

**SERVICE AGREEMENT
BETWEEN SANTA FE COUNTY AND
REAL TIME SOLUTIONS, INC.**

THIS AGREEMENT is entered into this 1st day of October 2026, between **Santa Fe County**, a political subdivision of the state of New Mexico (the “County”), and **Real Time Solutions, Inc.**, 3820 Commons Avenue, Albuquerque, NM 87109 (the “Contractor”).

WHEREAS, the County requires a secure, web-based application for the collection, management, and monitoring of domestic well meter readings in accordance with the County’s Domestic Well Use Metering Program; and

WHEREAS, pursuant to NMSA 1978, Section 13-1-129 (Procurement under existing contracts) the Procurement Manager determines that these services may be procured without a competitive solicitation using Statewide Price Agreement No. 30-00000-23-00080CL; and

WHEREAS, the County requires the services of the Contractor and the Contractor is willing to provide the services.

NOW, THEREFORE, the parties agree as follows:

1. CONTRACTOR’S SERVICES

Develop a cloud-hosted, three-tier web-based platform that will allow individuals to report their annual well meter readings and allow the program administrator to track wells, manage program participants, and implement compliance action in accordance with the Santa Fe County Domestic Well Use Metering Program. The Contractor’s Services will be as proposed by the Contractor in the proposal dated July 2, 2026 (see Attachment A).

2. ADDITIONAL SERVICES

A. The parties agree that all tasks in Section 1 (Contractor’s Services) will be completed to the County’s satisfaction and for the amount stated Section 3 (Compensation, Invoicing and Set-off).

B. The County may request changes in the Contractor’s Services. Any changes to the Contractor’s services must be made by written amendment.

3. COMPENSATION, INVOICING AND SET-OFF

A. The total compensation payable to the Contractor will not exceed **\$98,000.00** *exclusive* of NM GRT. Any NM GRT levied on the amount payable under this Agreement will be paid by the Contractor.

B. The Contractor must submit a written request for payment to the County when payment is due. Upon the County’s receipt of the written request, the County will issue a written certification of complete or partial acceptance or rejection of the services for which payment is sought. The County will not make payment until the County issues a written certification accepting the services.

- 1) The County's representative for certification of acceptance or rejection of contractual items and services is Michael J.W. Carr, Environmental Compliance Officer, mcarr@santafecountynm.gov, (505) 992-9889, or other individual as may be designated by the County.
- 2) Within 30 days of the issuance of the certification accepting the services, the County will make payment for the services. If the County does not issue payment for accepted services within 30 days of the certification by the County, the County will pay a late payment fee of 1.5% per month until the amount due is paid in full.

C. If the Contractor breaches this Agreement, the County may, without penalty, withhold payments due the Contractor for the purpose of set-off until the County determines the exact amount of damages it suffered as a result of the breach.

D. The County's payment to Contractor will not foreclose the County's right to recover excessive or illegal payment.

4. EFFECTIVE DATE AND TERM

This Agreement will become effective on the date of last signature by the parties and will terminate one year from that date, unless earlier terminated under Section 5 (Termination) or 6 (Appropriations and Authorizations). The parties may agree to extend the term by written amendment.

5. TERMINATION

A. Termination for Cause. Either party may terminate this Agreement based upon a breach by the other party. The non-breaching party must give the breaching party written notice of termination stating the specific grounds for the termination. The termination will be effective 30 days from the breaching party's receipt of the notice, during which time the breaching party may cure the breach. If the breach cannot with due diligence be cured within 30 days, the breaching party will have a reasonable time to cure the breach, provided that, within the 30-day period, the breaching party began to cure the breach and advised the non-breaching party in writing that it intended to cure.

B. Termination for Convenience of the County. The County may terminate this Agreement at any time for any reason or no reason, by giving the Contractor written notice of termination. The notice must state the effective date of termination, which must not be less than 15 days from the Contractor's receipt of the notice. The County will pay the Contractor for acceptable services performed before the effective date of termination. The County will not be liable for any services performed by the Contractor after the date of termination.

6. APPROPRIATIONS AND AUTHORIZATIONS

The County's performance of the obligations under this Agreement is contingent upon sufficient appropriations and authorizations by the Board of County Commissioners of Santa Fe County, and if state funds are involved, the Legislature of the State of New Mexico. If sufficient appropriations and/ or authorizations are not made in this or future fiscal years, this Agreement must terminate upon

written notice by the County to the Contractor. A termination for non-appropriations or lack of authority will be without penalty to the County, and the County will not be required to reimburse the Contractor for expenditures made in the performance of this Agreement. The County is not committed to the expenditure of any funds until such time as they are programmed, budgeted, encumbered and approved for expenditure by the County. The County's decision regarding appropriations and authorization will be final and will not be subject to challenge by the Contractor in any way, or forum, including a lawsuit.

7. INDEPENDENT CONTRACTOR

The parties intend that the Contractor and its agents and employees will be independent contractors and not employees or agents of the County. Accordingly, the Contractor and its agents and employees will not accrue leave, participate in retirement plans, insurance plans, or liability bonding, use County vehicles, or participate in any other benefits afforded to County employees. Except as may be authorized in this Agreement, the Contractor has no authority to bind, represent, or otherwise act on behalf of the County.

8. ASSIGNMENT AND SUBCONTRACTING BY THE CONTRACTOR

A. The Contractor must not assign or transfer any interest in this Agreement or assign any claims for money due under this Agreement without the advance written approval of the County. Any attempted assignment or transfer in violation of this Agreement will be void.

B. The Contractor must not subcontract or delegate any portion of the services without the advance written approval of the County. Any attempted subcontract or delegation by the Contractor to a non-party in violation of this Agreement will be void.

9. CONTRACTOR'S PERSONNEL

A. The services in Section 1 (Contractor's Services) must be performed by the Contractor or under its supervision.

B. The Contractor states that it has, or will secure at the Contractor's expense, all personnel required to perform the services and obligations under this Agreement. Such personnel must not be employees of or have any contractual relationship with the County, and must be qualified and licensed by federal, state and local law to perform the services.

10. RELEASE

The Contractor's receipt of payments due under this Agreement serves as a release of the County, its elected officials, officers, agents and employees from all liabilities, claims, and obligations arising from this Agreement.

11. CONFIDENTIALITY OF COUNTY INFORMATION; CONFIDENTIALITY OF CONTRACTOR'S RECORDS OR INFORMATION; INDEMNITY

A. If applicable, any information that is confidential to the County and that may be provided to, or developed by the Contractor for the County as part of the Contractor's services under this Agreement, will be kept confidential and will not be made available to any individual or organization by the Contractor without the prior written approval of the County.

B. Contractor acknowledges that the County may be required to disclose certain of the Contractor's information or records that the Contractor considers to be confidential under the New Mexico Inspection of Public Records Act, NMSA 1978, §14-2-1 ("IPRA"). If the County receives an IPRA request for information that the Contractor has designated as confidential, the County will notify the Contractor. The Contractor must respond within ten calendar days stating whether it contends that the records or information is exempt from disclosure, the legal basis for that position, and an affidavit supporting its contention. A designation of "confidential", "proprietary", or "trade secret" by the Contractor is not binding on the County, and the County may not withhold records solely because the Contractor labels them as such. The County reserves the right to require the Contractor to obtain judicial relief declaring the designated materials confidential and prohibiting disclosure. If the Contractor fails to timely substantiate its claims of confidentiality, the County may proceed with disclosure as it deems appropriate under IPRA and applicable law.

C. If the County denies inspection of records at the Contractor's written request, the Contractor agrees to indemnify, defend, and hold harmless Santa Fe County and its elected officials, officers, employees, and agents from any claims, damages, liabilities, costs, attorney fees, or expenses arising from that denial.

12. PUBLICATION, REPRODUCTION, AND USE OF MATERIAL; COPYRIGHT

A. The County has the unrestricted right to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other material prepared under or pursuant to this Agreement.

B. The Contractor acknowledges and agrees that any material produced in whole or in part under or pursuant to this Agreement is a work made for hire. Accordingly, to the extent that any such material is copyrightable in the United States or in any other country, the County will own any such copyright.

13. CONFLICT OF INTEREST

The Contractor states that it does not have any interest that would conflict in any manner with the performance of the services and obligations under this Agreement.

14. AMENDMENT

This Agreement may not be modified, altered, changed, or amended orally. To be valid any amendment to this Agreement must be in writing signed by the parties.

15. ENTIRE AGREEMENT; INTEGRATION

This Agreement incorporates all the agreements and understandings between the parties and all agreements and understandings are merged into this Agreement. No prior or contemporaneous agreements or understandings, verbal or otherwise, of the parties will be valid or enforceable unless embodied in this Agreement.

16. NOTICE OF PENALTIES

The Procurement Code, NMSA 1978, Section 13-1-28, imposes civil and criminal penalties for its violation. In addition, New Mexico criminal statutes impose felony penalties for bribes, gratuities, and kickbacks.

17. EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE

A. The Contractor agrees to abide by federal, state, local laws, ordinances, and rules and regulations pertaining to equal employment opportunity and unlawful discrimination. The Contractor must not discriminate against any person with regard to employment with the Contractor or participation in any program or activity offered pursuant to this Agreement on the grounds of race, age, religion, color, national origin, ancestry, sex, physical or mental handicap, serious medical condition, spousal affiliation, sexual orientation, or gender identity.

B. The Contractor acknowledges that failure to comply with this Section will constitute a breach of this Agreement.

18. GOVERNING LAW

A. The Contractor will comply with all applicable laws, ordinances, and regulations, including Santa Fe County Ordinance 2014-1 (Establishing a Living Wage).

B. This Agreement will be construed in accordance the laws of the State of New Mexico without regard to its choice of law rules. The Contractor acknowledges that the exclusive forum for any litigation related to this Agreement will be state district courts of New Mexico, located in Santa Fe County.

19. RECORDS AND INSPECTIONS

A. To the extent its books and records relate to (i) its performance of this Agreement or any subcontract entered into pursuant to it or (ii) cost or pricing data (if any) set forth in this Agreement or that was required to be submitted to the County as part of the procurement process, the Contractor agrees to (i) maintain such books and records for a period of six years from the date of final payment under this Agreement; (ii) allow the County or its designee to audit such books and records at reasonable times and upon reasonable notice; and (iii) to keep such books and records in accordance with generally accepted accounting principles (GAAP).

B. To the extent its books and records relate to (i) its performance of this Agreement or any subcontract entered into pursuant to it or (ii) cost or pricing data (if any) set forth in this

Agreement or that was required to be submitted to County as part of the procurement process, the Contractor also agrees to require any subcontractor it may hire to perform its obligations under this Agreement to (i) maintain such books and records during the term of this Agreement and for a period of six years from the date of final payment under the subcontract; (ii) to allow the County or its designee to audit such books and records at reasonable times and upon reasonable notice; and (iii) to keep such books and records in accordance with GAAP.

20. INDEMNIFICATION

A. The Contractor shall indemnify the County and its elected officials, agents, and employees from any liabilities, damages, demands, suits, costs or expenses, including court costs and legal fees, resulting from the Contractor's performance or non-performance of its obligations under this Agreement.

B. The County may control and participate in the defense of any demand, suit, or cause of action that relate to the County. No matter will be settled without the County's consent. Consent must not be unreasonably withheld.

C. The Contractor's obligations under this indemnification section will not be limited by the terms of the insurance policy the Contractor is required to maintain under this Agreement.

21. SEVERABILITY

If any provision of this Agreement is held invalid or non-enforceable by a court of competent jurisdiction, other provisions will not be affected and will remain valid and enforceable.

22. NOTICE

Notice required to be given to either party must be in writing and delivered in person, by courier service or by U.S. mail, either first class or certified, return receipt requested, postage prepaid, to:

The County: Santa Fe County
Public Works Department
Attn: Michael J.W. Carr, Environmental Compliance Officer
424 Frontage Rd. NM-599
Santa Fe, NM 87504
(505) 995-9515
mcarr@santafecountynm.gov

The Contractor: Real Time Solutions
Attn: Robbie C de Baca, VP of Business Development
3820 Commons Ave
Albuquerque, NM 87109
(505) 830-0414
Robbie@rtsolutions.com

23. CONTRACTOR REPRESENTATIONS

The Contractor represents that:

A. This Agreement is duly authorized by the Contractor, the person signing this Agreement has authority to do so, and once signed by the Contractor, this Agreement will constitute a binding obligation of the Contractor.

B. The terms of this Agreement do not conflict with Contractor's corporate agreement or any statement that may be filed with the New Mexico Secretary of State.

C. The Contractor is legally registered and is properly licensed by the State of New Mexico to provide the services and will maintain such registration and licensure for the term of this Agreement.

24. FAX OR ELECTRONIC SIGNATURE

A fax or electronic signature will have the same force and effect as an original signature.

25. NO THIRD-PARTY BENEFICIARIES

The parties do not intend by this Agreement to create any rights in any non-parties.

26. CONTRACTOR'S INSURANCE

A. General. The Contractor must submit evidence of insurance as is required in this Section. The Contractor's policies of insurance must be written by a company authorized to provide insurance in the state of New Mexico.

B. Liability Insurance, Including Automobile. The Contractor must maintain a comprehensive general liability and automobile insurance policy with liability limits in amounts not less than \$1,000,000.00 combined single limits of liability for bodily injury, including death, and property damage for any one occurrence. Contractor's insurance must include coverage for all services and work performed for the County under this Agreement; coverage for the use of all owned, non-owned, hired automobiles, vehicles and other equipment, both on and off work; and contractual liability coverage under which this Agreement is an insured contract. Santa Fe County must be a named an additional insured on the Contractor's policy.

