Re: Resolution No. 2016 - \_\_\_\_\_, A Resolution Requesting a Budget Increase to the Fire Operations Fund (244) to Budget New Funding for Multiple Grants for the County Fire Department / \$741,929 (Finance Division / Carole Jaramillo)

### ISSUE:

Requesting BCC approval to budget \$741,929 of new funding from multiple grants awarded by the NM Fire Protection Grant Council to various Fire Districts.

### BACKGROUND:

The Santa Fe County Fire Department was awarded nine grants by the NM Fire Protection Grant Council for a total amount of \$741,929. The individual awards are as follows:

1. The Chimayo Fire District was awarded \$79,444 for SCBA's (Self Contained Breathing Apparatus) and miscellaneous firefighting and rescue equipment.
2. The Eldorado Fire District was awarded \$78,885 for SCBA (Self Contained Breathing Apparatus) Bottles, Gas Meters, Thermal Imaging Cameras, and RIT (Rapid Intervention Team) Packs.
3. The Edgewood Fire District was awarded \$30,000 for SCBA (Self Contained Breathing Apparatus) Bottles.
4. The La Puebla Fire District was awarded \$100,000 for a Mini Pumper Fire Apparatus.

5. The Pojoaque Fire District was awarded \$100,000 for a Fire Engine Apparatus.
6. The Stanley Fire District was awarded \$80,000 for a Burn Building utilized for fire training.
7. The Turquoise Trail Fire District was awarded \$100,000 for a Brush Truck Fire Apparatus.
8. The La Cienega Fire District was awarded \$100,000 for a Generator for Station #1.
9. The Agua Fria Fire District was awarded \$73,600 for a Pump Tester/Trainer.

**RECOMMENDATION:**

Please approve this request for a budget increase to the Fire Operations Fund (244) in the amount of \$741,929 to budget the FY-2016 NM Fire Protection Grant Council Awards for the Santa Fe County Fire Department.

Dear Treasurer Varela:

Congratulations! Your grant application on behalf of the Chimayo Fire Department for General Fire Fighting Equipment: Rescue: SCBA has been reviewed and an award has been granted.

Over 140 grant applications were submitted and over \$22 million in needs were considered. The Chimayo Fire Department has met the minimum requirements and is clearly addressing a critical need affecting the ISO fire protection classification. A voucher in the amount of \$79,444 for the purchase of the approved request will be processed following the February 1, 2016 deadline for project specifications approval.

The specifications for the approved equipment must be reviewed and approved by this office before February 1, 2016 and prior to encumbering any funds. The equipment purchased with this grant shall meet the requirements of the latest Editions of NFPA.

The deadline to encumber the money by contract with the vendor is May 15, 2016. If the bid amount exceeds the awarded amount plus the 20% required matching amount, the additional cost shall be the responsibility of the local government. If the specified equipment may be purchased for less than the grant amount plus the 20% matching amount, the remaining money shall be returned to the grant fund. All equipment purchased with grant funds must be inspected by this office upon receipt and the attached Project Close-Out Checklist completed and submitted immediately thereafter.

Failure to meet deadlines will result in the loss of funds. If you need additional time to complete your project, your request for an extension must be made in writing, explaining the need for additional time. Grant recipients also need the Council's written permission to make changes to their projects. Project modifications must be requested in writing, and the modification shall not significantly alter the original purpose of the approved application. Extension and modification requests are reviewed on a case-by-case basis and are not automatically granted.

If further information is required, please contact Vernon Muller, Deputy Fire Marshal; Fire Service Support Bureau at (505) 476-0165.

If the specified equipment may be purchased for less than the grant amount plus the 20% matching amount, the remaining money shall be returned to the grant fund. All equipment purchased with grant funds must be inspected by this office upon receipt and the attached Project Close-Out Checklist completed and submitted immediately thereafter.

Failure to meet deadlines will result in the loss of funds. If you need additional time to complete your project, your request for an extension must be made in writing, explaining the need for additional time. Grant recipients also need the Council's written permission to make changes to their projects. Project modifications must be requested in writing, and the modification shall not significantly alter the original purpose of the approved application. Extension and modification requests are reviewed on a case-by-case basis and are not automatically granted.

