# Adult Detention / Youth Development Program Master Plan

The current Youth Development Program – Juvenile Detention Facility located at 4250 Airport Rd in Santa Fe, is no longer able to meet the needs of County Youth housed at the facility. The needs for youth detention have changed, with some County youth being transferred to the New Mexico Youth Diagnostic Development Center facilities, the current facility is too large and does not meet the current programmatic needs as outlined in the New Mexico "Cambiar" or Missouri model recommendations.

#### Scope of Work - Analysis & Recommendations of either:

- 1. Demolish the existing facility and build a new facility at the current site, or
- 2. Build a new facility in proximity to the County Public Safety complex across from the ADF.
- 3. Repurpose existing facility for YDP

#### YOUTH DEVELOPMENT PROGRAM

# Adult Detention / Youth Development Program Master Plan

SCOPE OF WORK:

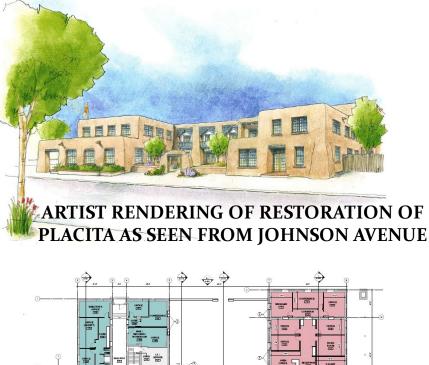

The Santa Fe County Adult Detention Facility (ADF) is experiencing an increased need to provide expanded services to inmates. In order to continue to provide the current level and expansion of service, the ADF will need to Master Plan for the following:

- IMPROVE MEDICAL HEALTH AND BOOKING
- EXPAND THE EAST SALLY PORT
- ADD FREE STANDING ARMORY
- NEW MAINTENANCE SHOP
- RECOMMEND SPACE NEEDS FOR SHOP
- UPDATE AND UPGRADE SECURITY INFRASTRUCTION.
- RECOMMEND IMPROVED ENTRY LOBBY
- ANALYZE AND RECOMMEND IMPROVED LIGHTING AT ACCESS DRIVE
- PLAN FOR NEW DOG RUN

## Agua Fria Fire Training Facility

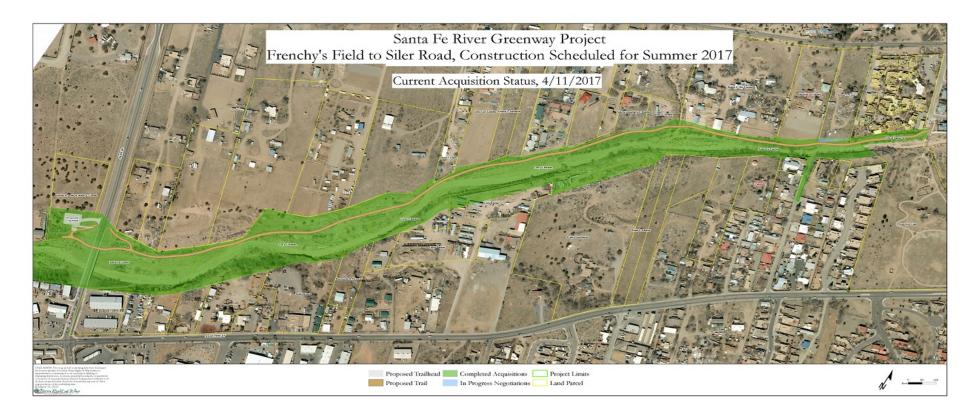

## Agua Fria Gateway Monument

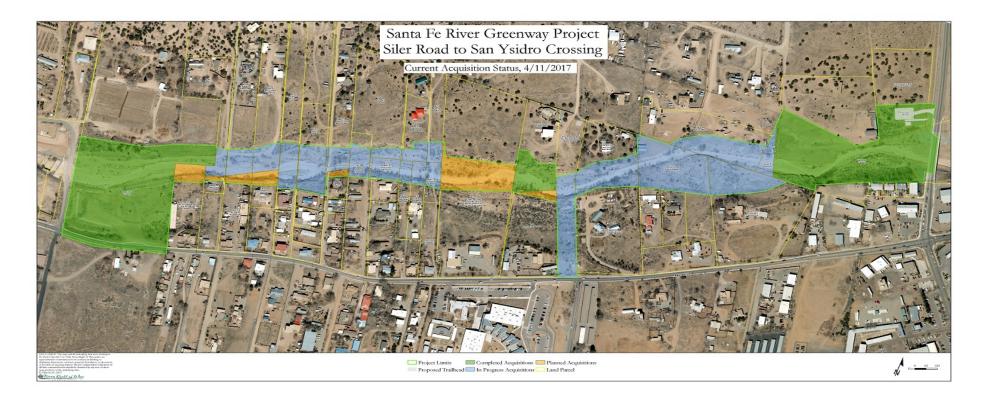

## Section A Frenchy's Field To Siler Road

- 17 Parcels comprising 21 acres have been acquired for construction
- 100% construction plans complete
- RFP is being advertising in April 2017
- Construction time estimated to begin July 2017
- Construction duration 4-6 months

