II. INTRODUCTION

A. PURPOSE OF THIS REQUEST FOR PROPOSAL

Santa Fe County, located in north central New Mexico, has a population of over 150,000 and is the state's third largest County. The County government is comprised of five departments: Public Works, Public Safety, Community Development, Community Services and Growth Management. The County is governed by an elected board of five commissioners and currently has 741 employees.

In 2018, the County developed and implemented a strategic plan. The County Manager, Commissioners, and departmental leadership collaborated and developed strategies, goals, actions, and performance measures, and produced a strategic plan organized around four main population goals:

1. Provide a Safe Community
2. Promote a Sustainable Community
3. Support a Healthy Community
4. Be a Proficient, Transparent and Accessible Government

From 2018 to 2021, departments tracked progress toward strategic goals on a countywide Excel spreadsheet. The plan data are not easily accessed or visualized making it difficult to use the data on a daily basis. The Excel spreadsheet is not a collaborative software, making data entry challenging and running the risk of errors and data corruption.

A plan management software with simple, customizable dashboards, on-demand reporting and countywide user access will allow the strategic plan to guide decision making and progress on priorities to be monitored, supported and adjusted as needed.

B. SCOPE OF WORK

The Santa Fe County Office of Strategic Planning seeks a plan management software system to include:

1. Cloud-based software platform. Software must be hosted and configured to prevent data loss due to hardware failure.
2. Unlimited and ongoing support, consultation and training with expertise and experience in municipal government.
3. Capacity of manage multiple, linked plans and linked background information.
4. Production of customized reports, both automated and on-demand.
5. Automated email reminders to users.
6. Customizable dashboards for unlimited number of users.
7. External facing constituent dashboard/report card reflecting live data.
8. Easily entered and accessible data aligned with plans and with real time accessibility and visualization.
9. Security documentation including details of where the data is housed (onshore,

nearshore, offshore).

10. Project and program management tools including:
 - a. Gantt Chart report views.
 - b. Tracking metrics such as percentage of completion and budgetary status
 - c. Stand-alone project tracking or projects linked to the strategic plan of other projects.
 - d. Dashboard access to progress of a project and activities and tasks within the project.
 - e. Data visualization for mapping and aligning projects.
 - f. Storage/links to project charters and other documentation within every level of a project.
11. System must provide ability to report data and storage for no less than three (3) years.

C. **INSURANCE REQUIREMENTS**

The insurance required by Offeror are listed below.

1. **General Conditions.** Contractor shall submit evidence of insurance as is required herein. Policies of insurance shall be written by companies authorized to write such insurance in New Mexico.
2. **General Liability Insurance, Including Automobile.** Contractor shall procure and maintain during the life of this Agreement a comprehensive general liability and automobile insurance policy with liability limits in amounts not less than \$1,000,000 combined single limits of liability for bodily injury, including death, and property damage for any one occurrence. Said policies of insurance shall include coverage for all operations performed for County by Contractor; coverage for the use of all owned, non-owned, hired automobiles, vehicles and other equipment, both on and off work; and contractual liability coverage under which this Agreement is an insured contract. County of Santa Fe shall be a named additional insured on the policy.
3. **Workers' Compensation Insurance.** Contractor shall comply with the provisions of the Workers' Compensation Act.
4. **Professional Liability Insurance.** The Contractor shall procure and maintain during the life of this Agreement a Professional Liability Insurance.
5. **Increased Limits.** If, during the life of this Agreement, the Legislature of the State of New Mexico increases the maximum limits of liability under the Tort Claims Act (NMSA 1978, Sections 41-4-1 through 41-4-29, as amended), Contractor shall increase the maximum limits of any insurance required herein.

VI. EVALUATION

A. EVALUATION SCORING

The County will evaluate responsive proposals and assign a numerical score in each category, not to exceed the maximum allowed score for that category, as determined through the Offeror’s attention to the factor detailed in the following sections. The amount of discussion to be applied to each listed topic is an individual choice of the Offeror; however, discussion should be detailed enough to inform and educate the Evaluation Committee Members.

Proposals will be scored based upon a comparison of the information submitted by each Offeror against the evaluation factors outlined below. Each Evaluation Factor is assigned the following points:

- 1. Introduction **100 points**
- 2. Professional Competence and Specialized Experience **300 points**
- 3. Evidence of Understanding the Scope of Work **300 points**
- 4. Capacity and Capability **150 points**
- 5. Past Performance..... **150 points**

TOTAL POINTS 1000 points

PREFERENCES

If a proposal contains an In-State Resident Business Certificate or Resident Veterans Business Certificate and/or Santa Fe County Business Certificate, the applicable preference will be applied.

B. EVALUATION PROCESS

2. The Procurement Specialist may contact the Offeror for clarification of the response as specified in Section III, Paragraph B.7.
3. The Evaluation Committee may use other sources of information to perform the evaluation as specified in Section III, Paragraph C.18.
4. Responsive proposals will be evaluated on the factors in Section V that have been assigned a point value. The responsible Offerors with the highest scores will be selected as finalist Offerors 'shortlisted' based upon the proposals submitted. If an oral presentation is recommended, the 'shortlisted' firms will be provided questions by the Selection Committee for their "Oral Presentations." Each presentation will be evaluated by the Selection Committee. The oral presentation that receives the highest points and is most advantageous to the County, taking into consideration the evaluation factors in Section VI, will be recommended for contract award as specified in Section III, Paragraph B.11. Only the points from the Oral Presentation will be calculated for most & highest qualified firms. Points from the "shortlisted" evaluations will only be used if there is a tie resulting from the Oral Presentations. Please note, however, that a serious deficiency in the response to any one factor may be grounds for rejection regardless of overall score.
5. Past performance in a project for the County (See Section V.C.3 above) is a significant consideration of the evaluation and poor performance on a prior County project may result in a lower number of points awarded to a proposal for this element of the evaluation.
