THE BOARD OF COUNTY COMMISSIONERS
OF SANTA FE COUNTY

ORDINANCE NO. 2022-05

AN ORDINANCE
AMENDING THE SUSTAINABLE LAND DEVELOPMENT CODE, ORDINANCE NO. 2016-9, TO ADD A DEFINITION OF COMMUNITY SOLAR, TO ADD A NEW SECTION 10.25 TO ADDRESS STANDARDS FOR COMMUNITY SOLAR FACILITIES AND TO ADD A NEW CLAUSE TO SECTION 8.11.3.5.2 TO PROHIBIT A COMMUNITY OVERLAY DISTRICT FROM RESTRICTING THE LOCATION AND PROCEDURES FOR INSTALLING COMMUNITY SOLAR FACILITIES

BE IT ENACTED BY THE BOARD OF COUNTY COMMISSIONERS ("BOARD") OF SANTA FE COUNTY ("COUNTY"):

1. The Board makes the following findings with regard to community solar:
   a. The Board adopted and restated the Santa Fe County Sustainable Land Development Code ("SLDC") on December 13, 2016, via Ordinance No. 2016-9.
   b. Community solar is a use not specifically enumerated in Use Tables and Use Matrix in Appendix B of the SLDC.
   c. The SLDC identifies Commercial Solar within Use Matrix in Appendix B. However, the SLDC does not currently identify Community Solar within the Use table.
   d. The New Mexico Governor signed the Community Solar Act, or SB84, into law on April 5, 2021.
   e. The New Mexico Public Regulation Commission's Community Solar Rule was adopted on March 30, 2022.
   f. The Board has determined that community solar should have different Use Tables and Use Matrix than Commercial Solar to accommodate the needs of community solar development.

2. Appendix A of the SLDC is hereby amended to include the following definition:

**Community Solar Facility**: is a facility governed by the 2021 New Mexico Community Solar Act (as may be amended) that generates, and may store, electricity by means of a solar photovoltaic device; subscribers to the facility receive a bill credit for the electricity generated in proportion to the subscriber's share of the facility's kilowatt-hour output.
Commercial Solar Energy Production Facility: is a renewable energy production facility that uses sunlight to generate, and may store, energy for sale or profit.

3. Chapter 10 of the SLDC is hereby amended to add a new section as follows:

10.25 Community Solar

10.25.1 Purpose and Findings- The purpose of regulating community solar is to facilitate the development of renewable resources to serve the County’s constituents and to meet the goals of the Sustainable Growth Management Plan. The County aims to accommodate the needs of community solar development and to only require the minimum standards to attempt to minimize the adverse effects on neighboring properties.

10.25.2 Applicability

Community solar projects are considered a permitted use in all zoning Districts.

10.25.3 Standards

1. Buffering and screening is not required for ground mounted facilities. If fencing is proposed for security purposes, agricultural fencing with six (6) inch knots for wildlife is recommended.

2. External access roads for ground mounted facilities may reduce the road easement width for off-site and on-site driveways to no less than twenty (20) feet if adequate drainage control is provided and may allow the surface to be hardpacked dirt with compaction of 95% of the maximum density. If the access road adjoins a paved road, an asphalt or concrete apron of ten (10) feet in width will be required to protect the pavement.

3. On-site driveways for ground-mounted facilities may reduce standards as identified in Section 7.11.12.2 (additional standards for residential driveways), as access will be minimal for this type of development.

4. Disturbed area shall be reseeded with drought tolerant native plant species for pollinator friendly habitat. Weeds and plant materials shall be properly managed to reduce fire risks.

5. Utility lines shall comply with Section 7.12 of the SLDC. The connection between the community solar facility and the electric utility infrastructure shall be considered a local distribution facility.

6. A five (5) foot setback is required on all sides of a community solar facility that is twenty (20) feet in height or less. A community solar facility that is over twenty (20) feet in height shall meet the setback requirements of the zoning district in which the facility is located.
7. Community solar facilities located on a non-residential or multifamily rooftop shall be allowed to be eight (8) feet higher than the building on the rooftop of which the community solar facilities are located but in no event more than eight feet (8') above the height limit otherwise imposed on structures in that zoning district. Rooftop community solar facilities shall be set back five (5) feet from the sides of the building.

8. State approval shall be submitted prior to development permit issuance.

9. Community solar facilities shall be set back three-hundred (300) feet from rivers, streams, wetlands and all riparian areas.

