RE: IFB# 2016-0267-CORR/KE Solid Waste Removal and Disposal for the Adult Detention Facility

Notification of Cancellation of Solicitation

Bidders,

On May 24, 2016, Santa Fe County Purchasing Division issued a determination in response to the protest that was received from Waste Management of New Mexico. The determination rescinded the "non-responsive bid" that was received from Waste Management of New Mexico and deemed their bid "responsive". That same determination included the intent to award the contract to Waste Management of New Mexico.

On June 2, 2016, Santa Fe County received a protest from Road Runner Waste Services in response to the County's determination of May 24, 2016.

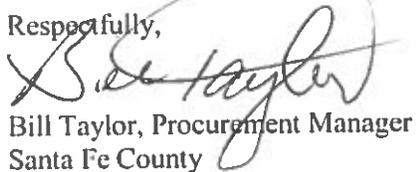

Pursuant to NMSA 1978, 13-1-173 Procurements after protest. In the event of a timely protest under Section 145 [13-1-172 NMSA 1978] of the Procurement Code, the state purchasing agent or a central purchasing office shall not proceed further with the procurement unless the state purchasing agent or a central purchasing office makes a determination that the award of the contract is necessary to protect the substantial interests of the state agency or local public body.

On June 2, 2016, the subject IFB No. 2016-0267-CORR/KE Solid Waste Removal and Disposal for Adult Detention was officially halted until the merits of both protests were reviewed and a final determination is made from this office.

After review of the two protests received and the merits of each, Santa Fe County has determined that it is in the best interest of the County to cancel IFB No. 2016-0267-CORR/KE Solid Waste Removal and Disposal for the Adult Detention Facility. The County has also determined that it would be in the best interest of all parties to re-issue the IFB that will include more defined and specific bid items.

All parties to this solicitation are hereby notified of the cancellation of the subject IFB. The County will notify you when a new solicitation for services is to be advertised.

Respectfully,

Bill Taylor, Procurement Manager
Santa Fe County