Dear Treasurer Varela:

Congratulations! Your grant application on behalf of the La Cienega Fire Department for Facility Improvement has been reviewed and an award has been granted.

Over 140 grant applications were submitted and over \$22 million in needs were considered. The La Cienega Fire Department has met the minimum requirements and is clearly addressing a critical need affecting the ISO fire protection classification. A voucher in the amount of \$100,000 for the purchase of the approved request will be processed following the February 1, 2016 deadline for project specifications approval.

The specifications for the approved equipment must be reviewed and approved by this office before February 1, 2016 and prior to encumbering any funds. The equipment purchased with this grant shall meet the requirements of the latest Editions of NFPA.

**RE:** Resolution No. 2016-\_\_\_ A Resolution to Support the Institute of American Indian Arts' Proposal for the 2016 US Economic Development Administration Public Works Grants Program for a Multi-use Performance Center (Commissioner Stefanics)

---

### BACKGROUND

This Resolution provides a Letter of Support to the Institute of American Indian Arts in Santa Fe.

The IAIA seeks support in applying for the 2016 US Economic Development Administration Public Works Grants Program for development of its proposed Multi-Use Performance Center in District 5. This initiative will address the increasing need for new performance and instruction facilities in Santa Fe and northern New Mexico.

The facility will be available for community events and will seek official designation as an Emergency Shelter.

CENTER**

**WHEREAS**, the 20-year process of developing its Santa Fe, New Mexico campus places the Institute of American Indian Arts (IAIA) in the company of thirty-five other Tribal Colleges and Universities (TCU) nationwide; and

**WHEREAS**, development of its Performance Arts Center gives IAIA a unique position as one of the few TCUs providing such new and innovative academic facilities and services; and

**WHEREAS**, prior to being eliminated in the 1990s due to severe federal budget cuts, IAIA had a thriving Performing Arts program; and

**WHEREAS**, recently IAIA has identified that there has been a resurgence in demand for these programs; and

**WHEREAS**, IAIA has responded by introducing Performance Arts as a minor with the goal to expand into a Bachelor of Arts program by 2020, offering options for career possibilities in fields such as Arts Management, Event Coordination, Performance Production, Art Direction, Education, and Program Administration; and

**WHEREAS**, in order to meet the growing demand for native performing arts education, IAIA requires significant infrastructure improvements; and

**WHEREAS**, the next priority identified in the IAIA 2010 Campus Master Plan is the completion of a Multipurpose Fitness and Performing Arts Center; and

**WHEREAS**, with this center, being the only school to offer performing arts degree programs, IAIA anticipates that it will be able to meet the increasing demand for performing arts programming and that it will become the go-to tribal college/university for performing arts education; and

**WHEREAS**, the facility will be available for community events and will seek official designation as an Emergency Shelter which would provide a medium-sized capacity shelter that can support approximately 100 to 250 people; and

**WHEREAS**, the Multipurpose Fitness and Performing Arts Center is planned as a 22,900 square foot LEED Silver designed one story poured concrete, frame stucco, and glass

building that will house instructional space, dance studios, a black box theatre, rehearsal space, a costume shop, faculty offices, and a basketball court as well as multipurpose rooms with moveable walls, space for equipment storage, lockers and changing rooms, and a kitchen for cooking and nutrition classes; and

**WHEREAS**, Santa Fe County supports this concept to the extent the development is intended to conform to the Santa Fe County Sustainable Land Development Code.

**NOW, THEREFORE, BE IT RESOLVED** by the Board of County Commissioners of Santa Fe County to support the IAIA application for the 2016 U.S. Economic Development Administration Public Works Grants Program by signing and delivering the letter of support attached hereto as Exhibit A.

