FE COUNTY  
RESOLUTION NO. 2018 - 9**

---

**A RESOLUTION ADOPTING A SCHEDULE OF NEW WATER  
DELIVERIES FOR THE FIRST SIX MONTHS OF 2018 PURSUANT  
TO RESOLUTION 2006-57**

---

**WHEREAS**, pursuant to the Santa Fe County (“County”) Water Department Line Extension and Water Service Policy (“Water Service Policy”), adopted by Resolution No. 2006-57, subdivisions and commercial developments that desire new water service from the County Utility must apply to the County to schedule new water deliveries; and

**WHEREAS**, the County schedules new water deliveries in six-month intervals;  
and

**WHEREAS**, the applications for new water deliveries are set out in Exhibit A to this Resolution; and

**WHEREAS**, the Board of County Commissioners (Board) adopts schedules of new water deliveries for administrative purposes only, and merely being listed on the schedule does not, in and of itself, entitle an applicant to County water service; and

**WHEREAS**, in addition to being listed on a schedule for new water deliveries, applicants for County water service must enter into a water delivery agreement with the County; and

**WHEREAS**, the water delivery agreement will, among other things, require the applicant to provide for the County’s acquisition of water rights in the amount of the requested new water delivery plus 20%; and

**WHEREAS**, in addition to a water delivery agreement, applicants for new water deliveries may, as a condition of water service, be required to enter into a line extension agreement with the County, construct and dedicate infrastructure to the County, obtain development approvals in accordance with the County Sustainable Land Development Code (SLDC), or fulfill such other conditions and requirements as may apply to an applicant’s development; and

**WHEREAS**, the schedule of new water deliveries described on Exhibit A and adopted hereby does not entitle the applicants to County water service unless and until they have timely complied with all applicable conditions of service, nor does the schedule imply County approval of any pending or future development application.

NOW, THEREFORE, BE IT RESOLVED by the Board that:

1. The schedule of new water deliveries for the first six months of 2018, as set out in Exhibit A to this Resolution, is adopted.
