To the Santa Fe County Board of County Commissioners, the County Manager,  
and the Citizens of Santa Fe County

In accordance with New Mexico statutes, we are pleased to present you the Annual Comprehensive Financial Report for Santa Fe County for the fiscal year ended June 30, 2025. The financial statements and supporting schedules have been prepared in conformity with generally accepted accounting principles (GAAP) for government, and with the requirements of the State of New Mexico, Office of the State Auditor.

### ***The Report***

This report consists of management's representations concerning the finances of Santa Fe County. County management assumes full responsibility for the completeness and reliability of the information presented in this report based on a comprehensive framework of internal controls that were established for this purpose. Santa Fe County has established a comprehensive internal control framework that is intended to provide reasonable assurance that assets are safeguarded against loss or unauthorized use, and that financial records can be relied upon to produce financial statements according to GAAP. "Reasonable assurance" is intended to recognize that the cost of maintaining the system of internal accounting controls should not exceed the benefits derived. The County's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. The County's management team asserts that, to the best of our knowledge, this financial report is complete and reliable in all material respects. This report consists of the Introductory Section, the Financial Section that includes the opinion of the County's independent auditor, Baker Tilly US, LLP (Baker Tilly), the Management's Discussion and Analysis (MD&A), the Statistical Section with 10 years of summary data, and the Other Supplementary Information Section. The Introductory Section includes this transmittal letter, the County's organizational chart and a list of County Officials and administrative staff. Readers should refer to the MD&A beginning on page 19 of this report for a more detailed overview of how to use this report, and for an introduction to the County's basic financial statements and an analytical overview of the County's financial activities.

### ***Independent Auditors***

Baker Tilly has audited the County's financial statements for the fiscal year ended June 30, 2025. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2025, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the

financial statements; thus, resulting in an assessment of the overall financial statements. Baker Tilly concluded that there was a reasonable basis for rendering an unmodified (or clean) opinion that Santa Fe County's financial statements for the fiscal year ended June 30, 2025, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The report may be found on pages 15-17 of this report.

### ***The Reporting Entity and Its Services***

Santa Fe County was established by the laws of the Territory of New Mexico of 1852, under provisions of Section 4-26-1 NMSA 1978. Santa Fe County is located in north-central New Mexico. The City of Santa Fe is the capital of the State of New Mexico and is in the center of the County, approximately 60 miles northeast of Albuquerque, New Mexico's largest city. Santa Fe County has a total area of 1,911 square miles, including 1,909 square miles of land and 2 square miles of water.

The 2022 census revealed a population of 155,664, which included 87,505 individuals located in the City of Santa Fe. This reflects a countywide population percentage increase since the 2010 decennial census of 7.7%. During that period, Santa Fe County experienced a higher percentage population increase than the State as a whole, which saw a 2.8% increase. Santa Fe County experienced the 5<sup>th</sup> highest county population growth rate in the State (behind Eddy, Lea, Sandoval, and Los Alamos), and was the 3<sup>rd</sup> most populous County (behind Bernalillo and Doña Ana). Santa Fe County's unemployment rate in June 2025 was 4.0% which was equal to the State's unemployment rate.

The County operates under the commission-manager form of government. All legislative power within the County is vested in an elected five-member Board of Commissioners (BCC). The executive function is divided and shared by the BCC and five other elected county officials - the Assessor, Clerk, Probate Judge, Sheriff, and Treasurer. The County provides the following services: public safety (inclusive of sheriff, fire, emergency communications center and adult corrections), highways and streets, sanitation, health and social services, housing assistance, affordable housing, culture and recreation, senior services, public works, planning and zoning, economic development, and general administration services. A regional planning authority, created by the City of Santa Fe and Santa Fe County, as well as a County Housing Authority, utilities and home sales enterprises are included within the business activities of the County's financial statements.

Santa Fe County maintains extensive budgetary controls in compliance with State statutes. The annual budget approved by the BCC serves as the foundation for Santa Fe County's financial planning and control. The fiscal year 2025 budget continued utilizing a results-accountable, priority-driven budget methodology (referred to generically as performance-based budgeting) for budget development. Staff built budget requests focusing on four specific countywide population goals: 1) provide a safe community; 2) promote a sustainable and equitable community; 3) support a healthy community; and 4) be a highly skilled, collaborative, transparent, and accessible government for operational budgets and initiatives in the County's Strategic Plan.

The County maintains extensive budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the BCC. The County's legal level of budgetary control is at the fund level. Department directors may adjust appropriations within a fund provided that the total fund appropriations remain the same. BCC and the New Mexico Department of Finance and Administration (DFA) approvals are required for adjustments that increase or decrease a fund's final approved budget. Budget adjustments that do not require DFA

approval are limited to transfers of budget between departments within a fund or transfers between line items within a department within a fund. The DFA's Local Government Division is the agency responsible for regulating the budgetary affairs of the County. State statutes prohibit the County from making expenditures more than the final approved budget at the fund level. The appropriated amounts reflected in the accompanying financial statements are at the function and activity level for all funds with the exception of the Emergency Medical Services Fund, Fire Protection Fund and Fire Impact Fees Fund; which are presented at the program or district level.

### ***Economic Outlook***

Santa Fe County is the third most populous county in the State of New Mexico, and includes the State Capital, which is home to the Palace of the Governors built in 1610 making it the oldest government building in the United States. The City of Santa Fe is located 7,000 ft. above sea level also making it the highest State Capital in the United States. The County has a total land area of 1,909 square miles. Located near the center of the State, Santa Fe County is served by rail, air and Interstate and is connected to Albuquerque the State's largest City by the Rail Runner and I-25. Santa Fe County has a diverse population and is located near some of the nation's leading high-tech research facilities including Sandia National Laboratories in Albuquerque and Los Alamos National Labs. The economy is based primarily upon government and related activities, retail trade, tourism, and cultural and recreational activities and facilities. City of Santa Fe and surrounding area are often ranked in the top 10 in tourist destinations in the United States and one of the top destinations for art. City of Santa Fe ranks 3rd in art volume sales in the US with more galleries per capita than New York City.

Leading industries in Santa Fe County include public administration (government), accommodation and food service, health care and social assistance, retail trade, and professional, scientific, and technical services. According to the New Mexico Department of Workforce Solutions, Economic Research and Analysis Bureau, for 2025, Santa Fe County's total employment was 72,336. As of March 2025, 9,670 jobs or 15.8% of the workforce were in public administration (government). An additional 15.6% or 9,569 employees in the accommodation and food services. The health care and social assistance sector employed 8,890 employees, or 14.5%, and 8,334 employees, or 13.6% work in the retail trade sector.

The economic outlook has been shaped by heightened uncertainty following the change in administration in 2025, as potential shifts in fiscal and regulatory policies weigh on business and consumer confidence nationwide. Despite this, Santa Fe County has experienced surprisingly robust consumer spending, which has bolstered local revenues even in the face of broader economic headwinds. This resilience reflects the unique economic drivers of the region, including a strong tourism sector and steady population growth, which have supported retail activity and services demand. As of Q1 2025, the U.S. economy is facing mounting challenges. According to the Federal Reserve Bank of Atlanta's latest GDPNow estimate (March 28), real GDP is expected to shrink by 2.8% in the first quarter—a stark contrast to the relatively steady growth trajectory maintained through 2024. The reversal is notable and appears driven by an interlocking set of concerns: escalating tariffs, softer consumer sentiment, weaker investment, and renewed inflationary pressure.

In particular, supply chains are beginning to feel the pinch of new import taxes—especially on materials like steel and aluminum—creating both cost uncertainty and production slowdowns. Consumers, faced with rising prices and economic uncertainty, are reining in discretionary spending, while firms have turned more conservative in their investment decisions. A surge in inventory

accumulation earlier in the year has been followed by a record-setting trade deficit, highlighting how businesses anticipated tariff-related disruptions. Compounding these challenges, inflation rose unexpectedly in February to an annualized 2.8%. Economists are beginning to worry about the emergence of stagflation—slow growth combined with rising prices. The Federal Reserve, which had signaled the likelihood of rate cuts by mid-2025, now finds itself in a bind: lower rates may be needed to support weakening growth, but elevated inflation limits the Fed’s flexibility. Labor market data from March 2025 reflects these mixed signals. While 187,000 jobs were added, the unemployment rate edged up to 4.2%, and labor force participation ticked slightly downward. Hours worked per employee have dipped across several sectors, and job postings continue to decline. So far, initial unemployment claims remain within typical ranges—but these figures often trail broader market shifts.

Despite these clouds, there are signs of resilience. New business formation remains strong, especially among firms categorized as high-propensity employers. However, rising consumer delinquencies and tighter credit markets could limit this positive trend if macroeconomic conditions continue to deteriorate. While the national picture is clouded, New Mexico is holding steady—for now. The state’s unemployment rate sits at 4.4%, and sectors such as energy, logistics, and healthcare remain comparatively stable. Gross receipts tax revenues and household spending remain above pre-pandemic benchmarks, a testament to the state’s recent economic momentum. In Santa Fe County, labor markets have begun their seasonal shift. Unemployment rose to 4.2% in January from 3.7% in September. The hospitality and retail sectors remain local employment pillars, bolstered by continued tourism and seasonal demand. But workforce pressures are mounting. Santa Fe depends heavily on immigrant labor in service and tourism sectors, and any tightening of federal immigration policy would make an already challenging labor market even more constrained. Housing affordability continues to pose difficulties. The median home price in Santa Fe climbed to \$571,000 in early 2025, with single-family homes averaging over \$591,000. A gradual rise in housing inventory may ease pricing pressures, but affordability concerns persist for first-time buyers and middle-income residents.

