Such causes include, but are not restricted to, acts of God, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather and defaults of subcontractors due to any of the above, unless the County can determine that the goods or services to be supplied by the subcontractor were obtainable from other sources in sufficient time to meet the required delivery schedule. A new bid opening schedule may be set to allow for modification and resubmission of bids. Failure of any bidder to receive any such addenda or interpretations shall not relieve such bidder from any obligation under their bid as submitted. **All addenda so issued shall become part of the contract documents and shall be acknowledged by the bidder on the bid sheet hereto attached.**
20. **Brand Names and Model Numbers, if applicable:** Specifications in this IFB are not meant to be restrictive, but descriptive. Specifications contained herein reflect the minimum acceptable standards and are not intended to restrict competition. No substitute specifications may be included. Substitutions which would require additional delivery time, expense or modifications of the original design may be rejected.

21. **Item Description(s), if applicable:** All items on all pages of the specification are representative of the desired sizes and dimensions and as such are intended as guides to bidders in the preparation of bids. Bids of equivalent items will be considered for award if (1) such items are clearly identified by manufacturer's name, brand, and model number, if any, in the offer; (2) descriptive literature or other such data is provided to show that the equivalent items are equal to the brand name; and (3) the County determines such items to be equal in all material respects to the salient specifications of the products required.

Should any specified brands or models be listed incorrectly, discontinued or improved, the bidder shall note such changes in its responses and include the pertinent details regarding the change. In the event the item has been discontinued, the bidder will be allowed to propose comparable goods or services along with the necessary supplemental documentation supporting their position.
23. **Evaluation and Determination of Product(s):** The evaluation of bids and the determination as to equality of the product or service proposed shall be the responsibility of the County and will be based on information provided in the bid and/or information reasonably available to the County.
24. **Two or more identical bids:** If two or more identical low bids are received, the County will apply the process described at Section 13.1.110 NMSA 1978, of the State Procurement Code.
25. **Collusion:** No bidder shall submit more than one bid in response to this IFB. Collusion among bidders or the submission of more than one bid under different names by any firms or individual shall be cause for rejection of all bids in question without consideration.
26. **Protest Procedure:** Any bidder who is aggrieved in connection with procurement may protest to the County Procurement Manager as set forth in Board of County Commissioners Resolution No. 2006-60. A copy of Resolution No. 2006-60 is available upon request.
27. **Consideration of Bids:** Bids received on time will be opened publicly and will be read aloud, and an abstract of the amounts of the Base Bids and Alternates or Bid Items, if any, will be made available to the bidders. Each bid shall be open to public inspection under the Public Records Act.
28. **Bid Security, if applicable:** Bid Security in the amount of \$1,000 shall accompany the bid. Security may be in the form of a certified check or bank cashier's check made payable to Santa Fe County or a bid bond issued by a surety licensed to conduct business in the State of New Mexico, or other surety in form satisfactory to the County. The Bid Security of the successful bidder will be retained until the bidder has executed the Agreement, whereupon the bid security will be returned. If the bidder fails to execute and deliver the Agreement within ten (10) days of Notice of Award, the County may cancel the Notice of Award and the Bid Security of that bidder will be forfeited. **The Bid Security of any bidder whom the County believes to have a reasonable chance of receiving the award may be retained by**

the County until either the seventh day after the executed Agreement is delivered by the County to the Contractor and the required Contract Security is furnished, or the sixty-first day after the bid opening, whichever is earlier. Bid security of other bidders will be returned within thirty (30) days of the bid opening.

Bid Security in the form of checks, except the Bid Security of the two lowest bidders, will be returned immediately following the opening and checking of the bids. The retained Bid Security of the unsuccessful of the two lowest bidders, if in the form of a check, will be returned within fifteen (15) days following the award of contract. The retained Bid Security of the successful bidder, if in the form of a check, will be returned after a satisfactory contract bond has been furnished and the contract has been executed. Bid Securities in the form of Bid Bonds will be returned only upon the request of the unsuccessful bidder, but will be released by the County Purchasing Agent after the Notice to Award is sent by the County.

29. **Insurance Requirements:** At a minimum upon execution of the Agreement between the County and the contractor, the contractor shall furnish to the County, Certificates of Insurance naming Santa Fe County as an additional insured on the insurance coverages set forth in the sample Professional Services Agreement (Appendix D) attached hereto.
30. **Notice:** The Procurement Code, Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and misdemeanor criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for bribes, gratuities, and kick backs.
31. **Preferences in Procurement:**

A. *New Mexico In-state Preference.*

New Mexico law, Section 13-1-21 et seq., NMSA 1978, provides a preference in the award of a public works contract for an “**in-state resident business**”. Application of a resident contractor preference requires the bidder to provide a copy of a valid and current certification as a resident contractor. Certificates are issued by the State Taxation and Revenue Department.

If a bidder submits with its bid a copy of a valid and current in-state resident contractor certificate, the bidder’s bid will be deemed to be 5% lower than the bid actually submitted.

