

## Film permit APPLICATION PACKET

DEAR APPLICANT:

This packet of information is designed to assist you with the film permitting process for Santa Fe County. As per Santa Fe County Ordinance No. 2010-6, a permit is required to stage, make, strike, film or video record commercial motion pictures, television shows, programs and commercials, including magazine or documentary programs and still photography productions within Santa Fe County.

Please refer to the **FILM PERMIT Checklist, attached, for information on fees and an outline of ordinance requirements.**

Fees must be paid at the time of application.

### **TIME FRAME:**

County ordinance requires that permit applications for filming in Santa Fe County be submitted either ten or fifteen working days prior to commencement of film activity. Some activities require pre-approval by other County departments or external agencies. Be advised that it is up to the Applicant to obtain the needed pre-approvals. **Plan ahead when filming in Santa Fe County to avoid unnecessary delays.**

### **LOCATION INFORMATION:**

Dependant on the nature of the film activity, specific information is required by Santa Fe County. If private, county, or State roadways are affected, the Applicant must obtain pre-approvals from the owner/operator of the roadway. Any proposed conflagration must be pre-approved by the County Fire Marshall. In most cases, notarized approval of the property owner where the filmmaking will occur must be submitted together with the Application.

### **WHERE IS A FILM PERMIT PACKET SUBMITTED AND APPROVED?**

The Santa Fe County Land Use Department located at 102 Grant Avenue in downtown Santa Fe, is where a complete Application is to be submitted.

Upon a finding by the Land Use Administrator that the Applicant has complied with all submittal requirements necessary for filming or photographing in the County, a Film Permit will be issued.