The triple threat of tariffs, immigration constraints, and proposed federal layoffs looms large over New Mexico’s future outlook. The state’s economic model—deeply intertwined with federal employment, trade with Mexico, and a significant immigrant workforce—makes it particularly susceptible to volatility in federal policy. New Mexico exports approximately \$5 billion in goods annually, with 70% destined for Mexico. Trade disruptions would impact a broad array of industries, from agriculture and logistics to light manufacturing.

Furthermore, mass layoffs in federal agencies—particularly under the Trump administration’s renewed emphasis on “downsizing government”—have outsized effects in a state where public-sector jobs play an outsized economic role. Immigration policy reform, including deportation sweeps or visa crackdowns, are especially disruptive in industries already facing labor shortages. Consumer sentiment surveys and the S&P’s recent dip (down more than 3% since its February high) suggest that market unease is growing. While some forecasters describe the current conditions as a “mild stagflation shock,” New Mexico’s small business community and public institutions may experience real strain if national conditions worsen further.<sup>1</sup>

<sup>1</sup> Revenue Projections and Sensitivity Analysis for Gross Receipts Tax (GRT); Lodgers’ Tax; and Property Tax. Prepared for the County of Santa Fe, March 30, 2025, Erebor, LLC

On July 9, 2027, Santa Fe County commissioners approved the fiscal year 2025 general fund budgeted expenditures of \$142.6 million. General fund revenues are expected to be comprised of property taxes (42.7%) and gross receipts taxes (17.1%). The fiscal year 2025 non-general fund appropriations of \$362.3 million including special revenue, capital, debt service, enterprise, and internal service funds.

### ***Budget and Reserves***

Following months of study sessions, each year's budget is reviewed and approved by the BCC through adoption of a formal budget resolution. The State of New Mexico requires a balanced budget for each fund. Santa Fe County imposes this balanced budget standard in conjunction with the additional standard that recurring expenses in each fund be sourced with recurring revenues. The Finance Division provides a monthly report to the BCC detailing all revenues and expenditures and comparing current year events to the same period of the previous fiscal year. Lastly, quarterly budget updates are submitted to the New Mexico Department of Finance and Administration's Local Government Division, pursuant to state law.

Santa Fe County's overall net taxable value was \$10.2 billion for property tax year 2024 (the property tax year applicable to fiscal year 2025), which comprised 9.4% of the statewide total. This represented a 6.2% growth in assessed values over the previous property tax year, compared with a statewide decrease in taxable values of 2.5%. Property tax collections continued to be strong in fiscal year 2025 with a collection rate of 95.4%; however, a significant observation around County revenues is the changing revenue mix that has occurred since FY 2018 (Figure 1)<sup>2</sup>.

**Figure 1: Projections of Property Tax Revenues through FY 2029**

GRT, Lodgers', and property taxes generated \$105.9 million in revenues in fiscal year 2018: of this value, property taxes represented 46.5% of these revenues, and GRT represented 53.1%. In fiscal year 2025, property taxes brought in just 46.5% of revenues, with the share taken by GRT rising to 52.1%. This relationship is expected to continue throughout the 2020s. However, property taxes are a more reliable revenue stream through adverse economic conditions. GRT revenues respond quickly to macroeconomic conditions, while research shows property tax declines often take years to work through the municipal revenue process.

A continuing principal financial issue for Santa Fe County is the funding of a large regional water system that will serve the northern part of the County, which has historically obtained its drinking water from wells. The Aamodt Settlement of water rights requires that a regional water system be designed and constructed. The cost of building this regional system will be borne by the Federal government, the State of New Mexico, and Santa Fe County.

<sup>2</sup> Revenue Projections and Sensitivity Analysis for Gross Receipts Tax (GRT); Lodgers' Tax; and Property Tax. Prepared for the County of Santa Fe, April 14, 2023, Erebor, LLC

The County strives to incorporate robust financial planning into its long-range vision to remain solvent throughout economic cycles. The County maintains the State-mandated cash reserve requirements in its general fund and the road fund. In addition to State-mandated reserves, the County adopted Resolution 2019-7 on January 8, 2019, which provides for the commitment of additional fund balances set aside for specific purposes. On June 24, 2025, the BCC approved the commitment of the following reserves in addition to State-mandated reserves: \$14.8 million contingency reserve (10.0% of fiscal year 2026 operating budget); \$16.6 million disaster recovery reserve (15.0% of fiscal year 2024 unrestricted fund balance); \$11.1 million uninsured losses reserve (10.0% of fiscal year 2024 unrestricted fund balance); \$16.6 million major infrastructure repair and replacement reserve (15.0% of fiscal year 2024 unrestricted fund balance); cumulative \$24.4 million reserves in various special revenue funds that support ongoing operations; cumulative \$7.7 million reserves in various enterprise funds; and \$1.7 million reserves in the Self Insurance fund balance (20.0% of fiscal year 2025 operating budget).

Santa Fe County has both conscientiously and strategically maintained sufficient reserves and continued to be conservative with revenue projections; this approach allowed the County to set-aside funds for a recession revenue replacement budget contingency in the amount of \$4.9 million. This strategy has continued to insulate County services and employees from the effects of economic downturns, bolstered the credit rating on the County's bonds, and allowed the County to cash-finance many of its capital expenditures.

### ***Debt Administration***

Santa Fe County routinely issues general obligation bonds backed by the full faith and credit of the County, and payable from property tax revenues. Issuance of general obligation bonds requires approval of a majority of the electorate. General obligation bonds are issued for specific capital purposes contained in the ballot language, including but not limited to purposes related to utility infrastructure, roads, open space and trails, and various county facilities. As of June 30, 2025, the County had \$96.7 million of outstanding general obligation bonds. Standard and Poor's (S&P) has assigned the County's general obligation bonds a rating of AAA, the highest possible ratings given by S&P, with a stable outlook.

Santa Fe County also routinely issues revenue bonds backed by various gross receipts tax increments. Issuance of gross receipts tax bonds requires approval by the BCC. Gross receipts tax bonds are also issued for specific capital purposes, including but not limited to purposes related to utility infrastructure, roads, open space and trails, and various county facilities. As of June 30, 2025, the County had \$45.4 million of outstanding gross receipts tax bonds and \$13.8 million of outstanding capital outlay gross receipts tax bonds. Standard and Poor's has assigned the County's capital outlay gross receipts tax bonds and junior-subordinate lien gross receipts tax a rating of "AA+" and "AA" with a stable outlook.

### ***Financial Policies***

Santa Fe County's accounting records for general government operations are maintained on a modified accrual basis, with revenues being recorded when available and measurable and expenditures being recorded when services are rendered or goods are received, and the liabilities are incurred. Accounting records for Santa Fe County's utilities and other enterprise activities are maintained on an accrual basis.

In developing and maintaining the County's accounting system, constant consideration is given to the adequacy of the internal control structure. We believe that Santa Fe County's internal accounting controls adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions. In addition to this strong control system, Santa Fe County also employs an independent internal auditor to review and make observations on various programs and systems under the direction of the County Audit Committee.

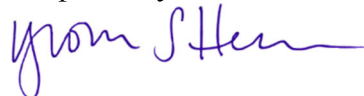

### ***Certificate of Achievement***

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Santa Fe County for its annual comprehensive financial report for the fiscal year ended June 30, 2024. This was the fourteenth consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

### ***Acknowledgments***

The preparation of this report could not have been accomplished without the dedication of staff within the Finance Division. We wish to express our sincere appreciation to all staff members whose efforts made the preparation of the report possible. We would also like to thank the staff from other Santa Fe County departments who assisted and contributed to its preparation. Finally, without the leadership and support of the County Manager and the members of the BCC, preparation of this report would not have been possible.

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of Santa Fe County, New Mexico (the County) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Santa Fe County, New Mexico as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the general fund and major special revenue funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

As discussed in Note 19, the County adopted Governmental Accounting Standards Board Statement No. 101, *Compensated Absences* during the year ended June 30, 2025. Our opinion is not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of county's proportionate share of the net pension liability, the schedule of county's contributions (PERA), the notes to required pension supplementary information, the schedule of county's proportionate share of net OPEB liability, schedule of county contributions (NMRHCA), and the notes to required OPEB supplementary information, as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The schedules of revenues, expenditures, and changes in fund balance – budget-to-actual; combining statements of nonmajor and fiduciary funds; schedule of reconciliation of tax receipts, disbursements, and property tax receivable; property tax schedule; joint powers agreements and memorandums of understanding; schedule of expenditures of state appropriations; schedule of deposit and investments accounts; schedule of pledged collateral; and financial data schedule (collectively, the supplementary information) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections as listed in the table of contents but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2025 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

***OVERVIEW OF FINANCIAL STATEMENTS***

This MD&A is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

**Government-wide financial statements**

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. This means all revenues and expenses are recognized regardless of when cash is received or spent, and all assets and liabilities, including capital assets and long-term debt, are reported at the entity level.

The statement of net position presents information on all of the County's assets, deferred outflows, liabilities and deferred inflows with assets and deferred outflows minus liabilities and deferred inflows reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities indicates how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused, compensated absences).

The government-wide statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or most of their costs through user fees and charges (*business-type activities*). Santa Fe County's governmental activities include general government, public safety, public works, culture and recreation, highways and streets, health and welfare and housing programs. The County has four business-type activities that include a water / wastewater utility, the Regional Planning Authority, home sales and housing services.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required by law to exist, while others are established internally to maintain control over a particular activity. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2025**

❖ **Governmental funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year, modified accrual basis of accounting. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and government-wide statements.