Certification by the Department of Taxation and Revenue takes into consideration such activities as the business or contractor’s payment of property taxes or rent in the state, and payment of unemployment insurance on employees who are residents of the state.

OR

B. *New Mexico Resident Veteran Preference.*

New Mexico law, Section 13-1-22 NMSA 1978, provides a preference in the award of a public works contract for a “**resident veteran contractor**”. Certification by the Department of Taxation and Revenue for the resident veteran contractor requires the bidder to provide evidence of annual revenue and other evidence of veteran status.

A bidder who wants the veteran contractor preference to be applied to its bid is required to submit with its bid the certification from the Department of Taxation and Revenue and the sworn affidavit attached hereto as Appendix D.

If a bidder submits with its bid a copy of a valid and current veteran resident contractor certificate, the bidder’s bid will be deemed to be 10%, 8% or 7% lower than the bid actually received, depending on the business’ annual revenue.

The resident contractor preference is not cumulative with the resident veteran contractor preference.

The in-state, veteran or County preferences do not apply to procurement of services or goods involving federal funds or federal grant funds.

Additional information about obtaining the certificate as a resident contractor and resident veteran contractor may be found at:

The final acceptance shall not be binding upon the County or conclusive, should it subsequently develop the bidder had furnished inferior items or had departed from the specifications and/or the terms of the contract. Should such conditions become evident, the County shall have the right, notwithstanding final acceptance and payment, to cause the services to be properly furnished in accordance with the specifications (and drawings, if any) at the cost and expense of the bidder.

or may not accept the bidder's alternative language. **PROFESSIONAL SERVICES AGREEMENT BETWEEN SANTA FE COUNTY
 AND _____
 TO PROVIDE FIRE HOSE TESTING SERVICES**

THIS AGREEMENT is made and entered into on this ___ day of _____2016, by and between **SANTA FE COUNTY** (hereinafter referred to as the “County”), a political subdivision of the State of New Mexico, and _____ (hereinafter referred to as the "Contractor”).

WHEREAS, the Santa Fe County Fire Department is committed to providing quality and professional fire protection to the residents of Santa Fe County by ensuring the safety and reliability of its fire equipment through annual fire hose testing;

WHEREAS, the Contractor is qualified to perform the fire hose testing service according to the current National Fire Protection Association (NFPA) standards;

WHEREAS, in accordance with Section 13-1-102 NMSA 1978, the County issued Invitation for Bids (IFB) No. 2017-0033-FD/IC for these services;

WHEREAS, the County requires the services of the Contractor, and the Contractor is willing to provide these services and both parties wish to enter into this Agreement.

NOW THEREFORE, in consideration of the premises and mutual obligations herein, the parties hereto do mutually agree as follows:

1. SCOPE OF WORK

All fire hose testing will be conducted according to the procedures and requirements listed in the most recent version of the NFPA 1962 Standards. These specifications establish minimum acceptable testing requirements. In addition to the NFPA test standards, the Contractor will also provide the following:

- A. Contractor will coordinate and schedule the service with each District Fire Chief before beginning testing.
- B. Contractor will travel to each regional Fire Region except for stations in which there is 10,000 feet or more of hose that requires testing. In those instances, the contractor shall do the testing at the Fire District location.
- C. Contractor will remove the fire hose from the Department’s apparatus and conduct a visual inspection of all hose prior to hydrostatic pressure testing, as specified in the NFPA 1962 Standards, Section 4.6. All hose failing this inspection will be marked with an “OUT OF SERVICE” tag and removed from service, without being pressure tested. The location of the physical

problem will be marked on the jacket of the hose. The Contractor shall also indicate whether the hose is repairable or not.

- D. Contractor will conduct a hydrostatic pressure test in accordance with the NFPA 1962 Standards, Section 7. Service test pressures will be specified in the NFPA 1962 Standards, Section 7.1, unless Department specifies lower or higher testing pressures. No hose shall be tested at a pressure higher than 400 psi.
- E. Contractor will provide all hydrostatic testing equipment, including a pressure and volume relief device with adequate capabilities and a maximum setting, not to exceed the service test pressure of the hose being tested.
- F. Contractor will provide and use a safety harnessing system to control hose in the event of a rupture. Hose must be adequately strapped or secured.
- G. Care should be taken to prevent the outer layers of double jacketed hose from becoming wet. Double jacketed hose shall be tested off the ground and not on a wet surface.
- H. Within fifteen (15) days of completing service, contractor will deliver to the Fire Department final test documentation. Documentation is to be provided in both an electronic and paper format, and shall include an inventory report showing date of test, service test pressures, hose diameter, length, identification codes, and pass/fail status for each length of hose. In addition, the Department shall receive a report listing hose by diameter and an aging report listing the age of each length of hose. Contractor shall maintain a copy of this documentation for a period of ten (10) years.
- I. After testing, Contractor will reload all hose on the Department's apparatus according to the Department's instructions.

