(*Purchasing/Bill Taylor/Community Services/Kyra Ochoa*).

SUMMARY

Santa Fe County Purchasing Division, together with Community Services Department requests approval of Professional Service Agreement No. 2018-0047-CSD/MM with La Familia Medical Center in the amount of \$786,000, inclusive of NMGRT, to support the goals of the Accountable Health Community and to provide health services to address the health and social needs of uninsured and underinsured low-income residents of Santa Fe County.

In August 2017, RFP No. 2018-0047-CSD/MM was issued for a multiple-award selection and contract for services from qualified Healthcare Providers. Three Providers submitted their response to the RFP and all three firms were qualified and selected.

La Familia
1st Choice
Pecos Valley

This amount of this Agreement requires the approval of the Board of County Commissioners.

BACKGROUND

Historically, the Community Services Department (CSD) has reimbursed La Familia Medical Center, the largest Federally Qualified Health Center in the County, for claims for primary care services provided to County residents eligible under the Health Care Assistance Program (HCAP) who are uninsured or whose insurance does not cover medically beneficial treatment. HCAP has reimbursed La Familia an average of \$450,000 in such claims annually over the past three years. In addition to these claims reimbursements, CSD began contracting with La Familia in 2013 to serve pregnant women and their partners with Medication Assisted Treatment in the annual amount of \$50,000. In 2015, CSD began contracting with La Familia to prevent low birth weight by conducting outreach to bring more pregnant women into early prenatal care, screening women for risks associated with low birth weight, and connecting women to prenatal classes and other services important for babies to be born healthy. The annual compensation for this service is \$250,000. The Medication Assisted Treatment and low birth weight prevention contracts were designed to further the priorities of the *Santa Fe County Health Action Plan*.

Our desire is to consolidate all these services into one agreement with La Familia to provide medical services as well as screening and navigation for pregnant women, those on Medication Assisted Treatment, and others receiving primary care.

The vision of CSD is that all County residents regardless of income have access to high-quality health care and are linked to the resources they need for health and well-being. We are doing this through implementing an Accountable Health Community in the County. According to the Centers for Medicare and Medicaid Services, "the Accountable Health Community model addresses the unmet non-medical, social needs of individuals by linking clinical care and community services to improve community health, increase quality of care and reduce health care costs." Goals for the Accountable Health Community include having navigators link residents to resources within a cohesive provider network, as well as coordinating information systems. The aim is to positively impact non-emergent use of emergency departments and jail stays that could be reduced through behavioral health treatment and addressing social needs such as housing, transportation, food, interpersonal safety, and energy assistance.

Our intent is also to improve health outcomes for residents, particularly those priorities of the *Health Action Plan*, which are to: 1) increase the number of residents with health insurance; 2) decrease alcohol abuse; 3) decrease drug abuse; 4) reduce the percentage of low birth weight babies; 5) reduce suicides; and 6) increase the consumption of healthy food.

La Familia was selected through RFP process and met the qualifications as a Federally Qualified Health Center with a proven track record of reaching at-risk populations and providing services to address needs of County residents. Contracting with La Familia in this new way will ensure not only continued service to HCAP-eligible residents for primary care, but also standardized screening for social needs, navigation of high-needs patients to resources, collection of data, and a better connected network of health and human service agencies Countywide.

ACTION REQUIRED

The Community Services Department requests approval to enter into Professional Service Agreement No. 2018-0047-B-CSD/MM with La Familia Medical Center in the amount of \$786,000.