Under New Mexico Administrative Code Section 2.2.2, governments in New Mexico must include the budgetary comparison statement for the General Fund and major special revenue funds as a component of the fund financial statements within the Basic Financial Statements.

❖ **Proprietary funds**

The County maintains five proprietary funds. These enterprise funds are used to report certain functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its home sales program, regional planning authority, utilities, and housing authority. Enterprise funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Activities whose customers are primarily County departments are accounted for in an internal service fund. The internal service fund is consolidated with the governmental activities in the government-wide statements because those services predominately benefit governmental rather than business-type activities.

❖ **Fiduciary funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. Accounting used for fiduciary funds is the economic resources measurement focus and the accrual basis of accounting.

**Reconciliation Between Government-wide and Fund Statements**

The financial statements include schedules that reconcile the amounts reported for governmental activities on the government-wide statements with amounts reported on the governmental fund statements. The following are some of the major differences between the two statements:

- Capital assets, long-term debt, and pension / OPEB liabilities are included on the government-wide statements but are not included on the governmental fund statements.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2025**

- Capital spending produces assets on the government-wide statements but is considered an expenditure on the governmental fund statements.
- Delinquent property tax revenues that are owed to the County but not yet collected are reported as revenue on the government-wide statements but are deferred inflows on the governmental fund statements.

**Notes to the Financial Statements**

The notes (pages 59-117) provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Required Supplementary Information**

This section includes required information related to the County's pension and OPEB plans.

**Supplementary Information**

In addition to the basic financial statements and accompanying notes, this section includes combining statements for the County's non-major governmental funds, budgetary comparison schedules for all funds other than the General Fund, and statutorily required schedules related to the County's cash and investment balances, state appropriations, vendors, and inter-local agreements between the County and other governmental entities.

**Statistical Information**

This section provides up to ten years of financial, economic, and demographic information about the County.

**Single Audit Section**

This section reports on the County's expenditures of federal awards and is required by federal and state statutes. For Fiscal Year ending June 30, 2025, the U.S. Office of Management and Budget (OMB) was delayed in issuing the 2025 OMB Compliance Supplement, the guide for single audits of federal programs. The compliance supplement was not available at the time the financial statements were being audited. The single audit section has been omitted as part of the audited ACFR for June 30, 2025. A separate report will be issued for the County's June 30, 2025 single audit.

***GOVERNMENT-WIDE FINANCIAL ANALYSIS***

**Net Position**

Net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows exceeded liabilities and deferred inflows by \$766.7 million at the current fiscal year end.

Total assets and deferred outflows of the County as of June 30, 2025, were \$1.2 billion, an increase of \$70.0 million or 6.4% from prior fiscal year as a result of revenues exceeding expenditures by \$80.7 million. This change includes increases of \$4.4 million in property tax, \$4.0 million in GRT, and \$4.2 million in charges for services such as water and wastewater charges, permits and ambulance charges. In addition, the County had a net increase of \$26.0 million investment in capital assets and a reduction of \$5.4 million in OPEB deferred inflows.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2025**

- For governmental activities, total assets and deferred outflows were \$952.3 million, an increase of \$63.2 million, or 7.1%.
- For business-type activities, total assets and deferred outflows were \$207.6 million, an increase of \$6.5 million or 3.3%.

Total liabilities and deferred inflows as of June 30, 2025, were \$393.1 million, a decrease of \$8.0 million from the net changes in GOB bonds, revenue bonds and net pension / OPEB liabilities.

- Total liabilities and deferred inflows for governmental activities were \$385.1 million, a decrease of \$7.0 million or 1.8%.
- For business-type activities, total liabilities and deferred inflows were \$8.0 million, a decrease of \$1.0 million or 11.1%.

The County's total net position of \$766.7 million was \$80.7 million or 8.2% higher in fiscal year 2025 as compared to the prior year. Of the County's net position, \$433.9 million was invested in capital assets, net of related debt, while \$127.0 million was restricted by state statute or other legal requirements and was not available to finance day-to-day operations of the County. Unrestricted net position was \$205.8 million.

A significant portion of the County's net position reflects its investment in capital assets (e.g. land, construction in progress, infrastructure, buildings and improvements, and vehicles, furniture and equipment), less any related debt used to acquire those assets that is still outstanding plus any unspent proceeds and deferred outflows on advance refunding of bonds. The County uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted

that the resources needed to repay this debt must be provided by other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table presents comparative information of the County's net position for the fiscal years ending June 30, 2025, and June 30, 2024.

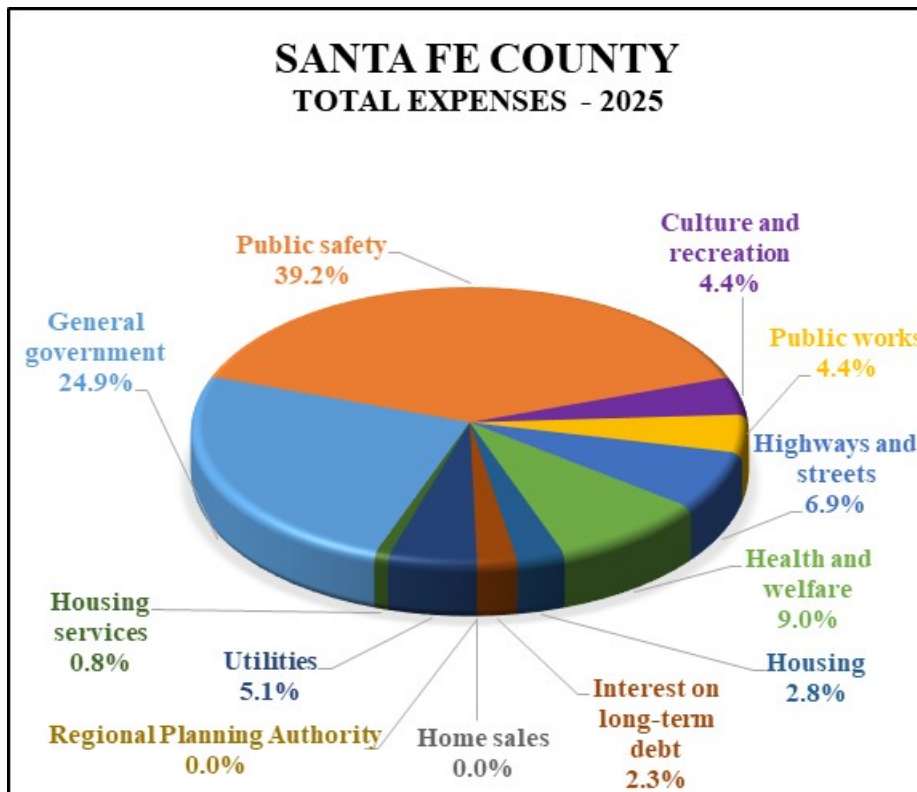

**Changes in Net Position**

The following table presents the cost of the 12 major County functional activities. The table also shows each function's net cost (total cost less charges for services generated by the activities and intergovernmental aid provided for specific programs). The net cost shows the financial burden that was placed on the County's taxpayers by each of these functions.

- The cost of all governmental activities this year was \$189.1 million; the increase of \$27.9 million from the prior year is due to increases in all activities due to increasing costs on goods and services and lower vacancies. The County continued to increase employee wages through a cost-of-living adjustment of 2.5% effective the first full pay period in January 2025. The County's actions with its compensation increases continue to help recruit hard to fill positions and retain employees that resulted in a 27.2% reduction in the County's vacancy rate. This equates to 44 positions filled during fiscal year 2025. The County and employee pension contributions increased by an additional 0.5% effective July 1, 2024 with the County also increasing its pickup of employees required contributions by 1.125%. Finally, health insurance premiums increased by 9.8% effective January 1, 2025.
- The expenses of all business-type activities this year were \$12.0 million, an increase of \$468.0K as compared to the prior year partially because of the increased employee pay and lower vacancies.
- Charges for services and grants and contributions subsidized certain governmental programs and business-type programs with revenues of \$55.9 million, an increase of \$12.0 million or 27.4% from the prior year. Governmental programs had an increase of \$9.6 million as a result of an increase in capital grants and contributions. The County recognized an additional \$2.0 million in ARPA funds than what was recognized in the prior year. In addition, the County's Fire Department spent an additional \$3.5 million in state grant funds from the New Mexico Department of Homeland Security and Emergency Management, State Fire Marshal Division for fire station improvements and purchases of apparatuses.
- The 2024 government net assets were reduced by \$2.9 million for the recognition of GASB Statement 101 *Compensated Absences* to more appropriately reflect when a government incurs an obligation.

The following table shows to what extent the County's governmental activities relied on self-generated revenues to cover program costs.

expenses. In 2024, taxes and general revenues supported 79.2% of governmental expenditures. Most costs can be attributed to general government, public safety, highway and streets and health and welfare.

***FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS***

The County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

**Fund Balances**

At June 30, 2025, the County's governmental funds reported a combined ending fund balance of \$474.0 million. The County reported \$320.0 million, or 67.5%, as restricted. Note 2 – Classification of Net Position and Fund Balances contains more details about the fund balance classifications on June 30, 2025. Committed, assigned and unassigned totaled \$152.7 million, or 32.2%.

