RE: **Declaration of Emergency – Procure Services for Repair of a Broken Water Line Located at Paseo C De Baca and Los Gatos Lane in La Cienega, New Mexico, in the Amount of \$ 11,395.00, Exclusive of NM GRT**

Issue:

On Friday April 15, 2022, the Utilities Division arrived at the residence located Paseo C De Baca and Lost Gatos Lane in La Cienega to turn on the County water for a newly established water service customer, who converted their water from well water to County water service. When County staff turn the water valve, water began to seep up from the ground. The staff immediately shut off the valve and contacted a plumbing contractor to excavate the area to locate and repair the water line.

Due to low staffing levels at the Utilities Division, the Public Works Department contacted Next Generation Contracting to perform the work and provide water to the residence.

Determination:

Due to the water supply to County resident being disconnected, the health and safety of the public was jeopardized and required immediate action to provide water to County residents.

It is therefore the determination of the County Procurement Manager, CPO that the services needed for the repairs at the above mentioned location meets the requirements of an emergency procurement, pursuant to NMSA 1978, 13-1-127.

All work and costs associated with this determination is limited to the services required for the repairs located at the subject location in Santa Fe, New Mexico.

Emergency Project Deliverables:

Contractor: Next Generation Contracting
PO Box 28700
Santa Fe, NM 87592
