II. CONTRACT OBJECTIVES

A. BACKGROUND AND PURPOSE OF THIS REQUEST FOR PROPOSAL

Santa Fe County includes the city of Santa Fe – the New Mexico State capital – and has a diverse population of 148,000 residents, with 84,000 living in the city limits and 64,000 in rural communities. Santa Fe County is 51% Hispanic, 44.5% White Non-Hispanic, 2.5% Native American, and 1.3% Asian, with the remaining .7% of other ethnic origin. While many residents enjoy good health and economic prosperity relative to other regions in the state, a significant portion of the Santa Fe County population faces barriers to good health, which challenges the health and human services system to respond.

Relevant statistics include:

- 17% live in poverty, 25% of children live in poverty
- 15,000 non-citizen immigrants, 6000 are undocumented
- 1,500 are homeless
- 2,500 are adults living with mental illness
- 30,000 residents abuse drugs and/or alcohol

The Santa Fe County Community Services Department (CSD) has four Divisions:

- Senior Services
- Community Safety
- Community Operations
- Health Services

Under the County's *Health Action Plan*, CSD has been working on improving access to services via the Health Care Assistance Program. CSD provides and manages funds covering a variety of safeguard services for county residents who are medically indigent and in need of health services. These services include mobile crisis, decrease in low birth weight and the development of a Behavioral Health Crisis Center that will provide a safe and secure place for Santa Fe County adults with behavioral health issues (mental illnesses and/or addictions) and their families and caregivers to find information and receive assistance in times of crisis until they are stabilized and can link with needed community services.

There are six priorities in the Santa Fe County Health Action Plan:

- Increase enrollment in health insurance
- Increase consumption of healthy foods
- Reduce alcohol abuse
- Reduce drug abuse
- Reduce low weight births
- Reduce suicides

The Community Services Department is implementing an Accountable Health Community (AHC) model in Santa Fe County. The vision for the Accountable Health Community is that by

2020, all County residents regardless of income have access to high-quality health care and are linked to the resources they need for health and well-being. Goals for the Accountable Health Community include:

- Residents and providers collectively identify problems and co-create solutions.
- Navigators link residents to resources within a cohesive provider network.
- Social, economic, and physical environmental resources are available to all residents.
- Residents are connected to and use the specified services.
- Information systems are coordinated. Data are collected, monitored and evaluated to improve services and population health while reducing health care costs.
- Health outcomes are improved.

Santa Fe County has committed to address the social determinants of health as a priority for County government and the community as a whole. Thus, the Santa Fe County Community Services Department has contracted with community organizations and clinics for delivery of Navigation Services to screen for and address unmet social service needs and, in so doing, to improve health outcomes in Santa Fe County. Our goal is to address these unmet needs and link residents to appropriate community services. We want to measure whether addressing social needs reduces non-emergent Emergency Department use and County Detention Center use and recidivism. We also aim to improve outcomes listed in the County Health Action plan. We seek an evaluation design that uses quantitative and qualitative measures to evaluate the implementation of the AHC model, the impact on individuals served, impact on providers and ultimately population health based on Santa Fe County indicators from the Santa Fe County Health Action Plan.

Navigation Services are available for Santa Fe County residents who qualify for the Santa Fe County Health Care Assistance Program (HCAP) based on financial status as required by Santa Fe County Resolution No. 2014-47 ([Resolution 2014-47](#)). Santa Fe County has contracts or working agreements with seven organizations to provide screening for social determinants of health and Navigation Services to link residents to goods and services to address their unmet needs. A clinic, local homeless shelters, the Santa Fe Detention Center, the Santa Fe Fire Department and Santa Fe Public School programs are among the cohort of current providers. In addition, we expect to be in contract with up to four FQHC's for screening and/or screening and navigation by January, 2018.

Screening occurs at any of the contracted organizations, where programs and services provided include navigation for: individuals who are homeless and families facing homelessness, pregnant teenagers, at-risk pregnant women, high utilizers of 911, and individuals with behavioral health needs. The first year of implementation hopes to provide navigation services to 200 residents. Screening could reach 1000 or more residents.

CSD commissioned the 2017 Gap Analysis Report (https://www.santafecountynm.gov/news_detail/2581), which summarizes: County demographics; services available in Santa Fe County; data from key informant interviews, provider groups and town halls on what is working and what are the challenges and barriers to services; and mapping of County population characteristics and key provider assets.

CSD also contracted with a consultant to assess the Community Services Department and county-wide software system capacity and compatibility and to assist the CSD in determining software requirements, developing a request for proposals, selecting a vendor, and implementing a software system to increase the smooth and efficient delivery of services to residents served by the Health Care Assistance Program via contracts with county providers, with a focus on software that will capture and share data about social determinants that may impede or assist with health care delivery and track outcomes for any particular individual.

The software system will collect and share demographic and social determinants of health data and allow for on-line and real-time case sharing for partner organizations. Community Services Department staff, the Accountable Health Community (AHC) Project Manager and participating nonprofit community health care organizations will track and gather data on the type and scope of health and human service needs faced by low-income residents of Santa Fe County, and to support them in navigation of the complex system of health and social services. In this way we hope to maximize available funds and achieve desired health outcomes. Outcomes measured will include the priorities of the individual and the goals of the AHC and the *Santa Fe County Health Action Plan*.