The County's total governmental funds increased by 6.2% from 2024 as a result of the increase in gross receipts tax and property tax which both contribute to the increases in restricted and committed fund balances. As the world, the nation, and the County entered the post pandemic era, the economy continued to experience significant fluctuations due to numerous factors such as rising prices, supply and demand inequalities, oil and gas prices, all leading to rising inflation. Gross receipts tax revenue (GRT) is most responsive to a changing economic environment, particularly as it relies on consumer spending, leading the County to see increased GRT revenue across all tax increments and the corresponding funds used to account for each increment in the amount of \$4.0 million or a 4.1% increase. Property tax had a 5.0% increase in fiscal year 2025, exceeding fiscal year 2024 property taxes by \$4.3 million. The other significant increase the County experienced between fiscal years 2025 and 2024 was investment income and the increase in the fair value of investments. In fiscal year 2024, the County recognized net investment income of \$20.7 million; in fiscal year 2025, the County benefited from the increased interest rates and investments with unrealized gains for a net total of \$24.8 million.

**Governmental Funds**

The focus of the County's governmental funds is on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements. Unrestricted fund balances may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

The financial performance of the County is reflected in its governmental funds. As the County completed June 30, 2025, its governmental funds reported a combined fund balance of \$474.0 million, an increase of \$27.7 million or 6.2%. This increase is attributable to increases in property tax and gross receipts tax revenue in the amount of \$8.3 million and an increase in net investment earnings and unrealized gains of \$4.1 million.

The General Fund is the principal operating fund of the County. The General Fund's fund balance increased over the previous fiscal year by \$23.3 million to \$166.0 million. Overall revenue increased from the prior year by \$4.3 million as expenditures also increased by \$6.8 million. Revenues increased due to an increase in gross receipts taxes and property taxes and investment income. The County's general government expenditures contributed to most of the increase in fiscal year 2025 expenditures in the General Fund. Due to increasing prices and the various initiatives the County continues to make in its human capital investment from a COLA to increased pension contributions, the County's operating costs in general government increased by \$5.5 million. The other functional category expenditures, including capital outlay, had a total increase of \$1.2 million. General Fund support to other funds increased by \$5.2 million.

The major special revenue Developer Fees Fund provides affordable housing programs to the residents of the County. The Developer Fees Fund's fund balance increased \$6.2 million from the prior fiscal year due to an influx of cash contribution from the General Fund to help the significant affordable housing shortage, which continues to be an issue with little to no housing inventory available for new homeowners. The County's Community Development Department have also started a new program to incentivize developers with a developer assistance funding. During the current fiscal year, \$1.8 million has been provided to Lincoln Avenue Communities for the Cresta Ranch Apartments located at 4585 NM-14, south of Santa Fe. This development is the start of initiatives to address affordable housing in the county. Pre-leasing of the first units is anticipated in late spring 2026, with full buildout projected for early 2027. Upon completion, these projects will add approximately 552 affordable housing units within the County.

The major special revenue Fire Operations Fund accounts for the County's fire department career and volunteer staff. This is the first year since fiscal year 2018 this fund is being presented as a major fund. The Fire Operations Fund has the second highest expenditures at \$24.9 million for 2025. The County Fire Department generates ambulance revenue and gross receipts tax revenue. For 2025 ambulance charges increased \$190.6K. The largest revenue stream for the Department is a quarter of a percentage GRT supporting emergency communication and medical services. This GRT generated \$17.3 million, \$821.4K more than the prior year. The Fire Operations Fund received an additional \$5.2 million in other support from other funds for its operations, which help the fund balance to stay flat as compared to 2024.

SANTA FE COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2025**

The Capital Outlay Gross Receipts Tax Fund, the only capital improvement fund reported this fiscal year as a major fund, accounts for a 1/4<sup>th</sup> cent GRT tax to be used on County capital projects. The fund realized an increase in its fund balance of \$6.2 million. Total GRT revenue, which is most responsive to the changing economic environment and particularly relies on consumer spending, increased by \$538.9K. Expenditures saw a decrease of \$3.4 million as the County focused on spending the 2023 and prior GOB proceeds. The County continues funding projects like the NE/SE connector road project, Pojoaque Basin Reclamation Water System project, Abedon Lopez Senior Center and the Cerrillos Senior Center, as well as debt service for the outstanding capital outlay gross receipts bond.

**Proprietary Funds**

The Enterprise Funds net position increased by \$7.5 million to \$199.6 million at year end. The increase can be attributed to a total of \$7.0 million in capital contributions to both the Utilities Fund and the Housing Services Fund. Both funds experienced no significant change in their respective program expenditures and revenues.

***BUDGETARY HIGHLIGHTS***

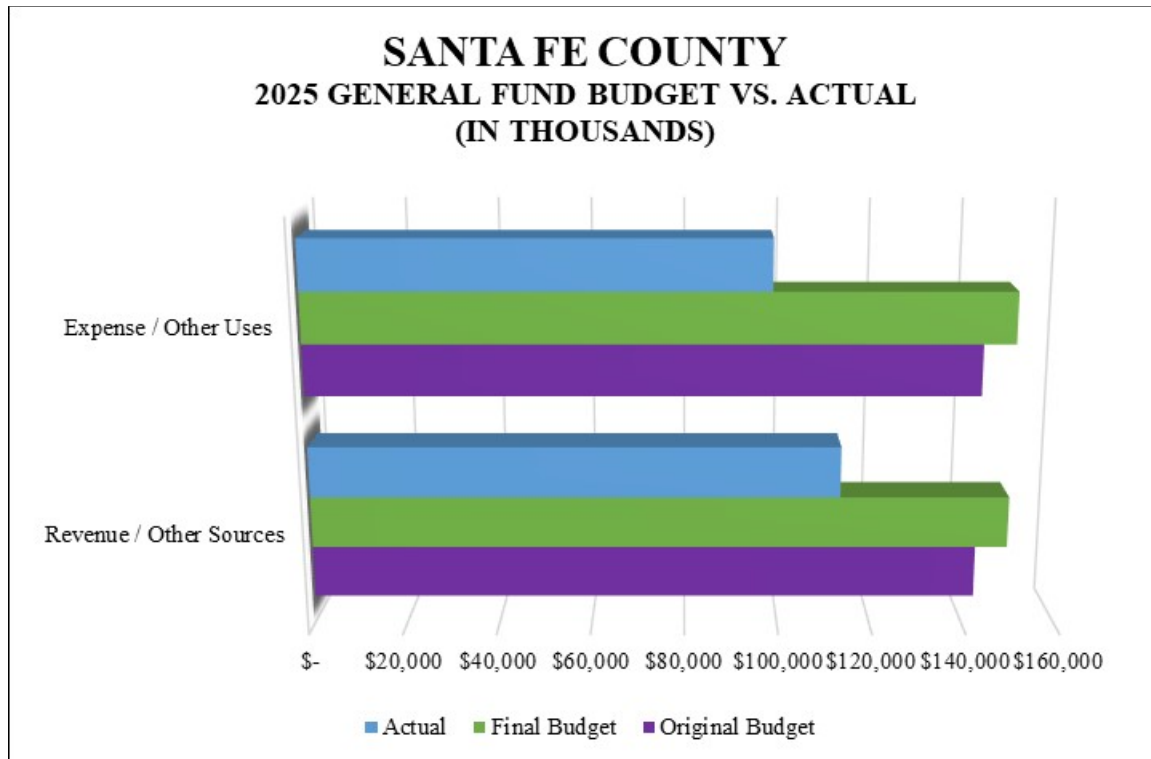

The fiscal year 2025 budget was developed using a results-accountable, performance-based budgeting methodology and marked the ninth year using this form of budgeting. Staff built budget requests focusing on four specific countywide population goals: 1) provide a safe community; 2) promote a sustainable and equitable community; 3) support a healthy community; and 4) be a highly skilled, collaborative, transparent, and accessible government.

For the 2025 budget, the County contracted with an economist to calculate revenue projections for property tax, gross receipts tax, and lodgers tax which included projections through 2030, allowing the County to plan for growth, new initiatives, or revenue shortfalls. The County continued its focus on recurring investment in County workforce by preserving recurring funds to meet future market conditions with a cost and classification study refresh in the Winter of 2025 and addressing individual positions requiring potential market leader strategy.

The County also continued budgeting for contingencies and set asides to accommodate disasters, uninsured losses, and other unanticipated needs, thereby preserving committed fund balance for truly extraordinary events. Beginning in fiscal year 2024, the County added two new set asides / budget contingencies which were carried forward to 2025 to help address potential revenue shortfalls (\$4.9 million) and to increase the County's ability to secure grants and support a need for surge capacity (\$8.8 million).

The 2025 original budget is \$90.8 million greater than fiscal year 2024. Included in this amount is \$4.5 million of the American Rescue Plan grant budgeted in the following spending buckets: Economic Development, Infrastructure, Affordable Housing & Shelter Assistance, Connect Services, Behavioral Health & Mobile Crisis, Public Awareness Campaigns, Public Health Related Supplies and Revenue Replacement. In addition, \$144.9 million in projects being funding by GRT, state and federal grants and bond proceeds. The operational budget also includes a 2.5% cost of living increase and a 9.8% increase in bimonthly health contributions from the employees and the County.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2025**

The General Fund's original budget for revenues and expenditures was amended for the following increases (decreases) as of June 30, 2025.

GRT	\$ 821,785
Grants revenue	885,772
Intergovernmental	50,778
General government	3,072,191
Culture and recreation	179,302
Public works	1,173,022
Highways and streets	51
Health and welfare	(13,559)
Capital outlays	4,018,378

On a budgetary basis, total General Fund revenues (excluding transfers) were \$16.9 million over the original budget and \$15.2 million in excess of the final budget. The increase is attributable to property tax (\$5.2 million) and investment earnings (\$9.8 million) for the current fiscal year.