C. Increased Limits. If the Legislature of the State of New Mexico increases the maximum limits of liability under the New Mexico Tort Claims Act, the Contractor must increase the maximum limits of any insurance required under this Agreement.

27. PERMITS AND FEES

Contractor will procure all permits, licenses, and pay all fees associated with the performance of the services and the Contractor's obligations under this Agreement.

28. NEW MEXICO TORT CLAIMS ACT

No provision of this Agreement will modify or waive the sovereign immunity or limitation of liability enjoyed by County or its public employees at common law or under the New Mexico Tort Claims Act, NMSA 1978, Section 41-4-1, as amended.

29. CAMPAIGN CONTRIBUTION DISCLOSURE

The Contractor must complete and submit simultaneous with signing this Agreement, the Santa Fe County Campaign Contribution Disclosure form.

30. SURVIVAL

The provisions of the following paragraphs will survive termination of this Agreement: Indemnification, Records and Inspection; Release; Confidentiality; and Choice of Law.

The parties execute this Agreement as of the date of last signature by the parties.

- Postgres
- Oracle
- SQLite
- Amazon Cloud Computing

Scope of Work

Santa Fe County requires a secure, web-based application for the collection, management, and monitoring of domestic well meter readings in accordance with the SF County Domestic Well Use Metering Program.

This system will:

- Replace legacy PDF form submissions.
- Integrate with external data systems (OSE NMWRRS and Geocivix (SF County will manually access data from Geocivix for Database)).
- Provide automated compliance tracking and alerts.
- Generate administrative reports and analytics dashboards.

2. System Overview

The proposed system is a cloud-hosted, three-tier web application consisting of:

- **Frontend (Presentation Layer):** Public web portal and administrative dashboard
- **Backend (Application Layer):** manages business logic, validation, and data orchestration.
- **Database Layer:** well, owner, and meter data.

3. Functional Requirements

3.1 Public User Portal

- **Authentication:**
 - Constituents may access the system using POD Number or Owner Name verification.
- **Meter Reading Submission (Annually):**
 - Input Fields: Basin (Rio Grande [RG] or Estancia[E], Number (Water Rights File Number or "POD#"), Photo [picture of well], Reading Date, Meter Reading Value (Gallons), Comments.
 - System automatically associates record with the registered well and owner.
 - Well Selection Menu (Some Water Rights File Number(WRFN) may have multiple wells tied to them. A well selection menu of the wells associated with the WRFN would allow reporters to select the correct unit)
 - Validation logic ensures readings are numeric and greater than previous reading.
 - "Help" buttons with instructions on how to find your Water Rights File Number (editable by the application administrator). Potentially a quick search feature that

allows users to search by “owner name” to see if their associated well (POD#) is in our database.

- **Confirmation Receipt:**

- On submission, the system generates a confirmation number and timestamp.
- Users receive an automated email receipt

3.2 Administrative Portal

- **Dashboard:**

- Overview of total wells, submissions received, non-compliant wells, and flagged users.
- Filter by year, owner, subdivision, or POD#,

- **Data Management:**

- CRUD (Create, Read, Update, Delete) operations for well data, owner records, and meter IDs.
 - Potential values: Coordinates (X,Y), Meter Make, Water Right #, POD # (typically the same as water right, but sometimes there is no water right number), Meter Rec# (Meter #), Meter Serial Number, Meter Multiplier, Meter Type, Number of Dials, Unit of Measure, Property Owner(s) Name, Property Owner(s) mailing address, Property Owner(s) email address, Property Owner(s) Phone Number .
 - [NMWRRS](#)
 - Geocivix (SF County will manually access data from Geocivix for Database).
- Import/export to CSV or Excel.
- Viewable Table of Generated Confirmation Receipts

- **Compliance Engine:**

- Automated calculation of annual usage (Δ Reading $\times$ Conversion Factor).
- Comparison to user-specific allocation (default 0.25 acre-feet/year).
- Flagging of (Manually override capability – Unflag):
 - Non-submitted readings by April 30.
 - Over-allocation usage.
 - 10-year meter calibration overdue.

- **Alert Management:**

- View, filter, and override system-generated compliance alerts.
- Generate letters or emails directly from dashboard templates.

3.3 Automation and Notifications

- Scheduled job runs nightly:
 - Checks for unsubmitted readings past April 30.
 - Flags over-allocation users.
 - Queues emails for distribution.
- Annual job executes each January 1:
 - Generates reminder notifications to all active users.
 - Marks records for new reporting cycle.
- **Email Service Integration:**
 - AWS Simple Email Service
 - All messages logged in database with timestamp and status (sent/delivered/failed).

Task Name	Duration
Phase 1 – Perform Needs Assessment/Analysis	3 Weeks
Phase 2 – Conceptual Design and Screens	4 Weeks
Phase 3 - Development Phase	12 Weeks
Phase 4 – Testing	3 Weeks
Phase 5 – Deployment	1 Weeks

Title: Information Technology Professional Services

This amendment is to be attached to the respective Contract and become a part thereof.

This amendment is issued to reflect the following effective immediately:

Revise Article 28 – Notices to update NM DoIT contact details and contractor address.

See Amendment No. 2 for details.

Except as modified by this amendment, the provisions of the Contract shall remain in full force and effect.

State of New Mexico**General Services Department, State Purchasing Division**
Information Technology Agreement**General Services Contract Amendment**
Statewide Price Agreement No.: 30-00000-23-00080CL
Amendment No.: Two

THIS AGREEMENT is made and entered into by and between the State of New Mexico, **General Services Department, State Purchasing Division**, hereinafter referred to as the "Procuring Agency," and **Real Time Solutions, Inc.**, hereinafter referred to as the "Contractor".

The purpose of this Amendment is to amend Article 28 – Notices to update DoIT contact details and contractor address.

IT IS MUTUALLY AGREED BETWEEN THE PARTIES THAT THE FOLLOWING PROVISIONS OF THE ABOVE-REFERENCED CONTRACT ARE AMENDED AS FOLLOWS:

1. Article 28 – Notices

Article 28 – Notices is hereby amended to read as follows:

All deliveries, notices, requests, demands, or other communications provided for or required by this Agreement shall be in writing and shall be deemed to have been given when sent by registered or certified mail (return receipt requested), when sent by overnight carrier, or upon telephone confirmation by Contractor to the sender of receipt of a facsimile communication that is followed by a mailed hard copy from the sender. Notices shall be addressed as follows:

For State Purchasing Agent

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a \$1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: GSD.SPDinfo@state.nm.us

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at GSD.SPDinfo@state.nm.us and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at GSD.SPDinfo@state.nm.us and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a \$1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to GSD.SPInfo@state.nm.us and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:

<https://support.docusign.com/guides/signer-guide-signing-system-requirements>

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to “I agree to use electronic records and signatures,” before you click “CONTINUE” within the DocuSign system.

By selecting the check-box next to “I agree to use electronic records and signatures,” you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

Title: Information Technology Professional Services

This amendment is to be attached to the respective Contract and become a part thereof.

This amendment is issued to reflect the following effective immediately:

Revise Article 33 – Additional Provisions

See Amendment No. 1 for details.

Except as modified by this amendment, the provisions of the Contract shall remain in full force and effect.

State of New Mexico**General Services Department, State Purchasing Division**
Information Technology Agreement**General Services Contract Amendment**
Statewide Price Agreement No.: 30-00000-23-00080CL
Amendment No.: One

THIS AGREEMENT is made and entered into by and between the State of New Mexico, **General Services Department, State Purchasing Division**, hereinafter referred to as the "Procuring Agency," and **Real Time Solutions, Inc.**, hereinafter referred to as the "Contractor".

The purpose of this Amendment is to revise Article 33 – Additional Provisions in its entirety.

IT IS MUTUALLY AGREED BETWEEN THE PARTIES THAT THE FOLLOWING PROVISIONS OF THE ABOVE-REFERENCED CONTRACT ARE AMENDED AS FOLLOWS:

1. **Article 33 – Additional Provisions**

a. Reporting:

The Contractor agrees to provide a utilization report on all sales/or services and other revenues (including commissions charged) and fees to the agreement administrator in accordance with the following schedule:

Quarter:	Period Ending:	Report and Fee Due Date:
First	September 30	October 31
Second	December 31	January 31
Third	March 31	April 30
Fourth	June 30	July 31

Contractor agrees to utilize the New Mexico Quarterly Sales report provided by State Purchasing Division. The sales report shall include the gross total sales and other revenues including commissions charged for the period subtotaled by Procuring Agency or local public body name. Even if the Contractor experiences zero sales during the quarter, a report shall still be submitted. Detailed instructions can be found on page one of the excel Quarterly Sales Report.

Reports must be submitted via email to:

GSD.QuarterlyUsageR@gsd.nm.gov

New Mexico State Purchasing Division Quarterly Sales Report- template can be located at:

<http://www.generalservices.state.nm.us/statepurchasing/resourcesandinformation.aspx#Vendors>

A list of New Mexico State Agencies can be located at:

<https://www.nm.gov/departments-and-agencies/>

b. Fees:

The Contractor agrees to remit an administrative reporting fee payable by check to the New Mexico State Purchasing Division for an amount equal to **one percent (1.00 %)** of the total sales and other revenues derived from the New Mexico State Agencies and local public bodies. The Contractor shall indicate the contract number **30-00000-23-00080CL** on the quarterly sales report and remit payment, no later than thirty days following the end of each quarter. State Purchasing Division only accepts check payments.

Payments must be submitted via U.S. mail to:

New Mexico State Purchasing Division

Attention: Compliance

P.O. Box 6850, Santa Fe, New Mexico 87502

All other Articles and Deliverables of the original contract remain the same.

IN WITNESS WHEREOF, the Parties hereby execute this Agreement, which will take effect on the last signature date of the required approval authorities below. Each of the signatories, below, may execute this Agreement by hard copy original, facsimile, digital or electronic signature, any of which shall be deemed to be a true and original signature hereunder.

Electronic Record and Signature Disclosure		

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a \$1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: GSD.SPDinfo@state.nm.us

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at GSD.SPDinfo@state.nm.us and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at GSD.SPDinfo@state.nm.us and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a \$1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to GSD.SPInfo@state.nm.us and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:

<https://support.docusign.com/guides/signer-guide-signing-system-requirements>

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to “I agree to use electronic records and signatures,” before you click “CONTINUE” within the DocuSign system.

By selecting the check-box next to “I agree to use electronic records and signatures,” you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.

STATE OF NEW MEXICO

General Services Department, State Purchasing Division
Information Technology Agreement

STATEWIDE PRICE AGREEMENT NO. 30-00000-23-00080CL

This Information Technology Professional Services Statewide Price Agreement (“SWPA”) is made by and between the State of New Mexico, **General Services Department, State Purchasing Division**, and **Real Time Solutions, Inc.**, hereinafter referred to as the “Contractor”, who are collectively referred to as the “Parties”.

WHEREAS, pursuant to the Procurement Code, NMSA 1978 13-1-28 *et. seq.*; and Procurement Code Regulations, NMAC 1.4.1 *et.seq.*; Contractor has held itself out as expert in providing the Information Technology Professional Services (“ITPS”) identified in the Scope of Work contained herein, and the General Services Department has selected the Contractor as an offeror advantageous to the State of New Mexico for providing such services; and

WHEREAS, all terms and conditions of the **30-00000-23-00080CL** IT Professional Services Request for Proposals and the Contractor’s response to such document(s) are incorporated herein by reference; and

NOW, THEREFORE, IT IS MUTUALLY AGREED BETWEEN THE PARTIES:

ARTICLE 1 – DEFINITIONS

- A. “Acceptance” or “Accepted” mean the approval, after Quality Assurance, of all Deliverables by an Executive Level Representative of the Procuring Entity.
- B. “Application Deployment Package” means the centralized delivery of business-critical applications including the source code (for custom software), documentation, executable code and deployment tools required to successfully install application software fixes including additions, modifications, or deletions produced by the Contractor.
- C. “Business Days” means Monday through Friday, 7:30 a.m. (MST or MDT) to 5:30 p.m. except for federal or state holidays.
- D. “Change Request” means a request to modify an express provision of a Professional Services Agreement entered pursuant to this SWPA, including a request to amend any such Agreement.
- E. “Chief Information Officer (CIO)” means the Cabinet Secretary/CIO of the Department of Information Technology for the State of New Mexico, or the CIO of a Procuring Entity, or the Designated Representative of a CIO.
- F. “Confidential Information” means any information that is not subject to inspection under the Inspection of Public Records Act.

