MEMORANDUM

Date: November 12, 2014

To: Board of County Commissioners

From: Bill Taylor, Procurement Manager *BT*

Via: Katherine Miller, County Manager
Jeff Trujillo, ASD Director
Adam Leigland, Public Works Director

ITEM AND ISSUE: BCC Meeting November 25, 2014

REQUEST AUTHORIZATION FROM THE BOARD OF COUNTY COMMISSIONERS TO THE COUNTY MANAGER TO PROCEED WITH THE APPROVAL AND EXECUTION OF THE CONSTRUCTION CONTRACT AND SIGN THE PURCHASE ORDER FOR THE POJOAQUE VALLEY RECREATION COMPLEX IMPROVEMENTS, PHASE I CONTINGENT UPON COMPLETION OF THE PROCUREMENT PROCESS AND ACCEPTANCE OF THE LOWEST AND MOST RESPONSIVE BID WITHIN AUTHORIZED FUNDING AND BUDGET.

ISSUE

The Purchasing Division and the Public Works Department issued an Invitation for Bid (IFB) #2015-0147-PW/PL for construction services for the Pojoaque Valley Recreation Complex Improvements, Phase I. Bids were received on November 17th, 2014. The Architect estimated construction cost for the project is \$ 1,473,000. Purchasing is currently performing the due diligence necessary in the bid tabulations for a final determination for intent of contract award. Purchasing is requesting authorization be given to the County Manager to proceed with the approval and execution of the construction contract contingent upon final completion of a valid procurement and acceptance of the lowest and most responsive bid within authorized funding and budget for the project.

BACKGROUND

The Purchasing Division and the Public Works Departments issued IFB# 2015-0147-PW/PL on October 26th and 27th. The Pre-bid meeting was held on October 31, 2014. Bids will be received on

November 17, 2014. Because of the timing of the bid opening and the fact that the BCC will not be meeting again this year for administrative action, Purchasing is requesting prior authorization be given to the County Manager to take all appropriate action to authorize the execution of the construction contract to the lowest and responsive bidder within budget for the subject project.

RECOMMENDATION

The Purchasing Division and the Public Works Department are recommending BCC approval and authorization be given to the County Manager to approve and execute the construction contract with the lowest and most responsive bidder regarding IFB# 2015-0147-PW/PL, Pojoaque Valley Recreation Complex Improvements, Phase I.

The Architect/Engineer/County will thereupon promptly investigate the conditions, and if they find that they materially differ from those shown on the Plans or indicated in the Specifications, they will at once make such changes in the Plans and/or Specifications as they may find necessary, any increase or decrease of cost resulting from such changes to be adjusted in the manner provided in Paragraph 15 above.

21. Claims for Extra Cost

- 21.1 No claim for extra work or cost shall be allowed unless the same was done in pursuance of a written order of the Architect/Engineer approved by the County, as aforesaid, and the claim presented with the first estimate after the changed or extra work is done. When work is performed under the terms of General Conditions, the Contractor shall furnish

satisfactory bills, payrolls and vouchers covering all items of cost and when requested by the County, giving the County access to accounts relating thereto.

22. Construction Schedule and Periodic Estimates

22.1 Immediately after execution and delivery of the Contract, and before the first partial payment is made, the Contractor shall deliver to the County an estimated construction progress schedule in a form satisfactory to the County, showing the proposed dates of commencement and completion of each of the various subdivisions of work required under the Contract Documents and the anticipated amount of each monthly payment that will become due to the Contractor in accordance with the progress schedule. The Contractor shall also furnish on forms to be supplied by the County (a) a detailed estimate giving a complete breakdown of the Contract sum and (b) periodic itemized estimates of work done for the purpose of making partial payments thereof. The costs employed in making up any of these schedules will be used only for determining the basis of partial payments and will not be considered as fixing a basis for additions to or deductions from the Contract price.

22.2 Schedule

The Contractor shall, within five (5) days after the effective date of Notice to Proceed, prepare and submit five (5) copies of a progress schedule covering project operations for the Contract period. This progress schedule shall be of the type generally referred to as a Critical Path Method (CPM), Critical Path Schedule (CPS), and Critical Path Analysis (CPA), and other similar designations. The CPM shall be used to control the timing and sequences of the project. All work shall be done in accordance with the CPM Planning and Scheduling. A written statement of explanation shall be submitted with the progress schedule. All costs incurred by the contractor to implement the CPM shall be borne by the Contractor.