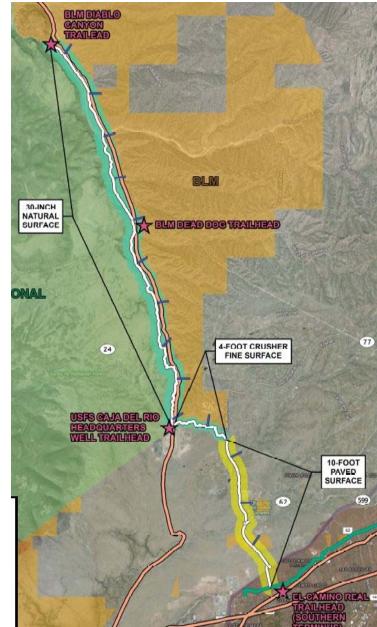

## Section B Siler Road to San Ysidro Crossing

- 30% Conceptual Design complete
- Acquisition of 27 parcels consisting of 17.7 Acres in progress
- Additional funding required for complete design and construction

## El Camino Real de Tierra Adentro Trail

- 15 mile trail that retraces a portion of the El Camino Real de Tierra Adentro National Historic Trail
- Project managed by Federal Lands Access Program
- Partnership of Santa Fe County, US Forest Service, National Park Service, Bureau of Land Management, City of Santa Fe
- Paved 10' wide multi-modal trail along Caja del Rio Road from River Trail past to MRC to CR62
- Crusher Fine (4') to USFS Headquarters Well Trailhead
- Natural Surface (2.5') to Diablo Canyon Trailhead
- Construction anticipated summer 2017

## Nancy Rodriguez Community Center Upgrades

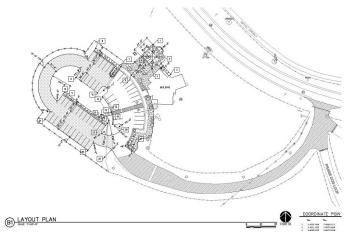

#### **AERIAL PHOTO**

#### Scope of Work:

- There is a need to extend and add 36 new parking as this community center is frequently used by the community
- An outdoor, covered gathering place We will repurpose one of the two 30'x30' shade structures removed from Romero Park.
- Improve the irrigation system and landscaping with improved pedestrian hardscape walkways.
- Include electrical conduit to connect to future photo-voltaic carports.

#### FINAL CONSTRUTION PLAN

## Santa Fe Mountain Center

Project Scope of Work

- New kitchenette within existing space
- Convert existing loft area into office space
- Build a new storage
- Electrical Upgrades
- Plumbing/Mechanical work

## Edgewood Senior Center

#### **Project Scope**

- Remove and replace existing concrete ramp and railings.
- Modifications to existing bathrooms for ADA compliance.
- Add new electrical
- Construction of a Portal on the North side of facility Including Bollards and Lighting.

## Stanley Cyclone Center

# Highway 14 Senior and Community Center

Scope of work:

Phase I: Design new 5,200 sf. Senior Center, Site Improvements and Parking in the Historic Village of Cerrillos.

Phase II: Add 2,300 sf. Addition to the Center to add a Community Center.

Future: Add Turquoise Trail Volunteer Fire Station to East end of the site.

# Mt. Chalchihuitl

The turquoise mine at Mt Chalchihuitl is the largest and most significant of the early turquoise mines in North America. The purpose of the project is to implement the environmental remediation plan approved by NMED for the property. This involves consolidating and capping the lead bearing mine tailings from the Cash Entry Mine. The remediation project will make it possible to open the property to the public.

- The Projects Division has commissioned a mineral rights appraisal to support completion of the acquisition of property.
- The Voluntary Remediation Program workplan has been drafted.
- VRP workplan will be submitted to NMED with negotiated purchase agreement and updated Phase I ESA

### Thornton Ranch Open Space Masterplan

The Thornton Ranch Open Space was purchased by Santa Fe County to protect significant cultural resources and to provide opportunities for public interpretation of the Galisteo Basin. The Master Plan focus on protecting the cultural resources while providing public access to and interpretation of this significant landscape.

