Grant Terms and Conditions (continued from Section 10 of Award)

The SANTA FE COUNTY has been awarded \$59,000.88 shall be used to support activities essential to the ability of states, territories, and urban areas to prepare for, prevent, and respond to terrorist attacks and other all-hazards events. The scope of work is as follows:

Santa Fe County has been awarded the following projects:

- 1) Equipment and Training for Law Enforcement
 - a) The DHSEM Training and Exercise forms must be submitted for approval

All communications projects must be reviewed by the State Interoperable Communications Work Group (SICWG). SICWG endorsement is required prior to the Request for Approval (RFA) process. Documentation of SICWG endorsement must be submitted along with the RFA to the Grants Unit.

The performance period of this grant award is November 3, 2014 through November 2, 2015. SANTA FE COUNTY cannot sub-grant or any part of this award to any other entity or organization. All awards require confirmation within the first reporting quarter that expenditures in the budget category toward projects will be made, or DHSEM will execute de-obligation of the funds.

(A) Changes to Award: All change requests must be submitted in writing, or electronically to the DHSEM grant specialist, accompanied by a justification narrative and budget/spending plan, for review and approval. Changes must be consistent with the scope of the project and grant guidelines. Requests for changes will be considered only if the reporting requirements are current, and if terms and conditions have been met at the time the request. Changes in the programmatic activities, or purpose of the project, changes in key persons specified on the grant award, contractual services for activities central to the purposes of the award, requests for additional funding, change in project site, or release of special conditions will result in an amendment to this award.

(B) NEPA/EHP Compliance: The recipient must provide information to NMDHSEM to assist with the legally-required environmental planning and historic preservation (EHP) review and to ensure compliance with the applicable EHP laws and Executive Orders (EO). These EHP requirements include but are not limited to National Environmental Policy Act, National Historic Preservation Act, Endangered Species Act, E 11988 Floodplain Management, EO 11950 Protection of Wetlands, and EO 12898 Environmental Justice. The recipient must comply with all Federal, State and Local EHP requirements and obtain applicable permits and clearances.

Recipients shall not undertake any activity from the project that would result in ground disturbance, facility modification, or relates to the use of sonar equipment without the prior approval of FEMA. These include but are not limited to communications towers, physical security enhancements involving ground disturbance, new construction, and modifications to buildings that are 50 years old or older. Recipient must comply with all mitigation or treatment measures required for the project as the result of FEMA's EHP review. Any change to an approved project description will require re-evaluation for compliance with EHP requirements before the project can proceed. If ground disturbing activities occur during project implementation, the recipient must ensure monitoring of ground disturbance and if any potential archeological resources are discovered, the recipient will immediately cease construction in that area and notify FEMA and the appropriate State Historic Preservation Office. Initiation of these activities prior to completion of FEMA's EHP review will result in a non-compliance finding and may not be eligible for grant funding.

(C) Reporting Requirements: SANTA FE COUNTY shall submit timely quarterly *Financial Progress Reports* to the Grant Specialist at DHSEM. For grant awards, the sub-recipient is required to submit a quarterly Performance Report to the Program Specialist within the Preparedness Bureau. Instructions and blank forms are attached and are located electronically at www.nmdhsem.org, and may be reproduced. Jurisdictions must check the web site quarterly for most current forms. Use of outdated forms will not be accepted. Quarterly reports are due: January 30, April 30, July 30, and October 30 for each calendar year the grant is open. The final report is due the following quarter after all funds have been reimbursed to the jurisdiction. *Financial Progress Reports* shall describe the status of the funds, show encumbrances, and receipts of program income, cash or in-kind contributions to the project, whether or not a local match is required. The *Final Narrative Report* is a summary report, evaluating project activities measuring performance against project goals and objectives for the entire performance period, and is required *in addition* to the last quarterly report.

(D) Additional Reporting Requirements: The applicant must immediately report in writing to the DHSEM Grant Specialist any alleged acts or allegations of fraud or misappropriation of funds for work authorized under this Sub-Grant Agreement. This extends to reporting any legal action, lawsuit, bankruptcy, or other action that may jeopardize the successful completion of any authorized project.

(E) Reimbursements: Submission of a request for reimbursement must be accompanied by a financial report form. Reimbursement shall be based upon authorized and allowable expenditures consistent with project narrative and grant guidelines, and submission of timely *Financial Progress Reports*. Payments may be withheld pending correction of deficiencies. Reimbursement of expenditures may be requested at any time within the performance period. Expenditures must be supported with source documentation (e.g. copies of invoices, receipts, timesheets with name/wage/hours, cost allocation, warrants, etc.). Grant staff will not process reimbursement, until performance/fiscal quarterly reports are submitted.

- **Personnel Costs:** FOR EMPG GRANTS ONLY - Payroll reports signed and certified by the chief financial officer that capture the employee name, position, coded allocation to the project, amount paid, are acceptable. Staff may not self-certify their own time and wages. SANTA FE COUNTY shall retain all supporting payroll records, including time and attendance records signed by the employee and supervisor and copies of warrants as per the recordkeeping requirements.
- **Contracts:** All sole-source procurements, single vendor response to a competitive bid, and contracts over \$100,000 require DHSEM pre-approval prior to implementation. Requests for reimbursement for contractual services must be accompanied by the relevant contract.
- **Local Match:** Local matching funds must clearly support the source, the amount, and the timing of all matching contributions.
- **Equipment:** Allowable equipment categories are listed on the web-based Authorized Equipment List (AEL) on the Responder Knowledge Base (RKB) at www.rkb.mipt.org. Documentation required per instructions attached to DHSEM quarterly reports.

MEMORANDUM

DATE: December 29, 2015

TO: Board of County Commissioners

FROM: Carole Jaramillo, Finance Director 

VIA: Katherine Miller, County Manager

RE: Resolution No. 2016-___, A Resolution Requesting a Budget Decrease to Capital Projects-Federal Fund (305) / -\$96,798 and Increase to the Road Projects Fund (311) / \$96,798 for a Net Budget Change of \$0. (Finance Department/Carole Jaramillo)

SUMMARY:

The purpose of this request is to move budget authority from the Capital Projects-Federal Fund (305) to the Road Projects Fund (311) for a grant which was inadvertently budgeted in the incorrect fund. This action will decrease the Capital Projects-Federal Fund (305) and increase the Road Projects Fund (311) by the same amount resulting in no change to the overall County budget.

BACKGROUND:

Santa Fe County received a grant from the New Mexico Department of Transportation (NMDOT), Contract #D14909/Control #S100282, the funding for which originated with the US Department of Transportation, Federal Highway Administration. Because the funding originated with the Federal government it was budgeted in the Capital Projects – Federal Fund (305). However, the Capital Projects – Federal Fund (305) was established to account for grants that are received directly from the Federal government and thus a grant that is received from NMDOT more appropriately should be budgeted in the Road Projects Fund (311).

ACTION REQUESTED:

Staff is requesting a budget decrease of \$96,798 in the Capital Projects-Federal Fund (305) and a budget increase of \$96,798 in the Road Projects Fund (311) to correctly account for the grant.