The purpose of this Request for Proposal is to provide CSD with professional consultation services to develop and implement a Program Evaluation with quarterly ongoing consultation to support CSD staff and the AHC Project Manager.

B. SCOPE OF WORK

The contractor shall perform services in two phases:

Phase One - Evaluation Plan

1. Review with CSD staff the strategy, methods, goals, and measures of impact of the AHC
2. Develop a plan for Evaluation based on these discussions, data that will be available, and the amount of funding available for an evaluation. The plan should include but is not limited to:

Evaluation of:

- The implementation of the AHC model:
 - Has the County implemented what was envisioned? What processes were followed by the county and the service providers?
 - How did the navigation feature work? Are residents connected to the resources they need? Did the model work as expected? What barriers were encountered?
 - Was the integration of individual-level data accomplished at all levels?

- Was the data used to track referrals made and the connections completed?
- Did providers use the data to assess and improve processes?
- What were the results (outcomes)?
 - Was the model fully implemented?
 - Did provider attitudes and collaboration change?
 - How did the model implementation affect the county?
 - What did the data show in terms of effects on individuals in the system? Are AHC efforts impacting individual health outcomes?
 - Were outcomes in the county, particularly those related to ER and jail use, changed during this period?
 - How can we analyze cost benefit? Did the AHC reduce costs to the system?
 - What can be attributed to this intervention (what else was going on during the period)?
- User experience:
 - Individual satisfaction
 - Service provider satisfaction
 - Community perceptions

Phase Two – Evaluation

1. Implement evaluation plan, providing an annual AHC Evaluation Report.
2. Provide consultation to CSD staff and contractors on a quarterly basis to review AHC Evaluation Plan and evaluation efforts.

In addition to phases one and two, provide a timeline of evaluation activities including how you will communicate with the county throughout the project.

3. Personal experience of Offeror's team member(s) in evaluation of government-funded health and/or human services is preferred.

collection tools, data management, statistical data analysis and data reporting; qualitative data collection and analysis a plus. They should have strong verbal and written communication skills and experience working with multi-disciplinary community and professional groups.

23. Right to Publish

Throughout the duration of this procurement process and contract term, potential Offerors and contractors must secure from the County written approval prior to the release of any information that pertains to the potential work or activities covered

by this procurement or the subsequent contract. Failure to adhere to this requirement may result in disqualification of the Offeror's proposal or termination of the contract.

24. Ownership of Proposals

All documents submitted in response to this Request for Proposals shall become the property of the County. However, any technical or user documentation submitted with the proposals of non-selected Offerors shall be returned after the expiration of the protest period.

A large part of the communication regarding this procurement will be conducted by electronic mail (e-mail). It is recommended that Offeror should have a valid e-mail address to receive this correspondence.

26. Preference in Procurement by Santa Fe County

a. New Mexico Resident Business Preference

New Mexico law, Section 13-1-21 NMSA 1978, provides a preference in the award of a public works contract for an “**in-state resident business.**” Application of a resident business preference for any Offeror requires the Offeror to provide a copy of a valid and current certificate as a resident business. Certificates are issued by the state taxation and revenue department.

If an Offeror submits with its proposal a copy of a valid and current in-state resident business certificate, 5% of the total weight of all evaluation factors used in the evaluation of proposals may be awarded or added to the Offerors score.

Certification by the department of taxation and revenue for the resident contractor takes into consideration such activities as the business or contractor’s payment of property taxes or rent in the state and payment of unemployment insurance on employees who are residents of the state.

OR

b. New Mexico Resident Veteran Business Preference

New Mexico law, Section 13-1-22 NMSA 1978, provides a preference in the award of a public works contract for an “**in-state resident veteran business.**” Certification by the department of taxation and revenue for the

resident veteran business requires the Offeror to provide evidence of annual revenue and other evidence of veteran status.

An Offeror who wants the veteran contractor preference to be applied to its proposal is required to submit with its proposal the certification from the NM Department of Taxation and Revenue and the sworn affidavit attached hereto as Appendix C.

If an Offeror submits with its proposal a copy of a valid and current veteran resident business certificate, 10%, 8% or 7% of the total weight of all the evaluation factors used in the evaluation of proposals may be awarded or added to the Offeror's score, depending on the business' annual revenue.

The resident business preference is not cumulative with the resident veteran business preference.

AND

c. **Santa Fe County Business Preference**

Santa Fe County Ordinance 2012-4 provides for a **County preference** for a "Santa Fe County business." Application of the County preference in procurement requires an Offeror to obtain and provide a Santa Fe County Business Certificate issued by the Santa Fe County Procurement Manager. Certification by the Procurement Manager takes into consideration the business' corporate standing in the state, business licensure or registration, the duration of the business' primary office location and the payment of taxes.

If an Offeror submits with its proposal a copy of its Santa Fe County Business Certificate issued by the Purchasing Manager, 5% of the total weight of all the evaluation factors used in the evaluation of proposals may be awarded to the Offerors score.

The Resident Business, Resident Veteran Business or Santa Fe County Business preferences do not apply to procurement of services or goods involving federal funds or federal grant funds.

27. Double-Sided Documents

All submitted bids/proposal documents shall be double-sided, pursuant to Santa Fe County Resolution 2013-7, Adopting Sustainable Resource Management Principles, Section 2. A.
