Construction Commitments</u> – At year end, the County had contractual commitments related to capital projects for the construction of the Stanley Cyclone Center, Grant Street Complex, Glorieta Fire Substation and other various projects. At year end, the County had spent approximately \$13.9 million on the projects and had estimated remaining contractual commitments of approximately \$6.4 million. These projects are being funded primarily with bond proceeds and capital outlay gross receipts taxes.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 6

NOTE 6 – OPERATING LEASES

The County leases equipment and office space under the provisions of long-term lease agreements classified as operating leases for accounting purposes. Expenditures under the terms of the operating leases totaled \$483,612 for the current fiscal year. The operating leases are subject to future appropriation and, as such, cancelable by the County at the end of a fiscal year. The future minimum rental payments required under the operating leases at year end, were as follows:

Year Ending June 30:	
2018	\$ 495,296
2019	398,009
2020	399,194
2021	120,665
2022	103,458
2023-27	523,184
2028-32	310,368
2033-37	347,715
2038-40	153,098
Total minimum payments required	\$ 2,850,987

NOTES TO THE FINANCIAL STATEMENTS - NOTE 7

NOTE 7 – LANDFILL CLOSURE AND POST-CLOSURE COSTS

State and federal laws and regulations require the County to place a final cover on the County-operated landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be incurred after the date the landfill stops accepting waste, the County reports these closure and post-closure care costs as a liability as of each balance sheet date. The County closed the landfill during fiscal year 1997. The \$1,065,652 reported as landfill closure and post-closure care liability at year end represents management's estimate of the costs for standard monitoring and compliance to 2027.

Annual ground water monitoring has demonstrated the County is in compliance with ground water contamination. The County is required to perform monitoring of the ground water every five years. The County estimates it will not expend any significant monies for post-closure costs in the next fiscal year. Current year expenditures of \$10,023 were paid by the General Fund. These amounts are based on what it would cost to perform all closure and post-closure care in fiscal year 2017. Actual costs may be higher due to inflation, changes in technology, or changes in regulations; therefore, an amount due within one year is not recorded.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 8

NOTE 8 – CONDUIT DEBT OBLIGATIONS

The County has issued Project Revenue Bonds to provide assistance for the El Castillo Retirement Residences Project. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. At year end, there were two series of Project Revenue Bonds outstanding, with an aggregate principal amount payable of \$9,480,000.

The County issued \$3,000,000 multi-family Housing Revenue Bonds in August 1998 to provide assistance for the construction of the Villa Grande Apartments. The bonds are secured by the revenues and mortgage of the property. At year end, there was no outstanding balance.

The County issued \$7,400,000 of tax-exempt variable rate and \$2,965,000 of taxable fixed rate Education Facility Revenue Bonds in April 2008 to provide assistance for building an elementary school for the Archdiocese of Santa Fe. The bonds are secured by Education Facility Revenues. At year end, the amounts of bonds outstanding were \$7,175,000.

Total conduit debt outstanding at June 30, 2017, was \$16,655.000. The County is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 9

NOTE 9 – BONDS PAYABLE

Bonds payable at year end consisted of the following outstanding general obligation and revenue bonds. The bonds are both callable and non-callable with interest payable semiannually. Property taxes or gross receipts taxes as applicable from the respective debt service funds are used to pay bonded debt.

Sinking fund requirements for the Correctional System and GRT Revenue Bonds are: 1) 10.0 percent of the original principal amount of the bonds; or 2) the maximum annual debt service of the bonds; or 3) 125.0 percent of the average annual debt service of the bonds. The County has chosen option 2.

Revenue and general obligation bonds outstanding as reported in governmental-type activities at year end were as follows:

Purpose Governmental activities: General Obligation Bonds:	Aı	Original mount Issued	Interest Rates	Maturity		Outstanding Principal une 30, 2017	 Due Within One Year

Subordinate Judicial Center – 2008	30,000,000	3.5% to 5.0%	6/1/33	665,000	665,000
Sheriff's Facility – 1997A	6,000,000	5.0% to 6.0%	2/1/27	3,115,000	240,000
Revenue Bonds: Correctional System 1997	\$ 30,000,000	5.0% to 6.0%	2/1/27	\$ 16,550,000	\$ 1,265,000

<u>Pledged revenues – governmental activities.</u> The County has pledged future gross receipts tax revenues to repay outstanding revenue bonds of approximately \$82.2 million as of June 30, 2017. Proceeds from the original bond issuances provided financing for the acquisition and construction of major capital facilities and water systems.

The revenue bonds described in the schedule above are secured by pledged revenue as outlined in the bond covenants associated with each issuance. The 1997 Correctional Facility Bond, the 1997A Sheriff's Facility Bond, 2008 Judicial Center Revenue and the 2016 Series Gross Receipts Tax Improvement and Refunding Revenue bond have pledged revenue totaling a 5/16^{ths} cent gross receipts tax (two 1/8th cent increments and a 1/16th cent increment) dedicated to general purposes which includes debt service. The pledged revenue is 1.04 times the amount of debt service in the subsequent fiscal year for the bonds which averages \$6,083,735 per year over the next 10 years. Thus, the total pledge requirement is approximately \$6,299,009 per year or 50.0% of the 5/16^{ths} tax increments annually (based on fiscal year 2017 collections). The revenue pledge will remain in place until the bonds mature or they are called, if callable. Both the 1997 Series and the 1997A Series mature in fiscal year 2027 and are not callable. The 2008 Series will mature in fiscal year 2033 with an optional call date of June 1, 2018 and the 2016 Series will mature in fiscal year 2035 with an optional call date of June 1, 2025.

The three other revenue bonds described above, the 2009 Series, 2010A Series and 2010B Series are secured by pledged capital outlay gross receipts tax. This tax is a 1/4th cent tax increment dedicated to capital projects or debt service thereon. The pledged revenue is 1.04 times the amount of debt service for the bonds in the subsequent fiscal year which averages \$3,244,333 per year over the next 10 years. Thus, the total pledge requirement is approximately \$3,359,134 or 33.0 percent of the capital outlay gross receipts tax annually (based on fiscal year 2017 collections). The revenue pledge will remain in place until the bonds mature or they are called. The 2009 Series matures in fiscal year 2029 with an optional call date of June 1, 2019. The 2010A and 2010B Series mature in fiscal year 2030 with an optional call date of June 1, 2020.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 9 (CONTINUED)

Refunding – governmental activities. In fiscal year 2015, the County issued \$39,220,000 in refunding bonds, with an effective interest rate of 2.152 percent to refund the 2005A GOB Series and advance refund the 2007A and 2007B GOB Series general obligation bonds. The 2005A, 2007A and 2007B GOB Series bonds had average interest rates of 4.240 percent, 4.452 percent, and 4.222 percent, respectively. The total refunded principal was \$42,050,000. The net proceeds of \$44,246,869 of the refunding bonds, which includes \$5,026,869 net bond premium, were deposited with an escrow agent and invested in open market securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for payment of the refunded bonds on their call dates of July 1, 2015 (2005A Series) and July 1, 2016 (2007A and 2007B Series). As a result, the refunded general obligation bonds are considered to be defeased, and the liability for those bonds has been removed from the government-wide financial statements. The refunding/advance refunding was undertaken to reduce the total debt service payments over the next 8 years by an average of \$440,000 per year with a savings in debt service payments to the County of \$5,679,464. The County recognized an economic gain of \$5,120,207.

The 2007A and 2007B GOB Series were advance refunded with the call date and subsequent redemption to occur on July 1, 2016.

In fiscal year 2016, the County issued \$24,645,000 to advance refund revenue bonds, with an effective interest rate of 2.173 percent. The revenue bond advance refunded the 2008 Gross Receipts Revenue bond that had an average interest rate of 4.935 percent. The total refunded principle was \$24,305,000 for the revenue bond. The net proceeds of \$26,389,550 of the advance refunding, included \$1,774,550 net bond premium and were deposited with an escrow agent and invested in State and Local Government Securities. The securities were deposited in an irrevocable trust with an escrow agent to pay interest when due and the callable maturities of Series 2008 Revenue Bond and to redeem the callable maturities on their respective call date of July 1, 2018. Therefore, the gross receipts tax revenue bond is reflected as being defeased, and the liability has been removed from the government-wide financial statement. The advance refunding was for the purpose of construction projects through-out Santa Fe County with a savings in debt service payments to the County of \$5,938,076. The County recognized an economic gain of \$4,625,608.

