The Honorable Jack Sullivan, Chair Board of County Commissioners Santa Fe County PO Box 276 Santa Fe, NM 87501

Dear Chairman Sullivan:

Your final budget for Fiscal Year 2008-09, as approved by your governing body, has been reviewed and we find it has been developed in accordance with applicable statutes. Sufficient resources appear to be available to cover budgeted expenditures.

In accordance with Section 6-6-2-(E) NMSA 1978, the Local Government Division (Division) certifies your final FY 2008-09 budget.

Please note that rule 2.2.3 NMAC requires that your most recent audit that should have been submitted to the Office of the State Auditor as of this time is for FY 2006-07. If you are behind in the submission of your annual audit(s), then this certification is conditional upon your due diligence to get in compliance with this rule.

Budgets approved by the Division are required to be made a part of the minutes of your governing body according to Section 6-6-5 NMSA 1978. In addition, Section 6-6-6 NMSA 1978 provides that the approved budget will be binding on local officials and governing authorities. Any official or governing authority approving claims or paying warrants in excess of the approved budget or available funds will be liable for such claims and warrants allowed.

Furthermore, state statute requires all revenue sources be expended only for public purposes, and if applicable, in accordance with the Procurement Code, Chapter 13, Article 1, NMSA 1978. Use of public revenue is further governed by Article 9, Section 14 of the Constitution of the State of New Mexico, commonly referred to as the Anti-donation clause.

Finally, please be advised that prior approval by the Division is required by Section 6-6-2-(G) NMSA 1978, on all budget increases, and transfers between funds.

# SANTA FE COUNTY FISCAL YEAR 2009 BUDGET

# Santa Fe County

# **BUDGET PRIORITIES**

Priorities are defined here as significant changes from the Fiscal Year 2008 Budget. These changes account for an increase of \$33,920,416 in all funds from Fiscal Year 2008 to Fiscal Year 2009. Major increments of this \$33.9 million in the General Fund are an inclusion of \$8 million as a set aside for water rights purchases; \$0.6 million set aside for oil and gas drilling legal issues; an increase of \$2.2 million in support of the Jail; a \$0.7 million increase support for RECC, and a \$0.4 million increase in cash to be used for road equipment purchases. The Capital Outlay fund budget has increased \$2 million of which \$1.5 million is the use of cash for Open Space Projects. The Indigent Fund budget increased \$2.7 million. Of this, County voters approved a \$2.5 million Health GRT which now is intercepted and paid to the State Health Department for Medicaid, making that amount available to the Indigent Fund. A new GRT supporting Fire Operations is realizing its first full year of collections, increasing the Fire Department Budget by 2.8 million. Project carryovers in the Road Project Fund, \$2.4 million, and the State Special Appropriations Fund, \$11.6 million were budgeted in the FY 2009 Final Budget. FY 2007 carryovers were not budgeted in the FY 2008 budget. The issuance of the 2007B Series GOB for \$20 million resulted in a GOB Debt Service Fund increase of \$2.2 million. Debt was transferred from the Jail Operations Fund to a Jail Debt Service Fund, but these transfers (\$2.2 million) are offsetting. Typical budget escalation accounts for about a \$12 million budget increase.

Significant budget decreases in specific funds include a reduction of \$3.2 million in the GOB Series 2007 Proceeds Fund, and \$8.9 million in the GOB Series 2007B Proceeds Fund, due to a FY 2008 expenditure of these funds for the Buckman Diversion water project.

Specific Changes from FY 2008 are as follows:

#### 1) General Fund

- a. Transfers to the Jail Operations Fund increased by \$2.2 million. The fiscal impact to the General fund was moderated by the shift of a Sole Community Provider payment for Inmate Health from the General Fund to the Indigent Fund.
- b. The Capital Package budget decreased by \$1.2 million, mainly because of a \$1.9 million FY 2008 Capital Package item in regard to the purchase of land for a business park. This expense was non-recurring.

# SANTA FE COUNTY FISCAL YEAR 2009 BUDGET

- c. The budget for set-asides increased by \$8.2 million mainly because of a FY 2009 set-aside for the purchase of water rights.
- d. The General Fund budget for activities associated with the construction of the Judicial Court building increased by \$2.2 million because of carryover in that amount.
- e. The County Sheriff's budget increased by 1.3 million, chiefly because of salary increases and increases in gasoline expense.
- f. The budget for the Administrative Services department increased by \$945 thousand because of the establishment of the department's administration; increases in staff and salaries in Information Technology, the inclusion of the Mail Room in Administrative Services, and a new budget for Youth Recreation.
- g. The Corrections SCP payment of \$2.3 million in FY 2008 was assumed by the Indigent Fund. This decrease was offset by an increase in a fund transfer to the Jail Operations Fund.
- h. The Community Services department budget increased by \$1.1 million because of the establishment of the department's administration, an increase in Project Development staff, and mainly because of the concentration of building rental for the Bokum building and countywide utilities cost in the Building Space Needs cost center in that department.
  - Other General fund increases are the result of normal escalation of salaries and materials and services costs.
- 2) The Road Fund budget increased by \$664 thousand because of the purchase of heavy road equipment through a General Fund transfer to the Road Fund, and because of an increased budget for a one-time purchase of basecourse materials.
- 3) The Fire Protection Fund budget increased by \$136 thousand because of increased State allocations for fire districts.
- 4) Budgeted revenues for the Capital Outlay Fund are projected to increase by \$400.000. In addition, the budget increased by \$1.55 million due to the use of cash for Open Space projects currently underway. The total increase for the Capital Outlay Fund budget is \$1.95 million.
- 5) The Fire Impact Fees Fund budget has \$550 thousand in Fire Station projects, compared to no FY 2008 original budget.

