MEMORANDUM

DATE: January 31, 2006

TO: Board of County Commissioners

VIA: Gerald Gonzalez, County Manager

FROM: James Lujan, Public Works Director

SUBJECT: **A Resolution requesting the donation of surplus computer hardware from Santa Fe County Public Works to McCurdy Elementary School. (consent)**

CC: Pat Vassar, Accountant II

Context

Santa Fe County Public Works through the Division of Solid Waste has sponsored an education outreach event that targets elementary schools within the county. This program is sponsored, in part, by a grant from New Mexico Clean and Beautiful. The event is a Paint-a-Dumpster design contest whereby students are provided a lesson plan about waste-stream production and where all the different types of garbage end up. After the lesson plan, students participate in a design contest with the general theme of litter and the environment. The winning designs are transferred (in mural form) to the roll-off dumpsters used by the county to transport wastes and recyclables. Murals transferred to dumpsters also serve as a remedy to cover graffiti that frequently accumulates on the dumpsters. At the end of the contest the Department of Public Works provides an award to the class – a learning tool that can be used by all students in the classroom.

Action Requested

The Department of Public Works would like request approval of the Resolution to donate (as an award to the winning class) a surplus county computer, monitor, keyboard, and mouse. The hardware donated will be adequate for the proposed usage by the school. The hardware will be selected and prepared for post-county-use by a county information technician.
