**Approval of a Cooperative Project Agreement with the New Mexico Department of Transportation to Provide Federal Highway Administration (FHWA) Funds in the Amount of \$1,238,880 to the County for Construction of a Portion of the Arroyo Hondo Trail (Public Works / Colleen Baker)**

---

**SUMMARY:**

The purpose of this Cooperative Agreement is to provide \$1,238,880 in Federal Highway Administration (FHWA) funds to the County to construct the Arroyo Hondo Trail Segment 4 from the Rancho Viejo Fire Station to the I-25/Cerrillos Rd. Interchange and to La Pradera Subdivision.

**BACKGROUND:**

The Santa Fe County Sustainable Growth Management Plan, Sustainable Land Development Code and the Santa Fe Metropolitan Bicycle Master Plan call for a trail along the Arroyo Hondo to connect the N.M. Rail Runner Station at N.M. 599 to the Santa Fe Community College and to neighboring subdivisions, schools and businesses as part of a Countywide trail network. The trail is located within the Santa Fe Community College District and is identified as a District Trail in the Community College District Plan. The primary segment of the trail runs parallel to Rancho Viejo Blvd. and Avenida del Sur; these roads do not have bike lanes. The Arroyo Hondo trail will provide multi-modal transportation as well as recreational opportunities.

In April 2017 the New Mexico Department of Transportation (NMDOT) awarded Santa Fe County a Transportation Alternatives Program (TAP) grant in the amount of \$1,238,880 for 85% of the total project cost of \$1,450,000 to construct the Arroyo Hondo Trail from the Rancho Viejo Fire Station to the I-25/Cerrillos Road Interchange and Dinosaur Trail/La Pradera Subdivision. Santa Fe County has budgeted 2016 general obligation bond revenues to provide the required matching funding in the amount of \$211,120. The purpose of the Cooperative Project Agreement with the New Mexico Department of Transportation is to provide the FHWA funds to the County for construction of the trail.

**ACTION REQUESTED:**

Approval of Cooperative Project Agreement with the New Mexico Department of Transportation to provide Federal Highway Administration (FHWA) funds in the amount of \$1,238,880 to the County for construction of a portion of the Arroyo Hondo Trail.

## COOPERATIVE PROJECT AGREEMENT-CONSTRUCTION WORK

This Agreement is between the **NEW MEXICO DEPARTMENT OF TRANSPORTATION** ("Department"), and the **County of Santa Fe** ("Public Entity"), collectively referred to as the "Parties." This Agreement is effective as of the date of the last party to sign it on the signature page below.

In consideration of the covenants contained herein and pursuant to NMSA 1978, Section 67-3-28, the Parties agree as follows:

### 1. Purpose:

The purpose of this Agreement is to provide Federal Highway Administration (FHWA) funds to the Public Entity for a transportation project described in the Public Entity's Plans Specifications and Estimate Package (PS&E), the Project Identification Form (PIF) and the Statewide Transportation Improvement Program (STIP). The deliverables under this Agreement may be referred to as the "Construction Work" for the project, which is referred to interchangeably as "Project" or "Project Control No. S100560." The Project is a joint and coordinated effort for which the Department and the Public Entity each have authority or jurisdiction. Additionally, the purpose of this Agreement is to ensure that the scope of work is maintained throughout the life of the Project.

### 2. Funding:

- a. The total funding for Project Control No. **S100560**, is **One Million Four Hundred Fifty Thousand Dollars and No Cents (\$1,450,000)** which will be shared by the Parties as follows:

#### 1. FFY 2018 TRANSP. ALT FLEXIBLE (TAPF) Funds

##### Department's 85.44% share

\$1,238,880

Construction of Multi-use Trail on the Arroyo Hondo Trail. Phase 4 from Rancho Viejo fire station to La Pradera & I 25/NM 14 Interchange. (Description as per STIP database and Agreement Request Form, this agreement only pertains to the construction portion of Project Control No. S100560.)

#### 2. County's matching 14.56% share

\$211,120

For the purpose stated above.

#### 3. The Total Project (Construction Work) Funding

\$1,450,000

- b. The Public Entity shall pay all Project costs that exceed the total funding amount specified in this section and all costs determined to be ineligible for reimbursement under the terms of the listed funding sources.

The EE shall be submitted to the Department's North Region T/LPA Coordinator prior to the PS&E Review pursuant to 23 CFR Part 630B.