- G.** “Contract” means any agreement for the procurement of items of tangible personal property, services or construction.
- H.** “Contractor” means any entity that has a contract with a Procuring Entity.
- I.** “Contractor Intellectual Property” means any and all proprietary information owned by, licensed to or created by a Contractor, other than Procuring Entity Intellectual Property.
- J.** “Contract Manager” means a Qualified person from the Procuring Entity responsible for all aspects of the financial administration of a Professional Services Agreement. The same person may serve as the Contract Manager and the Executive Level Representative.
- K.** “Default” or “Breach” means a failure to perform an obligation owed under this SWPA, or under a Professional Services Agreement entered pursuant to this SWPA, or preventing another Party’s performance of its obligations under either agreement.
- L.** “Deliverable” means any verifiable outcome, result, service or product that must be delivered, developed, performed or produced by the Contractor as defined by the Scope of Work in a Professional Services Agreement.
- M.** “Designated Representative” means a substitute(s) for a title or role, when the primary is not available.
- N.** “Desirable” – the terms “may,” “can,” “should,” “preferably,” or “prefers” identify a desirable or discretionary item or factor.
- O.** “Determination” means the written documentation of a decision of a procurement officer including findings of fact required to support a decision. A determination becomes part of the procurement file to which it pertains.
- P.** “DoIT” means the Department of Information Technology.
- Q.** “Enhancement” means any modification including addition(s), modification(s), or deletion(s) that, when made or added to a device, code, software, application or program, materially changes its utility, efficiency, functional capability, or application, but does not constitute solely an error correction.
- R.** “Escrow” means holding any property or instructions by a third-party agent, pursuant to the terms and conditions of an escrow agreement that specifies contingencies that trigger actions by the escrow agent.
- S.** “Executive Level Representative or ELR” means the individual empowered with the authority to represent and make decisions on behalf of the Procuring Entity’s executive or his/her Designated Representative. An ELR and a Contract Manager may be the same person.
- T.** “GRT” means New Mexico gross receipts tax.
- U.** “Hosting” means providing data storage, transfer and retrieval processes, and also includes all services relating to ongoing operation and maintenance of a data storage, transfer and retrieval system. Hosting also refers to Software as a Service (SaaS) and similar solutions. “Hosting” does not mean professional services relating to the design or implementation of a “Hosting” solution.
- V.** “Independent Verification and Validation (IV&V)” means the process of evaluating a Project and the Project’s product to determine compliance with specified requirements and the process of determining whether the products of a given development phase fulfill the requirements established during the previous stage, both of which are performed by an entity independent of the Procuring Entity.
- W.** “IT” means Information Technology.
- X.** “Know How” means all tangible and intangible property or information including, but not limited to, all equipment, devices, documents, drawings, flow charts, plans, proposals, records,

notes, memoranda, manuals and other tangible items containing, relating or causing the enablement of any Procuring Entity Intellectual Property or Deliverable under a Professional Services Agreement.

Y. “Payment Invoice” means a Contractor’s request for payment of Services issued in compliance with Article 3 of this Agreement.

Z. “Price Agreement (SWPA)” means a definite quantity contract or indefinite quantity contract which requires the contractor to furnish items of tangible personal property, services or construction to a state agency or a local public body which issues a Professional Services Agreement, if the ordered services are within the scope of work and quantity limitations of the Price Agreement.

AA. “Procuring Entity” means any eligible user who enters into a Professional Services Agreement to procure services offered under this SWPA.

BB. “Procuring Entity Intellectual Property” means any-and-all proprietary information, confidential information, or Know How owned by, licensed to, or created for a Procuring Entity.

CC. “Professional Services Agreement (PSA)” means contracts used to procure specific professional services or deliverables off of a SWPA, as provided in Article 2(B).

DD. “Project” means a temporary endeavor undertaken to solve a well-defined goal or objective with clearly defined start and end times, a set of clearly defined tasks, and a budget.

EE. “Project Manager” means a Qualified person designated or accepted by the Procuring Entity to be responsible for overseeing and coordinating a Project from initiation to close.

FF. “Qualified” means demonstrated experience performing specified Professional Services.

GG. “Quality Assurance” means a planned and systematic pattern of all actions necessary to provide adequate confidence that a Deliverable conforms to established requirements, customer needs, and user expectations.

HH. “Services” means the tasks, functions, and responsibilities assigned and delegated to the Contractor under this Agreement.

II. “Staff Augmentation” or “Staff Aug” means the procurement of professional services that cannot be performed by Procuring Entity staff because of a staffing shortage resulting from employee leave, staff position vacancies or staffing budget limitations. These terms do not refer to the procurement of project specific ITPS.

JJ. “State Purchasing Agent (SPA)” means the State Purchasing Agent for the State of New Mexico or his/her Designated Representative.

KK. “State Purchasing Division (SPD)” means the State Purchasing Division of the General Services Department for the State of New Mexico.

LL. “Software” means all operating system and application software used by the Contractor to provide the Services under this Agreement.

MM. “Operation and Maintenance” means the set of activities which ensure consistent implementation of the originally Accepted (baseline) product set, or that result in corrections, insertions, deletions, extensions, and Enhancements to the baseline system to ensure promised functionality.

NN. “Source Code” means the human-readable programming instructions organized into sets of files which represent the business logic for an application.

OO. “Turnover Plan” means the written plan developed by the Contractor and approved by the Procuring entity in the event that the work described in this Agreement transfers to another vendor

or the Procuring Entity.

PP. “Unit Rate” means a pricing mechanism linked to a period of time (e.g., hourly, daily, weekly), to a quantity (e.g., per item, per-person, per-device, per location), to an event (e.g., per-call, per-visit, per-scan) or to some combination of these.

Additional Definitions Specific to IT Professional Services:

1. “Experience Level” means the number of years of experience for the subject IT Professional Service Category, and includes the following levels:
 - a. Junior level is (between) 1 - 4 years;
 - b. Mid-level is (more than) 4 years and (less than) 7 years; or
 - c. Senior level is (more than) 7 years.
2. “Funding Commitment Achieved” means the Federal E-Rate funding achieved for the customer.
3. “IT Professional Services (ITPS)” mean the IT Professional Service Categories defined in Article 26, excluding:
 - a. Any form of tangible personal property,
 - b. Equipment,
 - c. Hardware,
 - d. Software, Licensed software,
 - e. Website software tools, hosting or internet access,
 - f. Transport of voice or data communications outside the requirement of the service categories. For example, website application development and maintenance and support are included. However, Website software tools, hosting or Internet access are out of scope,
 - g. Subscription services other than Information Technology Research and Advisory Services. Subscription services for all other Categories are excluded.
4. “IT Professional Services Categories” means IT Professional Services for which Contractor has been awarded a SWPA, and specifically identified in Exhibit A to this Agreement. The IT Professional Services defined for all categories are provided in Article 26 of this Agreement.
5. “Key Staff” means the Qualified Personnel proposed as the client engagement manager/key point of contact and proposed technical lead(s) for each IT Professional Service Category.
6. “Local Area Network (LAN)” means a high-speed communications system optimized for connecting information-processing equipment within a building or group of buildings.
7. “Maximum Hourly Rate” means the proposed fully loaded maximum hourly rates that include travel and travel time, per diem, fringe benefits and any overhead costs for contractor personnel, as well as subcontractor personnel. This rate does not include state gross receipts tax or local taxes.
8. “Public School Capital Outlay Council (PSCOC)” means the body with responsibility to approve allocations for public school capital outlay assistance.
9. “Public School Facilities Authority (PSFA)” means the agency under the PSCOC charged with responsibility for overseeing projects and shall serve as the owner's representative for work performed under this RFP.

10. "Qualified Personnel" means employees or subcontractors employed by the Contractor who, by possession of a recognized degree, certificate, or professional standing, or by extensive knowledge, training and experience, has successfully demonstrated ability to identify and solve or resolve problems relating to the subject matter, the work, or the project and, when required, is properly licensed in accordance with federal, state, or local laws and regulations.
11. "Staff Augmentation" or "Staff Aug" means the procurement of professional services that cannot be performed by Procuring Entity staff because of a staffing shortage resulting from employee leave, staff position vacancies or staffing budget limitations. These terms do not refer to the procurement of project specific IT professional services.
12. "Subscription Services" means a business model that a customer pays a recurring price to use or access and shall apply only to IT Professional Service Category 11, "Information Technology Research and Advisory Services and as defined in IT Professional Services in item (3.g) above." Subscription services for all other service categories are excluded.

ARTICLE 2 – SCOPE OF WORK

A. SWPA Scope of Work. The scope of work is to establish multiple statewide price agreements of qualified vendors based on standards across all IT Professional Services, from which state agencies and other eligible purchasers can select from various qualified IT Professional Services Contractors. The various IT Professional Services are limited to those defined in Article 26 of this Agreement. Contractors are to assume that all on-site work will be performed at a Procuring Entity office in New Mexico unless otherwise approved by the Procuring Entity contracting for services. The items NOT included in the scope of this Agreement are defined in Article 1(3).

B. PSA Scope of Work. Contractor shall provide those Professional Services that are required to accomplish the Scope of Work established in Exhibit 1 to a PSA. Links to the PSA are provided below:

1. [Professional Services Agreement \(PSA\) for Non-Staff Augmentation](#)
2. [Professional Services Agreement \(PSA\) for Staff Augmentation](#)

C. Performance Measures. The Contractor shall substantially perform to the satisfaction of the Procuring Entity the Performance Measures set forth in this SWPA and in a PSA.

D. Schedule. The Contractor shall meet the due dates, as set forth in Exhibit 1 to a PSA.

E. Subscription Service. If a PSA procures a subscription service, Contractor hereby grants Procuring Entity a non-exclusive, irrevocable license to use, the service, and any and all updates, corrections, and revisions to the service, for the term specified in the PSA.

F. Procuring Entity IP Rights.

1. Rights to Software. The Procuring Entity will own all rights, title, and interest in and to the Procuring Entity's Intellectual Property, Know-How, and the Deliverables, provided by the Contractor. The Contractor will take all actions necessary and transfer ownership of the Deliverables, Procuring Entity Intellectual Property and Know How to the Procuring Entity, without limitation, on Final Acceptance or as otherwise provided in a PSA.

2. Proprietary Rights. The Contractor will reproduce and include the State of New Mexico's copyright and other proprietary notices and product identifications provided by the Contractor on such copies, in whole or in part, or on any form of Procuring Entity Intellectual Property.

3. Rights to Data. Any and all Procuring Entity data stored on the Contractor's servers or within the Contractor's custody is the sole property of the Procuring Entity. The Contractor, subcontractor(s), officers, agents and assigns shall not make use of, disclose, sell, copy or reproduce the Procuring Entity's data in any manner, or provide it to any entity or person outside of the Procuring Entity without the express written authorization of the Procuring Entity. Contractor shall protect Procuring Entity data as required by law or a PSA, and in no case with less rigor than Contractor uses to protect its own confidential data.

ARTICLE 3 – COMPENSATION

A. Basis of Compensation. Procuring Entity will pay Contractor pursuant to Paragraph B of this section, subject to the maximum price set for each Deliverable stated in the PSA, less retainage, if any, identified in that agreement.

The applicable unit prices for professional services by category are set forth in Exhibit A to this SWPA.

Upon request of the Procuring Entity, Contractor shall provide satisfactory evidence of applicable unit pricing.

B. Maximum Compensation. Total maximum compensation for a procurement off of this SWPA shall be specified in the PSA, and shall be inclusive of estimated GRT, as applicable. This amount is the maximum total amount; it is not a guarantee that the work to be performed by Contractor, and the total of the corresponding payments that Procuring Entity pays to Contractor, will equal the maximum total amount. In no event will Procuring Entity pay Contractor for any amount that exceeds the maximum total amount without the PSA being amended in writing.

C. Invoicing. Procuring Entity shall pay Contractor upon Procuring Entity's Acceptance of Contractor's detailed and certified Payment Invoice(s). Each Payment Invoice shall identify the Deliverable and, as applicable, unit pricing. Unit pricing shall specify the unit price category, associated price, the number of units delivered per price category, the total invoiced amount for the number of units delivered per price category, the tax locations where services were performed and received, the applicable GRT rate and the GRT amount. Unless otherwise specified in a PSA,

Contractor shall submit invoices monthly, and upon the acceptance of each Deliverable. Contractor shall create and maintain contemporaneous time and expenditure records that indicate the date, time, nature, personnel and unit rate of services rendered pursuant to a PSA, and provide those records to the Procuring Entity upon request.

The invoiced amount for a deliverable shall be the lesser of the itemized billings for the actual units delivered based on the unit rate pricing specified in a PSA, or the maximum total amount specified for a deliverable, less any retainage. Procuring Entity will not pay more than the maximum total amount if billed units exceed the maximum total amount.

D. Taxes. Contractor and its subcontractors, if any, will pay all Federal, State and local income and other taxes and government fees applicable to its operation(s) as well as the taxes and fees associated with Contractor's employment of its Employees. Contractor will require its subcontractors, if any, to hold Procuring Entity harmless from any responsibility for taxes, damages, fees and interest, if applicable, as well as any and all contributions required under Federal and/or state and local laws and regulations, including any other costs, transaction privilege taxes, unemployment compensation insurance, Social Security and Worker's Compensation. Contractor must report its GRT, income tax and other tax obligations under Contractor's Federal and State tax identification number(s).

E. Retainage. A PSA may include a Retainage provision that authorizes the Procuring Entity to retain a percentage of the amount due under each Contractor invoice pending interim or final acceptance of a Deliverables or Deliverables. A Procuring Entity shall release all retained amounts to Contractor as specified in a PSA.

F. Rate Changes.

1. Maximum Unit Rates shall not increase for the four-year term of this Agreement. Contractor may request annual rate increases, that shall not exceed the increase in the Consumer Price Index since the last rate setting. At any time during the term of this Agreement, Maximum Unit Rate reductions are encouraged and shall be submitted to DoIT and SPD for review and approval resulting in a written amendment to the SWPA. Authorized price increases under this Agreement shall only be applied prospectively, and shall not apply to an existing PSA.

2. A Procuring Entity is encouraged to negotiate pricing, not to exceed the maximum price for services awarded, with any Contractor on a SWPA.

3. This Agreement may not be extended if the Contractor does not adhere to all terms and conditions of this Agreement, including administrative reporting and fee submission.

4. The Contractor, its employee(s) and subcontractor(s), if any, shall be independent contractors and not employees of the State of New Mexico.

5. Contracts issued under this Agreement, shall be performed under the direction of a Procuring Entity and services will be performed only as specified in an executed PSA.