10. Decommissioning

   a. The owner/operator shall, at its expense, complete decommissioning of the community solar facility within twelve (12) months after the end of the useful life of the facility. Decommissioning must occur in the event the facility is not generating electricity for twelve (12) consecutive months.
   
   b. Decommissioning shall include removal of all solar panels, structures, cabling, electrical components, roads, and foundations to a depth of thirty-six (36) inches, as well as any other associated facilities/equipment with satisfactory disposal and recycling of equipment. Disturbed earth shall be graded and reseeded with drought-tolerant native plant species.
   
   c. An independent and New Mexico state certified professional engineer shall be retained to estimate the total cost of decommissioning ("Decommissioning Costs") without regard to salvage value of the equipment, and the cost of decommissioning net of salvage value of the equipment ("Net Decommissioning Costs"). Said estimates shall be submitted to the County after the first year of operation and every fifth year thereafter.
   
   d. The owner/operator shall provide assurances that financial resources will be available to fully decommission the site.
   
   e. The owner/operator is required to post a bond, letter of credit, or the establishment of an escrow account to ensure proper decommissioning.

4. Section 8.11.3.5.2 is hereby amended by deleting “or” from subparagraph j; replacing the “.” in subparagraph k with “; or”; and adding the following new subparagraph l:

   “l. location of and procedure for approving and installing a community solar facility.”

5. The effective date of the amendments to the SLDC adopted by this Ordinance shall be 30 days after this Ordinance is recorded with the County Clerk.
PASSED, APPROVED AND ADOPTED THIS ___ day of July, 2022.

THE BOARD OF COUNTY COMMISSIONERS
OF SANTA FE COUNTY

Commission Expires: 11/30/2024
NOTICE OF PUBLIC HEARING BEFORE THE BOARD OF COUNTY COMMISSIONERS OF SANTA FE COUNTY ON ORDINANCE NO. 2022-__

AN ORDOINANCE AMENDING THE SANTA FE COUNTY SUSTAINABLE LAND DEVELOPMENT CODE ("SLDC"), ORDINANCE NO. 2016-9, TO ADD A DEFINITION OF COMMUNITY SOLAR, TO ADD A NEW SECTION 10.25 TO ADDRESS STANDARDS FOR COMMUNITY SOLAR FACILITIES AND TO ADD A NEW CLAUSE TO SECTION 8.11.3.5.2 TO PROHIBIT A COMMUNITY OVERLAY DISTRICT FROM RESTRICTING THE LOCATION AND PROCEDURES FOR INSTALLING COMMUNITY SOLAR FACILITIES.

Notice is hereby given that the Santa Fe County (County) Planning Commission will hold a public hearing on an ordinance that would amend the text of the Santa Fe County Sustainable Land Development Code (SLDC), County Ordinance No. 2016-9, as amended, on Thursday, June 16, 2022, at 4:00 p.m. at 102 Grant Ave, Santa Fe NM, in the Chambers of the Board of County Commissioners. And that the Board of County Commissioners (Board) of Santa Fe County (County) will hold a public hearing on the above-titled ordinance that would amend the text of the Santa Fe County Sustainable Land Development Code (SLDC).

County Ordinance No. 2016-9, as amended, on Tuesday, July 12, 2022, at 5:00 p.m. at 102 Grant Ave, Santa Fe NM, in the Board’s Chambers on the 2nd Floor, on the 16th day of June 2022, at 4:00 p.m. in front of the Santa Fe County Planning Commission and on the 12th day of July at 5:00 p.m. in front of the Board of County Commissioners. Members of the public have the choice of listening and participating in this public hearing virtually. Members of the public can listen and participate in the meeting via WebEx. Please see the Board’s final meeting agenda and County website for details on how to participate via WebEx.

Copies of proposed ordinance and the County’s website, www.santafecountynm.gov, or from the County Clerk.

Copies of proposed ordinance will be heard at the Public Hearing prior to the Board taking action on the proposed ordinance.

Possible Board Action on July 12, 2022. After the public hearing on July 12, 2022, the Board may adopt the proposed ordinance, or without changes, vote not to adopt the proposed ordinance, recess the public meeting in accordance with the Open Meetings Act, or postpone the public hearing or delay action on the proposed ordinance until a future meeting of the Board. Further notice will be provided should the Board decide to take any action.

For questions, please call the County Land Use Administration Office at (505) 986-6225.
