I live in South Santa Fe County on acreage and am surrounded by two other counties. The other two counties will laugh themselves to death if this goes through. New businesses and jobs will exit our area. Torrance and Bernalillo County will gain at South Santa Fe County's expense.</p> <p>I see nothing in this "exercise in bureaucratic Nonsense" that will be of any value. I do see an erosion in property rights!! Maybe this will motivate others to support the "Secede from Santa Fe County" movement.</p>