At year end, \$24,305,000 of the defeased bonds was still outstanding. No other previously defeased revenue bonds remained outstanding.

The County issued \$16,860,000 to refund bonds, with an effective interest rate of 1.553 percent in fiscal year 2016. The bond was issued to advance refund the 2008 GOB Series bond that had an average interest rate of 4.133 percent. The total refunded principal was \$18,400,000 for the bond. The net proceeds of \$19,649,349 of the advance/refunding, which include \$2,789,349 net bond premium were deposited with an escrow agent and invested in State and Local Government Securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for payment of the refunded bond on the call date of July 1, 2018. Therefore, the general obligation

NOTES TO THE FINANCIAL STATEMENTS – NOTE 9 (CONTINUED)

bond is reflected as being defeased, and the liability has been removed from the government-wide financial statement. The advance refunding was carried out to reduce payments by an average of \$175,000 per year over the next 8 years with a savings in debt service payments to the County of \$1,408,542. The County recognized an economic gain of \$1,297,951.

The 2008 GOB Series was advance refunded with the call date and subsequent redemption to occur on July 1, 2018. At year end, \$18,400,000 of the defeased bonds was still outstanding. No other previously defeased bonds remained outstanding.

Annual debt service requirements to maturity on revenue and general obligation bonds for governmental activities at year end are summarized as follows:

Year ending June 30:	Principal	Interest
2018	\$ 13,480,000	9,752,312
2019	14,680,000	9,223,462
2020	14,485,000	8,584,887
2021	15,130,000	7,832,494
2022	15,755,000	6,980,469
2023-27	90,810,000	20,529,727
2028-32	31,870,000	4,762,654
2033-35	3,145,000	237,575
Total	\$ 199,355,000	67,903,580

NOTES TO THE FINANCIAL STATEMENTS - NOTE 10

NOTE 10 – LOANS PAYABLE

During the year ended June 30, 2012, the County entered into an agreement with the City of Santa Fe to repay a portion of a non-interest loan/grant agreements with the Water Trust Board in connection with the Buckman Direct Diversion Project. The annual payments of reimbursement to the City of Santa Fe are the responsibility of the Capital Outlay GRT Fund. Annual payment requirements to maturity are summarized as follows:

Year ending June 30:	Principal
2018	\$ 78,284
2019	26,095
2020	26,095
2021	26,095
2022	26,095
2023-2026	130,480
2027-2029	41,670
Total	\$ 354,814

NOTES TO THE FINANCIAL STATEMENTS – NOTE 11

NOTE 11 - CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the current fiscal year was as follows:

	Balance			Balance	Due Within
	June 30, 2016	Additions	Reductions	June 30, 2017	One Year

Discounts	5,677,451	5,391,089	(405,532)	10,663,008	736,386
Pending legal action	1,152,749	-	(1,152,749)	-	-
Net pension liability	63,100,938	33,881,108	(4,441,435)	92,540,611	<u>-</u>
Total	\$ 273,397,692	97,828,611	(64,051,196)	307,175,107	17,490,691

^{*}The County received and recognized the \$555,700 good faith deposit as bond proceeds in June 2016 on the GOB Series 2016 – Refunding 2008, and Improvements.

Long-term liability activity for business-type activities consists of net pension liability beginning balance of \$1,887,293 with an increase of \$880,514 and an ending balance of \$2,767,808.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 12

NOTE 12 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

At year end, seven governmental funds were involved in borrowing arrangements with the General Fund due to the existence of a negative cash balance. All interfund balances are expected to be paid within one year.

The Interfund Assets and Liabilities reported in the governmental fund balance sheet consist of the following:

	Rece	Receivables		
General Fund	\$	48,424	6,062	
Corrections Operations		-	1,295	
Fire Operations		<u> </u>	1,002	
Total Major Funds		48,424	8,359	
Non-Major Funds:

Administration Building Upgrades/Grant Street Complex Construction	<u> </u>	1,827,526	1,827,526	
Total Significant Encumbrances	\$ 2,921,215	7,433,771	10,354,986	

NOTES TO THE FINANCIAL STATEMENTS – NOTE 13 (CONTINUED)

<u>Compliance</u> – Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures/expenses that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

<u>Lawsuits</u> – The County is a defendant in a number of lawsuits as of June 30, 2017. It is the opinion of management and County counsel that the amount of losses resulting from these remaining litigations at June 30, 2017, would not be material to the financial position of the County.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 14

NOTE 14 – JOINT POWERS AGREEMENTS AND MEMORANDUM OF UNDERSTANDING

Significant Joint Powers Agreements (JPA) and Memorandum of Understandings (MOU) are as follows:

<u>Santa Fe Solid Waste Management Agency</u> – Under authorization of the New Mexico State Statute 11-1-1, Santa Fe County (County) joined the City of Santa Fe (City) to undertake their powers to dispose of solid waste as mandated by state and federal regulations and provide a more efficient and cost-effective method of solid waste disposal to the County and City citizens.

The County and the City established the Santa Fe Solid Waste Management Agency (Agency) through a Joint Powers Agreement in February 1995, as a public entity separate from the County or the City. The agreement delegated to the Agency the power to plan for, operate, construct, maintain, repair, replace, or expand the facility. The Agency has the authority to adopt revenue bond ordinances so long as such an ordinance is duly ratified by the governing bodies of the County and the City. The Agency is managed by a Board of Directors (Board) comprised of four City Councilors and four County Commissioners. A five member staff advisory committee was established by the agreement and is comprised of the finance directors from the County and the City, the County public works department director, the City utilities department director and the Agency director. The staff advisory committee makes recommendations to the Board on issues of regulatory compliance, budget and facility costs, and any facility expansions or proposed closure. A five member citizens' advisory committee was also established. The Agency is charged to comply with all laws, rules and regulations for operations under the permit issued from the New Mexico Environment Department.

The start-up costs, design, land acquisition and construction were funded by equal contributions from the County and City. The contributions and commitments from each entity to date is approximately \$6.0 million. The County did not contribute any funds to the Agency in the 2017 fiscal year. A final reconciliation has been done to ensure costs have been split equally between the County and City. The facility opened in May of 1997.

The facility is to be self-supporting for operations, equipment, future construction, debt service, accumulation of a reserve fund and all other costs through fees charged to the County, the City, and other private users. The land for the facility was purchased by the County and transferred to the Agency. The facility itself belongs to the Agency. The Agency has adopted its rate ordinance for use of the facility. If, for any reason, revenues are insufficient to pay costs of operations, the Agency Board must notify the County and City in order to negotiate steps that are reasonable and prudent in light of existing circumstances to ensure that any deficits accumulated or incurred by the Agency are not allowed to impair the operation, integrity or credit worthiness of the Agency. A bond issue was authorized in December 1996, by the Agency in the amount of \$6,260,000 to provide funds for the equipment required for the facility and the construction of the second landfill cell.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 14 (CONTINUED)

The Agency has its own financial statements as a separate entity, audited on an annual basis. Complete financial statements for the Agency may be obtained at the Santa Fe Solid Waste Management Agency, 149 Wildlife Way, Santa Fe, New Mexico 87506.

Closure of the facility must be approved by the governing bodies of the County and City. Upon closure and sale of the facility, any proceeds remaining after settling all obligations will be split equally between the County and City.

