Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$325 Single / \$650 Two-person / \$975 Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care is covered before you meet your deductible .	This plan covers some items & services even if you haven't met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive care without cost sharing and before you meet your deductible . See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits .
Are there other deductibles for specific services?	Yes. \$50 Single \$100 Two-Person/Family	You must pay all the Pharmacy costs up to the deductible amount before this plan begins to pay for covered services you use.
What is the out-of-pocket limit for this plan ?	\$3,500 Single/\$7,000 Two-person/\$10,500 Family.	The out of pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out of pocket limit until the overall family out of pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, balance billing charges, health care this plan doesn't cover, and penalty amounts.	Even though you pay these expenses, they don't count toward the out of pocket limit .
Will you pay less if you use a network provider ?	Yes. See https://www2.phs.org/providers?insurance_plans=aso-hmo-aso-ppo-aso-hdhp or call 1-888-275-7737 for a list of participating providers.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out of network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing).
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral.

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
