Dear Mr. Shaffer,

Rumor has it that you're considering holding the special hearing on this AES application in a small county chamber that can only accommodate 100-150 people?

I hope it isn't so.

I, and a thousand of my neighbors, are following this application issue carefully, watching the county's actions, and scheduling such a hearing in such a small room would make no sense given the turnouts in the past.

Please find a way to get us back into the convention center, or some venue that can accommodate the public. We need to be involved!

Thank you,  
Kathy Priola
