II. CONTRACT OBJECTIVES

A. PURPOSE OF THIS REQUEST FOR PROPOSAL

Santa Fe County Open Space and Trails Program is seeking professional services to develop a management plan for three (3) open space properties: Ortiz Mountains Educational Preserve, Madrid Open-Space, and Lamy Open Space Park.

The purpose of the project is to create a strategic management plan in accordance with the vision for the open space. The management plan will evaluate the existing conditions and resources, establish maintenance priorities and processes, identify needed capital improvements and set the management framework that will allow access by the public while preserving the cultural and environmental resources of the open space property.

In order to improve the maintenance of County-owned open space, trails and parks, in accordance with Sustainable Growth Management Plan (SGMP) Policy 22.10, detailed site-specific strategic management plans are needed.

B. PROJECT BACKGROUND

Ortiz Mountains Educational Preserve:

The Santa Fe Botanical Garden acquired the Ortiz Mountains Educational Preserve in 1995 as part of a settlement between LAC Minerals USA, Inc. and The Friends of Santa Fe County to address cleanup of the Cunningham Hill Gold Mine. The Preserve totals 1350 acres and includes the highest peaks in the Ortiz Mountains. The only access to the Preserve at this time is by a road that crosses LAC Minerals property; LAC Minerals granted the owner of the Preserve an easement through a right-of-way agreement in 2001.

In 2007, Santa Fe County purchased the property from the Santa Fe Botanical Gardens and they continued to manage the property as an educational preserve until May 2015.

Madrid Open Space:

The Madrid Open Space consists of fifty-seven (57) acres of open land on three (3) contiguous properties. 1) the Madrid Wilderness, forty-five (45) acres on the north end of town purchased in 2000; 2) the Madrid Church Lot, a one (1) acre parcel in front of the historic church and contiguous to the Greenbelt purchased in 2001; and 3) the Madrid Greenbelt, eleven (11) acres through the center of town purchased in 2005. The properties have been used by the Town of Madrid for years as a hiking area and pedestrian link north and south through the community. This part of the historic townsite of Madrid was originally utilized for mining operations, and extant remnants of the original stagecoach road, stagecoach stop, and coal railroad bed pass-through, effectively creating trails that are frequented by residents today.

The present timing for the development of management strategies and programming for the Madrid Open Space is critical. Since 2009, the Abandoned Mine Land (AML) Program has been working with the community of Madrid to develop plans and preliminary designs for stormwater control. As the recipient of most of the community's stormwater, the Madrid Open Space is a central component of this plan. Santa Fe County staff have been working with the AML Program from the early stages of this planning process to identify opportunities for cooperation with regard to stormwater management. The Board of County Commissioners unanimously passed Resolution 2011-81 in support of the AML Program's Madrid Mining Landscape (MML) Plan and directed staff to implement MML Plan projects that further County goals and objectives. As design work stemming from the MML Plan nears completion, it is critical that Santa Fe County define management objectives specific to the Madrid Open Space and identify ways to leverage the AML Program's investment.

Lamy Open Space Park:

The Lamy Open Space consists of approximately ninety-one (91) acres of open land near the intersection of US Highway 285 and State Road 41. This property is adjacent to the fifty (50) acre Lamy Park. Lamy Open Space was purchased in 2002 in order to protect significant cultural resources. The Lamy Open Space is the site of the Lamy Junction, a site named in the Galisteo Basin Archeological Sites Protection Act. Lamy Park was developed through a Land Water and Conservation Fund grant. The original intention was to use the Lamy Park site as an interpretive center location for County-owned Lamy Junction, Petroglyph Hill, and other sites in the Galisteo Basin.

The present timing for the development of management strategies and programming for the Lamy Open Space Park is critical. The Thornton Ranch Master Plan is being completed. Lamy Open Space Park can leverage the efforts of the master planning process in the regional context of the Galisteo Basin.

C. SCOPE OF WORK

The scope of work includes developing a management plan for three (3) open space properties (Ortiz Mountains Educational Preserve, Madrid Open Space, and Lamy Open Space Park) with the following components:

1. A detailed existing conditions and inventory report;
2. A conceptual master plan that identifies, maps, prioritizes and estimates timing and costs for key projects;
3. An analysis of potential funding mechanisms needed to fully implement the plan;
4. A management framework that will allow access by the public while preserving the cultural and archeological resources of the property;
5. A detailed maintenance plan which includes projected needs for labor and equipment;

6. Working with County staff to review and compile background information and develop a final scope, approach and schedule, including a communication plan and calendar;
7. Working with the community and other key stakeholders for the property;

The Ortiz Mountains Educational Preserve management plan scope of work includes the above components (Nos. 1–7) as well as the following:

8. An analysis of alternative access routes to the property, including timeframe, costs and feasibility of each option;
9. An interpretive programming component will include developing a curriculum, educational materials, and training program for docent led hikes;
10. An interpretive plan and program structure for the property;

Lamy Open Space Park management plan scope of work includes components (Nos. 1–7) as well as the following:

11. A basic interpretive plan and program structure for the property that coordinates with the Petroglyph Hill Interpretive Plan and includes history of the Galisteo Basin.

D. QUALIFICATIONS

25. Preferences in Procurement by Santa Fe County

a. *New Mexico In-state Preference*

New Mexico law, Section 13-1-21 NMSA 1978, provides a preference in the award of a public works contract for an “**in-state resident business**”. Application of a resident business preference for any Offeror requires the Offeror to provide a copy of a valid and current certificate as a resident business. Certificates are issued by the state taxation and revenue department.

If an Offeror submits with its proposal a copy of a valid and current in-state resident business certificate, 5% of the total weight of all evaluation factors used in the evaluation of proposals may be awarded or added to the Offerors score.

Certification by the department of taxation and revenue for the resident contractor takes into consideration such activities as the business or contractor’s payment of property taxes or rent in the state and payment of unemployment insurance on employees who are residents of the state.

OR

b. *New Mexico Resident Veteran Preference*

New Mexico law, Section 13-1-22 NMSA 1978, provides a preference in the award of a public works contract for a “**resident veteran business**”. Certification by the department of taxation and revenue for the resident veteran business requires the Offeror to provide evidence of annual revenue and other evidence of veteran status.

An Offeror who wants the veteran contractor preference to be applied to its proposal is required to submit with its proposal the certification from the NM Department of Taxation and Revenue and the sworn affidavit attached hereto as Appendix C.

If an Offeror submits with its proposal a copy of a valid and current veteran resident business certificate, 10%, 8% or 7% of the total weight of all the evaluation factors used in the evaluation of proposals may be awarded or added to the Offeror's score, depending on the business' annual revenue.

The resident business preference is not cumulative with the resident veteran business preference.

AND

c. **Santa Fe County Preference**

Santa Fe County Ordinance 2012-4 provides for a **County preference** for a "Santa Fe County business." Application of the County preference in procurement requires an Offeror to obtain and provide a Santa Fe County Business Certificate issued by the Santa Fe County Procurement Manager. Certification by the Procurement Manager takes into consideration the business' corporate standing in the state, business licensure or registration, the duration of the business' primary office location and the payment of taxes.

If an Offeror submits with its proposal a copy of its Santa Fe County Business Certificate issued by the Purchasing Manager, 5% of the total weight of all the evaluation factors used in the evaluation of proposals may be awarded to the Offerors score.

The in-state, veteran or County preferences do not apply to procurement of services or goods involving federal funds or federal grant funds.

26. **Double-Sided Documents**