The General Fund's final expenditure (excluding transfers) budget was \$4.9 million more than the prior fiscal year. All General Fund departments' actual expenditures came in under budget by \$50.9 million, with the general government activities experiencing the greatest savings at \$34.4 million. The budgetary comparison statement on page 48 presents budget to actual results for all major revenue sources in, and each function of, the General Fund. The statement also reconciles the County's

***CAPITAL ASSETS AND DEBT ADMINISTRATION***

**Capital Assets**

For the fiscal year ended June 30, 2025, the County invested \$51.9 million in capital assets, including buildings, water systems, facilities, vehicles, computers, equipment, and other infrastructure. The investment in net capital assets increased by \$40.0 million. Total depreciation/amortization expense for the current fiscal year was \$24.8 million. The County continues to make investments in the Arroyo Hondo Trail, Avenida Del Sur and College Drive roads, Santa Fe River Greenway, NE/SE connector, Agua Fria wastewater, various county area trails, along with various County buildings such as the public housing facilities and the public safety complex, Abedon Lopez and the Cerrillos Senior Centers, and fire stations. Additional information on the County's capital assets can be found in Note 5 – Capital Assets, pages 83 through 85.

**Debt Administration**

At fiscal year end, the County had \$338.3 million in long-term liabilities outstanding. The following table presents a comparative summary of the County's outstanding long-term debt for the fiscal year ended June 30, 2025, and June 30, 2024. Additional information on the County's debt can be found in Note 7 – Landfill Closure and Post-Closure, Note 8 – Leases, Note 9 – Note Payable, Note 10 – Bonds Payable and Note 11 – Changes in Long-term Liabilities, pages 87 through 97.

The County had \$156.0 million in bonds outstanding as of June 30, 2025. State statute limits the amount of general obligation debt a County may issue for general purposes to 4.0% of its total assessed property valuation. The general obligation debt limitation for general purposes for the County as of June 30, 2025 is \$1.4 billion. State statute currently does not limit the amount of general obligation debt a County may issue for water and wastewater systems. Debt service per capita in fiscal year 2025 totals \$130.76; \$81.93 for general obligation debt service and \$48.84 for revenue bond debt service.

**STATE OF NEW MEXICO

Outstanding debt per capita totals \$1,119.35; \$694.77 for general obligation debt and \$424.59 for revenue bond debt.

**Credit Ratings**

In June 2025, S&P Global Ratings (S&P) assigned its AAA rating to Santa Fe County's proposed \$21.0 million 2025 General Obligations (GO) Bonds and affirmed its AAA long-term rating on the County's existing outstanding GO bonds with a stable outlook. The financial condition of the County is strong as reflected by the County's general obligation bond rating of AAA from S&P. AAA is S&P's highest rating, and the County's general obligation bonds are rated higher than the debt of the United States. In confirming the AAA general obligation bond rating, S&P highlighted:

- Diverse local economy that includes a well-known culture and tourism sector along with active development of residential and commercial projects that continue to increase the tax base; however, the high cost of living and limited available housing constrain the population growth rate.
- Established financial practices and policies that are adhered to and include a robust budget document that includes details and assumptions, monthly budget-to-actual reports that are provided to the commission, a five-year rolling capital plan, and debt and investment policies. Management has implemented policies and practices to help mitigate the county's exposure to cyber-security threats.
- Manageable debt burden, with slightly elevated costs, countered by continued tax-base growth and rapid amortization, though somewhat offset by state-determined pension contributions that are not meeting minimum funding progress. Good financial management assessment (FMA), highlighted by conservative assumptions and oversight and robust financial policies.

***ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES***

For fiscal year 2026 Santa Fe County continued with its performance-based budget with the formal approval of four population goals: 1) provide a safe community; 2) promote a sustainable and equitable community; 3) support a healthy community; and 4) be a highly skilled, collaborative, transparent, and accessible government. Departments submitted unrestrained budget requests.

For the 2026 budget, the County continued to contract with an economist to calculate revenue projections for property tax, gross receipts tax, and lodgers tax which included projections through 2031, allowing the County to plan for growth, new initiatives, or revenue shortfalls. The County continued its focus on recurring investment in County workforce by preserving recurring funds to meet future market conditions with a cost and classification study refresh in the Winter of 2025 and addressing individual positions requiring potential market leader strategy. The 2025 Santa Fe County Strategic Plan included an initiative to reduce the gap between budgeted expenditures and actual expenditures as a means to free up resources unnecessarily being tied up. The Departments identified an estimated \$3.0 million in budget reductions during the initial phase of the budget cycle taking our County's first step to this initiative.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2025**

The County also continued budgeting for contingencies and set asides to accommodate disasters, uninsured losses, and other unanticipated needs, thereby preserving committed fund balance for truly extraordinary events. In fiscal year 2026, the County carried over funds in the set asides / budget contingencies to help address potential revenue shortfalls (\$4.7 million) and the County's ability to secure and implement grants for a total amount of \$7.9 million.

The 2026 original budget is \$61.9 million greater than fiscal year 2025. Included in this amount is \$4.0 million of the American Rescue Plan grant budgeted in the following spending buckets: Economic Development, Infrastructure, Affordable Housing & Shelter Assistance, Connect Services, Behavioral Health & Mobile Crisis, Public Awareness Campaigns, Public Health Related Supplies and Revenue Replacement. In addition, \$197.0 million in maintenance and capital projects. The budget also includes funding for the market conditions with a cost and classification rate study. In addition, there was an 8.7% increase in bimonthly health contributions from the employees and the County.

We believe this written analysis and the accompanying financial reports will indicate to the reader that Santa Fe County is in good financial health. Factors such as bond ratings, fund balances, cash on hand and budget management, reflect a positive financial direction and management.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND  
CHANGES IN FUND BALANCES – GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
YEAR ENDED JUNE 30, 2025**

**Net changes in fund balances – total governmental funds** **\$ 27,674,870**

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation/amortization expense. When assets are sold a gain or loss is recognized for the difference between the cost and sale of the asset.

Expenditures for capital assets and leased assets	\$ 51,092,981	
Less current year depreciation/amortization	<u>(20,901,739)</u>	30,191,242

The net effect of sale of capital assets is to increase net position. In the statement of activities, only the gain on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increases financial resources. Thus, the change in net position differs from the change in fund balance by the cost of capital assets sold.	(1,101,845)
---	-------------

Transfers of capital assets from governmental capital assets to proprietary funds are not recorded in governmental funds.	(6,982,282)
---	-------------

An internal service fund (ISF) is used by management to charge for insurance. The net revenue (expense) of the internal service fund is reported with governmental activities.	1,077,496
--	-----------

Revenues in the governmental funds that provide current financial resources are not included in the Statement of Activities because they were recognized in a prior period.

Property taxes	1,673,820	
Mortgages and down payment assistance	3,376,958	
Leases	(571,364)	
Refunding bonded debt	<u>(37,794)</u>	4,441,620

Amortization of deferred amounts related to advance refunding of long-term debt is not recorded in the governmental funds, but is included in the government-wide statement of activities.

Deferred outflows – advance refunding of bonds	(401,358)
--	-----------

The issuance of long-term debt (e.g. bonds, loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. The following transaction relates to current year issuance of debt in process.

Good faith deposit on bonds payable	(420,500)	
Increase in Obligations Under Right to Use Subscription	<u>(1,390,556)</u>	(1,811,056)

**NOTES TO FINANCIAL STATEMENTS**

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Santa Fe County (County) was established by the laws of the Territory of New Mexico of 1852, under provisions of the act now referred to as Section 4-26-1 of the New Mexico Statutes Annotated, 1978 Compilation. The County operates under the commission-manager form of government and provides the following services as authorized in the grant of powers: public safety (sheriff, fire, emergency communications, and corrections), highways and streets, sanitation, health and social services, low rent housing assistance, culture-recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The County's significant accounting policies are described below.

**Reporting Entity**

The County's major operations include public safety - sheriff and fire protection, emergency communication operations, adult detention operations; public works – roads, solid waste, projects and facilities management, utilities (water and wastewater operations); certain health, social and community services; general administrative services; planning and zoning; low-income housing assistance and the collection and distribution of property taxes.

The County's basic financial statements include the accounts of all County operations. GASB Statement No. 14 as amended by GASBs 39 and 61, *The Financial Reporting Entity*, establishes the standards for defining and reporting on the financial reporting entity. GASB 14 defines the financial reporting entity as consisting of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusions would cause the reporting entity's financial statements to be misleading or incomplete. A primary government is any state government or general-purpose local government, consisting of all organizations that make up its legal entity. The County is a primary government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, the County has not identified any component units for the fiscal year ended June 30, 2025.

Since July 1996, the Housing Authority's (Authority) operations have been included in the financial statements as County proprietary and special revenue funds. The Santa Fe County Housing Authority Proprietary Fund is known as Housing Services Proprietary Fund (Housing Services).

**A. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information about the County as a whole. The reported information

**STATE OF NEW MEXICO**  
**SANTA FE COUNTY**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2025**

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)**

includes all the non-fiduciary activities of the County. The effect of internal activity has been removed from these statements. These statements distinguish between governmental and business-type activities of the County. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, investment income and other items not included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

**B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

**Government-wide Financial Statements** – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. In addition, the fiduciary fund financial statements are reported on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met.