Buckman Direct Diversion (BDD) Water Project – The City of Santa Fe and the County established a JPA for the Buckman Direct Diversion (BDD) water project. The BDD project was the largest, single capital project for which the two local governments address meeting the current and future needs of an adequate water supply within the area. Total construction costs for the project were approximately \$224.2 million. The Buckman Direct Diversion allows for full access to the San Juan/Chama water rights and/or other native Rio Grande water rights held by the City and County. The system routes Rio Grande surface water directly from the river through a conveyance system to a new water treatment facility where water is conveyed to the various users after treatment. Costs incurred have been recorded to the Utilities Department enterprise fund as additions to water rights and the water system.

Regional Emergency Communications Center (RECC) – The County and the City of Santa Fe entered into a JPA to define the terms and conditions for operating, administering and maintaining a joint enhanced 911 dispatch center to provide emergency telephone access for citizens to request emergency services such as fire and law enforcement, as well as to provide for emergency communications needs of public safety agencies in the County and the City. The agreement was first made in 2001 and established a Board which consists of the County Sheriff and City Police Chief, the Fire Chiefs of the County and City, the County and City Managers, and one community at-large member appointed by agreement of the County and City Managers. The Board is responsible for administrative oversight and direction of the RECC and shall advise the governing bodies of the County and City on its operation.

In the original agreement the City of Santa Fe functioned as the fiscal agent of the RECC and was responsible to pay for 69.0 percent of its operating cost with the County paying 31.0 percent for the first two years and then the operating cost would be assessed proportionate to the call volume of each government.

The JPA was amended and restated in 2007 and in so doing transferred responsibility for the operation of the RECC to Santa Fe County. On July 1, 2007, Santa Fe County took over operating the RECC, employed its employees as County employees, and became solely response for the costs of the day to day operation of the RECC. In addition the County agreed to provide space for the RECC and share equally in the cost of capital expenditures. The Board's composition and purpose was not changed.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 15

NOTE 15 – RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. The County belongs to the New Mexico County Insurance Authority (NMCIA) a division of New Mexico Association of Counties (NMAC), a public entity risk pool currently operating as a common risk management and insurance program for its member counties. The County pays an annual premium to NMCIA for its general and law enforcement liability, excess liability, automobile, property and workers' compensation insurance coverage. The agreement for formation of the NMCIA provides that NMCIA will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of amounts that range from \$250,000 for property to \$1,000,000 for other liability claims. The County carries commercial insurance for employee accident insurance as well as for medical malpractice, builders risk, pollution and temporary use liability.

Employee Group Coverage

Beginning January 1, 2017, the County began offering all regular and limited-term employees, the choice of two medical insurance options, which are HMO and Preferred Provider, both provided through Presbyterian Health Services and dental insurance provided by Delta Dental. The County pays 80.0 percent of the premium for employees that earn \$30,000 or less annually; 75.0 percent of the premium for employees that earn between \$30,000 to \$50,000 annually; and 63.0 percent of the premium for employees earning above \$50,000 annually. The County reports its self-insurance programs in the internal service fund. Amounts are charged to the departments of the County to provide sufficient resources to cover claims incurred and to pay the insurance service agent's administrative fee. The County maintains specific stop loss coverage for individual claims in excess of \$150,000.

The following schedule represents the changes in claims liability for fiscal year 2017:

Self-Insured Claims Liability

Beginning Liability	\$ -
Claims Incurred and Changes in	
Estimates	3,030,884
Claims Paid	 (2,463,468)
Ending Liability	\$ 567,416

NOTES TO THE FINANCIAL STATEMENTS - NOTE 16

NOTE 16 – PENSION PLAN – PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

Plan description. The Public Employees Retirement Fund (PERA) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal Fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), and the provisions of Sections 29-4-1 through 29-4-11, NMSA 1978 governing the State Police Pension Fund, each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund.

PERA issues a publicly available financial report that can be obtained at http://saonm.org/ using the Audit Report Search function for agency 366.

Benefits provided. For a description of the benefits provided and recent changes to the benefits see Note 1 in the PERA audited financial statements for the fiscal year ended June 30, 2016.

Contributions. The contribution requirements of defined benefit plan members and the County are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for fiscal year 2017 for the various PERA coverage options, for both Tier I and Tier II, refer to Note1C in PERA's fiscal year 2016 financial statements for a table of all retirement plans and required contribution rates. The PERA coverage options that apply to the County are: Municipal Plan 3 (Municipal General), Municipal Police Plan 5 (Municipal Police) and Municipal Fire Plan 5 (Municipal Fire). Statutorily required contributions to the pension plan from the County were approximately \$4.8 million and employer paid member benefits that were "picked up" by the employer were approximately \$4.5 million for the year ended June 30, 2017.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: The PERA pension liability amounts, net pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2014. The PERA pension liability amounts for each division were rolled forward from the valuation date to the Plan year ending June 30, 2015, using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date June 30, 2015.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general

NOTES TO THE FINANCIAL STATEMENTS - NOTE 16 (CONTINUED)

members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to Chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred inflows and outflows were preformed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. The County's proportion of the net pension liability for each membership group that the employer participates in is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2016. Only employer contributions for the pay period end dates that fell within the period of July 1, 2015, to June 30, 2016, were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to fiscal year 2016 are included in the total contribution amounts. In the event that an employer is behind in reporting to PERA its required contributions, an estimate (receivable) was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

For PERA Fund Division Municipal General, at June 30, 2017, the County reported a liability of \$55,609,875 for its proportionate share of the net pension liability. At June 30, 2016, the County's proportion was 3.4807 percent, which was .0903 percent less than its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the County recognized PERA Fund Division Municipal General pension expense of \$6,114,701. At June 30, 2017, the County reported PERA Fund Division Municipal General deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	rred Outflows f Resources	Deferred Inflows of Resources		
Differences between expected and actual				
experience	\$ 2,778,499	542,720		
Changes of assumptions	3,260,867	9,247		
Net difference between projected and actual earnings on pension plan investments	10,232,111	-		
Changes in proportion and differences between the County's contributions and proportionate				
share of contributions	232,409	713,459		
County's contributions subsequent to the				
measurement date	-	-		
Total	\$ 16,503,886	1,265,426		

NOTES TO THE FINANCIAL STATEMENTS - NOTE 16 (CONTINUED)

\$2,924,084 reported as deferred outflows of resources related to pensions resulting from the County contributions subsequent to the measurement date June 30, 2016, will be recognized as a reduction of the net pension liability in the year ended June 30, 2018.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2018	\$ 3,300,950
2019	3,300,950
2020	6,068,344
2021	2,568,216
2022	-
Total	\$ 15,238,460

For PERA Fund Division Municipal Police at June 30, 2017, the County reported a liability of \$17,209,879 for its proportionate share of the net pension liability. At June 30, 2016, the County's proportion was 2.3325 percent, which .0471 percent less than its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the County recognized PERA Fund Division Municipal Police pension expense of \$2,398,716. At June 30, 2017, the County reported PERA Fund Division Municipal Police deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	rred Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual		_		
experience	\$ 1,263,456	-		
Changes of assumptions	1,139,886	310,376

share of contributions	166,706	89,150		
County's contributions subsequent to the				
measurement date	-	-		
Total	\$ 5,291,889	399,526		

\$851,443 reported as deferred outflows of resources related to pensions resulting from the County's contributions subsequent to the measurement date June 30, 2016, will be recognized as a reduction of the net pension liability in the year ended June 30, 2018.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 16 (CONTINUED)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2018	\$ 1,163,258
2019	1,163,258
2020	1,864,635
2021	701,212
2022	 -
Total	\$ 4,892,363

For PERA Fund Division Municipal Fire at June 30, 2017, the County reported a liability of \$22,488,665 for its proportionate share of the net pension liability. At June 30, 2016, the County's proportion was 3.3711 percent, a .0369 percent decrease its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the County recognized PERA Fund Division Municipal Fire pension expense of \$2,775,713. At June 30, 2017, the County reported PERA Fund Division deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	rred Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual				
experience	\$ 1,018,396	-		
Changes of assumptions	1,189,562	-		
Net difference between projected and actual earnings on pension plan investments	1,873,189	-		
Changes in proportion and differences between the County's contributions and proportionate				
share of contributions	-	363,183		
County's contributions subsequent to the				
measurement date	-	-		
Total	\$ 4,081,147	363,183		

\$866,353 reported as deferred outflows of resources related to pensions resulting from the County's contributions subsequent to the measurement date June 30, 2016, will be recognized as a reduction of the net pension liability in the year ended June 30, 2018.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

NOTES TO THE FINANCIAL STATEMENTS – NOTE 16 (CONTINUED)

Year ended June 30:	
2018	\$ 984,427
2019	984,427
2020	1,267,899
2021	481,211
2022	 -
Total	\$ 3,717,964

Actuarial assumptions. As described above, the PERA Fund member group pension liabilities and net pension liabilities are based on actuarial valuations performed as of June 30, 2015, for each of the membership groups. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2016, using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2015. These actuarial methods and assumptions were adopted by the Board for use in the June 30, 2015, actuarial valuation.