ARTICLE 4 – ACCEPTANCE

A. Acceptance. In accord with Section 13-1-158 NMSA 1978, the Executive Level

Representative shall determine if the Deliverable provided meets specifications. No final payment or release of retainage shall be made for any Deliverable until the individual Deliverable that is the subject of the Payment Invoice has been Accepted, in writing, by the Executive Level Representative. In order to Accept the Deliverable, the Executive Level Representative, in conjunction with the Project Manager, will assess the Quality Assurance level of the Deliverable and determine, at a minimum, that the Deliverable:

1. Complies with the Deliverable requirements as defined in Article 2 and Exhibit 1 to the PSA.
2. Complies with the terms and conditions of the SWPA and PSA.
3. Meets the performance measures for the Deliverable(s) specified in the PSA and this Agreement;
4. Meets or exceeds the generally accepted industry standards and procedures for the deliverable(s); and
5. Complies with all the requirements of this SWPA and the PSA.

If the Deliverable is deemed Acceptable under Quality Assurance by the Executive Level Representative or their Designated Representative, the Executive Level Representative will notify the Contractor of Acceptance, in writing, within twenty (20) Business Days from the date the Executive Level Representative receives the Deliverable(s) and accompanying Payment Invoice.

B. Rejection. Unless the Executive Level Representative gives notice of rejection within the twenty (20) Business Day Acceptance period, the Deliverable will be deemed to have been Accepted. If the Deliverable is deemed unacceptable under Quality Assurance, twenty (20) Business Days from the date the Executive Level Representative receives the Deliverable(s) and accompanying Payment Invoice, the Executive Level Representative will send a consolidated set of comments indicating issues, unacceptable items, and/or requested revisions accompanying the rejection. Upon rejection and receipt of comments, the Contractor will have twenty (20) Business Days to resubmit the Deliverable to the Executive Level Representative with all appropriate corrections or modifications made and/or addressed. The Executive Level Representative will again determine whether the Deliverable(s) is Acceptable under Quality Assurance and provide a written determination within fifteen (15) Business Days of receipt of the revised or amended Deliverable. If the Deliverable is once again deemed unacceptable under Quality Assurance and thus rejected, the Contractor will be required to provide a remediation plan that shall include a timeline for corrective action acceptable to the Executive Level Representative. The Contractor shall also be subject to all damages and remedies attributable to the late delivery of the Deliverable under the terms of this Agreement and available at law or equity. In the event that a Deliverable must be resubmitted more than twice for Acceptance, the Contractor shall be deemed as in breach of this Agreement.

The Procuring Entity may seek any and all damages and remedies available under the terms of this Agreement and available at law or equity. Additionally, the Procuring Entity may terminate this Agreement.

ARTICLE 5 – TERM

THIS AGREEMENT SHALL NEITHER BE EFFECTIVE NOR BINDING UNTIL APPROVED BY THE STATE PURCHASING AGENT.

The initial term of the Agreement shall be for four (4) years, effective upon signature of the last of all required signatories. The contract term, including extensions and renewals, shall not exceed four (4) years, except as set forth in Section 13-1-150 NMSA 1978.

ARTICLE 6 – TERMINATION

A. Grounds. A Procuring Entity may terminate a PSA for convenience or cause. The Contractor may only terminate a PSA based upon an uncured, material breach of the PSA by the Procuring Entity.

B. Appropriations. A Procuring Entity may terminate a PSA, if required by changes in State or federal law, or because of court order, or because of insufficient appropriations made available by the United States Congress and/or the New Mexico State Legislature for the performance of a PSA. The Procuring Entity's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final. If the Procuring Entity terminates this Agreement pursuant to this subsection, the Procuring Entity shall provide the Contractor written notice of such termination at least fifteen (15) Business Days prior to the effective date of the termination.

C. Entity Opportunity to Cure.

1. Except as otherwise provided in Paragraph (3), the Procuring Entity shall give Contractor written notice of termination of a PSA at least thirty (30) days prior to the intended date of termination.

2. Contractor shall give Procuring Entity written notice of termination at least thirty (30) days prior to the intended date of termination, which notice shall identify:

(i) all the Procuring Entity's material breaches of this SWPA or the PSA upon which the termination is based; and

(ii) state what the Procuring Entity must do to cure such material breaches. Contractor's notice of termination shall only be effective:

a. if the Procuring Entity does not cure all material breaches within the thirty (30) day notice period; or

b. in the case of material breaches that cannot be cured within thirty (30) days, the Procuring Entity does not, within the thirty (30) day notice period, notify the Contractor of its intent to cure and begin with due diligence to cure the material breach.

3. Notwithstanding the foregoing, a Procuring Entity may immediately terminate a PSA upon written notice to the Contractor if:

- (i) the Contractor becomes unable to perform the services contracted for, as determined by the Procuring Entity;
- (ii) during the term of the PSA , the Contractor is suspended or debarred by the State Purchasing Agent; or
- (iii) the PSA is terminated pursuant to Paragraph B of this Article.

D. Liability. Except as otherwise expressly allowed or provided under this SWPA or the PSA, the Procuring Entity's sole liability upon termination shall be to pay for acceptable work performed prior to the termination date; provided, however, that a termination shall not nullify or otherwise affect either party's liability for pre-termination defaults under or breaches of this SWPA or PSA. The Contractor shall submit an invoice for such work within thirty (30) days of the termination date of a PSA. THIS PROVISION IS NOT EXCLUSIVE AND DOES NOT WAIVE THE PROCURING ENTITY'S OTHER LEGAL RIGHTS AND REMEDIES CAUSED BY THE CONTRACTOR'S DEFAULT OR BREACH OF THIS AGREEMENT OR A PSA.

ARTICLE 7 – TERMINATION MANAGEMENT

A. Contractor. In the event a PSA is terminated for any reason, or upon expiration of the PSA, and in addition to all other rights set forth in this Agreement and the PSA, the Contractor shall:

1. Transfer, deliver, and/or make readily available to the Procuring Entity property in which the Procuring Entity has a financial interest and any and all data, Know How, Intellectual Property, inventions, data or property of the Procuring Entity;
2. Incur no further financial obligations for materials, Services, or facilities under the PSA without prior written approval of the Procuring Entity;
3. Terminate all purchase orders or procurements and any subcontractors and cease all work, except as the Procuring Entity may direct, for orderly completion and transition;
4. Take such action as the Procuring Entity may direct, for the protection and preservation of all property and all records related to and required by this Agreement;
5. Agree that the Procuring Entity is not liable for any costs arising out of termination and that the Procuring Entity is liable only for costs of Deliverables Accepted prior to the termination of the Agreement;
6. Cooperate fully in the closeout or transition of any activities to permit continuity in the administration of Procuring Entity's programs;
7. In the event that this Agreement or a PSA is terminated due to the Contractor's course of performance, negligence or willful misconduct and that course of performance, negligence, or willful misconduct results in reductions in the Procuring Entity's receipt of program funds from any governmental agency, the Contractor shall remit to the Procuring Entity the full amount of the reduction;
8. Should this SWPA or a PSA terminate due to the Contractor's Default, the Contractor shall reimburse the Procuring Entity for all costs arising from hiring new Contractor/subcontractors at potentially higher rates and for other costs incurred;
9. In the event this SWPA or a PSA is terminated for any reason, or upon the expiration of either, the Contractor shall develop and submit to the Procuring Entity for approval an

Agreement Turnover Plan at least ten (10) Business Days prior to the effective date of termination. Such Turnover Plan shall describe the Contractor's policies and procedures that will ensure: (1) the least disruption in the delivery of Services during the transition to a substitute vendor; and (2) cooperation with the Procuring Entity and the substitute vendor in transferring information and Services. The Turnover Plan shall consist of the orderly and timely transfer of files, data, computer software, documentation, system turnover plan, Know How, Intellectual Property and other materials, whether provided by the Procuring Entity or created by the Contractor under this Agreement, to the Procuring Entity, including but not limited to, user manuals with complete documentation, functional technical descriptions of each program and data flow diagrams. At the request of the Procuring Entity, the Contractor shall provide to the Procuring Entity a copy of the most recent versions of all files, software, Know How, Intellectual Property and documentation, whether provided by the Procuring Entity or created by the Contractor.

B. Procuring Entity. In the event this SWPA or a PSA is terminated for any reason, or upon expiration, and in addition to all other rights to property set forth in this SWPA or a PSA, the Procuring Entity shall:

1. Retain ownership of all work products and documentation created by Contractor pursuant to a PSA; and
2. Pay the Contractor all amounts due for Services Accepted prior to the effective date of such termination or expiration.

ARTICLE 8 – INDEMNIFICATION

A. General. The Contractor shall defend, indemnify and hold harmless the Procuring Entity, the State of New Mexico and its employees from all actions, proceedings, claims, demands, costs, damages, attorneys' fees and all other liabilities and expenses of any kind from any source that arises out of Contractor's performance of, or failure to perform, this Agreement or a PSA. In the event that any action, suit or proceeding related to the Services performed by the Contractor or any officer, agent, employee, servant or subcontractor under this Agreement is brought against the Contractor, the Contractor shall, as soon as practicable, but no later than two (2) Business Days after it receives notice thereof, notify, by electronic mail, with a receipt confirmation, the legal counsel of the Procuring Entity, the Risk Management Division of the New Mexico General Services Department, and DoIT.

B. The indemnification obligation under this Agreement or a PSA shall not be limited by the existence of any insurance policy or by any limitation on the amount or type of damages, compensation or benefits asserted against or payable by an indemnified party. Money due or to become due to the Contractor under this Agreement or a PSA may be retained by the Procuring Entity, as necessary, to satisfy any indemnity obligation owed by Contractor pursuant to this Agreement.

ARTICLE 9 — INTELLECTUAL PROPERTY

A. Ownership. Unless otherwise specified in a PSA, Procuring Entity shall be considered the creator and owner of all Procuring Entity Intellectual Property arising from the performance of a PSA by Contractor. Procuring Entity shall own the entire right, title and interest to all such Intellectual Property worldwide, and, other than in the performance of this Agreement or a PSA, the Contractor, subcontractor(s), officers, agents and assigns shall not make use of, or disclose the Procuring Entity Intellectual Property to any entity or person outside of the Procuring Entity without the express written authorization of the Procuring Entity. Contractor shall notify the Procuring Entity, within fifteen (15) Business Days, of the creation of any Procuring Entity Intellectual Property by it or its subcontractor(s). Contractor, on behalf of itself and any subcontractor(s), agrees to execute any and all document(s) necessary to assure that ownership of the Procuring Entity Intellectual Property vests in the Procuring Entity and shall take no affirmative actions that might have the effect of vesting all or part of the Procuring Entity Intellectual Property in any entity other than the Procuring Entity. If, by judgment of a court of competent jurisdiction, Intellectual Property or Know How are not deemed to be created or owned by the Procuring Entity, Contractor hereby acknowledges and agrees to grant to the Procuring Entity and the State of New Mexico, a perpetual, non-exclusive, royalty free license to reproduce, publish, use, copy and modify the Intellectual Property and Know How.

ARTICLE 10 – INTELLECTUAL PROPERTY INDEMNIFICATION

A. Intellectual Property Indemnification. The Contractor shall defend, indemnify and hold harmless Procuring Entity, the State of New Mexico and/or any other State of New Mexico body against any claim that any product or service provided under a PSA infringes any Intellectual Property right of a third party, and shall pay all costs, damages and attorney's fees that may be awarded as a result of such claim. In addition, if any third party obtains a judgment against the Procuring Entity based upon Contractor's Intellectual Property infringement relating to any product or Services provided under a PSA, the Contractor agrees to reimburse the Procuring Entity for all costs, attorneys' fees and the amount of the judgment. To qualify for such defense and/or payment, the Procuring Entity shall:

1. Give the Contractor written notice of any infringement claim as soon as practicable;
2. Work with the Contractor to control the defense and settlement of the claim; and
3. Cooperate with the Contractor, in a reasonable manner, to facilitate the defense or settlement of the claim.

B. Procuring Entity Rights. If any product or service becomes, or in the Contractor's opinion is likely to become, the subject of a claim of infringement, the Contractor shall, at its sole expense:

1. Provide the Procuring Entity the right to continue using the product or service and fully indemnify the Procuring Entity against all claims that may arise out of the Procuring Entity's use of the product or service;
2. Replace or modify the product or service so that it becomes non-infringing; or
3. Accept the return of the product or service and refund an amount equal to the value

of the returned product or service, less the unpaid portion of the purchase price and any other amounts, which are due to the Contractor. The Contractor's obligation will be void as to any product or service modified by the Procuring Entity to the extent such modification is the cause of the claim.

ARTICLE 11 – WARRANTIES

The Contractor expressly warrants that the Deliverable(s) specified in a PSA will comply with the terms of the PSA, with Contractor's official published specifications for the Deliverables and with all generally accepted industry standards applicable to the Deliverables. This warranty encompasses correction of defective Deliverable(s) and revision of the same, as necessary, including deficiencies found during testing, implementation, or post-implementation phases. This warranty extends two (2) years after final acceptance, unless a different (longer/shorter) duration is specified in a PSA.

ARTICLE 12 – CONTRACTOR PERSONNEL: (Key Staff and Qualified Personnel)

A. Contractor Personnel. Contractor's Qualified Personnel are listed by level of experience on **Exhibit A**, attached hereto. Contractor's Key Staff are those individuals considered by the Procuring Entity to be mandatory to the work to be performed under a PSA and identified in such. Contractor's Qualified Personnel and Key Staff identified in a PSA shall not be diverted from performing services under that agreement without the prior written approval of the Procuring Entity.

B. Personnel Changes. Replacement of any personnel shall be made with personnel of equal ability, experience, and qualification and shall be approved by the Procuring Entity.

C. Qualifications. For all personnel, the Procuring Entity reserves the right to require submission of their resumes prior to approval. If the number of Contractor's personnel assigned to the Project is reduced for any reason, Contractor shall, within ten (10) Business Days of the reduction, replace with the same or greater number of personnel with equal ability, experience, and qualifications, subject to Procuring Entity approval. The Procuring Entity, in its sole discretion, may approve additional time beyond the ten (10) Business Days for replacement of personnel. The Contractor shall include status reports of its efforts and progress in finding replacements and the effect of the absence of the personnel on the progress of the Project. The Contractor shall also make interim arrangements to assure that the Project progress is not affected by the loss of personnel. The Procuring Entity reserves the right to require a change in Contractor's personnel if the assigned personnel are not, in the sole opinion of the Procuring Entity, meeting the Procuring Entity's expectations.