# SANTA FE COUNTY FISCAL YEAR 2009 BUDGET

- 6) The Correctional GRT budget increased by \$200 thousand as a result of projected revenues. The entire amount of this fund is transferred to the Jail Operations Fund.
- 7) The Indigent Hospital Fund (receiver fund for GRT) increased by \$2.7 million because of the new Health GRT which is intercepted by the State Health Department for Medicaid costs. An issue exists in regard to this GRT because the County receives no report from Taxation and Revenue on the amount of Health GRT collected. The position of the Santa Fe County Finance Department is that as the instigator of the Health GRT, the County should receive a monthly report as to the GRT collected, even if it is diverted to the State for their purposes. Until this issue is resolved, actual reporting of collections will equal budget.
- 8) The Fire Excise Tax will be collected through December 2008, and distributed to the County through February 2009. The Fire Excise Tax fund decreased by \$1,000, because of the cessation of GRT revenues later in the Fiscal Year.
- 9) The Housing Section 8 Voucher Fund budget increased by \$298 thousand because of increased HUD support for low income rental assistance. Administration of the Voucher program is directly funded in this fund, rather than through a cash transfer to the Housing Enterprise Fund.
- 10) The EMS Health Fund budget increased by \$533 thousand because of increased RECC salaries. These are funded by equal transfers from the General Fund and Fire Operations Fund.
- 11) The Wildlife/Mountain/Trails Fund budget increased by \$93 thousand because of an increased use of cash for Open Space administration. The cost of continued management of open space at current levels is a long-term budget issue.
- 12) The EMS Health Hospital Fund (GRT receiver and SCP payer fund) increased by \$200 thousand because of a projected increase in GRT revenue.
- 13) The Alcohol Programs Fund budget decreased by \$155 thousand because of a decrease in the DWI Local budget. The FY 2008 budget (higher) was corrected during the fiscal year because of a State error in calculating DWI program support.

# **FISCAL YEAR 2009 BUDGET**

- 14) The Detox Programs Fund budget decreased by \$310 thousand because of a decrease in State support of rehabilitation care costs.
- 15) The Fire Operations Fund budget increased by \$2.8 million because of an expansion of the Fire Department due to the first full-year application of the Emergency Medical Services and Emergency Communications GRT. This tax supports the County Fire Department and also part of the Regional Communications Center (RECC) budget.
- 16) The Housing Capital Improvement Fund decreased by \$193 thousand because only carryover monies are presently budgeted.
- 17) Carryover costs for incomplete projects exist in the Road Projects Fund budget in the amount of \$11.56 million. There was no initial Road Projects Fund FY 2008 budget.
- 18) The State Special Appropriation budget in FY 2009 includes carryover monies for uncompleted projects in the amount of \$11.56 million. There was no initial budget for State Special Appropriations in FY 2008.
- 19) The GOB Series 2005 Proceeds Fund budget decreased by \$2.6 million, to \$429 thousand in FY 2009. This was due to the expenditure of funds for the Buckman Water Diversion project.
- 20) The GOB Series 2007 Proceeds Fund budget decreased by \$6.3 million, due to the expenditure of funds for the Buckman Water Diversion project.
  - 21) The GOB Series 2007B Proceeds Fund carryover budget in FY 2009 is \$1.13 million. The starting proceeds budget was \$20 million spent on the Public Works building and on the Buckman Water Diversion project. There was on FY 2008 initial budget for this fund.
- 22) The GOB Series 2001 Proceeds Fund carryover budget decreased by \$142 thousand, due to progress on budgeted projects. The budget was shifted from the Public Safety facility and the Public Works Building to a new solid waste transfer station and a fire training center.

# **FISCAL YEAR 2009 BUDGET**

- 23) Open Space GOB Proceeds budgets are down \$220 thousand because of the expenditure of proceeds in FY 2008.
- 24) The GOB Debt Service Fund budget increased by \$2.2 million because of the inclusion of the GOB Series FY 2007B debt payment.
- A new Jail Revenue Bond Debt Service Fund 405 now handles debt on the Adult Facility building. The budget in FY 2009 is \$2.25 million. Previously the debt payment appeared in the ADF operations budget in the Jail Operations Fund.
- 26) The Regional Planning Authority Fund budget is down \$140 thousand. Only the administrator salary is budgeted until the County has assurance from the City of Santa Fe as to their support of the RPA.
- 27) The Housing Enterprise Fund budget is decreased by \$325 thousand due to the direct budgeting of administrative costs in Section 8 Voucher and Housing Capital administrative costs in those funds, rather than a transfer to this fund.
- 28) The Jail Operations Fund budget is \$580 thousand less than in FY 2008. This is due to the budgeting of ADF building debt of \$2.25 million in a separate debt service fund, offset by salaries and other escalation costs in the operation of the corrections facilities and programs.