Actuarial valuation date	June 30, 2015
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay, open
Amortization period	Solved for based on statutory rates
Asset valuation method	Fair value
Actuarial assumptions:	
Investment rate of return	7.48% annual rate, net of investment expense
Projected benefit payment	100 years
Payroll growth	2.75% for first 10 years, then 3.25% annual rate
Projected salary increases	2.75% to 14.00% annual rate
Includes inflation at	2.25% annual rate first 10 years, 2.75% all other years
Mortality Assumption	RP-2000 Mortality Tables (Combined table for healthy post-retirements, Employee table for active members, and Disabled table for disabled retirees before retirement age) with projection to 2018 using Scale AA
Experience Study Dates	July 1, 2008 to June 30, 2013 (demographic) and July 1, 2010 through June 20, 2015 (economic)

The long-term expected rate of return on pension plan investments was determined using a statistical analysis in which best-estimate ranges of expected future real rates of return (expected

NOTES TO THE FINANCIAL STATEMENTS – NOTE 16 (CONTINUED)

returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected
ALL FUNDS – Asset Class	Target Allocation	Real Rate of Return
Global Equity	43.5%	7.33%
Risk Reduction & Mitigation	21.5	1.79
Credit Oriented Fixed Income	15.0	5.77
Real Assets	<u>20.0</u>	7.35
Total	100.0%	

Discount rate: The rate is 7.25% for the first 10 years (select period) and 7.75% for all other years (ultimate). The equivalent blended rate is 7.48% and will be used as the discount rate used to measure the total pension liability. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB Statement No. 67. Therefore, the 7.48% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The following tables show the sensitivity of the net pension liability to changes in the discount rate. In particular, the tables present the County's net pension liability in each PERA Fund Division that the County participates in, under the current single rate assumption, as if it were calculated using a discount rate one percentage point lower (6.48%) or one percentage point higher (8.48%) than the single discount rate.

		Current			
PERA Fund Municipal General	1% Decrease	Discount Rate	1% Increase		
Division	(6.48%)	(7.48%)	(8.48%)		
County's proportionate share of the net	·				
pension liability	82,909,376	55,609,874	32,966,294		
		Current			
PERA Fund Municipal Police	1% Decrease	Discount Rate	1% Increase		
Division	(6.48%)	(7.48%)	(8.48%)		
County's proportionate share of the net					
pension liability	25,320,004	17,209,879	10,576,746		

NOTES TO THE FINANCIAL STATEMENTS – NOTE 16 (CONTINUED)

net pension liability	29,415,058	22,488,664	16,799,356		

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued fiscal year 2016 PERA financial report.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 17

NOTE 17 – POSTEMPLOYMENT BENEFITS – STATE RETIREE HEALTHCARE PLAN

Plan Description. The County contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit post-employment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100.0 percent of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the employer and employee contributions can be changed by the New Mexico State Legislature. Employers that choose to become participating employers after January 1, 1998, are required to make contributions to the RHCA fund in the amount determined to be appropriate by the Board.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 17 (CONTINUED)

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. For employees that were members of an enhanced retirement plan (municipal police member coverage plan 5 and municipal fire member coverage plan 5) during the fiscal year ended June 30, 2017, the statutes required each participating employer to contribute 2.5% of each participating employee's annual salary; and each participating employee was required to contribute 1.25% of their salary. For employees that were not members of an enhanced retirement plan during the fiscal year ended June 30, 2017, the statute required each participating employer to contribute 2.0% of each participating employee's annual salary; each participating employee was required to contribute 1.0% of their salary. In addition, pursuant to Section 10-7C-15(G) NMSA 1978, at the first session of the Legislature following July 1, 2013, the legislature shall review and adjust the distributions pursuant to Section 7-1-6.1 NMSA 1978 and the employer and employee contributions to the authority in order to ensure the actuarial soundness of the benefits provided under the Retiree Health Care Act.

The County's contributions to the RHCA for the years ended June 30, 2017, 2016, and 2015 were \$829,210, \$816,514 and \$799,879 respectively, which equal the required contributions for each year.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 18, 19, 20, 21

NOTE 18 – TAX ABATEMENT

The City of Santa Fe issued an Industrial Revenue Bond Series 2007 for the Ridgetop Road, LLC Project to provide funds to finance the acquisition, construction and equip certain land and other improvements to be used as a portion of an office campus facility for the Company located at 2300 North Ridgetop Road in Santa Fe, New Mexico. This office campus is currently being used by Thornburg Investment Management.

The amount of property taxes being abated to Santa Fe County during fiscal year 2017 is \$228,278. No payments were received by Santa Fe County in association with the foregone tax revenue. The County has set no threshold for individual disclosure as only one tax abatement from other governmental entities impacted the County.

NOTE 19 – RECENT AND NEW ACCOUNTING PRONCOUNCEMENTS

On August 14, 2015, the Government Accounting Standards Board (GASB) issued GASB Statement No. 77 - *Tax Abatement Disclosures*. This statement establishes financial reporting standards for tax abatement agreements entered into by state and local government. GASB Statement No. 77 requires disclosure of tax abatement information resulting from both (1) agreements that are entered into by the reporting governments and (2) agreements that are entered into by other governments and that reduce the reporting government's tax revenues. The requirements of this GASB Statement No. 77 are effective for financial statements for periods beginning after December 15, 2015. The County adopted GASB Statement No. 77 during fiscal year 2017, with no significant impact to the County's financial statements.

The following GASB pronouncements have been issued, but are not yet effective at June 30, 2017.

- GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions
- GASB Statement No. 82, Pension Issues an amendment of GASB Statements No. 67, No. 68, and No. 73

The County will implement the new GASB pronouncements in the fiscal year no later than the required effective date. The County believes that the above listed new GASB pronouncements will not have a significant financial impact to the County or in issuing its financial statements.

NOTE 20 - DEFICIT FUND BALANCE

Generally accepted accounting principles require disclosure of deficit fund balance of individual funds. The Fire Tax Revenue Bond Proceeds fund had an unassigned deficit fund balance in the amount of \$13 as of June 30, 2017.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 18, 19, 20, 21 (CONTINUED)

NOTE 21 – SUBSEQUENT EVENTS

In August, 2017, the County issued \$27,755,000 in Series 2017 General Obligation Refunding and Improvement Bonds to advance refund the Series 2009 General Obligation bonds and to pay for roads, open space and trails, and water/wastewater projects. Payments will be made January 1 and July 1, beginning on January 1, 2018 with an interest rate range of 2.0% to 5.0%. The final bond payment will be due July 1, 2033.

In November, 2017 the County authorized the issuance and sale of Series 2017 Gross Receipts Tax Refunding Revenue Bonds to advance refund the Series 2009 Capital Outlay Gross Receipts Tax Revenue Bonds, Series 2010A Capital Outlay Gross Receipts Tax Revenue Bonds, and Series 2010B Capital Outlay Gross Receipts Tax Revenue Bonds, and paying the cost of issuance of the Series 2017 Refunding Bonds. As of November 9, 2017, the bonds had not been sold.

Description of Non-Major Special Revenue Funds For the Fiscal year Ended June 30, 2017

NON-MAJOR SPECIAL REVENUE FUNDS

The following non-major special revenue funds are maintained by the County.

