Note: The location will remain the same

Question #1: Are all the pipes intended to be used for storm drains?

Answer #1: The specifications that were provided in the IFB are the only specifications to be included.

Question #2: If so, do they need to be the aluminized, smooth walled pipes?

Answer #2: The County is not looking for smooth wall aluminized pipe.

Question #3: If the County is looking for both smooth walled pipe and spiral corrugated pipe, can you please include a bid tab sheet for both?

Answer #3: We are not looking for both smooth walled pipe and spiral corrugated pipe. We are only asking for corrugated pipe specified in the NM DOT standard specifications for highway and bridge construction.

Please add this Addendum #1 to the original proposal documents and refer to proposal documents, hereto as such. This and all subsequent addenda will become part of any resulting contract documents and have effects as if original issued. All other unaffected sections will have their original interpretation and remain in full force and effect. Responders are reminded that any questions or need for clarification must be addressed to Michelle A. Marmion, Senior Procurement Specialist at mmarmion@santafecountynm.gov