In general, eliminations have been made to minimize the double-counting of internal activity, including internal service fund activity. However, interfund services provided and used between different functional categories have not been eliminated when to do so would distort the direct costs and program revenues of the applicable functions. Interfund receivables and payables have been eliminated from the Statement of Net Position, except for the residual amounts due between governmental and business-type activities, if any, which are shown as “internal balances.”

**Fund Financial Statements** – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. In addition, derived tax revenues, such as gross receipts and gasoline taxes, are recognized as revenues when the underlying exchange transaction has occurred. Expenditures generally are recorded when a liability is incurred, as under accrual

accounting. However, debt service expenditures, including lease liabilities, as well as expenditures related to compensated absences and claims and judgments, postemployment benefits are recorded only when payment is due.

Property taxes, gross receipts taxes, state shared taxes, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenue is not susceptible to accrual because generally they are not measurable until received.

Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Unearned inflows of resources also arise when resources are received by the County before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider.

Property taxes recognized are net of estimated refunds and uncollectible amounts. Delinquent property taxes have been recorded as unavailable revenue. Receivables that will not be collected within the available period have also been reported as unavailable revenue on the governmental fund financial statements.

Customer contributions owed to the Utilities Division for the extension of the water system to their property are recorded as revenue when the customer begins to receive water service. Customer contributions owed to the Utilities Division are recorded as notes receivable and unearned revenue if the water service has not yet been extended to the customer.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

**Presentation of Funds**

The accounts of the County are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. The transactions of each fund are summarized in a separate set of accounts, which include its assets, liabilities, fund equity, revenues, and expenses / expenditures. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Governmental funds are reported as major funds in the accompanying financial statements if they meet both of the following criteria:

- 10.0% criterion – An individual governmental fund reports at least 10.0% of any of the following for its particular fund type (government or proprietary): a) total governmental fund assets and deferred outflows, b) total governmental fund liabilities and deferred inflows, c) total governmental fund revenues, or d) total governmental fund expenditures.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)**

- 5.0% criterion – An individual government fund reports at least 5.0% of the total for both governmental and proprietary funds of any of the items for which it met the 10.0% criterion.

The County reports the following major governmental funds:

General Fund (101) – This fund accounts for all financial activities except those required to be accounted for in other funds. It is funded primarily through property, gross receipts and other miscellaneous taxes.

Developer Fees Fund (231) – This fund accounts for funds contributed by Las Campanas Limited Partnership and others for affordable housing programs and other projects. In prior years, this fund had received approximately \$2.0 million in payments from the private Las Campanas housing development project and the Affordable Housing program, which assists low-income persons in the purchase of homes. Current revenue is from interest on the cash balance of this fund and developer funds to assist the affordable housing program. Mortgages funded by developers as part of an affordable housing program are recorded to this fund.

Fire Operations Fund (244) – To account for the funding and expenses of the County's career fire and emergency medical services, and the volunteer stipend program. It is funded primarily through gross receipts taxes, charges for ambulance services, and revenue from various grants.

Capital Outlay GRT Fund (313) – This fund accounts for a 1/4<sup>th</sup> cent gross receipt tax to be used for various capital projects.

The County has elected to report all its proprietary funds and its internal service fund as major funds although only the Utilities Fund met the basic criteria of a major fund established by GASB Statement No. 34.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's proprietary funds are charges to customers for sales and services.

The following are major proprietary funds:

Home Sales Fund (229) – This proprietary fund is used to account for the construction and sales of housing to eligible buyers of affordable housing.

Regional Planning Authority Fund (501) – This proprietary fund is used to account for the funding and expense of the Regional Planning Authority, created by agreement between the City of Santa Fe and Santa Fe County.

Utilities Fund (505) – This proprietary fund is used to account for the funding and expense of the water and wastewater utilities of Santa Fe County.

Housing Services Fund (517) – This proprietary fund is used to account for the funding and expense

of the County's Public Housing Authority. Revenue for this fund is derived from housing rentals and Housing and Urban Development (HUD) grants and subsidies.

Self-Insurance Fund (601) – This fund is used to account for revenues collected from employee / employer contributions for the purpose of self-funding health / prescription and dental insurance and other fully funded benefits to County employees.

Operating expenses for this fund include sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Additionally, the County reports the following fund type:

Fiduciary Funds – These funds are custodial in nature and use the economic resources measurement focus. These funds account for assets that the County holds for others in an agent capacity including inmate deposits, bail money posted, seized and / or forfeited amounts, court ordered writs of execution, funds utilized by the multi-jurisdictional narcotic task force and transit district gross receipts tax. In addition, the County Treasurer Fund accounts for collection of property taxes billed on behalf of the County and other taxing entities, and distribution of those taxes, plus any interest and penalties assessed, to the County and other recipient entities.

**C. Accounting Changes: Compensated Absences**

In accordance with GASB Statement No. 101, "Compensated Absences", the County recognizes liabilities for vacation leave, sick leave, and other paid time off earned by employees. The liability is recorded when there is a legal or constructive obligation to pay, the benefits are accumulated as services are rendered, and payment is probable. Compensated absences are measured based on the accumulated hours at the end of the reporting period, using pay rates in effect at that time, and classified as both current and non-current liabilities. For more information on the fiscal impact of this change see Note 19 – Changes in Accounting Principles.

**D. Deferred Outflows / Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense / expenditure) until then. The County reports a deferred outflow of resources related to advance refunding of bonds. The County also records deferred outflows of resources related to its participation in the New Mexico Public Employees Retirement Association (PERA) pension plan and the New Mexico Retiree Health Care Authority (NMRHCA) postemployment healthcare benefits plan.

Also, in addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of*

SANTA FE COUNTY

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)**

*resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County records deferred inflows of resources related to its participation in the PERA pension plan and the NMRHCA postemployment healthcare benefits plan. Deferred outflows of resources and deferred inflows of resources related to pensions and other postemployment benefit plans (OPEB) are the result of the changes in the net pension and OPEB liabilities not included in pension expense.

Additionally, the County has four types of items that arise only under modified accrual basis of accounting that qualify for reporting in the deferred inflows of resources category. Those amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Accordingly, the items under the deferred inflows category (*property taxes, mortgages and down payment assistance, and unearned revenue*) are reported only in the governmental funds balance sheet.

The County reports unearned revenue on its governmental fund balance sheet and the government-wide statement of net position. Unearned revenues reported by the County represent resources received by the County before it has legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods the County may reimburse unearned revenue amounts and remove the liability from the balance sheet and statement of net position. Alternatively, the County may remove the liability for unearned revenue from the balance sheet and statement of net position and recognize revenue when it meets both revenue recognition criteria methods and the County has a legal claim to the resources. In the government-wide financial statements the County reports deferred amounts related to leases.

**E. Cash and Investments**

The County's cash equivalents are considered as cash on hand, demand deposits, and investments. Investments include those with less than three-month maturities and those with greater than three-month maturities. Investments in the county's cash are stated at fair value using quoted market prices for financial statement purposes.

Section 6-10-10 NMSA 1978, as amended, authorizes the County Treasurer, with the advice and consent of the County board of finance, to invest public monies in interest-bearing savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; bonds or other obligations of the U.S. government that are guaranteed as to principal and interest by the U.S. government; and bonds of the State of New Mexico, counties, cities, school districts, and special districts as specified by statute. A significant portion of the cash and investment of funds of the County is pooled for investment purposes. Equity in pooled cash and investments includes amounts in demand deposit accounts, money market accounts, certificates of deposit, U.S. Treasury securities, and repurchase agreements secured by collateral with a fair value greater than 102% of the value of the agreement. The securities are held by a third party in the County's name. Repurchase agreements are recorded at fair value. Interest earned is allocated to the applicable County funds based on the County's policy of allocating interest to those funds, which is required by law or by debt covenants. The remaining interest income is recorded in the General Fund.

SANTA FE COUNTY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)**

Certain resources set aside for the repayment of debt, State of New Mexico and County required contingency are classified as cash and investments – restricted on the statement of net position / balance sheet, because their use is limited by applicable bond covenants or statutory and other contractual requirements. Trust accounts, recorded in the Debt Service Funds, are used to segregate resources accumulated for future debt service payments.

**F. Investment Income**

Interest income realized gains and losses on investment transactions, and amortization of premiums/discounts on investment purchases are included for financial statement purposes as investment income.

**G. Receivables and Payables**

Activity between funds that are representative of lending / borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to / from other funds” (i.e., the current portion of interfund loans) or “advances to / from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to / from other funds.” All receivables are shown net of allowance for uncollectible balances.

The County is responsible for assessing, collecting and distributing property taxes for its own operational and debt service purposes and for certain outside entities. Unpaid property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable in two installments no later than the following December 10 and May 10. Collections and remittance of property taxes are accounted for in the County Treasurer's Custodial Fund. Amounts are recognized as revenue in the applicable governmental fund types under accounting principles generally accepted in the United States. The property taxes receivable for the General Fund and for the Debt Service Fund in the governmental fund financial statements are net of an allowance for uncollectible accounts. Refunds related to the settlement of property tax protests are only recorded when the case is completed.

**H. Inventory**

Inventories on hand at year end were immaterial and therefore not included on the fund or government-wide financial statements.

**I. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements and are recognized using the consumption method proportionately over the periods the service is provided.