2. COMPENSATION, INVOICING, AND SET-OFF

A. In consideration of its obligations under this Agreement the Contractor shall be compensated as follows:

- 1) County shall pay to the Contractor in full payment for services satisfactorily performed at the rate of [_____ (\$XXXX.XX)] or [all costs and expenses shall be in accordance with the costs indicated on Exhibit A.]
- 2) The total amount payable to the Contractor under this Agreement, shall not exceed [_____dollars (\$_____) per year exclusive of gross receipts tax. Any New Mexico gross receipts tax levied on the amounts payable under this Agreement shall be paid by the County to the

Contractor.

- 3) The County will notify the Contractor if and when the County has paid Contractor the full not-to-exceed amount stated above prior to the expiration of the term of this Agreement. Absent an approved amendment to the contract amount, Contractor will not be compensated in excess of the not-to-exceed amount stated above for deliverables and services performed.

B. The Contractor shall submit a written request for payment to the County when payment is due under this Agreement. Upon the County's receipt of the written request, the County shall issue a written certification of complete or partial acceptance or rejection of the contractual items or services for which payment is sought. The Contractor acknowledges and agrees that the County may not make any payment hereunder unless and until it has issued a written certification accepting the contractual items or services. Within thirty (30) days of the issuance of a written certification accepting the contractual items or services, the County shall tender payment for the accepted items or services. In the event the County fails to tender payment within thirty (30) days of the written certification accepting the items or services, the County shall pay late payment charges of one and one-half percent (1.5%) per month, until the amount due is paid in full.

C. In the event the Contractor breaches this Agreement, the County may, without penalty, withhold any payments due the Contractor for the purpose of set-off until such time as the County determines the exact amount of damages, including any liquidated damages of \$100.00 per day it suffered as a result of the breach.

D. Payment under this Agreement shall not foreclose the right of the County to recover excessive or illegal payment.

3. EFFECTIVE DATE AND TERM

This Agreement shall, upon due execution by all parties, become effective as of the date first written above and shall terminate one year later, unless earlier terminated pursuant to Section 5 (Termination) or Section 6 (Appropriations and Authorizations). The County has the option to extend the contract at the same price, terms and conditions for a period of three (3) additional years, not to exceed four years total. The County may exercise this option by submitting a written notice to Contractor that the Agreement will be extended an additional year. The notice must be submitted to Contractor at least sixty days prior to expiration of the initial Agreement.

4. ADDITIONAL SERVICES

A. The parties agree that all tasks set forth in Paragraph 1, SCOPE OF WORK of this Agreement, shall be completed in full, to the satisfaction of the County, for the amount set forth in Section 2, COMPENSATION, INVOICING, AND SET-OFF, of this Agreement, and for not other cost, amount, fee, or expense.

B. The County may from time-to-time request changes in the Scope of Work to be performed hereunder. Such changes, including any increase or decrease in the amount of the Contractor's compensation, which are mutually agreed upon by and between the County and the Contractor, shall be incorporated in written amendments to this Agreement.

5. TERMINATION

A. Termination of Agreement for Cause. Either party may terminate the Agreement based upon any material breach of this Agreement by the other party. The non-breaching party shall give the breaching party written notice of termination specifying the grounds for the termination. The termination shall be effective thirty (30) days from the breaching party's receipt of the notice of termination, during which time the breaching party shall have the right to cure the breach. If, however, the breach cannot with due diligence be cured within thirty (30) days, the breaching party shall have a reasonable time to cure the breach, provided that, within thirty (30) days of its receipt of the written notice of termination, the breaching party began to cure the breach and advised the non-breaching party in writing that it intended to cure.

B. Termination for Convenience of the County. The County may, in its discretion, terminate this Agreement at any time for any reason by giving the Contractor written notice of termination. The notice shall specify the effective date of termination, which shall not be less than fifteen (15) days from the Contractor's receipt of the notice. The County shall pay the Contractor for acceptable work, determined in accordance with the specifications and standards set forth in this Agreement, performed before the effective date of termination but shall not be liable for any work performed after the effective date of termination.

6. APPROPRIATIONS AND AUTHORIZATIONS

This Agreement is contingent upon sufficient appropriations and authorizations being made for performance of this Agreement by the Board of County Commissioners of the County and/or, if state funds are involved, the Legislature of the State of New Mexico. If sufficient appropriations and authorizations are not made in this or future fiscal years, this Agreement shall terminate upon written notice by the County to the Contractor. Such termination shall be without penalty to the County, and the County shall have no duty to reimburse the Contractor for expenditures made in the performance of this Agreement. The County is expressly not committed to expenditure of any funds until such time as they are programmed, budgeted, encumbered and approved for expenditure by the County. The County's decision as to whether sufficient appropriations and authorizations have been made for the fulfillment of this Agreement shall be final and not subject to challenge by the Contractor in any way or forum, including a lawsuit.

7. INDEPENDENT CONTRACTOR

The Contractor and its agents and employees are independent contractors and are not employees or agents of the County. 8. ASSIGNMENT
