Dear Mr. Sisneros and Board of Commissioners,

As a resident of Santa Fe County please support the Rancho Viejo Solar project. Not only will this project provide needed power to our residents, but it will also get us closer to reaching our clean energy goals. The developer has gone above and beyond to ensure this project's safety and the project will also provide a much needed boost to our local economy. This is a win-win for Santa Fe County.

Thank you,

Shea Schleman