**J. Capital Assets**

Capital assets, which include land and improvements; buildings and improvements; plant; vehicles, furniture, and equipment; construction in progress; computer software; and infrastructure assets (e.g., roads, bridges, trails, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets as assets with an initial individual cost of \$3,000 or more and an estimated useful life of more than one year. Effective July 1, 2006, State law requires capitalization of assets greater than \$5,000. The County has elected to use the more conservative threshold of \$3,000 for internal tracking purposes. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets, donated works of art, historical treasures, and similar items are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Such assets, including infrastructure, have higher limits that must be met before they are capitalized. Land and construction in progress are not depreciated/amortized. Governmental capital assets and right-to-use lease assets of the County are depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and structures	40
Right-to-use land, buildings and structures	40
Improvements other than buildings	25-40
Infrastructure	25-30
Machinery and equipment	3-10
Right-to-use leased equipment	3-10
Furniture, vehicles and other assets	3-5

All additions to the infrastructure have been capitalized. The Utilities Fund (505) infrastructure consists of engineering costs and other expenses to plan and build a water system. Depreciation/amortization expense is recorded in the Utilities Fund over the estimated 50-year life of the water system. Proprietary capital assets of the County are depreciated/amortized using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Utilities</u>	<u>Housing Services</u>
Water system	50 years	-
Buildings	40 years	40 years
Machinery and equipment	10 years	10 years
Right-to-use leased equipment	10 years	10 years
Furniture, vehicles, other assets	3-5 years	3-5 years

Intangible right-to-use lease assets are initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)**

costs. Intangible right-to-use lease assets are amortized over the shorter length of the lease term or the useful life of the underlying asset.

Subscription-based information technology arrangements (SBITAs) are recorded at the present value of the subscription liability plus payments made at the commencement of the subscription term and implementation costs, less incentives received at the commencement of the subscription term. SBITAs are amortized systematically over the shorter of the subscription term or the useful life of the underlying IT asset.

**K. Compensated Absences**

Compensated absences include leave for which employees may receive cash payments when the leave is used for time off or receive cash payments for unused leave upon termination of employment. These payments could occur during employment or upon termination of employment. Compensated absences generally do not have a set payment schedule. The County does not offer noncash settlements. The County uses a first-in first-out flow assumption for compensated absences.

Liabilities should be recognized for leave that has not been used if the leave is attributable to services already rendered, the leave accumulates and is allowed to be carried over to subsequent years, and the leave is more likely than not to be used for time off or otherwise paid in cash. For the County, this leave includes sick, vacation and compensated time. However, the County also has certain compensated absences that are dependent upon the occurrence of sporadic events that affect a relatively small proportion of employees. A liability for these types of leave is recognized when the leave commences. For the County this type of leave includes bereavement leave, military leave, personal leave, on-the-job injury leave, and court leave. Holiday leave taken on a specific date, not at the discretion of the employee, is recognized as a liability when used. The liability for compensated absences includes salary-related payments.

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation is attributable to services already rendered and it is more likely than not that the employer will compensate the employees for the benefits through paid time off or will settle the benefits at separation. The County records a liability for all accumulated unused vacation time when earned for all employees. The County's policy limits the accrual of vacation time to 240 hours and 80 hours for compensated time.

Accumulated sick leave benefits in excess of 240 hours are eligible to be "sold back" to the County upon an employee's retirement at a rate of 50.0% of the employees hourly rate.

For 2025, the County adopted Governmental Accounting Standards Board (GASB) Statement No. 101, Compensated Absences. GASB 101 resulting in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. The County is presenting a liability for sick leave benefits that are estimated on the historical method and will be taken prior to retirement.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)**

In the entity-wide statements vested or accumulated vacation and sick leave eligible to be sold back to the County are recorded as an expense and liability as the benefits accrue to employees. The General Fund has been used in prior years to liquidate the liability for compensated absences. The total amount of compensated absences is estimated due within one year because of the uncertainty of when the amounts will be paid.

Liabilities for compensated absences are recognized in the financial statements using the economic resources measurement focus for leave that has not been used and leave that has been used but not yet paid or settled.

**L. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to / deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**M. Postemployment Benefits Other Than Pensions**

For purposes of measuring the net Other Postemployment Benefits other than Pensions (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**N. Long-term Obligations**

In the government-wide financial statements and proprietary fund types, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts and the difference between the reacquisition price and net carrying amount of the old debt are deferred and amortized over the life of the bonds using the straight-line method, which approximates the effective interest method over the term of the related debt. Bond issuance costs are recognized as expenditures in both governmental fund types and entity-wide financial statements when bonds are issued.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, and similar items when bonds are issued. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts

on debt issuances are reported as other financing uses.

**O. Leases and Subscription-Based Information Technology Arrangements (SBITA)**

Lessee and SBITA – The County is a lessee for non-cancellable leases of land and/or buildings. The County recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements for all leases of land and/or buildings and equipment with an individual value of \$100,000 or more.

The County has entered into noncancelable SBITA contracts for several types of software including contracts related to financial systems, recruitment, timekeeping, business suite of desktop productivity applications, property assessment, mapping and spatial analysis and other software. The County recognizes a subscription liability and an intangible right-to-use subscription asset (subscription asset) in the government-wide financial statements for all software with an individual value of \$100,000 or more.

At commencement of an agreement, the County initially measures the liability at the present value of payments expected to be made during the term. Subsequently, the liability is reduced by the principal portion of the payments made. The intangible asset is initially measured as the initial amount of the liability, adjusted for payments made at or before the commencement date, plus certain initial direct costs. Subsequently, the asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to these agreements include how determination factors are utilized for (1) the discount rate it uses to discount the expected payments to present value, (2) term, and (3) payments.

- The County uses the interest rate charged by the lessor/vendor as the discount rate. When the interest rate charged by the lessor/vendor is not provided, the County generally uses its estimated incremental borrowing rate (IBR) as the discount rate for the agreements.
- The term includes the non-cancellable period of the agreement. Payments included in the measurement of the liability are composed of fixed payments and purchase option price that the County is reasonable certain to exercise for leases. Payments included in the measurement of the liability are composed of fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, payments for termination penalties and any subscription incentives for SBITAs.
- The County monitors changes in circumstances that would require a remeasurement of its agreement and will remeasure the asset and liability if certain changes occur that are expected to significantly affect the amount of the liability.
- Assets are reported with other capital assets and liabilities are reported with long-term debt on the statement of net position.

Lessor – The County is a lessor for noncancellable leases of buildings and/or land. The County recognizes a lease receivable and a deferred inflow of resources in the government-wide and

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)**

governmental fund financial statements for all leases of land and/or buildings and equipment with an individual value of \$100,000 or more.

At the commencement of a lease, the County initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgements include how the County determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The County uses its estimated IBR as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The County monitors changes in circumstances that would require a remeasurement of its lease, and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

**P. Interfund Activity**

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund statements are reported as other financing sources / uses in governmental funds and non-operating revenues / expenses in proprietary funds.

**Q. Budgets**

Budgets are adopted on a basis inconsistent with generally accepted accounting principles (GAAP). Appropriations of funds unused or underspent (Cash Balance Carryforward) during the fiscal year may be carried over into the next fiscal year by budgeting those amounts in the subsequent year's budget. For the current fiscal year actual to budget comparisons, the actual amounts are reported on the budgetary basis, which differs from the modified accrual basis for governmental fund types and the accrual basis for proprietary funds.

Differences between the budgetary basis and GAAP include the following:

1. The budget includes encumbrances (unperformed contracts for goods or services). GAAP does not include encumbrances.
2. The budget does not include certain liabilities, receivables, refunding bond payments, unrealized investment earnings, and depreciation expense for proprietary funds. Transfers are

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)**

not reported as nonoperating revenues / expenses for proprietary funds. The GAAP basis financial statements do include these transactions.

Annual appropriated budgets are adopted for the general, special revenue, debt service, capital projects, and proprietary funds. Department heads and elected officials are required to complete budget request forms for each organizational unit. The County Manager's Office prepares a management budget recommendation based upon budget requests as well as Board of County Commissioner (Commission) and community priorities. The Commission reviews the management budget recommendations and makes changes as needed. The amended budget is then adopted and approved by resolution. The Finance Division prepares the adopted budget for submission to the Local Government Division of the New Mexico Department of Finance and Administration (DFA / LGD) by June 1, for interim approval.

Before July 1, DFA grants interim approval of the budget. The County's final annual budget document, which incorporates any changes recommended by DFA / LGD is prepared and submitted to DFA / LGD by July 31. During August, the County's final annual budget is reviewed and certified by DFA / LGD.

After the annual budget is adopted, the following types of adjustments must be approved by the governing body through a resolution and submitted to DFA / LGD for review and approval: 1) budget increases; 2) transfers of budget or cash between funds; and 3) budget decreases. Additionally, it is County policy to prepare an internal budget adjustment request form for the following:

- Transfers within organizational units (between expenditure categories)
- Transfers between organizational units (same department and same fund)

Organizational unit budgets are monitored by the Finance Division to ensure that DFA / LGD and County policy are being followed. Additionally, a mid-year budget review is conducted with each organizational unit which includes a hearing with the County Manager or designee, Finance Division staff, department heads and elected officials. During the hearing, department goals and objectives and budget status are reviewed. This review may result in budget adjustments.

The legal level of budgetary control is the fund level. Expenditures may not legally exceed budgeted appropriations at the fund level except for the following funds, whose legal level of budgetary authority is at the program or district level:

- Emergency Medical Services Special Revenue Fund (206)
- Fire Protection Special Revenue Fund (209/222)
- Fire Impact Fees Special Revenue Fund (216)

The following funds were not budgeted in fiscal year 2025 due to insufficient incoming resources to support the intended programs or the lack of program activity:

- Recreation Special Revenue Fund (217)

- Equipment Loan Proceeds Capital Projects Fund (340)
- Equipment Loan Debt Service Fund (403)
- Water Trust Board (WTB) Loan / Grant Debt Service Fund (414)

**R. Encumbrances**

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting is used for purchase orders, contracts, and other commitments for the expenditures of monies to reserve that portion of the applicable appropriation, as an extension of formal budgetary integration. In governmental fund types, encumbrances outstanding at year-end do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. Significant encumbrances, those greater than \$200,000, are disclosed in Note 13 – Contingent Liabilities.