23. Assignments

23.1 The Contractor shall not assign the whole or any part of this Contract or any monies due or to become due hereunder without written consent of the County. In case the Contractor assigns all or any part of any monies due or to become due under this Contract, the instrument of assignment shall contain a clause substantially to the effect that it is agreed that the right of the assignee in and to any monies due or to become due to the Contractor shall be subject to prior claims of all persons, firms and corporations of services rendered or materials supplied for the performance of the work called for in this Contract.

24. Mutual Responsibility of Contractors

24.1 If, through acts of neglect on the part of the Contractor, any other Contractor or any subcontractor shall suffer loss or damage on the work, the Contractor agrees to settle with such other Contractor or subcontractor by agreement or arbitration if such other Contractor or subcontractors will so settle. If such other Contractor or subcontractor shall assert any claim against the County on account of any damage alleged to have been sustained, the

County shall notify the Contractor, who shall indemnify and save harmless the County against any such claim.

25. Separate Contract

- 25.1 The Contractor shall coordinate its operations with those of other contractors. Cooperation will be required in the arrangement for the storage of materials and in the detailed execution of the work. The Contractor, including its subcontractors, shall keep informed of the progress and the detail work of other contractors and shall notify the Architect/Engineer/County immediately of lack of progress or defective workmanship on the part of other contractors. Failure of a contractor to keep informed of the work progressing on the site and failure to give notice of lack of progress or defective workmanship by others shall be construed as acceptance by the Contractor of the status of the work as being satisfactory for proper coordination with its own work.

26. Architect/Engineer's Authority

- 26.1 The Architect/Engineer/County shall give all orders and directions contemplated under this Contract and specifications, relative to the execution of the work. The Architect/Engineer/County shall determine the amount, quality, acceptability, and fitness of the several kinds of work and materials which are to be paid for under this Contract and shall decide all questions which may arise in relation to said work and the construction thereof. The Architect/Engineer/County's estimates and decisions shall be final and conclusive, except as herein otherwise expressly provided. In case any question shall arise between the parties hereto relative to said contract or specifications, the determination or decision of the Architect/Engineer/County shall be a condition precedent to the right of the Contractor to receive any money or payment for work under this Contract affected in any manner or to any extent by such question.
- 26.2 The Architect/Engineer/County shall decide the meaning and intent of any portion of the specifications and of any plans or drawings where the same may be found obscure or be in dispute. Any differences or conflicts in regard to their work which may arise between the Contractor under this Contract and other Contractors performing work for the County shall be adjusted and determined by the Architect/Engineer/County.

27. Stated Allowances

- 27.1 It is understood that Contractor has included in its proposal for the Contract sum all allowances including "Allowed Materials" The Contractor shall purchase the "Allowed Materials" as directed by the County on the basis of the lowest and best bid of at least three competitive bids. If the actual sum for purchasing the "Allowed Materials" is more or less than the "Cash Allowance," the Contract sum shall be adjusted accordingly. The adjustment in contract price shall be made on the basis of the purchase price without additional charges for overhead, profit, insurance or any other incidental expenses. The cost of installation of the "Allowed Materials" shall be included in the applicable sections of the Contract Specifications covering this work.

28. Use of Premises and Removal of Debris

28.1 The Contractor expressly undertakes at its own expense:

- A. to take every precaution against injuries to persons or damage to property;
- B. to store its apparatus, materials, supplies and equipment in such orderly fashion at the site of the work as will not unduly interfere with the progress of its work or the work of any other subcontractors;
- C. to place upon the work or any part thereof only such loads as are consistent with the safety of the portion of the work;
- D. to clean up frequently all refuse, rubbish, scrap materials, and debris caused by its operations, to the end that at all times the site of the work shall present a neat, orderly and workmanlike appearance;
- E. before final payment to remove all surplus material, false-work, temporary structures, including foundations thereof, plant of any description and debris of every nature resulting from its operations, and to put the site in a neat, orderly condition.
- F. to effect all cutting, fitting or patching of its work required to make the same to conform to the plans and specifications and, except with the consent of the Architect/Engineer/County, not to cut or otherwise alter the work of any other Contractor.