<u>Regional Transit</u> – To account for a 1/8th cent gross receipts tax imposed on July 1, 2001 in support of the North Central Regional Transit District (District). Funds are remitted in their entirety to the District and 50.0 percent is dedicated to the Rail Runner, 14.0 percent of the remaining 50.0 percent is used for administrative costs of the District and the balance is used for Santa Fe County mass transit projects.

<u>Corrections</u> – To account for corrections fees levied by the Magistrate courts (e.g. a \$10 fee associated with a speeding or seat belt violation) and distributed to the County. This revenue is utilized in the local corrections system. These funds are to be used for the operation of the County jail and other costs related to housing County prisoners. See Section 33-3c25, NMSA 1978 Compilation.

<u>Property Valuation</u> – To establish and account for a 1.0 percent administrative charge assessed against the property tax collections of all taxing entities in the County. This revenue is utilized by the Assessor's Office for its property re-valuation activities. See NMSA Compilation Section 7, Article 38-38-1.

Road Maintenance – To establish and account for revenues consisting of half of the vehicle registration fees in the County (the other half goes to municipalities), and a 21 cent per gallon gasoline tax, both collected and distributed to the County by the State of New Mexico. Also, the federal government collects a logging fee of which 25.0 percent is distributed to school districts and the County Road Fund. However, Road Fund expenses are also funded by transfers from the General Fund. State law mandates that the Road Fund be utilized for "the construction, reconstruction, resurfacing or other improvement or maintenance of public roads ..." See Section 7-1-6.9, NMSA, 1978 Compilation.

<u>Hold Harmless Gross Receipts Tax Fund</u> – To establish and account for a 1/8th cent gross receipts tax enacted in 2015 and dedicated to maintenance and capital improvements of County facilities and infrastructure including debt service for bonds issued for those purposes.

<u>Emergency Medical Services</u> – To establish and account for the Emergency Medical Services Fund Act (NMSA 1978 Chapter 24, Articles 10A&B) which makes funds available from the New Mexico General Fund "to incorporated municipalities, counties, or fire districts for use in establishment of emergency medical services, in order to reduce injury and loss of life." See Section 24-10A-l, NMSA 1978 Compilation.

<u>Farm and Range</u> – To establish and account for the Farm and Range Improvement Act which directs the County commissioners to expend funds that are derived from the State's share of the 1934 Taylor Grazing Act public lands grazing district fees paid to the Bureau of Land Management. The funds may be used for the purposes of soil and water conservation, control of

NON-MAJOR SPECIAL REVENUE FUNDS (Continued)

rodents and predatory animals, extermination of poisonous noxious weeds, and construction and maintenance of secondary roads within the County. See Section 6-11 -6, NMSA, 1978 Compilation.

Fire Protection – To establish and account for revenues of the Fire Protection Fund derived from fees on property and motor vehicle insurance businesses, which are collected and distributed by the State. Fire Protection Fund distributions to the County must be used for maintenance of fire departments, the purchase, construction, maintenance, repair and operation of fire stations and substations, fire apparatus, and equipment, and the payment of insurance premiums on fire stations, substations, and fire fighters. See Section 59A-53-5, NMSA, 1978 Compilation. Also reported in this fund is a 1/4th cent gross receipts tax levied in the unicorporated areas of the County known as the County Fire Protection Excise Tax. This tax may be used for operational expenses, ambulance services, or capital outlay costs in the County Fire Districts and regional fire stations. See Section 7-20E-15, NMSA, 1978 Compilation.

<u>Law Enforcement Protection</u> – To account for revenues derived from 10.0 percent of fees, licenses, penalties, and taxes from life, general casualty, and title insurance business pursuant to the New Mexico Insurance Code (Chapter 59A, NMSA, 1978). A distribution of this revenue is made to the County on the basis of population and the number of full-time certified County police officers. Proceeds from this fund may be spent on law enforcement equipment, advanced law enforcement training, and as a match to federal law enforcement grants.

<u>Environmental GRT</u> – To establish and account for the pledged 1/8th cent gross receipts tax enacted in 1999 that was used to pay off principal and interest related to the County's Environmental Revenue Bonds, and is also used for the purpose of acquiring, construction, operation and maintenance of solid waste, water and wastewater facilities.

<u>Lodgers Tax</u> – To establish and account for a 4.0 percent occupancy tax on lodging facilities in the unincorporated areas of Santa Fe County. 50.0 percent of the proceeds from the first 3.0 percent and 100.0 percent of the next 1.0 percent of the occupancy tax is used for advertising tourist attractions in Santa Fe County. 50.0 percent of the proceeds from the first 3.0 percent of the occupancy tax is designated to equipment, furnish, and improve tourist facilities and to administer the tax. Established pursuant to Santa Fe County Lodgers' Occupancy Tax Ordinance No. 1999-10.

<u>Fire Impact Fees</u> – To establish and account for fees charged for new development pursuant to Santa Fe Ordinance 1995-04 and Resolution 2013-119. The proceeds are used for capital improvements and facility expansion that are necessitated by the new development.

<u>Recreation</u> – To account for one cent of a 21 cent per pack state cigarette tax designated for "County and municipal recreation funds." The fund is designated for "operating recreational

NON-MAJOR SPECIAL REVENUE FUNDS (Continued)

facilities, including salaries of instructors and other employees." See Section 7-12-15, NMSA, 1978 Compilation.

<u>Clerk Recording</u> – To account for the fee for recording deeds, mortgages, contracts, liens, bills of sale, power of attorney, mining location, transcript of judgment, etc. of \$9 for the first page and \$2 for each subsequent page. Of this fee, \$4 of the \$9 for the first page is designated as an equipment recording fee and is received into this fund. New Mexico law stipulates that this fund is designated "for the purchase of equipment associated with recording, filing, maintaining or reproducing documents." See Section 14-8-12.2, NMSA, 1978 Compilation.

<u>Correctional GRT</u> – To account for a 1/8th cent County-wide gross receipts tax approved by the voters in 2004. This fund handles the receipt of the corrections gross receipts tax. Proceeds from this fund are transferred to the Corrections Operations fund for the operation of the Adult Detention Facility and to pay debt service on the 1997 Correctional System Revenue Bonds issued for construction of the facility.

<u>Indigent Hospital</u> – To establish and account for a $1/8^{th}$ cent gross receipts tax levied in the entire County and received into this fund. This tax is dedicated to providing support for indigent health services and includes funding the County's required payment to State's Safety Net Care Pool. See Section 7-20E-9, NMSA, 1978 Compilation.

<u>Indigent Services</u> – To account for hospital care, ambulance services or other health care services to indigent people living in the County. Support for this Fund comes from a transfer from the Indigent Hospital Fund.

<u>Economic Development</u> – To establish and account for services in support of economic diversification, transition, and development programs within Santa Fe County.

<u>Federal Forfeiture</u> – To establish and account for money from federal seizures associated with anti-drug law enforcement activities received in this fund and spent by the Sheriff's Office on these activities. Revenue in this fund is not anticipated in the initial budget. Budget is established when revenue is received during the fiscal year.

<u>Linkages</u> – To account for a rental assistance program specific to families with identified disabilities funded by the New Mexico Mortgage Finance Authority. The program ended in fiscal year 2014.

<u>Housing Choice Voucher Sect. 8</u> – To account for rent subsidies received from U.S. Department of Housing and Urban Development (HUD) for "vouchers" to low-income persons renting housing in the private sector. This fund was created in accordance with the HUD contract.

Description of Non-Major Special Revenue Funds For the Fiscal year Ended June 30, 2017

NON-MAJOR SPECIAL REVENUE FUNDS (Continued)

EMS Health Care – To establish and account for health service programs. Support for this Fund comes from a transfer from the 3rd 1/8th cent local option gross receipts tax fund known as the EMS Health Hospital Fund.

