ON-CALL ROAD CONSTRUCTION AND MAINTENANCE SERVICES
RFP #2013-0119-PW/MS

ADDENDUM #5

Dear Bidders,

This addendum is issued to reflect the following immediately. It shall be the responsibility of interested Bidders to adhere to any changes or revisions to the IFB as identified in this Addendum No. 5. This documentation shall become permanent and made part of the departmental files.

Clarification 1: Bid Due Date – As a reminder, the bids will not be read publicly and information from the analyses will be provided to all bidders in a timely fashion.

Friday, April 5, 2013 at 2:00 PM (MST)
Location:
142 W. Palace Avenue (Second Floor)
Santa Fe, New Mexico 87501

Clarification 2: The Bid Sheet has been revised. Please use the attached bid sheet for submission with your bids. **Note that due to deletion of some of the items where there were duplicates, the numbering sequence for bid items changed. Therefore the information referencing bid items in the remainder of this addendum will not be exact bid numbers.**

Question 1: Bid item 132 looks like it might be a duplicate of bid item 131.

Answer 1: Deleted bid item 131

- Question 2: There appears to be no Reinforced Concrete for Minor Structures for Zone 1 (would be bid item 136).
- Answer 2: Added Zone one for this bid item
- Question 3: Type D Metal Bridge Railing appears twice (bid items 162-166 and 207-211).
- Answer 3: Deleted items 162 – 166 kept 207 – 211
- Question 4: 30” Culvert Pipe Band appears twice (bid items 277-281 and 292-296).
- Answer 5: Kept 277 – 281 and Bid Items 292 – 296 are correct to 35”
- Question 6: Bid item 347 for Removal of Sidewalk over 501 SY does not have all zones.
- Answer 6: Added zones for 347 (1 through 5)
- Question 7: Shouldn’t Bid item 383 for SWPPP should be per JOB instead of Lump Sum?
- Answer 7: Replaced with “Per Job”
- Question 8: Shouldn’t Bid item 515 for Traffic Control be per JOB instead of Lump Sum?
- Answer 8: Replaced with “Per Job”
- Question 9: Shouldn’t Bid item 517 for Mobilization be per JOB instead of Lump Sum?
- Answer 9: Replaced with “Per Job”
- Question 10: Bid item 551 for Traffic Control Complete appears to be covered by Bid items 515 and 516.
- Answer 10: Deleted bid item 551 but keep 515 and 516
- Question 11: Shouldn’t Bid item 574 be per Day?
- Answer 11: Added per day
- Question 12: Shouldn’t Bid item 575 be SQ.FT/ DAY?
- Answer 12: Replaced with Sq ft/per day
- Question 13: What exactly is Bid item 583 for?
- Answer 13: For Travel per mile
- Question 14: Bid Item 589 appears to be a duplicate of Bid item 585.

- Answer 14: Made unit 589 per day and kept 585
- Question 15: Bid items 584-594 include Operator. Do Bid items 627-632 include Operator?
- Answer 15: Deleted 627 through 632
- Question 16: Item #131 shouldn't be there? Shows zone 1 & zone 5 for 74lbs of rebar (covered by item #132 & #136)
- Answer 16: Refer to Question 1
- Question 17: 137 There is no zone 1 for Reinforced Concrete?
- Answer 17: Refer to Answer 2
- Question 18: 292 to 296 These should be 36" Culvert Pipe Bands and Hardware?
- Answer 18: Refer to Answer 4
- Question 19: 347 There are no zones for Removal of Sidewalk (501+ SY)?
- Answer 19: Refer to Answer 6
- Question 20: 464 Concrete Mountable Curb? All zones are covered by Items 459 to 463?
- Answer 20: Item is deleted
- Question 21: 589 Reads identical to Item 585?
- Answer 21: Refer to Answer 14
- Question 22: On page 1 of the General Contractor's Statement of Qualifications, under Licensing b., what is the **License Code**?
- Answer 22: Disregard "License Code" on the General Contractor's Statement of Qualifications
- Question 23: In regard to Bid Items 61 thru 75 "Type I-BDR Base Course", would it be possible for the County to provide a specification for this material? There is no reference to this product in the NMDOT specifications for Highway and Bridge Edition 2007. This information will be necessary for suppliers to determine availability and supply for this material.
- Answer 23: Specification for Type I-B-DR is attached.
- Question 24: In regard to Bid Items 86 thru 100 "Placement and Compaction of Screened Cold Millings (Bituminous)", is the County supplying this material or is the Contractor responsible for supplying the screened cold millings material?

Answer 24: Contractor will supply the material.

Question 25: Can the County clarify the difference between Items 162 thru 166 “Metal Bridge Railing, Type D” and Items 207 thru 211 “Type D Bridge Railing”?

Answer 25: Refer to Answer 3

Question 26: In regard to Bid Items 217 thru 221, “ Endurablend Systems for Bridge Deck Applications or Equivalent Polymer Modified Cement Slurry to seal and protect bridge decks”, Will the county please provide a list of other approved equal products in lieu of the Endurablend System? After inquiring as to how to become an approved installer of this product from the manufacturer, we were informed that there already is an installer in this region and due to existing marketing relationships we would have to go through this installer. This “installer” is a would-be competitor of ours for this contract opportunity. Since we are certainly capable of completing this work item it appears we would need to follow the route of an approved equal.

Answer 26: The Bidder is responsible for providing sufficient information, with their bid, for its proposed “equal” meets or exceed the product called for in Bid Items 217 through 221.

Please add this Addendum #5 to the original solicitation documents and refer to solicitation documents, hereto as such. This and all subsequent addenda will become part of any resulting contract documents and have effects as if original issued. All other unaffected sections will have their original interpretation and remain in full force and effect. **Bidders are reminded that any questions or need for clarification must be addressed to Maria B. Sanchez, Senior Procurement Specialist at mbsanchez@santafecounty.org.**

SPECIFICATIONS

TYPE I-B-DR

Type I-B-DR gravel base course aggregate (for unpaved roads) shall conform to Santa Fe County standards. Specifications for this material is as follows:

1. Los Angeles abrasion, AASHTO T96 50% Maximum
2. Sodium sulfate soundness loss (5 Cycles) AASHTO T 104 12% Maximum
3. Fractured faces 50% Minimum
4. Free from organic matter and lumps or balls of clay or silt
5. Liquid limit 35 Maximum
6. Plasticity index between six (6) and twelve (12)

Base Course Gradation

Sieve Size	Type I-B-DR
1 Inch	100
$\frac{3}{4}$ Inch	97-100
#4	41-71
#40	12-28
#200	9-16
