ITEM: **RESOLUTION NO. 2018 - ___, A Resolution Declaring The Eligibility And Intent Of Santa Fe County To Submit An Application To The New Mexico Department Of Transportation (NMDOT) For The Federal Fiscal Years 2020 and 2021 Congestion Management And Air Quality Improvement (CMAQ) Program And Acknowledging The Availability Of County Funds For The 14.56% Local Match And Reimbursable Construction Costs Required By The CMAQ Grant For Improvement to Santa Fe County Roads To Address Americans With Disabilities Act (ADA) Standards With A Total Project Cost Of \$585,206.00 And A Potential County Match Of \$85,206.00 And Authorizing The County Manager To Execute Any Necessary Documents To Submit The Grant Application To The NMDOT. (Growth Management Department / Brett Clavio)**

SUMMARY:

This resolution directs staff to prepare and submit a Congestion Management and Air Quality Improvement (CMAQ) grant application to the New Mexico Department of Transportation (NMDOT) for the construction of improvement to Santa Fe County roads to address Americans with Disabilities Act (ADA) standards and authorizing the County Manager to execute any necessary documents to submit the grant applications to the NMDOT.

BACKGROUND:

The County's ADA Transition Plan (Transition Plan) was approved by BCC Resolution No. 2017-139 and submitted to NMDOT's Civil Rights Bureau on June 6, 2018. The Roads Element of the Transition Plan identified three project areas needing ADA transportation improvements: (1) Caja Del Oro Road (Agua Fria Street to La Familia Medical Center); (2) Rancho Viejo Blvd. (Hwy. 14 to Avenida del Sur); (3) Richards Avenue (Chili Line Road to A Va Nu Po).

The identified ADA transportation improvement projects for the three areas include: new bus stop concrete pads, new bus stop shelters, new benches, new sidewalks to the bus stops, relocation of barriers in the right-of-way, tactile warning strips, and intersection repaving.

The planned improvements will address five national transportation performance goals, including:

1. System Connectivity,
2. Infrastructure Condition,
3. Safety,
4. Congestion Reduction, and
5. Environmental Sustainability.

Application materials for the CMAQ Grants are due to the SFMPO by the end of October 2018. Applicants will be notified in March 2019 of the grant awards.

The table below summarizes project cost, local match, and maximum potential federal contribution:

Table 1: Estimated Construction Costs for ADA Transportation Improvements

Project	Federal Share (85.44%)	County Match (14.56%)	Estimated Total Project Cost
<i>ADA Transportation Improvements</i>	\$500,000	\$85,206	\$585,206

CMAQ grant is provided on a reimbursement basis and as such will require the County to provide all funds and then request reimbursement following completion of the work (or a portion of the work). The total project cost is \$585,206 and if the CMAQ grant is awarded, it will require a local match from the County of \$85,206

NMDOT will notify applicants of funding awards in March of 2019. Funding would be available in October of 2019.