In order to advance the planning effort Santa Fe County is currently conducting tribal consultations with the Native American Tribes that have ancestral ties to the Galisteo Basin.

## Madrid Fire Station Expansion

#### Scope of work:

- Expand Apparatus Bays
- Restroom and other ADA improvements
- Training Room Addition
- Septic System improvements
- Facility index upgrades

## Edgewood Fire Station No. 2 - Cedar Grove

#### Project Scope

- Modifications for ADA compliance
- Plumbing Upgrades
- Removal of existing lockers in bathroom
- Electrical and Lighting Upgrades

## Santa Fe Fairgrounds – Agricultural Extension Office

#### **AERIAL PHOTO**

#### **EXISTING FACILITY**

#### Scope of Work:

- Remodel existing 2800 Square Foot Building.
- Add 1600 Square Foot Office Addition
- Add ADA Pathway from Bus Stop on Rodeo Road to the Fairgrounds
- 7 office spaces that will include:
  - 1. Director fixed
  - 2. 3 county faculty fixed
  - 3. Demonstration Kitchen and classroom: Ideas for Cooking and Nutrition (ICAN) cubicle
  - 4. Master Gardeners cubicle

#### **RENOVATED FACILITY RENDERING**

## Santa Fe Rail Trail Segment 4

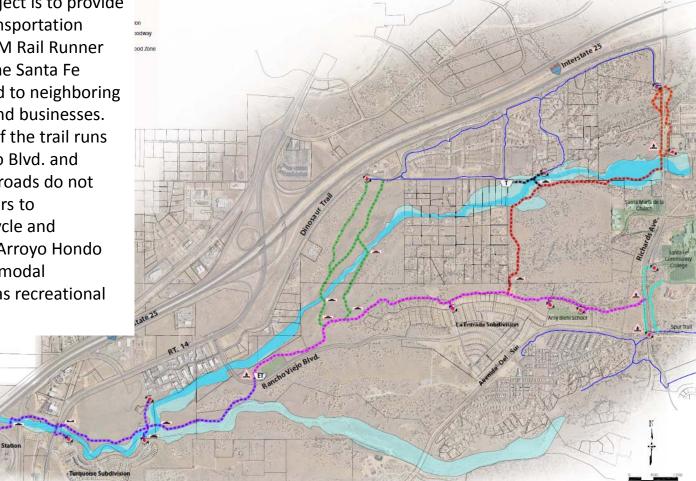

Construction Closeout is in process.

Project Name	Nature of Procurement	Percent Complete
Arroyo Hondo Trail	Design	60
Construct Santa Fe Rail Trail Segment 5	Environmental	1
Acquire Santa Fe Rail Trail Segment 6	Acquisition	30
Leo Gurule Basketball Court	Construction	10
Galisteo Fire Station Remodel	Design	99
Eldorado Fire Station 4	Acquisition	0

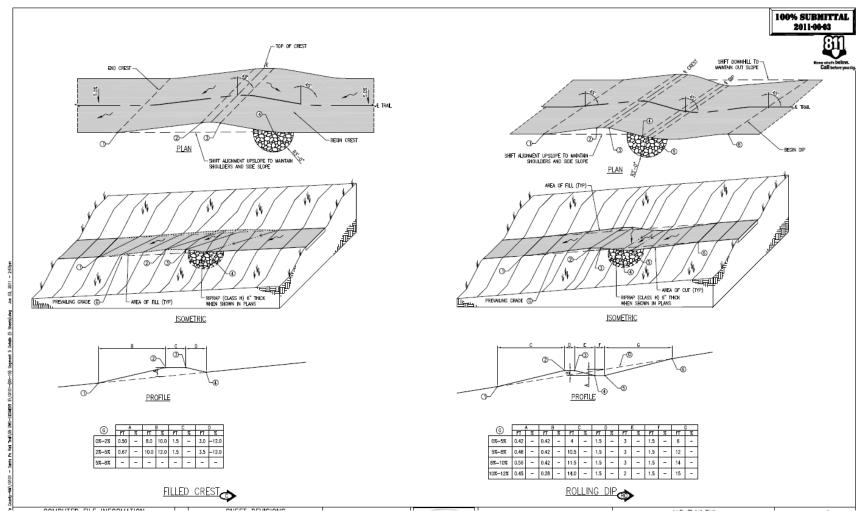

## Arroyo Hondo Trail

The purpose of the project is to provide a viable alternative transportation route to connect the NM Rail Runner Station at NM 599 to the Santa Fe Community College and to neighboring subdivisions, schools and businesses. The primary segment of the trail runs parallel to Rancho Viejo Blvd. and Avenida del Sur; these roads do not have adequate shoulders to accommodate safe bicycle and pedestrian traffic. The Arroyo Hondo Trail will provide multi-modal transportation as well as recreational opportunities.

