21. **County Rights**

The County reserves the right to accept all or a portion of an offeror’s proposal.

22. **Right to Publish**

Throughout the duration of this procurement process and contract term, potential offerors and contractors must secure from the County written approval prior to the release of any information that pertains to the potential work or activities covered by this procurement or the subsequent contract. 25. **Preferences in Procurement by Santa Fe County**

a. **New Mexico In-state Preference.**

New Mexico law, Section 13-4-2 NMSA 1978, provides a preference in the award of a public works contract for an “in-state resident contractor”. Application of a resident contractor preference for any
Offeror requires the Offeror to provide a copy of a valid and current certificate as a resident contractor. Certificates are issued by the state taxation and revenue department.

If an Offeror submits with its proposal a copy of a valid and current in-state resident contractor certificate, 5% of the total weight of all evaluation factors used in the evaluation of proposals may be awarded or added to the Offeror’s score.

Certification by the department of taxation and revenue for the resident contractor takes into consideration such activities as the business’ payment of property taxes or rent in the state and payment of unemployment insurance on employees who are residents of the state.

**OR**

b. **New Mexico Resident Veteran Preference.**

New Mexico law, Section 13-4-2 NMSA 1978, provides a preference in the award of a public works contract for a “resident veteran contractor”. Certification by the department of taxation and revenue for the resident veteran business requires the Offeror to provide evidence of annual revenue and other evidence of veteran status.

An Offeror who wants the veteran contractor preference to be applied to its proposal is required to submit with its proposal the certification from the department of taxation and revenue and the sworn affidavit attached hereto as Appendix C.

If an Offeror submits with its proposal a copy of a valid and current veteran resident contractor certificate, 10%, of the total weight of all the evaluation factors used in the evaluation of proposals may be awarded or added to the Offeror’s score.

The resident contractor preference is not cumulative with the resident veteran contractor preference.

**AND**

c. **Santa Fe County Business Preference**

Santa Fe County Ordinance 2012-4 provides for a County preference for a “Santa Fe County business.” Application of the County preference in procurement requires an Offeror to obtain and provide a Santa Fe County Business Certificate issued by the Santa Fe County Procurement Manager. Certification by the Procurement Manager takes into consideration the business’ corporate standing in the state, business licensure or registration, the duration of the business’ primary office location and the payment of taxes. If an Offeror submits with its proposal a copy of its Santa Fe County Business Certificate issued by the Purchasing Manager, 5% of the total weight of all the evaluation factors used in the evaluation of proposals may be awarded to the Offeror’s score.

*The Resident Business, Resident Veteran Business or Santa Fe County Business preferences do not apply to procurement of services or goods involving federal funds or federal grant funds.*

26. **Double-Sided Documents**
All submitted bids/proposal documents shall be double-sided, pursuant to Santa Fe County Resolution 2013-7, Adopting Sustainable Resource Management Principles, Section 2. A. Waste Reduction and Reuse...” all documents are to be double-sided, including those that are generated by outside entities using County funds and by consultants and contractors doing business with the County”.

27. **Living Wage**

VI. EVALUATION

A. EVALUATION SCORING

The County will evaluate responsive proposals and assign a numerical score in each category, not to exceed the maximum allowed score for that category, as determined through the Offeror’s attention to the factor detailed in the following sections. The amount of discussion to be applied to each listed topic is an individual choice of the Offeror; however, discussion should be detailed enough to inform and educate the Evaluation Committee Members.
The Statement of Qualifications will be scored based upon a comparison of the information submitted by each Offeror against the evaluation factors outlined below. Each Evaluation Factor is assigned the following points:

1. Organization ............................................................................................................................................ 150 points
2. Experience .................................................................................................................................................. 200 points
3. Capacity and Capability .......................................................................................................................... 250 points
4. Health and Safety ...................................................................................................................................... 150 points
5. Project Scheduling .................................................................................................................................... 250 points

TOTAL POINTS ........................................................................................................................................... 1000 points

PREFERENCES

If a proposal contains an In-State Resident Business Certificate or Resident Veterans Business Certificate and/or Santa Fe County Business Certificate, the applicable preference will be applied.

6. Proposal contains a valid N.M. Resident Business Certificate .................................................................. 50 points

OR

7. Proposal contains a valid Resident Veteran Business Certificate ............................................................. 100 points

AND

8. Proposal contains a valid Santa Fe County Business Certificate .............................................................. 50 points

B. EVALUATION PROCESS

The evaluation process will follow the steps listed below:

1. All proposals will be reviewed for compliance with the mandatory specifications stated within the RFP. Proposals deemed non-responsive will be eliminated from further consideration.

2. The Procurement Specialist may contact the Offeror for clarification of the response as specified in Section III, Paragraph B.7.

