- July Completion of State Reporting Template Targets
- Logic Model / Eval Plan Approval Status (pending)
- Status Reports of Projects (table reminder below)

R1 Entity	Scope / Budget
JAN	Increase staffing resources for officers investigating and responding to opioid-related incidents. Prevention training will be expanded within the Nation's workforce and School District. The Nation will install secure, wall-mounted Narcan distribution units within tribal facilities. Submitted/approved budget of \$161,428 is broken down as follows: 1. \$20k in <i>direct services</i> for expanded staffing for officers investigating and responding to opioid-related incidents to improve timely response, diversion opportunities, and cross jurisdictional investigations with federal and state partners. 2. \$48,448 in <i>training and workforce development</i> for behavioral health, opioid response, and interdiction training for officers and staff who regularly interact with individuals experiencing substance use disorders. Expand prevention training within the Nation's workforce and School

	District to strengthen protective factors and reduce risk factors associated with substance misuse. 3. \$92,980 in <i>infrastructure and equipment</i> for the purchase and installation of wall-mounted and stand-alone vending machines for Narcan distribution units to 8 tribal facilities to increase access to life-saving medication as an overdose mitigation strategy.
Ohkay Owingeh	Submitted/approved budget of \$161,428 is fully applied to <i>direct services</i> with the development of youth programming with intervention efforts to strengthen expanded access to harm reduction resources, including the distribution of Detera drug deactivation bags to support the safe disposal of unused medications and reduce diversion and accidental exposure. Funding will also support the addition of two full-time equivalent positions dedicated to prevention coordination, outreach, data tracking, and linkage to care, ensuring a consistent and timely response to emerging needs.
Santa Clara	\$161,428 held in trust pending further State-Tribal engagement efforts. June 16 meeting with SFC proved promising for Early Access participation.
San Ildefonso	Expand crisis services through the following strategies: individual and group counseling for those affected by substance use of overdoses; psychoeducation on overdose prevention, naloxone use, and recovery support; post-overdoses outreach and rapid engagement within 24 – 72 hours of an incident; care coordination across treatment providers, workforce staff, and family support teams; and distribution of naloxone and overdose prevention education. Submitted/approved budget of \$161,428 is broken down as follows: 1. \$24,214 for <i>planning and administrative</i> oversight 2. \$121,071 for <i>direct services</i> of individual and group counseling for family members affected by substance use or overdose; psychoeducation on overdose prevention, naloxone use, and recovery support; grief and bereavement support for families impacted by overdose-related death; post-overdose outreach and rapid engagement within [24–72] hours of an incident; care coordination across treatment providers, workforce staff, and family support teams; distribution of naloxone and overdose prevention education; peer recovery support and mentoring; reentry planning and stabilization for individuals transitioning from inpatient care. 3. \$16,143 for <i>operational costs</i> of facility expenses, communications, supplies, data systems, IT maintenance, or service coordination support
Nambe	Submitted/approved budget of \$161,428 fully applied to <i>direct services</i> by increasing prevention efforts through expanded mobile case management, expanded harm reduction efforts to make related services more accessible, increased collaboration with regional treatment centers, schools, and tribal mental health programs in providing adventure and nature based therapy groups,

	increased linkages to detox and residential treatment services, and expanded efforts to help increase peer support strategies.
Pojoaque	Increase capacity of behavioral health clinical staffing dedicated to crisis interventions by hiring one full-time clinical lead and one half-time Crisis Intervention Therapist. Submitted/approved budget of \$161,428 is broken down as follows: 1. \$24,214 for <i>planning and administrative</i> oversight 2. \$137,214 for <i>direct services</i> with a Crisis Intervention Clinical Lead @1 FTE - 100% (85K) and a Crisis Intervention Therapist @0.5 FTE - 50% (35,748) + Fringe Benefits (\$16,466)
Tesuque	Increased prevention efforts through the hiring of a case manager to assist with Narcan awareness and distribution and make referrals for the Wellness Drug Court to ensure continuity of care. Submitted/approved budget of \$161,428 is broken down as follows: 1. \$5k for <i>reporting and administrative</i> oversight 2. \$90,641 in <i>direct services</i> by hiring a Case Manager: Salary - \$43,680 FICA - \$3,341, Insurance - 6,000, & Retirement - \$2,260 to provide direct services and referrals from Tribal court and other agencies concerning Behavioral Health. \$35,000 will provide direct services through the Healing to Wellness Drug Court 3. \$15k in <i>training and workforce</i> development through the new Case Manager who will attend MRT, Drug interactions, and Narcan trainings to increase the effectiveness of the Healing to Wellness Drug Court and meet the capacity necessary for clients. 4. \$10k in <i>equipment</i> of computer and accessories, phone, computer software for Case Manager 5. \$40,787 in <i>operational costs</i> of facility expenses, communications, food supplies, data systems, & IT maintenance
RAC	Expand capacity at Darrin's Place through the addition of a pilot on-demand transportation program, increased residential facility capacity, and the addition of medically monitored detox services. Funding will also support increased staffing for 24/7 operations that include RN and BHT coverage, an on-call medical provider, and facility upgrades. Submitted/approved budget of \$450k is broken down as follows: 1. \$50k for <i>administrative</i> oversight 2. \$350k in <i>direct services</i> for increased staffing to expand detox and hire up to two transportation staff 3. \$50k in <i>equipment</i> of a vehicle for on demand transportation
LAC	Working in partnership with RAC on Darrin's Place project (see above)

SFC	Expand capacity of EMS' Mobile Integrated Health program. Submitted/approved budget of \$420,004 is as follows: 1. \$120k in <i>equipment/infrastructure</i> of ADA compliant van 2. \$50,004 for <i>operations</i> and coordination with La Sala and the City of Santa Fe 3. \$250k in <i>direct services</i> for contracted licensed social worker and mobile case manager to staff the Unit