The project includes construction of approximately 6 miles of multi-use, ADA accessible, paved or other suitable surface, 10ft wide trail between I-25 at the NM Rail Runner Station and Richard's Avenue, approximately 5 miles of natural surface pedestrian and equestrian trails, and a trailhead. The project is currently under contract for design. The design was funded by FY 13 GRT funds. The estimated construction cost is \$5,600,000 exclusive of GRT. The project will be constructed in phases.

## Santa Fe Rail Trail Segment 5

The design of the Santa Fe Rail Tail from Rabbit Rd to New Moon overlook is complete and is divided into 6 segments. Construction of the trail has been phased. The current phase involves construction of approximately 5 miles of 8 foot wide crusher fines trail along the Santa Fe Southern Railway between Avenida Vista Grande at mile post 6.5 and New Moon Overlook.

## Leo Gurule Park

#### **Project Scope**

- Replace deteriorated Basketball court and/or
- Replace deteriorated Tennis court.
- Replace and upgrade existing equipment
- Add a new sidewalk from parking area to both courts and sitting area.

## Ken and Patty Adam Senior Center Max Coll Corridor Community Center

Final Completion by Bonding Company on mechanical systems and other building components left incomplete by original contractor.

# Water System Acquisitions & Support

### Canoncito at Apache Canyon MDWCA

- Resolution 2012-55 commits to incorporate system into SFC Utility
- 77 customers
- Water quality poor (Ra, Fe, Mn, SO4)
- Proprietary Radium treatment system leased through June 2018
- System acquisition pending new source of supply
- Historical over-diversion of permitted water rights
- Possible Water Trust Board grant for new distribution system (legislation passed, project pre-app underway)

## Canoncito Ra Treatment

# Water System Acquisitions & Support

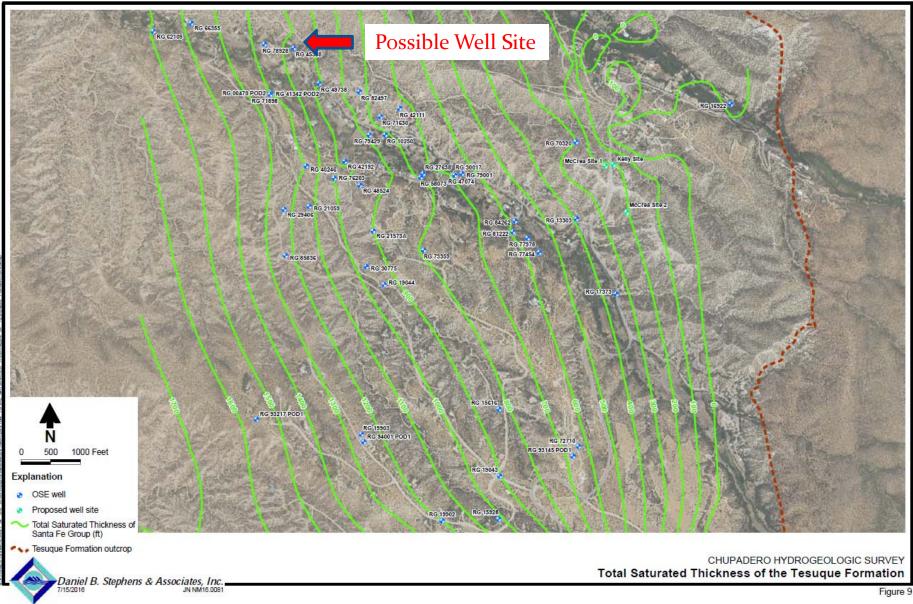

### Chupadero Water-Sewage Corp

- Resolution 2012-131 commits to incorporate system into SFC Utility
- 54 customers (may also be some unauthorized connections)
- Problems with production from well in drought years
- Geohydrology analysis completed
- New well (securing location / well design underway)
- Meters needed to identify customer water use (replacement project underway)
- Issues surrounding easements for infrastructure and distribution