<u>Wildlife/Mountains/Trails</u> – To account for County Resolution No. 2000-57 that requires, "in all future property acquisition negotiations for Wildlife, Mountains, Trails and Historic Places Program, that participating landowners donate at least 5.0 percent of the fair market value of properties, as determined by an appraisal, in lieu of a real estate commission ..." to fund capital improvements and maintenance of properties acquired for the Program." This is paid through the title company to the County as part of the closing of the purchase of the property.

EMS Health Hospital – To account for a fund created to contain the 3rd 1/8th cent local option gross receipts tax used to support County health services.

<u>Alcohol Programs</u> – To account for state grants for DWI and alcohol education grants and programs and grants associated with the County Teen Court program.

<u>Detox Programs</u> – To account for federal and state grants for the construction and operation of Detox programs in the County.

<u>Emergency Communication Operations</u> – To account for the operation and management of the Regional Emergency Communication Center which is the dispatch center for all emergency calls taken for the City and County of Santa Fe, as well as the Town of Edgewood.

<u>Law Enforcement Operations</u> – This fund accounts for the operations of the County Sheriff, including grants pertaining thereto. Non-grant funding comes through a transfer of property taxes from the General Fund. This fund was established in fiscal year 2010 to isolate the operations of the Sheriff's Office in its own fund, especially due to the volume of grants that needed to be segregated from the General Fund. Prior to fiscal year 2010 the revenues and expenditures were recorded in the General Fund.

<u>Housing Capital Improvement</u> – To account for the Capital Fund Program (CFP) funded by the HUD. These monies are used to make comprehensive repairs to the existing public housing of Santa Fe County, and are applied for and granted on an annual basis. This fund was created in accordance with the grant agreement.

Description of Non-Major Debt Service Funds For the Fiscal year Ended June 30, 2017

NON-MAJOR DEBT SERVICE FUNDS

The following non-major debt service funds are maintained by the County.

<u>GOB Debt Service</u> – To establish and account for the pledged property taxes and payment of principal and interest related to the County's General Obligation Bonds.

<u>Equipment Loan Debt Service</u> – To establish a budget and account for the pledged revenues and payments of principal, interest, and other costs related to the borrowings through the NMFA. This fund was formerly called NMFA Debt Service.

<u>Jail Revenue Bond Debt Service</u> – To account for pledged revenue transferred for the payment of principal and interest related to the County's Jail Facility Bonds.

GRT Revenue Bond Debt Service – To account for pledged revenue (various gross receipts taxes) transferred for the payment of principal and interest on the County's Sheriff Facility Bond, Series 2009 (Water Rights), Series 2010A & 2010B (BDD), and Series 2016 Improvement and Refunding 2008 bonds.

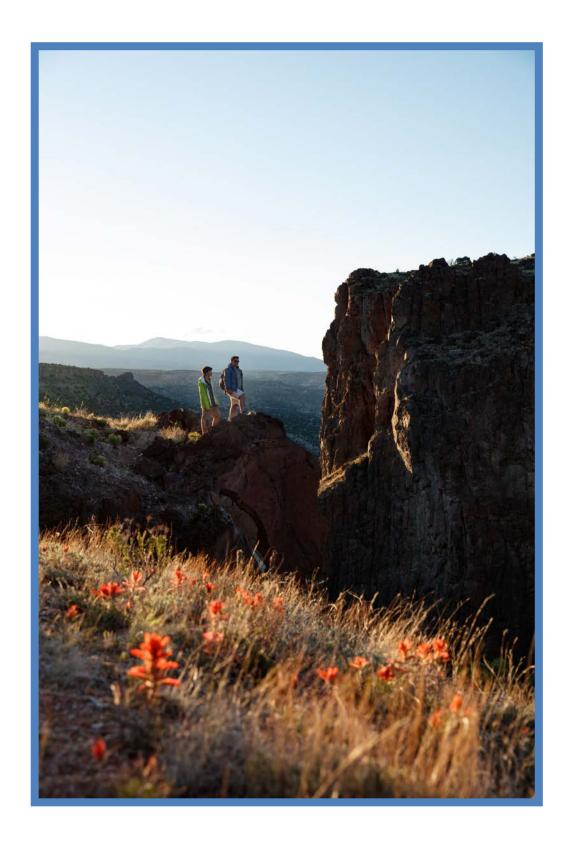

<u>WTB Loan/Grant Debt Service</u> – To establish and account for funds transferred to pay principal, interest and other debt service costs for Water Trust Board Loans.

Description of Non-Major Capital Improvement Funds For the Fiscal year Ended June 30, 2017

NON-MAJOR CAPITAL PROJECTS FUNDS

The following non-major capital projects funds are maintained by the County.

<u>Community Development Block Grants (CDBG)</u> – To establish and account for CDBG Grants funded by the U.S. Department of Housing and Urban Development (HUD) passed through and administered by the State of New Mexico Department of Finance and Administration and other projects funded by outside donations.

<u>Transfer Development Rights</u> – To account for revenue and expense for development rights purchased by the County from qualified properties for conservation. The fund provides the County with a secure and reliable source of transfer development rights through the protection of areas with high conservation value. Funds from the proceeds of the sale of these development rights will be utilized to acquire additional development rights to replenish funds in order to maintain an adequate supply of development in receiving areas.

<u>Road Projects</u> – To account for the revenue and expense for road projects conducted by the County. Only those road projects with present agreements for funding are included in the fiscal year budget. Established by the County to account for funding from the New Mexico Department of Transportation and other sources for road improvements. The fund was created by the Board of County Commissioners.

<u>Special Appropriations & Other Projects</u> – To account for revenue and expense for state granted facility construction projects. The fund contains only those projects which have signed grant agreements. As other project agreements are made during the fiscal year they will be added to the budget.

<u>General Obligation Bond (GOB) Series 2009 - R,W,OS,SW,F</u> – To account for a \$17 million bond issue for the purpose of improving open spaces; trails and parks, County roads; fire safety facilities, water projects and solid waste transfer stations. The debt on this bond is paid with property taxes through the General Obligation Bond Debt Service Fund.

General Obligation Bond (GOB) Series 2011 - R,W,OS,SW,F Imp. and Refunding Fund — To account for a \$17.5 million bond issue for the purpose of refunding GOB 2001A and improving open spaces; trails and parks; County roads; fire safety facilities; water projects and waste transfer. The debt on this bond is paid with property taxes through the General Obligation Bond Debt Service Fund.

<u>Equipment Loan Proceeds</u> – To account for low-interest loans from the NMFA to purchase capital equipment. Payments on equipment loans are made through the Equipment Loan Debt Service Fund (403).

<u>General Obligation Bond (GOB) Series 2013- R,W,OS</u> – To account for a \$19 million bond issue for the purpose of improving open spaces; trails and parks, County roads, water projects and

Description of Non-Major Capital Improvement Funds For the Fiscal year Ended June 30, 2017

NON-MAJOR CAPITAL PROJECTS FUNDS (Continued)

solid waste transfer stations. The debt on this bond is paid with property taxes through the General Obligation Bond Debt Service Fund.

General Obligation Bond (GOB) Series 2015 - R,W,OS & Refunding Fund — To account for a \$53.3 million bond issue for the purpose of refunding GOB 2005A, advance refunding GOB 2007A and GOB 2007B and improving open spaces; trails and parks; County roads; and water projects and waste water projects. The debt on this bond is paid with property taxes through the General Obligation Bond Debt Service Fund.

<u>Fire Tax Revenue Bond Proceeds</u> – To establish and account for revenue from the \$2.2 million Fire Protection Bond, designated for construction of fire facilities and the purchase of firefighting equipment. Debt retirement of this bond is through payments from the 1/4th cent Fire Excise Tax on Gross Receipts in the Fire Tax Debt Service Fund.

<u>General Obligation Bond (GOB) Series 2016 – R,W,OS & Refunding</u> – To account for a \$24.9 million bond issue for the purpose of advance refunding GOB 2008 and improving open space, trails and parks; County roads; and water or wastewater projects. The debt on this bond is paid with property taxes through the General Obligation Debt Service Fund.