3. The Evaluation Committee may use other sources of information to perform the evaluation as specified in Section III, Paragraph C.18.
4. Responsive proposals will be evaluated on the factors in Section V that have been assigned a point value. The responsible Offerors with the highest scores will be selected as finalist Offerors ‘shortlisted’ based upon the proposals submitted. If an oral presentation is recommended, the ‘shortlisted’ firms will be provided questions by the Selection Committee for their “Oral Presentations.” Each presentation will be evaluated by the Selection Committee. The oral presentation that receives the highest points and is most advantageous to the County, taking into consideration the evaluation factors in Section VI, will be recommended for contract award as specified in Section III, Paragraph B.11. Only the points from the Oral Presentation will be calculated for most & highest qualified firms. Points from the “shortlisted” evaluations will only be used if there is a tie resulting from the Oral Presentations. Please note, however, that a serious deficiency in the response to any one factor may be grounds for rejection regardless of overall score.

5. Past performance in a project for the County (See Section V.C.3 above) is a significant consideration of the evaluation and poor performance on a prior County project may result in a lower number of points awarded to a proposal for this element of the evaluation.

C. PHASE II DOCUMENTS – (Note: this information is tentative; the actual Phase II Proposal Requirements will be issued with Phase II of the solicitation.)

1. Experience .................................................................200 points
2. Project Scheduling .........................................................150 points
3. Construction Approach ..................................................150 points

CAMPAIGN CONTRIBUTION DISCLOSURE FORM

Pursuant to NMSA 1978, § 13-1-191.1 (2006), any person seeking to enter into a contract with any state agency or local public body for professional services, a design and build project delivery system, or the design and installation of measures the primary purpose of which is to conserve natural resources must file this form with that state agency or local public body. This form must be filed even if the contract qualifies as a small purchase or a sole source contract. The prospective contractor must disclose whether they, a family member or a representative of the prospective contractor has made a campaign contribution to an applicable public official of the state or a local public body during the two years prior to the date on which the contractor submits a proposal or, in the case of a sole source or small purchase contract, the two years prior to the date the contractor signs the contract, if the aggregate total of contributions given by the prospective contractor, a family member or a representative of the prospective contractor to the public official exceeds two hundred and fifty dollars ($250) over the two year period.

Furthermore, the state agency or local public body shall void an executed contract or cancel a solicitation or proposed award for a proposed contract if: 1) a prospective contractor, a family member of the prospective contractor, or a representative of the prospective contractor gives a campaign contribution or other thing of value to an applicable public official or the applicable public official’s employees during the pendency of the procurement process or 2) a prospective contractor fails to submit a fully completed disclosure statement pursuant to the law.

THIS FORM MUST BE FILED BY ANY PROSPECTIVE CONTRACTOR WHETHER OR NOT THEY, THEIR FAMILY MEMBER, OR THEIR REPRESENTATIVE HAS MADE ANY CONTRIBUTIONS SUBJECT TO DISCLOSURE.

The following definitions apply:

“Applicable public official” means a person elected to an office or a person appointed to complete a term of an elected office, who has the authority to award or influence the award of the contract for which the prospective contractor is submitting a competitive sealed proposal or who has the authority to negotiate a sole source or small purchase contract that may be awarded without submission of a sealed competitive proposal.

“Campaign Contribution” means a gift, subscription, loan, advance or deposit of money or other thing of value, including the estimated value of an in-kind contribution, that is made to or received by an applicable public official or any person authorized to raise, collect or expend contributions on that official’s behalf for the purpose of electing the official to either statewide or local office. “Campaign Contribution” includes the payment of a debt incurred in an election campaign, but does not include the value of services provided without compensation or unreimbursed travel or other personal expenses of individuals who volunteer a portion or all of their time on behalf of a candidate or political committee, nor does it include the administrative or
solicitation expenses of a political committee that are paid by an organization that sponsors the committee.

“Family member” means spouse, father, mother, child, father-in-law, mother-in-law, daughter-in-law or son-in-law.

“Pendency of the procurement process” means the time period commencing with the public notice of the request for proposals and ending with the award of the contract or the cancellation of the request for proposals.

“Person” means any corporation, partnership, individual, joint venture, association or any other private legal entity.

“Prospective contractor” means a person who is subject to the competitive sealed proposal process set forth in the Procurement Code or is not required to submit a competitive sealed proposal because that person qualifies for a sole source or a small purchase contract.

THE WORK

2.1 THE WORK

The Contractor shall perform all the Work required by the Contract Documents for the following:

SCOPE OF WORK.

ARTICLE 3
EFFECTIVE DATE, TIME OF COMMENCEMENT, SUBSTANTIAL COMPLETION AND AMENDMENTS

3.1 EFFECTIVE DATE

The Effective Date of this Agreement is the date of signature by the County.

