- An immediate and present danger of range fires, brush fires, grass fires, forest fires and structure fires exists within the County due to persistent drought;
- Given the persistent drought, the probability of ignition of materials and the spread of fire pose a severe threat to persons and property;

WHEREAS, as of June 1, 2022, the Hermits Peak Fire, McBride Fire, Nogal Fire, Calf Canyon Fire, Cooks Peak Fire, and Big Hole Fire remain active and have burned over 315,000 acres of wildlands;