<u>Gross Receipts Tax (GRT) Revenue Series 2016 Improvement and Refunding Bond</u> – This fund accounts for the issuance of a bond in the amount of \$35.4 million to be used for expenses related to the construction of the Grant Street Complex (New Administrative Building) and restoration of the administrative building and advance refunding the 2008 Series Gross Receipts Tax Revenue Bond. Debt service on this bond is paid with gross receipts taxes.

Description of Agency Funds For the Fiscal year Ended June 30, 2017

AGENCY FUNDS

The following agency funds are maintained by the County.

<u>County Treasurer</u> – To account for collections and payment to the County and other recipient entities of property taxes, interest and penalties billed and collected by the County on their behalf.

<u>Sheriff Forfeiture</u> – To account for assets confiscated during arrests pursuant to Section 30-31-1, NMSA, 1978 Compilation. Property is held until disposed of pursuant to court order.

<u>Bail Bond</u> – To account for bond monies held by the County until legal disposition of the appropriate case.

<u>Sheriff Writ</u> – To account for court judgments issued to the Sheriff's department to collect monies or remove property in satisfaction of said judgments.

<u>Adult Inmate Trust</u> – To account for adult inmate monies held by the County until legal disposition of the appropriate case.

<u>Juvenile Inmate Trust</u> – To account for juvenile inmate monies held by the County until legal disposition of the appropriate case.

Region III Narcotic Task Force – To account for grant monies disbursed by Santa Fe County as fiscal agent, held by the multi-jurisdictional Region III Narcotic Task Force to be used for its initiatives.

STATISTICAL SECTION

STATISTICAL SECTION

The statistical section presents financial statement trends as well as detailed financial and operational information not available elsewhere in the report. The statistical section is intended to enhance the reader's understanding of the information presented in the financial statements, notes to the financial statements and other supplementary information presented in this report. The statistical section is comprised of the five categories of statistical information presented below.

Financial Trends

These schedules contain information on financial trends to help the reader understand how the County's financial position and financial activities have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the factors affecting the County's ability to generate revenue.

Debt Capacity

These schedules contain information to help the reader evaluate the County's current levels of outstanding debt as well as assess the County's ability to make debt-payments and/or issue additional debt in the future.

Demographic and Economic Information

These schedules present various demographic and economic indicators to help the reader understand the environment in which the County's financial activities take place and to help make comparisons with other Counties.

Operating Information

These schedules contain information about the County's operations and various resources to help the reader draw conclusions as to how the County's financial information relates to the services provided by the County.

County Financial Records

Notes:

- (1) The Fire GRT Sunsetted in June 2009 and was re-established in July 2013; taxes collected between these dates are due to delinquent payments.
- (2) The General Fund additional 1/16th GRT went into effect starting in January 2006
- (3) The Emergency & Medical GRT went into effect starting in July 2007
- (4) The Regional Transit District GRT went into effect starting in July 2009.
- (5) The Equalization GRT was started by the state in FY 2010 to help smaller counties that do not generate extensive GRT collections.
- (6)The Hold Harmless GRT was started in FY2016 to offset the States reduction of GRT Taxes on Food and Medical

County Assessor's Information

Notes:

- (a) The Total Taxable Value does not include Livestock or the State Assessed Property
- (b) The Estimated Fair Market Value is three times the Taxable Value excluding exemptions.
- (c) The Assessed Personal Property Value included an overstated valuation due to clerical error. This error was corrected in December 2008 (within tax year 2008)
- (d) Due to the complexity of Santa Fe County's rate structure, Santa Fe County is calculating the effective rate, which is equal to total revenue expressed as a percentage of the total taxable value.

County Treasurer's Office/Financial Records

Notes:

(a) Total Tax Levy is subject to change between years due to omitted bills and corrected bills.

The Year is the tax year based on the date the bill is sent out (i.e. Tax Year 2011 is the billing sent out November 1, 2011)

The Collections are based on the Fiscal Year that ends on June 30 after the tax year

(i.e. Collections within tax year 2011 are through FY 2012 which ended June $30,\,2012$)

SINGLE AUDIT SECTION

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Mr. Wayne A. Johnson, New Mexico State Auditor and To the Honorable Members of the Board of County Commissioners Santa Fe County, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons of the general fund and major special revenue funds, of Santa Fe County (the "County") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 1, 2017.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

F 602.730.3699

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and Section 12-6-5 NMSA 1978 and which are described in the accompanying schedule of findings and questioned costs as items 2017-003 to 2017-004.

The County's Responses to Findings

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by the Uniform Guidance

Mr. Wayne A. Johnson, New Mexico State Auditor To the Honorable Members of the Board of County Commissioners Santa Fe County, New Mexico

Report on Compliance for Each Major Federal Program

We have audited Santa Fe County, New Mexico's, (the "County") compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2017. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2017-001. Our opinion on each major federal program is not modified with respect to this matter.

The County's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. We did identify certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2017-001 and 2017-002 that we consider to be significant deficiencies.

The County's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

STATE OF NEW MEXICO SANTA FE COUNTY NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2017

NOTE 1 - BASIS OF PRESENTATION

The Schedule of Expenditures of Federal Awards includes the federal grant activity of Santa Fe County, New Mexico and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* or 2 CFR 200 *Uniform Guidance* as applicable. Some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements. For awards that fall under 2 CFR 200 *Uniform Guidance*, the County has elected not to use the 10% de minimis indirect cost rate.

NOTE 2 - CATALOG OF FEDERAL DOMESTIC ASSISTANCE (CFDA) NUMBERS

The program titles and CFDA numbers were obtained from the federal or pass-through grantor or the 2016 *Catalog of Federal Domestic Assistance*.

Federal Program Information

Funding Development Agency: U.S. Department of Housing and Urban

Development

Title: Section 8 Housing Choice Vouchers

CFDA Number: 14.871

Award year and number: 2017, NM050

Criteria: The Uniform Guidance states "(a) General. The audit shall be completed and the data collection form described in paragraph (b) of this section and reporting package described in paragraph (c) of this section shall be submitted within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audit."

Condition: The County was not in compliance with this requirement for the fiscal year ended June 30, 2016, as the reporting package for the year ended June 30, 2016, was not submitted to the single audit clearinghouse within the required timeframe. The audit reports for fiscal year ended June 30, 2016, were issued by the independent public accountant (IPA) on November 1, 2016, authorized for release by the State Auditor on November 21, 2016, and the reporting package was certified by both the IPA and the County by December 19, 2016; however, the report was not submitted to the Federal Audit Clearinghouse (FAC) until January 10, 2017.

Questioned Cost: None.

Context: Not applicable.

Cause and Effect: Adequate procedures were not in place to ensure the federal reporting package was submitted to the FAC within the federal reporting submission due date. As a result, the County was not in compliance with the federal reporting requirements.

Auditor's Recommendations: Once the certifying official for the County certifies the single audit reporting package, the certifying official of the County should immediately submit the reporting package to the FAC.

Schedule of Findings and Questioned Costs — continued For the Year Ended June 30, 2017

Section III — Federal Award Findings — continued

2017-001 - Single Audit Reporting Submission (Significant Deficiency) — continued

Management's Response: Management agrees that the June 30, 2016, federal reporting package was not submitted to the Federal Audit Clearinghouse within the required 30 days of release from the New Mexico Office of State Auditor. Due to miscommunication between Management and the Auditors regarding the completed certification responsibilities of both parties, the federal reporting package was not submitted timely. Management's misunderstanding of the due date for the submission also contributed to the untimeliness of the federal reporting package. Management will work with the auditors to ensure all future federal reporting packages are submitted to the Federal Audit Clearinghouse within 30 days of the audit report release by the New Mexico State Auditor. Management has a clear understanding of the timeline for the submission of the federal reporting package for the June 30, 2017, audit and will ensure the deadline is met.