D. Non-Competition. Unless otherwise specified in a PSA, Contractor's employment agreement or contract with a person or subcontractor who performs services for a Procuring Entity under a PSA may not include a covenant not to compete or other term that would prevent, penalize

or impede such person from pursuing or obtaining employment with, or directly contracting to provide services for, Procuring Entity, any other New Mexico public employer, or any other contractor of Procuring Entity. Contractor shall not enforce any such provision of a pre-existing employment agreement or contract. Procuring Entity shall not offer to directly employ any Personnel who have been identified in a PSA in effect fewer than six (6) months.

ARTICLE 13 – STATUS OF CONTRACTOR

A. Independent Contractor. The Contractor and its agents are independent contractors performing professional Services for the Procuring Entity and are not employees of the State of New Mexico. The Contractor and its agents shall not accrue leave, retirement, insurance, bonding, use of state vehicles, or any other benefits afforded to employees of the State of New Mexico as a result of this Agreement or a PSA. The Contractor acknowledges that all sums received hereunder are personally reportable by it for income tax purposes as self-employment or business income and are reportable for self-employment tax.

B. Subject of Proceedings. Contractor warrants that neither the Contractor nor any officer, stockholder, director or employee of the Contractor, is presently subject to any litigation or administrative proceeding before any court or administrative body which would have an adverse effect on the Contractor's ability to perform under this Agreement or a PSA; nor, to the best knowledge of the Contractor, is any such litigation or proceeding presently threatened against it or any of its officers, stockholders, directors or employees. If any such proceeding is initiated or threatened during the term of this Agreement or a PSA, the Contractor shall immediately disclose such fact to the Procuring Entity.

ARTICLE 14 – CHANGE MANAGEMENT

A. Changes. No provision of a PSA, including the Scope of Work, shall be changed without written approval of the Executive Level Representative. A change that affects any of the following shall only be made through an Amendment:

1. Deliverable requirements;
2. Any Deliverable that extends the termination date specified in a PSA;
3. Compensation of any Deliverable that exceeds the maximum amount specified for that Deliverable;
4. Maximum compensation;
5. Mutually agreed termination; or
6. Addition or deletion of Professional Service categories or levels.

Any other change may be made, at the discretion of the Executive Level Representative, through a written change order.

B. Change Request Process. In the event Contractor requests a change, a Change Request shall be submitted that meets the following criteria:

1. The Project Manager shall draft a written Change Request for review and approval by the Executive Level Representative to include:
 - a. the name of the person requesting the change;
 - b. a summary of the requested change;
 - c. the start date for any change;
 - d. the reason and necessity for the change;
 - e. the elements to be altered; and
 - f. the impact of the change.
2. The Executive Level Representative shall provide a written decision on the Change Request to the Contractor within a maximum of ten (10) Business Days of receipt of the Change Request. The Executive Level Representative shall prepare and process an amendment for any change subject to Paragraph A(1)-(6) of this Article. All decisions made by the Executive Level Representative are final. A change, or amendment, as applicable, becomes a part of the PSA and is binding.

ARTICLE 15 – INDEPENDENT VERIFICATION AND VALIDATION

If IV&V Professional Services are used or required to be used for the Project associated with a PSA, the Contractor shall cooperate with the IV&V vendor. Such cooperation shall include, but is not limited to:

1. Providing the Project documentation;
2. Allowing the IV&V vendor to sit in on the Project meetings;
3. Supplying the IV&V vendor with any other material as directed by the Project Manager; and
4. Any other cooperation specified in a PSA or reasonably necessary to facilitate IV&V oversight objectives.

ARTICLE 16 – CONTRACT DEFAULT/BREACH/REMEDIES

In case of Default and/or Breach by the Contractor, the Procuring Entity and the State of New Mexico may procure Deliverables owed, but not provided, by Contractor from another source and hold the Contractor responsible for any resulting excess costs. Contractor shall also be liable for other direct damages.

Contractor shall not be liable for indirect, consequential or special damages resulting from a default or breach unless (1) the Procuring Entity's right to recover, and the nature of, any such damages are expressly identified in a PSA, or (2) Contractor is entitled to be indemnified against a claim for any such damages under an insurance agreement.

ARTICLE 17 – INSURANCE REQUIREMENTS

A. Commercial Liability Insurance. Contractor and its subcontractors shall maintain occurrence-based general liability coverage with minimum limits of \$1 million per occurrence and \$2 million aggregate per year. If a PSA requires Contractor to deliver, deploy or design Intellectual Property, Contractor's general liability insurance shall include personal and advertising injury coverage applicable to the associated risks. Procuring Entity and the State of New Mexico shall be identified as additional named insureds under all coverage obtained to comply with this Paragraph 17(A).

B. Professional Liability Insurance. Contractor and its subcontractors shall maintain professional liability (errors & omissions) coverage applicable to the Professional Services provided under a PSA. This coverage shall have minimum limits of \$2,000,000 per claim/aggregate. If this insurance is written on a "claims made" basis, then the policy shall provide "tail coverage" for claims asserted within three (3) years after termination of the PSA.

C. General Insurance Requirements. Insurance coverages shall be provided by a company with an A.M. Best rating of A- or better. Certificates showing required coverages shall be delivered to the Procuring Entity prior to beginning any activity provided for under a PSA. All certificates of insurance shall require the insurer, its broker or agent to provide DoIT with thirty (30) days advance notice of any termination or non-renewal of coverage identified in a certificate. DoIT and the SPD may request complete copies of Contractor's insurance agreements, including endorsements, at any time.

ARTICLE 18 – EXTRA-CONTRACTUAL (TORT) LIABILITY

Contractor shall be liable for damages resulting from injury to persons and/or property if and to the extent the injury was caused by or due to the breach of any extra-contractual (tort) duty owed by Contractor or any of its agents, and relating in any way to a PSA, or to the Deliverables under any such agreement. Contractor's extra-contractual liability extends to Procuring Entity, third parties and/or employees of the Procuring Entity and to the State of New Mexico, and encompasses any remedy that may exist under law or equity.

ARTICLE 19 – ASSIGNMENT

The Contractor shall not assign or transfer any interest in this Agreement or of a PSA, including a claim for money due or to become due, without the prior written approval of this approval authorities for the relevant agreement.

ARTICLE 20 – SUBCONTRACTING

A. General Provision. The Contractor shall not subcontract any portion of this Agreement without the prior written approval of this Agreement's approval authorities, and shall not subcontract any portion of a PSA without the written approval of the Procuring Entity.

Subcontracting shall not relieve the Contractor from any of its obligations and liabilities under this Agreement, or under any PSA. Nor shall any subcontracting obligate Procuring Entity to make any payment to a subcontractor.

B. Responsibility for Confidentiality. The Contractor must not disclose Confidential Information to a subcontractor unless and until such subcontractor has agreed in writing to protect the confidentiality of such Confidential Information in the manner required of the Contractor under this Agreement or a PSA.

C. Documentation. Upon the request of a Procuring Entity, Contractor shall provide copies of all approved subcontracts. Contractor shall also provide Procuring Entity with any document or information requested to evaluate a proposed subcontract or the performance of any subcontractor.

D. Performance. This Agreement may be terminated at the discretion of DoIT or SPD if Contractor engages in excessive subcontracting, experiences defaults relating to subcontracted work, or engages in other abusive subcontracting practices under a PSA.

ARTICLE 21 – RELEASE

The Contractor's Acceptance of final payment of the amount due under this Agreement or a PSA releases the Procuring Entity, its officers and employees, and the State of New Mexico from all liabilities, claims and obligations whatsoever arising from or under a PSA.

ARTICLE 22 – CONFIDENTIALITY

Any Confidential Information provided to the Contractor by the Procuring Entity or, developed by the Contractor based on information provided by the Procuring Entity in the performance of a PSA shall be kept confidential and shall not be made available to any individual or organization outside the Contractor by the Contractor without the prior written approval of the Procuring Entity. Contractor shall protect Confidential Information as required by law or as specified in a PSA. In no event shall a Contractor protect Procuring Entity Confidential Information with less rigor than Contractor protects its own confidential data. Contractor shall not make available or provide Confidential Information to any third party absent Procuring Entity's prior written approval.

Upon termination of a PSA, Contractor will deliver all Confidential Information in its possession to Procuring Entity within thirty (30) Business Days of the termination, Contractor acknowledges that Contractor's failure: (a) to deliver such Confidential Information to Procuring Entity, or (b) to protect and keep Confidential Information secret may result in Procuring Entity's seeking to obtain direct, special and/or incidental damages from Contractor.

ARTICLE 23 – CONFLICT OF INTEREST

The Contractor warrants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance or Services required under this Agreement or under a PSA. The Contractor certifies that the requirements of the Governmental Conduct Act, Sections 10-16-1 through 10-16-18, NMSA 1978, regarding contracting with a public officer, state employee or former state employee have been followed.

ARTICLE 24 – CLOSEOUT, RECORDS AND AUDIT

A. All records and activities of Contractor shall be subject to financial and performance audits in the discretion of SPD, DoIT, the Procuring Entity, the Department of Finance and Administration (DFA) and the State Auditor's Office as required by applicable oversight rules, authorities or a PSA. Contractor shall fully cooperate with all lawful audit requests and processes, and shall produce any records, including Contractor's internal records, as required to facilitate auditing. Confidentiality shall not be a basis for withholding any record, but Contractor may request confidential treatment of its internal records as authorized by law.

B. Contractor shall maintain its internal records relating to this Agreement, or to a PSA, for three years after the relevant agreement terminates.

C. Contractor shall cooperate with the Procuring Entity in providing public records held by Contractor that are responsive to a lawful public records request.

D. Within ninety (90) days of termination of this Agreement, or a PSA, as applicable, Contractor shall transfer to the State contracting party, all data and records received from or created for that party by Contractor, and shall confirm that Contractor has destroyed, pursuant to mutually agreed criteria specified in a PSA or applicable law, any duplicate copies of all such data and records under Contractor's control. These requirements do not supersede any more specific requirements established by law, this Agreement or of a PSA.

E. Contractor shall comply with any additional project closeout requirements specified by DoIT or a Procuring Entity and incorporated into a PSA.

ARTICLE 25 – NEW MEXICO EMPLOYEES HEALTH COVERAGE

- A.** If Contractor has, or grows to, six (6) or more employees who work, or who are expected to work, an average of at least 20 hours per week over a six (6) month period during the term of this Agreement or any PSA, Contractor agrees to have in place, and agree to maintain for the term of the contract, health insurance for those employees and offer that health insurance to those employees if the expected annual value in the aggregate of any and all contracts between Contractor and the State exceed \$250,000 dollars.
- B.** Contractor agrees to maintain a record of the number of employees who have (a) accepted health insurance; (b) declined health insurance due to other health insurance coverage already in place; or (c) declined health insurance for other reasons. These records are subject to review and audit by a representative of the state.
- C.** Contractor agrees to advise all employees of the availability of State publicly financed health care coverage programs by providing each employee with, as a minimum, the following web site link to additional information: <https://bewellnm.com>.
- D.** For Indefinite Quantity, Indefinite Delivery contracts (state price agreements without specific limitations on quantity and providing for an indeterminate number of orders to be placed against it); Contractor agrees these requirements shall apply the first day of the second month after the Contractor reports combined sales (from state and, if applicable, from local public bodies if from a state price agreement) of \$250,000.

ARTICLE 26 – IT PROFESSIONAL SERVICES CATEGORIES

1. Application Development Services

The purpose of this category is to provide complete development and support of the varied and numerous applications that are created, maintained, and owned by the State.

Brief Description of Services: Services may include computer programming, on premise; documenting; testing; writing and maintaining the source code, regardless of infrastructure; all processes between the conception and final manifestation of the software in a planned and structured manner; and/or bug fixing involved in creating and maintaining applications and frameworks using a standard software development life cycle. Development may include research, new development, prototyping, modification, re-use, re-engineering, maintenance, or any other activities that result in software products. Services may include the necessary knowledge of commercial off-the shelf software (COTS) platforms, web/mobile application design, content development, client-side/server-side scripting, or web server, development. Design, develop, and implement information systems that

include designing or building a customized architecture and/or application, integrating it with new or existing hardware, custom software, and/or communications infrastructure.

