Re: Ratification of Letter Supporting City of Albuquerque's Application to U.S. Foreign-Trade Zones Board for Alternative Site Framework Foreign Trade Zone

Issue: The City of Albuquerque (Albuquerque) intends to apply to the U.S. Foreign-Trade Zones Board under that Board's so-called Alternative Site Framework for authority to bring the Foreign Trade Zone (FTZ) designation to any company within a proposed expanded "service area," to include Bernalillo, Sandoval, Santa Fe, Torrance, Socorro, and Valencia Counties. Albuquerque requested that Santa Fe County (and the other counties in the proposed service area) submit letters supporting its application.

The County Manager's Office submitted such a letter and is asking that the Board of County Commissioners ratify that letter.

Background: FTZs are considered to be outside the commerce of the United States. They therefore can provide companies with customs duty savings and logistical benefits that can help encourage companies to establish or maintain operations in the U.S. In addition, "[t]angible personal property imported from outside the United States and held in a zone for the purpose of storage, sale, exhibition, repackaging, assembly, distribution, sorting, grading, cleaning, mixing, display, manufacturing, or processing, and tangible personal property produced in the United States and held in a zone for exportation, either in its original form or as altered by any of the above processes, shall be exempt from state and local ad valorem taxation." 15 CFR § 400.16.

Albuquerque is currently the grantee of FTZ 110 and sponsors a limited number of FTZ sites in its region. Its application would establish a broader "service area", including Santa Fe and other counties. In addition, under the so-called Alternate Site Framework, the administrative process and burden to bring FTZ designation to a company within the expanded service area would be greatly reduced.

If Albuquerque's application is granted, it would treat all companies applying to participate in the FTZ program uniformly, as required by federal regulations. 15 CFR § 400.43

Based upon Albuquerque's application timeline, the recommendation of the County Economic Development Manager, and the potential benefits to current and future companies within the County that might not otherwise do business here because of the competitive advantages offered by the FTZ designation, the County Manager caused the letter of support to be signed and submitted.

Recommendation: Ratify letter of support for Albuquerque's application to the U.S. Foreign-Trade Zones board under its Alternative Site Framework.

RE: Application to U.S. Foreign-Trade Zones Board for Alternative Site Framework Foreign Trade Zone

Dear Ms. Miller:

The City of Albuquerque, through its Aviation Department, intends to apply to the U.S. Foreign-Trade Zones (FTZ) Board for authority to use a new procedure (the "Alternative Site Framework") to provide quick and simple access to FTZ service for companies in our region. The City is currently the grantee of FTZ 110 and sponsors a limited number of FTZ sites in our region. The authority we are requesting from the FTZ Board would enable us to quickly bring FTZ designation to any company within a proposed expanded "service area," to include Bernalillo, Sandoval, Santa Fe, Torrance, Socorro, and Valencia Counties.

FTZ designation can provide companies with customs duty savings and logistical benefits that can help encourage them to establish or maintain operations in the U.S. As such, access to FTZ benefits can be an important tool in economic development efforts. If the FTZ Board approves our application, the City of Albuquerque Aviation Department will be able to bring FTZ designation to companies anywhere in the proposed service area based on those companies' trade-related needs. FTZ access will be made available on a uniform basis to companies across the service area, in a manner consistent with the legal requirement that each FTZ be operated as a public utility.

The application process requires that we notify counties within the proposed service area. A written letter of support from each county would facilitate the application process. In this regard, I enclose a proposed letter text, and ask that you sign and send the letter to me at your earliest convenience. By copy of this letter via e-mail, I will provide this text in electronic form for your convenience in preparing the letter.

If you have questions about the City of Albuquerque Aviation Department's application to the FTZ Board, please contact me at jhinde@cabq.gov, or call me at (505) 244-7725. If you have comments you would like the FTZ Board to consider regarding the proposed inclusion of your County in the proposed service area of FTZ No. 110, please provide your comments to the staff of the FTZ Board by **March 1, 2010**. The FTZ Board staff also welcomes any questions you may have – the staff can be reached at 202-482-2862 or ftz@trade.gov.

RE: Application to U.S. Foreign-Trade Zones Board for Alternative Site Framework Foreign Trade Zone

Dear Mr. Hinde:

The purpose of this letter is to document the support of this county for inclusion within the Service Area of Foreign-Trade Zone (FTZ) No. 110. We understand that this means that the grantee, the City of Albuquerque Aviation Department, will be able to apply to the Foreign-Trade Zones Board for authority to serve sites located within this county based on businesses' trade-related needs. We also note that the zone will be made available on a uniform basis to companies within this county, in a manner consistent with the legal requirement that each FTZ be operated as a public utility.

Respectfully,

Tony Flores
Deputy County Manager