29. Quantities of Estimate

29.1 Wherever the estimated quantities of work to be done and materials to be furnished under this Contract are shown in any of the documents including the proposal, they are given for use in comparing bids and the right is especially reserved except as herein otherwise specifically limited, to increase or diminish them as may be deemed reasonably necessary or desirable by the County to complete the work contemplated by this Contract, and such increase or diminution shall in no way void this Contract, nor shall any such increase or diminution give cause for claims or liability for damages.

30. Lands and Rights-of-Way

28.1 Prior to the start of construction, the County shall obtain all lands and rights-of-way necessary for the carrying out and completions of work to be performed under this Contract.

31. General Guaranty

29.1 Neither the final certificate of payment nor any provision in the Contract Documents, nor partial or entire occupancy of the premises by the County, shall constitute an acceptance of work not done in accordance with the Contract Documents or relieve the Contractor of liability in respect to any express warranties or responsibility for faulty materials or workmanship. The Contractor shall remedy any defects in the work and pay for any damage to other work resulting therefrom, which shall appear within a period of one (1) year from the date of final acceptance of the work unless a longer period is specified. The

County will give notice of observed defects with reasonable promptness.

32. Protection of Lives and Health

- 32.1 The Contractor shall exercise proper precaution at all times for the protection of persons and property and shall be responsible for all damages to persons or property, either on or off the site, which occur as a result of its prosecution of the work. The safety provisions of applicable laws and building and construction codes shall be observed and the Contractor shall take or cause to be taken, such additional safety and health measures as the County may determine to be reasonably necessary.

33. Interest of Member

- 33.1 No member of Santa Fe Board of County Commissioners shall be admitted to any share or part of this Contract or to any benefit that may arise therefrom.

34. Other Prohibited Interests

- 35.1 No official of the County who is authorized in such capacity and on behalf of the County to negotiate, make, accept or approve, or to take part in negotiating, making accepting or approving any architectural, engineering, inspection, construction or material supply contract or any subcontract in connection with the construction of the project, shall become directly or indirectly interested personally in this Contract or in any part hereof. No officer, employee, architect, attorney, engineer or inspector of or for the County who is authorized in such capacity and on behalf of the County to exercise any legislative, executive, supervisory or other similar functions in connection with the construction of the project, shall become directly or indirectly interested personally in this Contract or in any part thereof, any material supply contract, subcontract, insurance contract, or any other contract pertaining to the project.

35. Use and Occupancy Prior to Acceptance by County

- 36.1 The Contractor agrees to the use and/or occupancy of a portion or unit of the project before formal acceptance by the County, provided the County:
- A. Secures written consent of the Contractor except in the event, in the opinion of the Architect/ Engineer, the Contractor is chargeable with unwarranted delay in final cleanup of punch list items or other contract requirements.
 - B. Secures endorsement from the insurance carrier and consent of the surety permitting occupancy of the building or use of the project during the remaining period of construction.
 - C. When the project consists of more than one building, and one of the buildings is occupied, secures permanent fire and extended coverage insurance, including a permit to complete construction. Consent of the surety must also be obtained.

Request Approval of Memorandum of Understanding Between the City of Santa Fe and Santa Fe County for the Santa Fe Brewery Discharging into a County Wastewater Collection System and Then to the City Wastewater Collection and Treatment System (Public Works/Claudia Borchert/Growth Management/David Griscom)

SUMMARY:

Approval of the Memorandum of Understanding Between the City of Santa Fe and Santa Fe County for the Santa Fe Brewery Discharging into a County Wastewater Collection System and then to the City Wastewater Collection and Treatment System (MOU) allows Santa Fe Brewing Company to discharge wastewater from its planned expansion through the County's collection system and then to the City's collection system for eventual treatment at the City's wastewater treatment facility.

BACKGROUND:

Santa Fe Brewing Company (SFBC) is not currently a direct City or County wastewater customer. It currently hauls its sewer to the City's wastewater treatment plant. A planned expansion prompted SFBC to request that the County seek a sewer connection to the City wastewater collection system on its behalf. In accordance with the process described in City of Santa Fe Ordinance No. 2008-53, Section 2, the County submitted an application (attached) to Water-Wastewater Review Team (WWRT). On September 18th, 2014, the WWRT reviewed SFBC application and recommended that the subject MOU be drafted and forwarded to the BCC and the City Council for approval.

DISCUSSION:

The City and County have worked collaboratively to develop the subject MOU. The MOU is scheduled to be on the City's Public Utilities Committee on December 3rd, 2014, and if approved, it will be heard at the subsequent City Council meeting. If the MOU is approved by the City and the County, the Santa Fe Brewing Company will become a County retail sewer customer, and the County will pay the City for the wastewater generated per the County wholesale sewer rates.