3.2 TIME OF COMMENCEMENT

The work to be performed under this Contract shall be commenced no later than ten (10) consecutive calendar days after the date of written Notice to Proceed issued by the County, hereto attached as Exhibit H.

3.3 SUBSTANTIAL COMPLETION

The Contractor shall achieve Substantial Completion of the entire work no later than ___________ (   ) calendar days from the date of the Notice to Proceed, except as hereafter extended by valid written Change Order. A Certificate of Substantial Completion, attached hereto as Exhibit J, will be issued by the County to the Contractor, as adjusted by any Change Order, attached hereto as Exhibit I.

3.4 TIME FOR COMPLETION AND LIQUIDATED DAMAGES

Should the Contractor neglect, refuse, or otherwise fail to complete the Work within the time specified in this Article, the Contractor agrees that Liquidated Damages in the amount of $500.00 shall be assessed per each calendar day that expires after the date of substantial completion, as adjusted by any change order, and until issuance by the County of a certificate of Substantial Completion in accordance with Paragraph 7 (Effective Date and Term) of the General Conditions.
A. It is hereby understood and mutually agreed, by and between the Contractor and the County, that the date of beginning and the time for completion as specified in the contract of the work to be done hereunder are essential conditions of this contract and it is further mutually understood and agreed that the work outlined in this contract shall be commenced on a date to be specified in the "Notice to Proceed."

B. The Contractor agrees that work shall be prosecuted regularly, diligently and uninterruptedly at such rate of progress as will insure full completion thereof within the time specified. It is expressly understood and agreed, by and between the Contractor and the County, that the time for the completion of the work described herein is a reasonable time for the completion of the same, taking into consideration the average climatic range and usual industrial conditions prevailing in this locality.

C. If the Contractor shall neglect, fail or refuse to complete the work within the time herein specified or any proper extension thereof granted by the County, then the Contractor does hereby agree, as a part consideration for the awarding of this contract, to pay to the County the amount specified in the contract, not as a penalty but as liquidated damages for such breach of contract as herein set forth, for each and every calendar day that the contract shall be in default after the time stipulated in the contract for completing the work.

D. The amount is fixed and agreed upon by and between the Contractor and the County because of the impracticability and extreme difficulty of fixing and ascertaining the actual damages the County would in such event sustain, and the amount is agreed to be the amount of damages which the County would sustain and the amount shall be retained from time to time by the County from current periodical estimates.

E. It is agreed that time is of the essence of each and every portion of this contract and of the specifications wherein a definite and certain length of time is fixed for the performance of any act whatsoever and where under the contract an additional time is allowed for the completion of any work, the new time limit fixed by such extension shall be of the essence of this contract. Provided that the Contractor shall not be charged with liquidated damages or any excess cost when the County determines that the Contractor is without fault and the Contractor's reasons for the time extension are acceptable to the County. Provided that the Contractor shall not be charged with liquidated damages or any excess cost when the delay in completion of the work is due:
   1. To any preference, priority or allocation order duly issued by the County;
   2. To unforeseeable cause beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, or of the public enemy, acts of the County, acts of another contractor in the performance of a contract with the County, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and severe weather;
   3. To any delays of subcontractors or suppliers occasioned by any of the causes specified in subsections above.
F. Provided further, that the Contractor shall, within ten days from the beginning of such delay, unless the County shall grant a further period of time prior to the date of final settlement of the contract, notify the County in writing of the causes of the delay, who shall ascertain the facts and extent of the delay and notify the Contractor within a reasonable time of its decision in the matter.

3.5 AMENDMENTS

19.8 If the Contractor’s warranty under subparagraph 19.4 of this clause has expired, the County may bring suit at its expense to enforce a subcontractor’s, manufacturer’s, or supplier’s warranty.

19.9 Unless a defect is caused by the negligence of the Contractor or subcontractor or supplier at any tier, the Contractor shall not be liable for the repair of any defects of material or design furnished by the County nor for the repair of any damage that results from any defect in County-furnished material or design.

19.10 This warranty shall not limit the County’s rights under the Inspection and Acceptance clause of this Contract with respect to latent defects, gross mistakes, or fraud.

20. SUBSURFACE CONDITIONS FOUND DIFFERENT

20.1 Should the Contractor encounter sub-surface and/or latent conditions at the site materially differing from those shown on the Plans or indicated in the Specifications, the Contractor shall immediately give notice to the Architect/Engineer/County of such conditions before they are disturbed. The Contractor shall also furnish on forms to be supplied by the County (a) a detailed estimate giving a complete breakdown of the Contract sum and (b) periodic itemized estimates of work done for the purpose of making partial payments thereof. The costs employed in making up any of these schedules will be used only for determining the basis of partial payments and will not be considered as fixing a basis for additions to or deductions from the Contract price.
