RESOLUTION 2023- 112**

DETAILED JUSTIFICATION FOR REQUESTING BUDGET ADJUSTMENT

(If applicable, cite the following authority: State Statute, grant name and award date, other laws, regulations, etc.)

1 Please summarize the request and its purpose in the area below.
 As required by the New Mexico Department of Finance and Administration Local Government Division (NMDFA-LGD) by New Mexico Statute 6-6-2 NMSA 2978, any encumbered and unencumbered balances carried forward into the next fiscal year need to be approved through a Budget Adjustment Resolution (BAR).
 Each fiscal year after the Final Budget is submitted to the NMDFA-LGD, the Finance Division carries forward the encumbered balances for all ongoing capital outlay budgets. The original budget for the capital expenditures and projects was previously approved by the Board of County Commissioners (BCC) during previous fiscal years' Budget and Capital Planning Sessions. The total amount of encumbrances being carried forward for capital expenditures is \$51,977,183.44.
 In addition, Departments are given the opportunity to request open operational encumbrances to be rolled forward to the next fiscal year for various reasons. Department's requests are usually a result of unanticipated delays in production of materials, supplies or in contractual services. To prevent delays in services and to alleviate the administrative task of re-encumbering these purchase orders in the new fiscal year, the encumbrances are carried forward. The total amount of encumbrances being carried forward for department operations is \$2,353,084.13.
 The grand total of ongoing encumbrances being carried forward into FY2024 amount to \$54,330,267.57. To support these encumbrances, a corresponding budget increase of \$54,330,268 is presented for approval by the BCC.