RE: Support Letter for Institute of American Indian Arts Proposal to US Economic Development Administration 2016 Public Works Grants Program

Dear Dr. Martin,

The Board of County Commissioners of Santa Fe County is pleased to provide this letter of support to the Institute of American Indian Arts (IAIA) for its application to the 2016 US Economic Development Administration Public Works Grants Program for its proposed Multi-Use Performance Center. This IAIA initiative will address the increasing need for new public performance, sport and emergency facilities in the southern portion of the County.

The performing arts, including the Santa Fe Opera, are a significant component of what makes the County of Santa Fe unique in New Mexico. The County is interested in promoting the performing arts and the facilities and programs that form its foundation in the region. We understand IAIA's facility will be a bellwether among American Tribal Colleges and Universities and that its programs will include not only Performing Arts education and theatre arts, but sports, Fitness Center/Nutrition/Culinary Arts, and Fashion design. The facility is also intended to serve as an Emergency Shelter (Red Cross, FEMA, NM Department of Homeland Security & Emergency Management).

We understand that the construction of the facility and implementation of various IAIA arts programs will involve the collaboration of IAIA staff members, the South County Performing Arts Association, and college and high school performing arts programs from the county and region. We also understand that IAIA's Performance Arts program will: a) identify and engage relevant and motivated community arts organizations, schools and professionals; b) provide new educational instructional space for various performing arts programs; c) provide a venue for sports and entertainment events; c) add another venue to

the regional emergency facilities system; d) implement a critical component of IAIA's Comprehensive Development Plan for the 2016 – 2020.

Based on the materials provided by IAIA, we understand that the first phase of the Performance Arts program will put all of the instructional components together to create a seamless experience for students seeking a future career in the performing arts. We believe that it will provide important early access to post-secondary career and performing arts education opportunities.

We look forward to a fully- implemented IAIA Performing Arts program to enhance the development of the performing arts in Santa Fe and to help Native American and other students to reach the next level of academic achievement.

Sincerely,

Miguel M. Chavez  
Chair, Board of County Commissioners of Santa Fe County

## **Executive Summary**

### **February 12, 2016**

#### ***INTRODUCTION***

The 20-year process of developing its Santa Fe, NM campus places the Institute of American Indian Arts in the company of thirty-five other Tribal Colleges and Universities (TCU's) nationwide. Development of its Performance Arts Center gives IAIA a unique position as one of the few TCU's providing such new and innovative academic facilities and services.

Prior to being eliminated in the 1990's due to severe federal budget cuts, IAIA had a thriving Performing Arts program. In the recent past there has been a resurgence in demand, and IAIA has responded by re-introducing the program as a minor. The goal is to expand into a Bachelor program by 2020, offering countless options for career possibilities from fields as diverse as arts management, event coordination, performance production, art direction, education, and program administration.

In order to meet the growing demand for native performing arts education, IAIA requires significant infrastructure improvements. Specifically identified as the next priority in the 2010 Campus Master Plan is the completion of a Multipurpose Fitness and Performing Arts Center. With this Center, IAIA will not only be able to meet the increasing demand for Performing Arts programming, but will indisputably identify IAIA as the go-to tribal college/university for Performing Arts education, as it will be the only school to offer performing arts degree programs. While ensuring its relevancy far into the future, the build out also supports the City of Santa Fe as the Arts capital of the United States. Finally, the facility will be available for community events and will seek official designation as an Emergency Shelter. Per the Red Cross, Santa Fe County is lacking medium size capacity shelters that can support, at a minimum, 100 to 250 clients.

The project is a complete build out of the Multipurpose Fitness and Performing Arts Center - a 22,900 square foot LEED Silver designed one story poured concrete, frame stucco, and glass building that will house instructional space, dance studios, a black box theatre, rehearsal space, a costume shop, faculty offices, and a basketball court. The Center will contain multipurpose rooms with moveable walls, space for equipment storage, lockers and changing rooms, and a kitchen for cooking and nutrition classes. Roadways, drainage system, water and sanitary sewer, landscaping, signage, parking, lighting, security, and utilities are included.