- d. After the project is advertised, bids shall be submitted in accordance with the advertisement for bids. The Public Entity will open sealed bids in accordance with the Public Entity established procurement procedures. The Department will review the Public Entity's determination of lowest responsive bid to determine if the amount of federal funds obligated by the FHWA requires adjustment pursuant to 23 CFR Part 630.106. The Public Entity's responsive low bid for the project, including approved alternates, will be compared to the amount obligated. The Department will allow a 15% increase over the base bid and any approved alternates to cover Engineering and Contingencies and Gross Receipts Tax. If the difference between the FHWA's obligation amount and the responsive low bid plus the 15% is within \$250,000, the amount of funds obligated will not change. If the difference between the obligation amount and the responsive low bid plus the 15% exceeds \$250,000, the difference will be deducted reducing the amount of funds obligated.
- e. The Public Entity may not make changes and add extra work to the Project after the construction contract has been awarded in order to take advantage of the project Costs as per the agreement amount. Pursuant to 23 CFR 630 and 23 CFR 635, specifically 23 CFR 635.120, extra work may be added to a project as a change order if such work could NOT have been reasonably anticipated at the time of letting and such work is necessary to the completion of the project. If at any point in the construction, the Public Entity identifies extra work as defined by the Department's specifications, current edition as of the date of execution of this agreement, that may be justified by incorporation into the contract, this proposed work shall be reviewed by the Department (District Engineer and Construction Liaison Engineer or Designee), which must concur prior to the commencement of the extra work.

### **3. Method of Payment – Reimbursement:**

The Department's District T/LPA Coordinator shall reimburse the Public Entity upon receipt of payment requests for the purposes stated in Section 2, with supporting documentation as determined and/or approved by the Department and Federal Regulations, certifying that costs have been incurred in compliance with this Agreement. **Appendix B** will also need to be submitted with Payment requests. Invoices will be accepted monthly, but must be submitted at a minimum quarterly to the Department's District T/LPA Coordinator. Payment requests shall be identified by the project control number and certified that the requests accurately reflect work completed, amount due and the remaining Agreement balance. All expenses must be actual, rather than estimated, and listed on the payment request as charged. Only those expenses that are properly documented and deemed eligible will be reimbursed. Incomplete submittals will be returned to the Public Entity for corrections. Only invoices for approved/undisputed work will be processed.

The Department's District T/LPA Coordinator will not reimburse the Public Entity for costs incurred prior to obligation of federal funding and the full execution of this Agreement, after the expiration of the Agreement, or in excess of the maximum dollar amount of the Agreement. Final payment requests shall be submitted to the Department's District T/LPA Coordinator within thirty (30) calendar days of physical completion of the project and prior to the termination date identified within Section 20.

#### 4. Public Entity Shall:

- a. Act in the capacity of the lead agency for the Project.

- i. Ensure and maintain proof of compliance with 23 CFR Section 635.410 and ensure construction materials, including those associated with utility facilities and relocations, to be in accordance with "Buy America" requirements which require proof of origin and place of manufacture of iron and steel products and materials to be made in America. Additionally, ensure that this provision is included in all advertisement, construction and supply contracts at all tiers associated with the Project.
- j. Ensure construction of the Project complies with Title II of the Americans with Disabilities Act of 1990 (ADA), implemented by 28 CFR 35, Section 504 of the 1973 Rehabilitation Act, implemented by 49 CFR 27, NMDOT Pedestrian Access Details, and NMSA 1978 Sections 67-3-62 and 67-3-64. Additionally, ensure that this provision is included in all advertisement, construction and supply contracts at all tiers associated with the Project.
- k. If the Project will be built with Public Entity resources, you will need to coordinate with your Region T/LPA Coordinator to obtain prior FHWA approval. Then prepare a detailed report of equipment and labor, including a project schedule, for submission to the Department's District T/LPA Coordinator.
- l. The Public Entity shall ensure that the contractor and all subcontractors register and enter all required data into B2Gnow and LCPtracker programs. Assistance can be obtained in this effort by contacting the Construction and Civil Rights Bureau (CCRB) as identified in Section 11. The Public Entity shall verify all entries by the contractor and all subcontractors into the B2Gnow and LCPtracker programs. - m. Ensure construction activities comply with approved design, environmental commitments, right of way activities, utility coordination, ITS, railroad requirements and construction management and testing.
  1. Construction management, testing and inspection services may be eligible for reimbursement if the underlying procurement is consistent with federal aid funding and state procurement laws and regulations. Prior approval will be needed from the Department's District T/LPA Coordinator's before awarding the services.

2. The Public Entity's award of contracts for construction management, testing or inspection services shall be independent and shall not be procured through the construction contractor. Unless states otherwise in the Specifications.
- n. Develop and execute the Project in accordance with the Department's current Specifications or approved equal by the District Engineer and concurred by the State Construction Engineer, and the Tribal/Local Public Agency Handbook.
- o. Comply with **Appendix A**, "Construction Phase Duties and Obligations," which is hereby incorporated in this Agreement, for construction projects.
- p. Timely submit and receive all required environmental documentation and authorization for the construction phase to the Project. Copies of all approvals shall be provided to the District T/LPA Coordinator prior to construction.
- q. Shall register with www.sam.gov and DUNS.
- r. Conduct an audit pursuant to OMB Super Circular Section 200.501, if the Public Entity has received a combined \$750,000 in Federal Funding.

- b. Assign a T/LPA Construction Liaison Engineer to oversee the Project for Federal funding compliance.
- c. The District T/LPA Coordinator will timely process accepted requests for reimbursement.