Expected typical skills in, knowledge about, and experience with may include:

- 1) A mainframe environment - COBOL, PL/I, JCL, CICS, DB2, C/C++, IBM OS 390, and IBM AS400;
- 2) N-tier platform programming services - .NET, C# or Java and related technologies including VB.NET, XML, VBScript, JavaScript, HTML, Eclipse, ASP, .NET framework, web services/WCF, and mobile application development;
- 3) Client/Server (including three tiered architectural environments). – Java, J2EE C/C++, Cold Fusion/Adobe Suite of products, PowerBuilder, Micro Focus Cobol, Visual Basic, Perl, C# and .NET, CSS, and Oracle DBMS;
- 4) Structured Query Languages/Stored Procedures, indexes, triggers, and functions
- 5) The various stages of SDLC such as design, development testing, and deployment of applications;
- 6) Software testing to include planning, constructing, and executing automated tests, product tests, system tests, unit tests, load tests, volume tests, network tests as well as integration with release control process;
- 7) COTS implementations;
- 8) Design and creation of web and mobile applications, including user experience improvements;
- 9) System domains, object/data models, wire frames, prototypes, flowcharts and use cases;
- 10) Experience with common environments and frameworks such as (but not limited to): ASP.NET and ASP.NET MVC Frameworks, ColdFusion, CGI Java, PHP, Apache, FileMaker, IBM DB2, Microsoft SQL Server, MySQL, Oracle, PostgreSQL, or Sybase, Web2.0, WebSphere, Java / J2EE/JEE, PERL / CGI, PHP, XML / HTML / DHTML, SOAP, Jasper, content management systems;
- 11) Enterprise application systems integration and implementation including both COTS and custom applications;
- 12) Designing, programming, converting, installing, system training, managing and maintaining applications and application interfaces/systems, testing (all levels), implementation and cutover planning, and data conversion/migration for the implementation of the systems;
- 13) Implementation of infrastructure solutions capable of cost-effectively supporting business goals; or
- 14) Designing and building enterprise-level data integration and data transformations solutions.
- 15) Any cloud technologies that are specific to a cloud vendor or any technologies that are listed above that can be leveraged in the cloud platform.
- 16) Any rapid application development tools.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Mandatory Qualifications	
Degree Level	Not Applicable.
Relevant Experience	(Between) 1 – 4 years of experience as described above; or

Mid-Level Mandatory Qualifications	
Degree Level	College Degree is preferred or can be substituted with equivalent years of related experience.
Relevant Experience	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Mandatory Qualifications	
Degree Level	College Degree is preferred or can be substituted with equivalent years of experience.
Senior-level	(More than) 7 years of experience as described above.
Optional/Desirable Requirements: Does NOT replace the Mandatory Qualifications above	
Degree Level	Bachelor's or other Degree in Computer Science or a related field such as Management Information Systems, Software Engineering, Software Development; or
Professional Certifications	Any relevant certification that applies to the above listed expected skillset.

2. IT Project Management, Planning, and Analysis Services

The purpose of this service is to provide the support and management professional services needed to execute, using best practices, IT projects from inception to closeout.

Brief Description of Services: Project management services should be provided in accordance with IT industry best practices such as described in the Project Management Institute's *A Guide to the Project Management Body of Knowledge (PMBOK Guide)*, and in standards and requirements as provided by the State of New Mexico's Chief Information Officer (CIO).

Project management, planning and analysis includes developing and maintaining project charters, project plans, schedules, risk and issue logs, mitigation strategies, communication plans, resource/capability plan, and executive briefings, evaluation and design, planning for or directing large-scale integration efforts, and implementing IT standards and guidelines, managing scope, requirements, schedule and budget, training plans, and transition to operations.

It is desired that personnel hired as project managers have Project Management Professional (PMP) certification.

Expected typical skills in, knowledge about, and experience with may include:

- 1) Assisting with management and planning of IT initiatives in areas such as: cost benefit analysis, return on investment (ROI), gap analysis, requirements definition, systems analysis, contingency/mitigation/risk planning, disaster recovery/business continuity planning; business process analysis, documentation and process improvements;
- 2) Analyzing data to determine/recommend solution, such as installation of alternate methods and procedures, changes in processing methods and practices, modification of machines or equipment, or redesign of products or services;
- 3) Conducting research and industry surveys, and performing studies and surveys to obtain data, and analyze problems to advise and make recommendations on business and technical solutions based on hands-on experience solving similar business

- problems, including emerging technologies and trends, standards, and products as required;
- 4) Designing / development of IT specifications, models, architecture and guidelines;
 - 5) Full system development life cycle and various industry software project management approaches;
 - 6) Development and management of standard project artifacts such as project charter, project plan, scope, objectives, schedules, process maps, data flow diagrams, architectural diagrams, implementation strategies, and project management plans;
 - 7) Interfacing directly with varied stakeholders: executive steering committees, project teams, contract teams, technical, business, and management teams;
 - 8) Follow all specifications and guidelines including, but not limited to, Project Certification Committee (PCC), Technical Architectural Review (TARC) processes and documentation where applicable;
 - 9) Business process analysis/modeling and organizational change management as applicable to project planning;
 - 10) Developing, enhancing, and maintaining user documentation for multiple applications including documentation required for the operations provider; or
 - 11) Composition of use case and scenario designs.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Associate Degree in Computer Science or a related field such as Information Technology, Management Information Systems, or Project Management; and
Relevant Experience	(Between) 1 – 4 years of experience as described above; or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Associates Degree in Computer Science or a related field such as Information Technology, Management Information Systems, or Project Management; and
Relevant Experience	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Associates Degree in Computer Science or a related field such as Information Technology or Project Management; and
Relevant Experience	(More than) 7 years of experience as described above.
Optional/Desirable Requirements: Does NOT replace the Mandatory Qualifications above	
Degree Level	Bachelor's or other Degree in Computer Science or a related field such as Information Technology, Management Information Systems, or Project Management.
Professional Certifications, any one	Project Management Professional (PMP) certification, Project Management Institute Agile Certified Professional (PMI-ACP), or Certified Scaled Agile Framework® (SAFe) enterprise.

3. Database Management and Business Intelligence Services

Brief Description of Services: Services may include for on-premise or cloud platform: creating logical and physical data models, planning, designing, programming, converting, installing, training, implementing security, and maintaining database systems in stand-alone, integrated, or networked configurations, database administration, modification and upgrade including system performance analysis, database upgrading and performance

tuning, data extract/transform/load (ETL), stored procedure development, query optimization and data migration, managing and monitoring production databases in an N-tier environment, automated routine backups and refreshes, and data recovery. Provide ongoing database support to help ensure operations of day-to-day functionality. Develop design documentation, test plans, user manuals, and operations plans and instructions. Developing and executing functional test plans for systems and applications, including developing test data sets and scenarios.

Business intelligence (BI) services include the transformation of raw data into meaningful and useful information for business analysis purposes. These services are capable of handling large amounts of unstructured data to help identify, develop, and otherwise create and allow for the easy interpretation of these large volumes of data including dashboards. Identifying new opportunities and implementing an effective strategy based on insights can assist the State of New Mexico with policy, planning, and informed decision making.

Expected typical skills in, knowledge about, and experience with may include:

- 1) Any RDBMS or cloud specific database engines including, but not limited to: MS SQL Server, Oracle DBMS including engineered solutions and appliances, MySQL, DB2 and/or IBM DB2; including data modeling, stored procedures, indexes, triggers, data processing flowcharting techniques;
- 2) Database structures, theories, principles, and practices;
- 3) Managing, monitoring, designing, building, installing, configuring, and supporting database infrastructure servers;
- 4) Database performance monitoring, management, tuning and troubleshooting;
- 5) Applicable data privacy practices and laws and appropriate data masking techniques;
- 6) Ability to conduct research into database issues, standards, and products as needed;
- 7) Data entry operations including the ability to accurately enter information into a computer, accessing information from a computer, and verifying information on a screen;
- 8) Data entry operations including duties utilizing automated equipment, including electronic keyboard, display screen, and sorted memory;
- 9) Data entry operations including ability to operate and understand basic scanning and imaging equipment, including pan, skew, and image correction techniques;
- 10) Supporting a wide range of business decisions ranging from operating to strategic business decisions. Strategic business decisions include priorities, goals, and directions at the broadest level;
- 11) Data derivation/Data import from external data and from internal sources;
- 12) Transforming raw data into meaningful and useful information, and developing and documenting algorithms. May include establishing a methodology and including any assumptions.
- 13) Business Intelligence: Multidimensional aggregation and allocation; de-normalization, tagging and standardization;
- 14) Business Intelligence: Establishment and design of object level design tools;
- 15) Business Intelligence: Real-time reporting with analytical alert; interface with unstructured data source; group consolidation, budgeting and rolling forecast;

- 16) Business Intelligence: Statistical inference and probabilistic simulation;
- 17) Business Intelligence: Key performance indicators optimization; version control and process management; open item management;
- 18) Business Intelligence: Providing historical, current, and predictive views of business operations; or
- 19) Business Intelligence: Reporting, online analytical processing, analytics, data mining, process mining, complex event processing, business performance management, benchmarking, text mining, machine learning/predictive analytics, and prescriptive analytics.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Mandatory Qualifications

Senior-Level Mandatory Qualifications	
Degree Level	College Degree is preferred or can be substituted with equivalent years of experience.
Senior-level	(More than) 7 years of experience as described above.
Optional/Desirable Requirements: Does NOT replace the Mandatory Qualifications above	
Degree Level	Bachelor's or other Degree in Computer Science or a related computer field
Professional Certifications, any one	Any relevant certification that applies to the above listed expected skillset.

4. Geospatial Technological Services

Brief Description of Services: Services may include: development of RFI's and RFP's in Geospatial Information Technologies (GIT); GIS and GIT project planning and needs assessment; Geographic Information System (GIS) database integration; GIS or GPS (global positioning systems) related software/hardware installation, software enhancements and migration; application design, development and integration; integration of GIS within an enterprise environment using multiple platforms and rDBMS in physical, virtual, and/or cloud environments; development and deployment of web map, geoprocessing, and hosting services; digital conversion of hard copy maps; cartographic production; geospatial data acquisition services; remotely sensed data conversion, processing, and interpretation services; unoccupied aircraft vehicle/systems data acquisition, business process reengineering, geoprocessing and analytical services, development of data classification and machine learning models; scripting and automation of routine tasks; metadata creation that meet national requirements; use case development and analytics to demonstrate & validate return on investment; and training in the use and application of GIS to solve business problems.

Expected typical skills in, knowledge about, and experience with, which may include:

- 1) the basic principles of one or more of the following: Geography, Remote Sensing, Geomorphology, Image Processing, Terrain Assessment, Land Use Planning, Economic Development, Engineering, Asset Inventory, Government Administration, Surveying, Geophysics, Archeology, and Transportation;
- 2) relational geodatabase design, deployment, management, and optimization;
- 3) Geospatial Information Technologies to include those provided by, yet not limited to Esri, Hexagon, Pitney Bowes, AutoDesk, Trimble, Topcon, Garmin, Q-GIS, and Open Source Geo-Technologies;
- 4) Mapping principles, demographics analysis, spatial analysis, remote sensing, and cartography;
- 5) Installing, configuring, and maintaining Geographic Information Systems;
- 6) Geospatial Modeling to include, yet not limited to 3D and Elevation, Transportation, Water Resources, and Socio-Economic applications;
- 7) Developing web and custom application content that includes responsive design, mobile device application deployment, and publishing of API's such as map and geoprocessing services;
- 8) Network operating systems and client-server implementations as pertains to implementing a GIS within an existing architecture;
- 9) Programming languages that support geospatial application development including but not limited to Python, Arcade, JavaScript, Java, and Adobe;
- 10) Project management;
- 11) Training team members and end users on GIS data, analytics and applications, as well as the application of GIT to solving entity-specific business problems;
- 12) Ability to conduct research into Geospatial Technology issues and products as required; or
- 13) Field technologies (Global Positioning System) and end user device (smart phones and tablets) applications that support geospatial data collection/management.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Associates Degree in Geospatial Information Systems, or related field such as Geography or Computer Science; and
Relevant Experience	At least 1-4 years, or more, professional work experience; or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	At least 5-10 years, or more, professional work experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	At least 11 years, or more, professional work experience as described above.
Optional/Desirable Requirements (Does NOT replace the Mandatory Qualifications above)	

Degree Level	Bachelor's or other Degree in Geospatial Information Systems, or related field such as Geography or Computer Science.
Professional Certifications, any one	Geospatial Information System Professional (GISP) or other Geospatial related area.

5. End User Support Services

Brief Description of Services: Services may include, but not be limited to, support, problem solving, training users in how to use their computer hardware and software, ; conducting evaluations of service/help desk effectiveness as a whole, conducting evaluations of individual service/help desk performance; and documentation of service/help desk procedures in both electronic and hard copy media. the installation of commercial off-the-shelf (COTS) desktop and other end point products, optimizing system performance, system imaging (i.e., ghosting), desktop problem analysis and resolution, configuration, set-up, and installation of personal computers (PCs), printers, scanners, and other PC peripherals. PCs widely used by the State of New Mexico include common operating systems/platforms in business use, typically Windows variants, Linux variants, and Apple variants. Support of tablets and cell phones and other mobile devices is desirable. Support of leading-edge through end-of-life or near end-of-life operating systems is optimal.

Expected typical skills in, knowledge about, and experience with may include:

- 1) PC and desktop hardware;
- 2) PC internal components;
- 3) Hands-on hardware troubleshooting;
- 4) Equipment support;
- 5) Current protocols, operating systems, and standards, including the ability to operate tools, components, and peripheral accessories, technical manuals, procedural documentation, and OEM guides;
- 6) Ability to conduct research into PC issues and products as required;
- 7) Issue/ticket tracking systems; or
- 8) Demonstrated customer service and strong communication skills.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	(Between) 1 – 4 years of experience as described above; or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable

Relevant Experience	(More than) 7 years of experience as described above.
Optional/Desirable Requirements: Does NOT replace the Mandatory Qualifications above	
Degree Level	Bachelor's or other Degree in Computer Science or computer related field such as Computer Engineering, Information Systems.
Professional Certifications, any one	CompTIA A+ Certification, CompTIA Network+ Certification, CompTIA Security+ Certification, MCSA: Windows 10, MCSE: Desktop Infrastructure.

6. Systems Administration Services

Brief Description of Services: Services may include, but not be limited to planning, configuration, and programming services in support of operating systems and utility installations for operating systems, such as Cloud platform, Windows, and Linux open-source variants. Planning and configuration in support of file servers, application servers, database servers, virtual servers, VM support services, remote site integration, Active Directory domain setup/support/administration, user account and password management, support of computer storage devices attached direct/fiber/other and storage area networks (SAN), backup/restore support, performance tuning, and capacity planning.