Approving the MOU will assist SFBC in achieving their planned expansion, which has positive economic development implications for both the City and the County. Both the City and County wastewater utilities will economically benefit from having the SFBC as a sewer customer.

ACTION REQUESTED:

Approve subject Memorandum of Understanding

**MEMORANDUM OF UNDERSTANDING BETWEEN THE CITY OF SANTA FE AND
SANTA FE COUNTY FOR THE SANTA FE BREWERY DISCHARGING INTO A
COUNTY WASTEWATER COLLECTION SYSTEM AND THEN TO THE CITY
WASTEWATER COLLECTION AND TREATMENT SYSTEM**

The City of Santa Fe ("City") and Santa Fe County ("County") enter into this Memorandum of Understanding this ____ day of _____, 2014, for a new sanitary sewer connection and sewer services for the Santa Fe Brewing Company. Santa Fe Brewing Company will connect to the existing wastewater collection and sewer lift station system (collectively the "Thornburg Development Wastewater Collection System and Abajo Lift Station"), which discharges into the City's wastewater collection and treatment system at Mutt Nelson Road. The Thornburg Development Wastewater Collection System and Abajo Lift Station serves the property described in the legal descriptions and plats attached hereto as Exhibit A (the "Thornburg Properties"). The Santa Fe Brewing Company property is described in the legal descriptions and plats attached hereto as Exhibit B (the "Brewery Property").

RECITALS

1. The City and the County entered into a "Settlement Agreement and Mutual Release of Claims" on May 19, 2008, which addressed issues of annexation in general, the presumptive city limits, and the need to "establish sensible water and wastewater utility service areas for the City and County."

Under the Settlement Agreement §2(1), "The City shall provide water and wastewater service within the presumptive city limits and shall not provide water and wastewater service outside the presumptive city limits unless required by a current contract with a customer, decrees of a court, or applicable rulings of the Public Regulation Commission, unless otherwise agreed upon between the City and the County in a separate written agreement."

2. The Thornburg Wastewater Collection System and Abajo Lift Station is a private system that exists outside of the presumptive city limits that discharges into the City's wastewater collection and treatment system. The system is owned and operated by the Turquoise Trail Master Association (TTMA). The County and the TTMA are in negotiations for County takeover (for ownership and operation) of the Thornburg Wastewater Collection System and Abajo Lift Station. When the negotiations are concluded, the Thornburg Wastewater Collection System and Abajo Lift Station will be the County's Wastewater Collection System.
3. The residents and businesses within the Thornburg Properties served by the Thornburg Wastewater Collection System and Abajo Lift Station are currently County water and wastewater retail customers. The County is a wholesale customer of the City with respect to the wastewater of the County's customers within the Thornburg Properties.
4. Santa Fe Brewery is a County water customer and also owns and operates a private water supply well. Santa Fe Brewery is having a septic hauler transport waste from its brewery operations to the City's wastewater treatment plant, after initial treatment at its on-site

wastewater treatment and disposal system. A planned expansion of the brewery operations will necessitate a new method for handling the wastewater generated at this facility.

5. The Santa Fe Brewing Company's planned expansion will benefit both the City and the County in the form of increased jobs and tax revenue.
6. The Santa Fe Brewing Company property is located outside the presumptive city limits as defined in the "Settlement Agreement and Mutual Release of Claims" of May 19, 2008. The Santa Fe Brewing Company property is also located adjacent to the boundary of the Thornburg Properties.
7. The Santa Fe Brewing Company submitted a letter dated February 14, 2014, to the County requesting connection to the City's wastewater collection and treatment system under the terms of the Settlement Agreement.
8. The City's Ordinance, SFCC §22-6.2 provides a process whereby connections to the City's sewer system outside of the City limits can be established under specific conditions, including; review by a water/wastewater review team (City-County WWRT) made up of "City and County staff from the Water Division, the Wastewater Division, the City attorney's office, the County Attorney's Office, the Land Use Departments and the Office of Affordable Housing."
9. On July 22, 2014, Santa Fe County Utility Division submitted a letter of application to the City-County WWRT on behalf of the Santa Fe Brewing Company requesting connection of the Santa Fe Brewing Company to the City's wastewater collection and treatment system via the Thornburg Wastewater Collection System and Abajo Lift Station.
