

CLEAN ENERGY COALITION FOR SANTA FE COUNTY

EXHIBIT LIST FOR BCC Hearing – August 11/12, 2025

Exhibit 1 – MDPI – Li Battery Runoff

Exhibit 2 – The Guardian – How solar farms took over the California Desert – An Oasis has Become a Dead Sea

Exhibit 3 – DOE solar definitions – Solar Power in Your Community Guidebook March 2023

Exhibit 4 – NFPA Environmental Impact Study on Li Fires - study in progress

Exhibit 5 – AES Defines Project as Utility-Scale to County in 2022

Exhibit 6 – Safety of Lithium-ion Batteries – Power Tech Systems Analysis

Exhibit 7 – NOVEC 1230

Exhibit 8 – Fire Calculations

Exhibit 9 – PFAs contaminates drinking water in historic New Mexico village

Exhibit 10 – Emergency Planning – Existing Gas Line Not Show

Exhibit 11 – 3M to Stop Producing NOVEC 1230 in 2025 due to PFAs content

Exhibit 12 – American Clean Power – Groundwater Contamination from firewater runoff

Exhibit 13 – Claims Journal – Li Batteries – Groundwater and Metal Contamination

Exhibit 14 – The Guardian – Subclass of PFAs (Bis-FASI) in Li Batteries

Exhibit 15 – First Street (Climate Risk Data Provider) – SF County Major Wildfire Risk

Exhibit 16 – Journal of Energy Chemistry – Air, soil, water contamination and Fires Continue Despite Codes

Exhibit 17 – NBC – Heavy Metals Found Miles from Moss Landing fire

Exhibit 18 – Bay Nature – A Battery Fire Deposits Heavy Metals into Elkhorn Slough

Exhibit 19 – Orange County Fire Authority – Ember Distance

Exhibit 20 – Santa Fe Ranks 12th in West for Greatest Wildfire Risk

Exhibit 21 – Travelers.com – BESS Risks – Groundwater, soil contamination and Toxic fumes

Exhibit 22 – Travelers.com – BESS Risks – Chemical Release Hazards

Exhibit 23 – Wildfirerisk.org – Santa Fe County High Risk of Wildfire

CLEAN ENERGY COALITION FOR SANTA FE COUNTY

EXHIBIT LIST FOR BCC Hearing – August 11/12, 2025

Exhibit 24 – Santa Fe County Community Wildfire Protection Plan

Exhibit 25 – KQED – Moss Landing fire – Health Issues & Testing Deficiencies

Exhibit 26 – Singleton Schreiber – Filed Moss Landing Complaint

Exhibit 27 – PNM mailing – Informs Eldoradoans They Live in High Fire Risk Area and now subject to Public Safety Power Shutoffs (PSPS)

Exhibit 28 -SFC Planning Commission Memorandum 01292025

*Exhibit 29 - Removed due to confidential and privileged communication

Exhibit 30 - Solar Builder - Why Li-ion isn't the answer for energy storage

Exhibit 31 - Energy Storage News - The Truth About Large-Scale Battery Storage O&M

Exhibit 32 - Coast News - Op-Ed Stop These Dangerous Battery Storage Sites

Exhibit 33 - Hunterbrook - Vistra Fights PFAS Testing After Battery Fire & Rise Study PFAS in Batteries

Exhibit 34 - 2024 Energy Storage Outlook - Battery Chemistry

Exhibit 35 - Times of San Diego - EPA Alarmed by Battery Fires Toxic Conditions

Exhibit 36 - EticaAG - The Escondido BESS Fire - Implications for Battery Storage

Exhibit 37 - Don Smith, Environmental Toxicologist Testimony

Exhibit 38 - Testimony of Joseph H Rowley re Rancho Viejo BESS project 7-17-25

Exhibit 39 - Hiller Report 20221215-CEN-AW0431-BESS-FRA-R0 AES CEN BESS Level Fire Risk Analysis