(Commissioner Holian)**

---

**ISSUE:**

This resolution seeks approval from the Board of County Commissioners of a Resolution designating the Greater Santa Fe Fireshed as an area that is critical to the health and safety of the citizens of Santa Fe County, and to establish priorities in the Fireshed to reduce the ecological and economic hazards posed by wildfires.

**BACKGROUND:**

The ‘fireshed’ referenced in the resolution is the land mass which is defined by a geographical boundary that has the potential to be part of a major impacting wild fire within Santa Fe County. The actual area is shown in the map which is included with the resolution as Exhibit A.

Approval of this resolution will provide support to the county position and also the other parties who are cooperative partners in demonstrating the importance of this area as an area that warrants fire risk reduction measures to be examined and possibly implemented. Approval of this resolution would establish the Greater Santa Fe Fireshed as a high priority area in need of fire risk reduction techniques, possible risk reduction techniques to be implemented in the future could include forest and under growth thinning and prescribed managed fire.

Currently the City of Santa Fe and Santa Fe County who are partners in the Greater Santa Fe Fireshed initiative have limited ability to implement or influence protective fire measures on any lands outside of city or county jurisdiction. Lands that extend beyond the water reservoir areas

are also important to protect for many public safety, economic, and ecological reasons in addition to drinking water security. Collaboration in this Greater Santa Fe Fireshed initiative will allow for greater efforts to planning and implementation of fire reduction measures for the entire fireshed area.

**ACTION REQUESTED:**

Commissioner Holian respectfully requests the Board of County Commissioners of Santa Fe County support and approves this resolution.

WHEREAS, Santa Fe County receives up to ten percent of its drinking water from a forested watershed that is dominated by vegetation both adapted to wildfire and also at risk from high intensity wildfire; and

WHEREAS, the health and safety of the citizens of Santa Fe County are dependent on healthy forests and watersheds for a sustainable source of drinking water; and

WHEREAS, the economy of Santa Fe County is connected to the natural amenities in and around Santa Fe County which are primarily on public lands managed by the Santa Fe National Forest, and are dominated by vegetation that is adapted to wildfire, but is also at risk from high-intensity wildfire; and

WHEREAS, the economy of the Santa Fe area is dependent on scenic vistas, access to nearby forested trails and streams, access to Hyde Memorial State Park, picnic areas and scenic overlooks, and access to a successful downhill ski area; and

WHEREAS, the aforementioned elements of the Santa Fe economy are at high risk when there are high-intensity wildfires and subsequent floods and debris flows; and

WHEREAS, the area designated on Exhibit A, attached hereto and made a part hereof by reference, shall be referred to as the Greater Santa Fe Fireshed;

WHEREAS, the Greater Santa Fe Fireshed lies within and affects City, County, State, Tribal, and Federal jurisdictions; and

WHEREAS, Santa Fe County adopted resolution 2010-110, endorsing wilderness designation for the inventoried Roadless Areas which are adjacent to the Pecos Wilderness; and

WHEREAS, designated wilderness areas require special consideration and evaluation regarding active management and wildfire response; and

WHEREAS, coordination, collaboration, and cooperation among public, private, and non-profit groups has been shown to gain greater public support than the independent efforts of various organizations and entities; and

WHEREAS, protection of the Greater Santa Fe Watershed is essential to preserving our unique environment, our quality of life, and the economic vitality of Santa Fe County; and

WHEREAS, Santa Fe County has adopted the Sustainable Growth Management Plan, and Goal 9.6 of the SGMP supports coordination and collaboration to limit threats from wildfire in the Fireshed.

NOW THEREFORE, BE IT RESOLVED, that the Board of County Commissioners of Santa Fe County establish that the area depicted on Exhibit A shall be referred to as the Greater Santa Fe Fireshed, and recognizes the Greater Santa Fe Fireshed as an area in need of application of fire risk reduction techniques, such as thinning and prescribed managed fire.

BE IT FURTHER RESOLVED that Santa Fe Fire Department Staff is directed to seek out and identify potential funding sources necessary to pursue fire risk reduction projects in the Greater Santa Fe Fireshed.