Expected typical skills in, knowledge about, and experience with may include:

- 1) Standard system administrator tools and processes;
- 2) Networking/distributed computing environment concepts;
- 3) Providing general system administration and maintenance activities including backup;
- 4) Ability to write scripts in a particular administrative language;
- 5) Principles of routing client/server programming, design of consistent network-wide file system layouts;
- 6) Developing plans for disaster recovery, backup, archiving, and retrieval;
- 7) Understand the business application of technical support and design in an application development environment; or
- 8) Ability to work with multiple teams to identify the strategic direction of systems management activities.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Associates Degree in Computer Science or related field such as Computer Engineering; and
Relevant Experience	(Between) 1 – 4 years of experience as described above; or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Relevant Experience	(More than) 7 years of experience as described above.
Optional/Desirable Requirements: Does NOT replace the Mandatory Qualifications above	
Degree Level	Bachelor's or other Degree in Computer Science or a related computer field.

Professional Certifications, any one	Microsoft Certified Solutions Expert (MCSE), Red Hat: RHCSA and RHCE Linux Professional Institute (LPI): LPIC System Administrator, CompTIA Server+, VMware Certified Professional – Data Center Virtualization (VCP-DCV), ServiceNow Certified System Administrator
--------------------------------------	---

8. IT Security Services

The purpose of this category is to provide the state with both tactical and strategic cyber-security support services for the purposes of securing critical state IT resources, systems, and data.

Brief Description of Services: Services may include: advisory services relating to the secure design and deployment of computer systems, LAN/WAN, Firewalls, Virtual Private Networks (VPN), wireless networks and access, access/identity management, Intrusion Detection Systems (IDS), Intrusion Prevention Systems (IPS), logging/monitoring, Security Operation Center (SOC)/Network Operation Center (NOC) deployment, Application/Software Security, Cloud Computing, Online Payment Systems, Mobile/Web Platforms, and all related policy and procedure development. Advise, comply, and provide audit services relating to and including technical control assessment, policy assessment, regulatory compliance assessment, baseline assessment, and fit-gap and security roadmap development. Technical evaluation of deployed systems via penetration testing, scanning, or other means to include routers, switches, mainframe infrastructure, physical servers, virtual servers, enterprise systems, firewalls, identity management solutions, online payment systems, VPN, IDS, IPS, applications, mobile deployments, and any/all associated network appliances. Forensic and emergency incident response capabilities include triage, remediation, response, after-action, and mitigation services relating to cyber-security incidents. Training, education, and other awareness services at all levels of technical competency.

Expected typical skills in, knowledge about, and experience with may include:

- 1) Information technology security including standards implementation from NIST, inclusive of SSA and IRS control frameworks and testing;
- 2) Planning, coordinate, and implement security measures for information systems to regulate access to computer data files and prevent unauthorized modification, destruction, or disclosure of information;
- 3) Performing security audits on hardware and software;
- 4) Applying basic understanding of networking/distributed computing environment concepts;
- 5) Encrypting data transmissions and erect firewalls to conceal confidential information;
- 6) Document computer security and emergency measures, policies, and procedures;
- 7) Reviewing violations of computer security procedures and communicating findings with management;
- 8) Applying security principles, techniques, and procedures to planned network designs;
- 9) Laws, legal codes, government regulations, executive orders, and agency rules related to security;

- 10) Developing and implementing an ongoing risk assessment program targeting information security and privacy matters;
- 11) Penetration testing and security audits of systems;
- 12) Forensic and emergency incident response capabilities, to include tools, techniques, and procedures;
- 13) Networking/distributed computing environment concepts;
- 14) Secure wireless routing;
- 15) Complex problem resolution, and root cause analysis at every level;
- 16) Managing all aspects of access to specified systems to include customer needs resolution;
- 17) Business application of security support and design in an application development environment;
- 18) Coordinating on all jobs with infrastructure and operations teams to identify the security perspective in strategic systems management planning;
- 19) Working with and organizing key IT and business offices and governance groups to develop security policies, standards and guidelines;
- 20) Planning and implementing network security audits and audits; develop and implement corrective measures; or
- 21) Developing plans for disaster recovery/ backup and archiving.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Associates Degree in Computer Science or related field such as Computer Engineering; and
Relevant Experience	(Between) 1 – 4 years of experience as described above; or

Degree Level	Not Applicable
Relevant Experience	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	(More than) 7 years of experience as described above.
Optional/Desirable Requirements: Does NOT replace the Mandatory Qualifications above	
Degree Level	Bachelor's or other Degree in Computer Science or a related computer field.
Professional Certifications, any one	CEH – Certified Ethical Hacker CISM - Certified Information Security Manager CompTIA Security+ CISSP: Certified Information Systems Security Professional GSEC: GIAC Security Essentials ECSA: EC-Council Certified Security Analyst GPEN: GIAC Penetration Tester.

9. Independent Verification and Validation Services

The purpose of this category is to provide Independent Verification and Validation (IV&V) services; the process of evaluating a project to determine compliance with best practices

and determining whether the processes and products of a given initiative or development phase fulfill the requirements and stated objectives.

Brief Description of Services: Services may include, but not be limited to, assessment, analysis, evaluation, review, inspection, and testing of software, products, and processes. Assess software in the context of the system, including the operational environment, hardware, interfacing software, operators, and users. Distill and communicate the results of analysis and findings at a technical or an executive level. Validate if software, product, or project on whole is on the correct course and if it satisfies specified requirements and provide test evidence that it meets intended use and user need. Directly performing testing (e.g., integration, security tests), or working directly with, and as oversight of the separate Quality Assurance team of the implementer/project in developing and running test cases. Follow standards and requirements provided by the State of New Mexico's CIO.

Expected typical skills in, knowledge about, and experience with may include:

- 1) Managing IT projects or providing IV&V services;
- 2) Assessing project health including conducting interviews with a diverse sample of project stakeholders and identifying risks and mitigation strategies;
- 3) Verifying a Project is following defined methodologies and expected lifecycle phases in keeping with industry standards and practices;
- 4) Ensuring the accuracy of a project based on written specifications and requirements, monitoring and evaluating, and auditing or reviewing a project throughout the project lifecycle;
- 5) Providing an independent escalation path for project issues; or assisting with improving compliance with the project's performance, schedule, and budget requirement.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Associate Degree in Computer Science or a related field such as Information Technology or Project Management; and
Relevant Experience	(Between) 1 – 4 years of experience as described above; or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	(More than) 7 years of experience as described above.
Optional/Desirable Requirements (Does NOT replace the Mandatory Qualifications above)	
Degree Level	Bachelor's Degree or other Degree in Computer Science or a related field such as Information Technology, Management Information Systems, or Project Management.
Professional Certifications, any one	Project Management Professional (PMP) certification.

11. Information Technology Research and Advisory Services

Brief Description of Services: Information technology research and advisory services to provide technology related insight. Research should be targeted at CIOs and senior IT leadership. The services typically consist of research, executive programs, consulting, and events. Services include analytical independence, accuracy, and integrity of information provided.

Expected typical skills in, knowledge about, or experience with, and available resources may include:

- 1) Research, analysis, identification and comparison of industry best practices and leading trends, and ability to succinctly and accurately present results and recommendations to IT decision maker;
- 2) IT metrics data including detailed spending and staffing metrics and insight into the performance of IT functions;
- 3) Contract review and complete, independent and objective assessment of buyer-seller situations;
- 4) Peer networking including access to shared knowledge and experiences of IT professionals around the world;
- 5) Access to teleconferences, newsletters and forums, community information and best practices; or
- 6) Providing fact-driven reports and personal consultation on a wide range of IT areas such as: market share, spend, and size of current vendors; emerging technologies for e-government, cloud computing, “big data” analytics, and government use of social networking platforms; best practices for technology procurements, contract reviews and contract negotiations.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Master’s Degree in any field with a concentration in computer technology; and
Junior-level	(Between) 1 – 4 years of experience as described above; or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Master’s Degree in any field with a concentration in computer technology; and
Mid-level	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Master’s Degree in any field with a concentration in computer technology; and
Senior-level	(More than) 7 years of experience as described above.
Optional/Desirable Requirements (Does NOT replace the Mandatory Qualifications above)	
Degree Level	Bachelor’s or other in Computer Science or a related computer field.
Professional Certifications, any one	Any training and IT related certifications.

12. IT Training Services

Brief Description of Services: Services include training users to work with new computer hardware or software, including printers, office application software, database systems, and messaging systems. Group classes and individual coaching may be designed for novice or advanced users. Provide various IT industry certifications, training and testing.

Desirable training includes, but is not limited to:

- 1) Baseline Certification training for State personnel;
- 2) Continuous Education/Sustainment training to maintain certification status and further develop skills;
- 3) Certification training for specific operating system environments;
- 4) Microsoft Office
- 5) Microsoft Technical
- 6) Cisco;
- 7) Information Security;
- 8) VMware;
- 9) Cloud Technologies including but not limited to Cisco, CompTIA, Microsoft, and VMware Cloud Technologies;
- 10) Adobe Creative Suite;
- 11) Business Skills;
- 12) Citrix;
- 13) Crystal Reports;
- 14) IBM;
- 15) ITIL;
- 16) Linux;
- 17) Project Management;
- 18) QuickBooks; and
- 19) Six Sigma.

Table 1:

Junior-Level Minimum Mandatory Qualifications	
Degree Level	Associate Degree in Computer Science or a related field such as Information Systems; and
Relevant Experience	(Between) 1 – 4 years of experience as described above; or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable
Relevant Experience	(More than) 7 years of experience as described above.
Optional/Desirable Requirements (Does NOT replace the Mandatory Qualifications above)	
Degree Level	Bachelor's or other Degree in Computer Science or a related computer field.
Professional Certifications, any one	Any training and IT related certifications.

13. IT Business and Process Consulting Services

Brief Description of Services: Services include providing business consulting in the areas of business development, business process management, change management, leadership, customer relationship, organizational design, development, and efficiency consulting for the public/government. Provision of these services may include a wide variety of specializations such as computer science, information systems/technology, and human resource business and process consulting.

Services may include helping state government improve performance, primarily through the thorough analysis of existing business problems and development of plans for improvement. Services may include management consultants to gain external, and more objective advice and recommendations, to gain access to the consultants' specialized expertise.

Consultancies may also provide organizational change management assistance, development of coaching skills, technology implementation, strategy development, or operational improvement services. Business consultants may propose for customer approval their own methodologies or frameworks to guide the identification of problems, and to serve as the basis for recommendations for more effective or efficient ways of performing business tasks.

Expected typical skills may include:

- 1) Excellent written and oral communication skills;
- 2) The ability to leverage knowledge of theory, principle, practices or technology in the relevant discipline(s) or field of specialization;
- 3) The ability to present ideas across multiple audiences and environments using business-friendly and user-friendly language;
- 4) Be highly self-motivated and directed, with keen attention to detail;
- 5) The ability to effectively prioritize and execute tasks in a high-pressure environment;
- 6) The ability to work well with teams and communicate with variety of stakeholders;
- 7) Exemplary ability to perform problem analysis, problem solving, and communicate potential solutions to customer's unique problems; and
- 8) Collaborate with the customer to keep them informed of progress and make relevant decisions.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Bachelor's Degree in Business or related field such as accounting, business, finance, marketing, management, information technology or a similar area; and
Junior-level	(Between) 1 – 4 years of experience as described above: or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Bachelor's Degree in Business or related field such as accounting, business, finance, marketing, management, information technology or a similar area; and

Mid-level	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Bachelor's Degree in Business or related field such as accounting, business, finance, marketing, management, information technology or a similar area; and
Senior-level	(More than) 7 years of experience as described above.
Optional/Desirable Requirements (Does NOT replace the Mandatory Qualifications above)	
Degree Level	Any other Degree in Business or related field such as accounting, business, finance, marketing, management, information technology or a similar area
Professional Certifications, any one	Six Sigma, Lean Six Sigma, or any related IT related certifications, if any.

14. Marketing Services

The purpose of this category is to provide comprehensive marketing services for the diverse set of State agencies.

Brief Description of Services: Services that support any IT related activities that may include marketing plan development and implementation; market research; marketing consulting; marketing strategy development; brand development and management; digital and tangible marketing solutions.

Expected typical skills may include:

- 1) Marketing plan development and execution;
- 2) Marketing campaign development and implementation;
- 3) Mobile- responsive website design and development; website user-experience improvement;
- 4) Website management services to update content including text, graphics, and other digital files;
- 5) Website design and development with content management system portal;
- 6) Branding development, rebranding strategies, brand awareness solutions;
- 7) Graphic design for website and collateral materials;
- 8) Accessibility design and development in support of Web Content Accessibility Guidelines 2.1AA (WCAG 2.1AA); or
- 9) Social media strategy development and implementation.

Table 1:

Qualified Personnel/Staff Minimum Mandatory Qualifications	
Junior-Level Minimum Mandatory Qualifications	
Degree Level	Associate Degree in Business Administration, Marketing, Digital Media Design, or the equivalent; and
Junior-level	(Between) 1 – 4 years of experience as described above: or
Mid-Level Minimum Mandatory Qualifications	
Degree Level	Associate Degree in Business Administration, Marketing, Digital Media Design, or the equivalent; and

Mid-level	(More than) 4 years and (less than) 7 years of experience as described above; or
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Associate Degree in Business Administration, Marketing, Digital Media Design, or the equivalent; and
Senior-level	(More than) 7 years of experience as described above.
Optional/Desirable Requirements (Does NOT replace the Mandatory Qualifications above)	
Degree Level	Bachelor's or other Degree in Business Administration, Marketing, Digital Media Design, or the equivalent
Professional Certifications, any one	List any related IT related certifications, if any.

