Dear Santa Fe County Commission,

As a solar power professional (Dankoff Solar Products, Inc. Founder, Retired) and a resident of Santa Fe, I support the Rancho Viejo solar and storage project.

Based on my 30 years of photovoltaic and battery experience, plus recent study of lithium battery systems, I believe this is a safe and non-polluting way to increase the economy, stability, and reliability of the power grid.

It's clear that Rancho Viejo, CUP - case #24-5200, is a good choice for Santa Fe County. I and many of my neighbors are excited to see the county approve this project and more like it in the near future so we can unlock the economic and environmental benefits.

Sincerely,

Mr. Windy Dankoff

Santa Fe, NM 87505-4506
