MEMORANDUM

DATE: November 15, 2021

TO: File

FROM: Bill Taylor, Procurement Manager *BT*

RE: **Sole Source Determination for the Purchase of Crash Data Retrieval Unit Upgrade Kit for the Sheriff's Office, Pursuant to NMSA 1978, 13-1-126. Sole Source Procurement, for an Amount of \$15,210.00, Inclusive of NM GRT.**

BACKGROUND & ISSUE:

In 2014 the Santa Fe County Sheriff's Office Traffic Homicide Team purchased and utilizes a Bosch Crash Data Retrieval (CDR) device that is no longer being supported by current software. This equipment assists Officers by retrieving valuable information, such as speed, direction of traffic, vehicle malfunctions, etc. from the vehicles "black information box".

Although the existing system is still operational and provides the crash data capabilities, the Sheriff's Office requests the purchase of the CDR 900 upgrade kit in order to continue the support and maintenance with the current software.

DETERMINATION

Due to the significant and critical need of this equipment as part of the operations of the Sheriff's Office, as well as the need to maintain standard operations within the Department, it has been determined that Bosch Automotive Services Solutions, Inc. and Bosch is the sole manufacturer of the CDR tool products. All other crash retrieval units utilize the Bosch product of tools.

It is therefore the determination of the Procurement Manager, CPO for the County that the purchase of the CDR 900 upgrade kit meets the requirements of a sole source procurement, pursuant to NMSA 1978, 13-1-126.

Contract Information:

Vendor: Bosch Automotive Service Solutions, Inc.
2030 Alameda Padre Serra
Santa Barbara, CA 93103-1716
(805) 880-9189

Services:

Crash Data Retrieval Upgrade Kit 917.8 Release), includes interface module and connection cables.

See attached quotation

\$ 15,210.00, inclusive of tax & shipping