17. Electronic Content Management (ECM) Services

Brief Description of Services: Services include the capture, storage, retrieval, and management of documents, records, emails, electronic communications and other documents created by agency. Typical services include participation in the implementation, operation, administration, and configuration of the ECM platform. Provides expertise and guidance to business units regarding ECM operations, system/user configurations and related records and document management matters (i.e. taxonomies, metadata, user configuration, groups/roles and security settings); ECM solutions planning, coordinating and overseeing activities related to integration of ECM applications into an agency's information system.

Expected typical skills may include:

1. Analyze content and gather ECM business requirements resulting in meeting customer needs and determine opportunities to streamline and automate business process.
2. Leads project planning sessions with clients, business analysts and team members to gather, analyze, and document business requirements and objectives.
3. Coordinates project activities, conducts systems research and analysis, recommends alternatives, and ensures implementation.
4. Educates users on systems and processes and acts as an IT consultant.
5. Assures appropriate knowledge transfer to customers and internally, maintains system and user documentation, instructions and procedures, and demonstrates best practices
6. Provides systems analysis and design to meet functional and organizational requirements
7. Develops, coordinates, and implements test plans to test business and functional requirements during solution development and participates in system testing individually
8. Directs and executes system and/or acceptance testing.
9. Works with business units and IT teams to define processes for conducting testing and reviewing results.
10. Leads users in the assessment of vendor solution options, identifying risks, cost/benefits, and on-going support considerations.

Degree Level	Not Applicable for this category.
Mid-level	(More than) 4 years and (less than) 7 years of experience as described above.
Senior-Level Minimum Mandatory Qualifications	
Degree Level	Not Applicable for this category.
Senior-level	(More than) 7 years of experience as described above.
Optional/Desirable Requirements (Does NOT replace the Mandatory Qualifications above)	
Degree Level	Bachelor's Degree in Business or related field such as accounting, business, finance, marketing, management, information technology or a similar area
Professional Certifications, any one	List any related IT related certifications, if any.

18. Data Conversion Services

Brief Description of Services: Services include data entry projects that require data capture through scanning, and/or manual key entry to correct data through scanning, and /or capturing images through scanning.

Expected typical skills may include:

1. Data entry projects requiring data capture through scanning;
2. Data entry projects requiring manual key entry;
3. Correcting data through scanning; and
4. Correcting data by capturing images through scanning.

Degree Level	Bachelor's or other Degree in Business or related field such as accounting, business, finance, marketing, management, information technology or a similar area.
Professional Certifications, any one	List any related IT related certifications, if any.

ARTICLE 27 – MERGER, SCOPE AND ORDER OF PRECEDENCE

A. Severable. The provisions of this Agreement supersede any conflicting term or condition in a PSA. The terms of a Purchase Order supersede any conflicting term or condition in a PSA. Neither Contractor nor a Procuring Entity shall purport to delete or modify any term of this Agreement in the terms and conditions of a PSA or Purchase Order. An invalid provision in this Agreement or a PSA is severable. If a clause, sentence, or paragraph of this Agreement or a PSA is determined to be invalid by a court or agency or commission having jurisdiction over the subject matter hereof, such invalidity shall not affect other provisions of this Agreement or a PSA, which can be given effect without the invalid provision.

B. Merger/Scope/Order. This Agreement incorporates any and all agreements, covenants and understandings between the Parties concerning the subject matter hereof, and all such agreements, covenants, and understanding have been merged into this Agreement. No prior agreement or understanding, verbal or otherwise, of the Parties or their agents or assignees shall be valid or enforceable unless embodied in this Agreement.

ARTICLE 28 – NOTICES

All deliveries, notices, requests, demands, or other communications provided for or required by this Agreement shall be in writing and shall be deemed to have been given when sent by registered or certified mail (return receipt requested), when sent by overnight carrier, or upon telephone confirmation by Contractor to the sender of receipt of a facsimile communication that is followed by a mailed hard copy from the sender. Notices shall be addressed as follows:

Albuquerque, NM 87104
Phone: 505-830-0414
Email: steve@rtsolutions.com

Any change to the Notice individual or the address shall be effective only in writing.

ARTICLE 29 – GENERAL PROVISIONS

The Contractor agrees to abide by all federal and state laws and rules and regulations, and executive orders of the Governor of the State of New Mexico, including but not limited to:

1. Civil and Criminal Penalties. The Procurement Code, Sections 13-1-28 through 13-1-199 NMSA 1978, imposes civil and criminal penalties for its violation. In addition, the New Mexico criminal statutes impose felony penalties for illegal bribes, gratuities and kickbacks.
2. Equal Opportunity Compliance. The Contractor agrees to abide by all federal and state laws and rules and regulations, and executive orders of the Governor of the State of New Mexico, pertaining to equal employment opportunity. In accordance with all such laws of the State of New Mexico, the Contractor agrees to assure that no person in the United States shall, on the grounds of race, religion, color, national origin, ancestry, sex, age, physical or mental handicap, serious medical condition, spousal affiliation, sexual orientation or gender identity, be excluded from employment with or participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity performed under this Agreement. If Contractor is found not to be in compliance with these requirements during the life of this Agreement, Contractor agrees to take appropriate steps to correct these deficiencies.
3. Nondiscrimination. Contractor, and all deliverables under this Agreement, shall comply, as applicable, with the Federal Civil Rights Act of 1964, the Americans with Disabilities Act of 1990 (Public Law 101-336), and every other federal and state law that prohibits discrimination or mandates accommodation for disability, injury, sickness, disease or specified hardship. Any deliverable constituting an interactive or informational system or display solely for use or consumption by a public employee or employer shall comply with accessibility standards for a comparable system or display used or consumed by a member of the public or by a private employer.
4. Workers Compensation. The Contractor agrees to comply with state laws and rules applicable to workers compensation benefits for its employees. If the Contractor fails to comply with the Workers Compensation Act and applicable rules when required to do so, this Agreement may be terminated by the Procuring Entity.
5. Applicable Law. The laws of the State of New Mexico shall govern this Agreement. Venue shall be proper only in a New Mexico court of competent jurisdiction in accordance with Section 38-3-1 (G) NMSA 1978. Contractor agrees to submit to the jurisdiction of the courts of the State of New Mexico over any and all such lawsuits arising under or out of any term of this Agreement. These provisions do not preclude the parties to a PSA from mutually agreeing, at the time a dispute arises, to resolve the particular dispute through mediation or binding arbitration. Any agreement to submit a prospective dispute to binding arbitration is null and void.
6. Waiver. A party's failure to require strict performance of any provision of this Agreement

shall not waive or diminish that party's right thereafter to demand strict compliance with that or any other provision. No waiver by a party of any of its rights under this Agreement shall be effective unless expressed and in writing, and no effective waiver by a party of any of its rights shall be effective to waive any other rights.

7. Headings. Any and all headings herein are inserted only for convenience and ease of reference and are not to be considered in the construction or interpretation of any provision of this Agreement. Numbered or lettered provisions, sections and subsections contained herein, refer only to provisions, sections and subsections of this Agreement unless otherwise expressly stated.

8. Background Check. Contractor shall comply with any background check requirements and processes required by law or specified by a Procuring Entity upon inception of a Professional Services Agreement and before performing any Services for the Procuring Entity.

9. Work Location. Except as expressly authorized by a Procuring Entity and the State of New Mexico Office of Cybersecurity in an approved, written exception request, Contractor, its subcontractors and any of their personnel must physically perform any services contracted by the State of New Mexico in the United States. This includes any work that is performed offsite or remote. A PSA may specify more restrictive work location requirements.

ARTICLE 30 – SURVIVAL

Provisions of this Agreement, and of any PSA, that by their intent, nature or effect are enforceable post-termination, shall survive the termination notwithstanding the cause of termination of this agreement. This includes, but is not limited to, the terms of the Articles titled Intellectual Property, Intellectual Property Ownership, Confidentiality, and the terms of all warranties, licenses, and escrow agreements.

ARTICLE 31 – CALCULATION OF TIME

Any time period herein calculated by reference to "days" means calendar days, unless Business Days are used; provided, however, that if the last day for a given act falls on a Saturday, Sunday, or a holiday as observed by the State of New Mexico, the day for such act shall be the first day following that is not a Saturday, Sunday, or such observed holiday.

ARTICLE 32 – FORCE MAJEURE

Neither party shall be liable in damages or have any right to terminate this Agreement for any delay or Default in performing hereunder if such delay or Default is caused by conditions beyond its control including, but not limited to Acts of God, Government restrictions (including the denial or cancellation of any export or other necessary license), wars, insurrections and/or any other cause beyond the reasonable control of the party whose performance is affected.

ARTICLE 33 – ADDITIONAL PROVISIONS

1. **Administrative Reporting.**

The Contractor agrees to provide a Utilization Report to SPD in accordance with the following schedule:

Period End

September 30

December 31

March 31

June 30

Report Due

October 31

January 31

April 30

July 31

The periodic report shall include the gross total sales for the period subtotaled by Procuring Entity name. The report shall be accompanied by a check payable to the SPD for an amount equal to three-quarters of one percent (1.00%) of the total sales for the period. The Contractor agrees to provide a utilization report to the agreement administrator in accordance with the following schedule:

Period End

September 30

December 31

March 31

June 30

Report Due

October 31

January 31

April 30

July 31

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

A. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE (ERSD)

From time to time, New Mexico General Services Department (GSD), on behalf of the State of New Mexico (SONM), may be required by law to provide you with certain written notices or disclosures. Stated below are the terms and conditions for GSD's providing you such notices and disclosures electronically through the DocuSign system. Please read this information carefully. If you are able to access this information electronically and agree to **this Electronic Record and Signature Disclosure (ERSD)**, please confirm your agreement by selecting the check-box next to "I agree to use electronic records and signatures" before clicking "CONTINUE" within the DocuSign system.

B. Obtaining paper copies

At any time up to twenty (20) calendar days following your use of DocuSign to electronically sign a document, you may request a paper copy of any record provided or made available electronically to you by GSD. You will have the ability to download and print documents SONM sends you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a twenty (20) calendar day period after such documents are first sent to you. Following the twenty (20) day period, if you want GSD to send you paper copies of any such documents from GSD's office, you will be charged a \$1.00 per-page fee plus postage. You may request delivery of such paper copies from GSD by following the procedure stated in Section H, below.

C. Withdrawing your consent

If you decide to receive notices and disclosures from GSD electronically, you may at any time change your mind and inform GSD you want to receive required notices and disclosures only in paper format. The procedure concerning how you may inform GSD of your decision to receive future notices and disclosures in paper format as well as withdraw your consent to receive notices and disclosures electronically is stated in Section D, immediately below.

D. Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed with which GSD will be able to complete certain steps in specific transactions and deliver paper copies to you. GSD will need: (1) to send the required notices or disclosures to you in paper format; and (2) wait until GSD receives your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from SONM or to electronically sign documents generated and sent to you from SONM.

E. All notices and disclosures will be sent to you electronically

Unless you inform GSD otherwise according to these procedures, GSD will electronically provide you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements and other documents that are required to be provided or made available to you during the course of your electronic signature relationship with SONM. To reduce the possibility of inadvertent non-receipt, GSD prefers to provide all required notices and disclosures by the same method and to the same email or physical address that you furnish to GSD. Thus, you may receive the disclosures and notices electronically or in paper form. If you do not agree with this procedure, please inform GSD according to the procedures stated in Section I, below. Please also refer to Section D, immediately above, which states the consequences resulting from your declination of electronic delivery of notices and disclosures.

F. How to contact GSD:

You may inform General Services Department (GSD) of any changes you select regarding State Purchasing Division's (SPD) electronic communications with you, to request paper copies of certain information from SPD, and to withdraw your prior consent to receive notices and disclosures electronically by emailing your request(s) to SPD at: GSD.SPDinfo@state.nm.us

G. To advise SPD of your new email address

To inform SPD of a change in the email address to which SPD sends you notices and disclosures electronically, you must send an email to SPD at GSD.SPDinfo@state.nm.us and in the body of such request you must include your previous and new email addresses.

H. To request paper copies from SPD

To request delivery of paper copies of electronic notices and disclosures that DocuSign and/or SPD have previously provided to you, you must send an email to SPD at GSD.SPDinfo@state.nm.us and in the body of your email request state your email address, full name, mailing address, and telephone number. SPD will charge you a \$1.00 per page copy fee plus postage.

I. To withdraw your consent with SPD

To inform SPD that you no longer wish to receive notices and disclosures in electronic format you may:

(1) Decline to sign a document from within a signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may:

(2) Send SPD an email to GSD.SPDinfo@state.nm.us and in the body of your request state your email address, full name, mailing address, and telephone number.

J. Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current DocuSign system requirements may be found at:

<https://support.docusign.com/guides/signer-guide-signing-system-requirements>

K. Acknowledging your access and consent to receive and sign documents electronically

To confirm that you are able to electronically access the information contained in this Electronic Record and Signature Disclosure (ERSD), please confirm that you have: (1) read this ERSD, and either: (2) you are able to print on paper or electronically save this ERSD for your future reference and access; or (3) you are able to email this ERSD to an email address where you will be able to print this ERSD on paper and/or save this ERSD for your future reference and access. Further, if you consent to receiving notices and disclosures from DocuSign and/or SPD exclusively in electronic format, then select the check-box next to “I agree to use electronic records and signatures,” before you click “CONTINUE” within the DocuSign system.

By selecting the check-box next to “I agree to use electronic records and signatures,” you confirm that:

- You have read this Electronic Record and Signature Disclosure (ERSD); and
- You can print this ERSD on paper, or you can save and/ or send this ERSD to a location where you can print this ERSD, for your future reference and access; and
- Until or unless you notify SPD as stated in this ERSD, you consent to exclusively receive through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by SPD during the course of your electronic signature relationship with SPD.
