Employee Spotlight

July 2022 | VOLUME 2

My name is Lindsey Martinez; I am from Northern New Mexico. I enjoy spending with my family, working on the ranch and competing in rodeo. I currently compete in team roping and barrel racing. I started working for the Santa Fe County Treasurer's Office last year where I started as an Intern and currently I am working as a temporary worker. I chose to work here for the incredible opportunities to enhance my skills in the workforce which will benefit me as I further my career. As an intern, I did a lot of different things such as shadowing the treasurer, going to meetings, and meeting new people. Being a temporary worker is slightly different as I do more work in the office such as, answering phone calls to assist people with any concerns they may have and processing payments. Unlike my internship, working as a temp has taught me how to properly communicate with tax payers to ensure they understand as much as possible. I have learned so much while working with this office which I will be able to use in any future jobs. Lastly, I plan to continue my schooling and get my associates in Respiratory Therapy and bachelors in Public Health while continuing to rodeo. I would want to thank everyone in the office for all the help, it is greatly appreciated.

Where Does Your Property Tax Dollars Go?

Congratulations from the Santa Fe County Treasurer's Office to all the 2022 Graduates and their families.