Schedule of Findings and Questioned Costs — continued For the Year Ended June 30, 2017

Section III — Federal Award Findings – continued

2017-002 – Housing Assistance Payments (Repeat 2016–002) (Significant Deficiency)

Federal Program Information

Funding Development Agency: U.S. Department of Housing and Urban

Development

Title: Section 8 Housing Choice Vouchers

CFDA Number: 14.871

Award year and number: 2017, NM050

Criteria: The Santa Fe County Housing Authority's policy states that the Housing Authority will re-examine participant income allowances and inspect dwellings annually, following all pertinent HUD regulations in its completion of re-examinations. 24 CFR 5.609(b)(c) states that the value of the allotment provided to an eligible household under the Food Stamp Act of 1977 excludes food stamps in the annual income calculation.

Condition: In previous year, the IPA reported a finding for housing assistance payments, as the IPA's audit procedures detected one out of twenty-five tenant files tested had an error in the participant's income calculation. Management's corrective action plan in the previous year was to implement additional reviews; however, these procedures had not been implemented during fiscal year 2017. During the 2017 audit, our audit procedures detected one out of twenty-five tenant files tested had an error in the income calculation, as the Housing Authority included 2.6% (\$60) of food stamp income in the participant's income calculation as an income source.

Context: One of twenty-five tenant files reviewed.

Cause: Housing Authority staff failed to exclude food stamp income in the participant's income calculation.

Effect: The Housing Authority included \$60 of food stamps as income in the HAP calculation.

Auditor Recommendation: When the Housing Authority completes a participant examination for income calculation, a second review should be done to ensure all income is properly accounted for or excluded.

Schedule of Findings and Questioned Costs — continued For the Year Ended June 30, 2017

Section III — Federal Award Findings – continued

2017-002 – Housing Assistance Payments (Repeat 2016–002) (Significant Deficiency) — continued

Management Response: Management agrees that the \$60 in food stamp income was erroneously included in the income calculation for the participant tested. Management also concurs that a second review of completed participant examinations for income calculations should be done to ensure all income is properly calculated. The Housing Authority recently implemented a protocol requiring additional review of annual recertifications and interims with housing voucher program participants. On a monthly basis, a report is generated of all annual and interim form HUD-50058s that were submitted to HUD. A random sample of five or 10% annual and interim recertifications, whichever is greater, is produced and audited by the housing senior accountant. The audit is a thorough recalculation of HAP assistance payments, and includes a review of all supporting documentation in the tenant's file. Appropriate corrective actions are taken if errors are found in the internal staff audit, to include discussion with program specialists and additional training if necessary. These monthly samples and audit results are kept on file. The Executive Director receives a verbal report from the senior accountant on the results of the monthly internal staff audits.

Schedule of Findings and Questioned Costs — continued For the Year Ended June 30, 2017

Section IV — Section 12-6-5 NMSA 1978 Findings

2017-003 — Travel and Per Diem (Other Non-Compliance)

Criteria: According to NMAC 2.42.2.11, mileage accrued in the use of a private conveyance shall be paid only in accordance with the provisions of that section. Public officers and employees of state agencies shall be reimbursed for mileage accrued in the use of a private automobile or aircraft in the discharge of official duties as follows: unless the secretary has reduced the rates set for mileage for any class of public officials and for employees of state agencies pursuant to Section 10-8-5 (D) NMSA 1978, 80% of the internal revenue service standard mileage rate set January 1 of the previous year for each mile traveled in a privately owned vehicle.

Condition: During our test work of travel expenditures, we found one of twenty-five instances with mileage reimbursement expense was recognized in the wrong period.

Cause: The individual received an advancement for 80% of their travel in June 2016, therefore the expense should have been recognized in June 2016, but was not recognized until August 2016. In addition, this amount was not accrued in fiscal year 2016.

Effect: The County was not in compliance with NMAC 2.42.2.11 in regards to mileage reimbursements recognized in the correct accounting period.

Auditor's Recommendations: The County should review its procedures that identify when the expenditure related to mileage/travel reimbursements should be recognized.

Management's Response: Management agrees travel expenditures should be recognized in the correct reporting period and an accounting policy should be created to document such procedures. The error discovered was related to the fiscal year 2016 audit. For the fiscal year 2017 audit, the outstanding mileage/travel transactions were reviewed. All travel performed as of June 30, 2017, was recognized as fiscal year 2017 expenditures in the fiscal year 2017 financial statements. The Finance Division will include these procedures in its next accounting manual update to be finalized by June 30, 2018.

Schedule of Findings and Questioned Costs — continued For the Year Ended June 30, 2017

Section IV — Section 12-6-5 NMSA 1978 Findings – continued

2017-004 - Approval of Contracts (Other Non-Compliance)

Criteria: The County's internal policy sections 39, 40 and 41 state that any Department or Office may procure services, construction of items of tangible personal property having a value not exceeding five thousand dollars (\$5,000) by issuing a purchase order based upon the best obtainable price pursuant to NMSA 1978, Section 13-1-126. Insofar as it is practical for small purchases of nonprofessional services, construction or items of tangible personal property having a value exceeding five thousand dollars (\$5,000) but not exceeding twenty thousand dollars (\$20,000), no fewer than three businesses shall be solicited to submit written quotations that are recorded and placed in the procurement file. If three written quotes cannot be obtained, the Department or office shall document the reasons and include that document in the procurement file. The Purchasing Manager may procure professional services having a value that does not exceed the sum of thirty thousand dollars (\$30,000) (except for the services of architects, engineers, landscape architects, or surveyors for public works projects, in accordance with this section). The Purchasing Manager shall negotiate a contract for the required services at a fair and reasonable price.

Condition: The County's Treasurer solely approved two general service contracts, an investment advisory service contract and a merchant services contract, without following the County's procurement procedures. According to the County's approved policies, the County's Treasurer was not authorized to enter the County into general service contracts, as only the County Manager and/or Board of County Commissioners are authorized to enter into these types of contracts. In addition, we were unable to find supporting documents evidencing that these contracts were reviewed by the Office of the County Attorney for review. Since the proper procurement procedures were not followed, a purchase order was not completed for the services rendered by the investment advisor in fiscal year 2017; therefore, the County had not paid the outstanding invoices that amounted to approximately \$17,000 at fiscal year-end. As of the date of our audit report, the County has not been invoiced for merchant services, as merchant services fees are automatically deducted from the County's Settlement Account; however, we noted that the merchant services contract approved by the Treasurer had a .10% increase in fees from the previous contract.

Cause: The contracts in question were entered into without consulting the County's Certified Purchasing Officer, Office of the County Attorney, County Manager, and/or the Board of Commissioners.

Schedule of Findings and Questioned Costs — continued For the Year Ended June 30, 2017

Section IV — Section 12-6-5 NMSA 1978 Findings – continued

2017-004 – Approval of Contracts (Other Non-Compliance) — continued

Effect: The County may have entered into general service agreements that may not have been in the best interest of the County, as the vendors selected may not have been the most qualified or cost effective options available. Additionally, the County was not in compliance with the State Procurement Code, as the County's procurement policies were not followed for these two contracts.

Auditor's Recommendations: The auditor recommends all contracts be reviewed by the County's Certified Purchasing Officer and the Office of the County Attorney prior to the County Manager signing or the Commission approving the contract to ensure that applicable State procurement requirements are followed. In addition, the County should consider performing an internal audit over the County's existing contracts for banking, merchant, and investment activities to ensure the contracts followed the County's procurement policies and procedures.

Management's Response: Management agrees that all contracts must be reviewed by the County's Certified Purchasing Officer and the Office of the County Attorney prior to the County Manager signing or the Commissioner approving the contract. In the future, the County Treasurer will work with the Purchasing Division and the Office of the County Attorney to properly procure any goods or services required by the County Treasurer. Any agreements or contracts for goods or services that are subject to the Procurement Code will be procured in accordance with Code and, as applicable, the agreements or contracts will be approved by the Board of County Commissioners or signed by the County Manager consistent with County Resolution Nos. 2006-60 and 2014-143. The County Treasurer and Management are currently working to resolve the contractual deficiencies for the two contracts in question as well as the outstanding invoices due to one of the vendors. Management expects to have these contract issues resolved by June 30, 2018.
