Behavioral Health Crisis Center— What is It?

- **GOAL:** To provide a safe and secure place for Santa Fe County adults with behavioral health issues (mental illnesses and/or addictions) and their families and caregivers to receive immediate assistance and find information in times of crisis, and to provide linkage with needed community services.

What Are the Primary Goals?

- o To reduce unnecessary admission to hospital emergency departments
- o To prevent unnecessary detainment of individuals in criminal facilities
- o To provide immediate crisis management and de-escalation support
- o To ensure individuals are connected with ongoing clinical and social support, including navigation, to prevent further crisis

Who Will It Serve?

- Adults 18 years old and their families with behavioral health needs who are experiencing a crisis, including mental health and substance abuse
- We estimate approximately 2,500 visits per year