## Chupadero Water System

## Chupadero Aquifer Depth

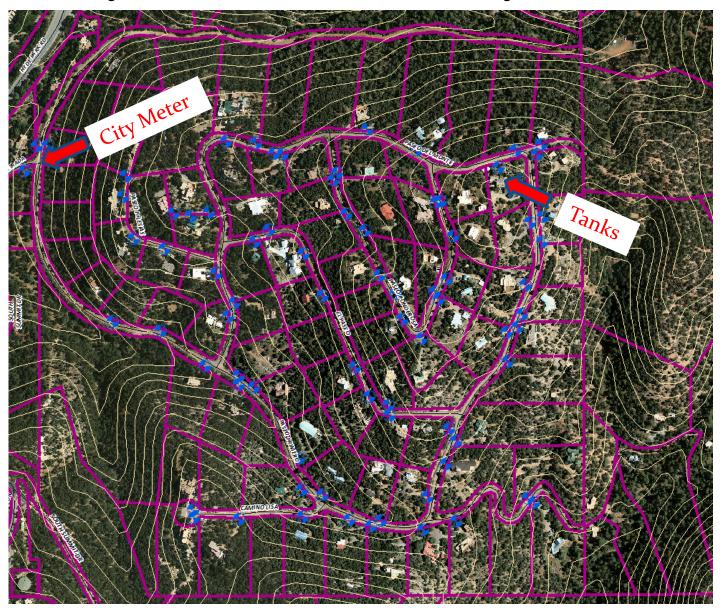

## Water System Acquisitions & Support

### • Hyde Park Estates Cooperative DWA

- Resolution 2013-66 commits to incorporate system into SFC Utility
- 76 customers
- Current water supply from City of Santa Fe multi-user account (pumped to tank at top of subdivision)
- Wells to be abandoned (14 AFY water rights)
- Easement issues for domestic meters
- Infrastructure asset upgrades needed
  - Automated system controls
  - Compatible domestic meters

## Hyde Park Estates System

## Water System Acquisitions & Support

### Greater Chimayo & Cuatro Villas MOAs

- Memorandums of Agreement approved 6/14/16 by BCC
- Distribution improvements managed by Associations
  - CR94B for Chimayo
  - Cuartelez for Cuatro Villas
- Payments to contractors reimbursed by County
- Chimayo distribution improvements completed, will request authorization for use of remaining funds
- Cuatro Villas improvements pending easements, expect construction start in 2-3 months

## Utility Master Plan

The Utility Master Plan is a planning effort that will evaluate three components of the Utility, Water, Wastewater, and a Cost of Service Study. Embedded in the Master Plan is a 5 Year Capital Improvement Plan (CIP), a 10 year CIP, and a twenty Year CIP. This plan will be the road map for the utility for the next twenty years.

The RFP for the Utility Master Plan was advertised on 2/26/17. Oral Presentations are the next step in the procurement process. We anticipate that a contract will be awarded in June 2017 for this effort. We anticipate that the Utility Master Plan will be complete within 9 to 12 months of award.

# **Operations Division**

#### • Mission Statement:

Maintain all Santa Fe County Facilities, and Open Space & Trails efficiently and cost effectively without sacrificing the quality of workmanship. Our goal is to provide a comfortable and safe work-place for our employees as well as a clean well-maintained environment for the public. We do this by taking a proactive rather than a reactive approach to maintenance.

### • The Operations Division is managed in three sections:

- Property Control
- Building Services
- Open Space and Trails

# **Operations Division**

#### • What We Do:

The Property Control, Building Services, and Open Space and Trails sections provide physical support, custodial and maintenance services to over 85 different county-owned facilities comprising over 530,000 square feet of building space, 6,550 acres of open space, 46 miles of trails, and 46 acres of parks. Among other responsibilities, Operations staff insure building safety and the optimal performance of building systems by providing preventative maintenance and repair of mechanical, HVAC, electrical, plumbing, building security systems and interior/exterior repairs and renovations.

#### **Responsibilities:**

- Prioritize all repairs and projects to be completed in a timely and cost efficient manner.
- Apply maintenance schedules to all county buildings.
- Centralize HVAC temperature control of systems to optimize energy use.
- Work with architects and contractors on projects where needed.
- Work with other departments on developing bid specifications for outside services that are needed.
- Analyze all maintenance contracts with the County to ensure we are receiving optimum service at a reasonable price.
- Purchase equipment at the best price to complete projects efficiently.
- React immediately to all emergency situations.
- Maintain healthiness and cleanliness of all County buildings.