**S. Net Position**

In the government-wide financial statements, net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds and deferred outflow of resources related to refunding of bonds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. Unrestricted net position represents assets of the County not restricted for any other project or purpose.

**T. Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**NOTE 2 – CLASSIFICATION OF NET POSITION AND FUND BALANCES**

*Fund Balance Classifications:*

Nonspendable – Represents amounts that are not in a spendable form, cannot be spent, or required by legal or other contractual reasons to be maintained intact. This classification includes permanent fund principal, inventory, assets held for sale, prepaids, and long-term receivables net of unearned revenue. At June 30, 2025, the County had \$1,333,477 in nonspendable fund balance made up of prepaid insurance for general and law enforcement liability, automobile, property, and boiler and machinery.

Restricted – Represents amounts that have been constrained by specific purposes stipulated by external providers, creditors, grantors and other governments, constitutionally, or through enabling legislation. At June 30, 2025, the County had \$319,951,995 in restricted fund balance. Restrictions included bond covenants restricted for capital projects, debt service restrictions, grantor agency restrictions, and other contractual amounts statutorily restricted by State or Federal law. Included in the restricted fund balance is the New Mexico Department of Finance and Administration's state required reserves of 3/12<sup>th</sup> of the budgeted expenditures for the General Fund (101) in the amount of \$24,362,433 and 1/12<sup>th</sup> of the budgeted expenditures of the Road Maintenance Fund (204) in the amount of \$1,114,562. Restricted fund balance also includes \$4,021,678 set aside for a loan guarantee with Santa Fe Film and Media Studios for the construction of a film and multi-media production studio.

Committed – Includes amounts that have been committed by formal action by the highest level of authority for specific purposes (via Commission resolution or adopted ordinance, both equally binding) and can only be changed or lifted by the same formal action. At June 30, 2025, the County had \$77,882,317 in committed fund balance. Committed amounts include a 10.0% to 25.0% reserve of the current fiscal year's operating budget in those governmental funds that directly support County operations and personnel totaling \$11,582,619 in non-major governmental funds. In the General Fund (101), there is a contingency reserve of approximately \$14,850,779 equal to 10.0% of the general fund operating budget for the succeeding fiscal year (including transfers), a disaster recovery reserve equal to 15.0% of unassigned fund balance as of the most recently released County ACFR, an uninsured loss reserve equal to 10.0% of unassigned fund balance as of the most recently released County ACFR, and a major infrastructure repair and replacement reserve equal to 15.0% of unassigned fund balance as of the most recently released County ACFR.

Assigned – Amounts that are intended to be used for specific purposes by the County, but do not meet the definition of other fund balance classifications. The General Fund (101) is the only fund that has assigned fund balance due to the restricted nature of other fund types. The authority to assign fund balance can be that of the Commission or an official (usually the County Manager or County Finance Director) who has been delegated that authority. The County had assigned fund balance in the General Fund (101) of \$52,307,377, which will provide the necessary resources to support estimated revenues for the Fiscal Year 2026 operating budget.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 2 (CONTINUED)**

Unassigned – This is the fund balance that is the residual classification for the General Fund (101) not contained in other classifications. Only the General Fund (101) can report a positive unassigned fund balance. Other governmental funds may have a negative unassigned fund balance after all restrictions or commitments have been accounted for via other classifications. In the General Fund (101), the unassigned fund balance at June 30, 2025, was \$22,505,466 and represents residual fund balance undesignated by other classifications.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 3**

**NOTE 3 – CASH AND INVESTMENTS**

At year end, the carrying amount of the County's deposits was \$41,965,406 and the bank balance was \$46,897,450. The difference represents outstanding checks, deposits, and other reconciling items. The County also has \$3,570 representing cash on hand with various departments throughout the County as cash drawers.

***Custodial Credit Risk - Deposits*** - Custodial credit risk on deposits is the risk that in the event of a bank failure, the County's deposits may not be returned. The County has a deposit policy for custodial credit risk which follows New Mexico law. All deposits with financial institutions must be collateralized in an amount not less than 50.0% of the uninsured balance.

No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC). At year end, \$46,897,450 of the County's bank balance was exposed to custodial credit risk as uninsured. Pledged securities totaling \$54,448,313 collateralized the uninsured amount, exceeding the collateralization requirement by \$34,566,664. The County had one account that was not collateralized in an amount not less than 50.0% of the uninsured balanced, which aggregated to \$439 at June 30, 2025. See the Schedule of Pledge Collateral for details of County deposit balances and their respective collateral requirements.

The pledged collateral at year end consists of the following:

	<b>50.0% Requirement</b>
Deposits	\$ 46,897,450
Less FDIC coverage	7,134,152
Total unsecured public funds	<u>39,763,298</u>
Collateral requirement	19,881,649
Pledged securities, fair value	<u>54,448,313</u>
Over (Under) Collateralized	<u><u>\$ 34,566,664</u></u>

***Custodial Credit Risk – Investments*** - To control custody risk, State law and the County-adopted Investment Policy requires all securities and all collateral for time and demand deposits, as well as repurchase agreement collateral, be transferred delivery versus payment and held by an independent party required to provide original safekeeping receipts. Repurchase agreements must be collateralized to 102.0%.

***Interest Rate Risk*** – Interest rate risk is the risk that changes in the interest rates of investments will adversely affect the fair value of the investment. As a means of limiting its exposure to fair value losses from rising interest rates and to meet the County's liquidity needs, the County's investment policy limits portfolio maturities to five years or less, with the exception of the Core Portfolio which is at 10 years. The Core Portfolio shall not exceed a total fair value of \$25.0 million.

**Credit Quality Risk** – The County investment policy further limits its investment choices. Risk is mitigated by limiting callable and variable rate securities to 25.0% of the investment portfolio, laddering maturities, limiting certificates of deposit to \$250,000 per certificate of deposit, limiting investment in any one US Agency's securities to 35.0% of the investment portfolio, limiting repurchase agreements to 25.0% per counterparty and to 10.0% of the investment portfolio, and limiting municipal securities to 15.0% of the investment portfolio.

All of the County's investments in U.S. Agencies in the preceding table were rated Aaa by Moody's Investors Services (Moody's), except for thirty-five that are Not Rated totaling \$83,141,775. Standard and Poor's (S&P) rated the U.S. Agencies AA+ with the exception of thirty-seven investments that were Not Rated by S&P for a total of \$94,594,595. All of the County's investments in municipal bonds, except for four Not Rated bonds totaling \$7,070,125, are rated A2 or better by Moody's; while S&P rated all but three municipal bonds totaling \$5,549,015 A+ or better. Of the County's ten investments in corporate bonds, all were rated above Aa1, except for three not rated by Moody's totaling \$11,225,227. In addition to the three not rated by Moody's, S&P also didn't rate one additional corporate bond for \$3,839,044. S&P ratings for the other corporate bonds was AA+ or greater. Four of the County's investments in U.S. Treasuries were Not Rated by Moody's for a total of \$6,848,957; while none of the U.S. Treasuries the County held were rated by S&P.

Federated Hermes Government Obligations Fund	47,637,177	10.5%
<b>Total</b>	<b>\$ 293,092,275</b>	<b>64.9%</b>

**Fair Value** – The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, Level 3 inputs are significant unobservable inputs.

The County has the following recurring fair value measurements as of June 30, 2025:

- Money Market and Mutual Funds of \$70,816,572 and Exchange Traded Funds of \$655 are valued at the quoted market price of the fund, which represents the net asset value of the share held by the fund at year-end (Level 1 inputs).
- Certificate of Deposits of \$707,038, Collateral Mortgage Obligation of \$186,503, Corporate Bonds of \$40,092,481, Foreign Bonds of \$5,005,228, and U.S. Treasuries of \$62,315,817 are valued using quoted market prices (Level 2 inputs).
- Municipal Bonds of \$25,432,301 and U.S. Agencies of \$246,970,192 are valued using a matrix pricing model (Level 2 inputs).

The County did not have any investments at June 30, 2025 that were valued using nonrecurring fair value measurements (Level 3 inputs).

**NOTE 6 – CONDUIT DEBT OBLIGATIONS**

The County has issued Project Revenue Bonds to provide assistance for the El Castillo Retirement Residences Project. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. At year end, there were two series of Project Revenue Bonds outstanding, with an aggregate principal amount payable of \$3,155,000.

The County issued \$7,400,000 of tax-exempt variable rate and \$2,965,000 of taxable fixed rate Education Facility Revenue Bonds in April 2008 to provide assistance for building an elementary school for the Archdiocese of Santa Fe. The bonds are secured by Education Facility Revenues. At year end, the amount of bonds outstanding was \$2,355,000.

Total conduit debt outstanding at June 30, 2025, was \$5,510,000. The County is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

**NOTE 7 – LANDFILL CLOSURE AND POST-CLOSURE COSTS**

State and federal laws and regulations require the County to place a final cover on the County-operated landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Because closure and post-closure care costs will be incurred after the date the landfill stops accepting waste, the County reports these closure and post-closure care costs as a liability as of each balance sheet date. The County closed the landfill during fiscal year 1997. The \$904,359 reported as landfill closure and post-closure care liability at year end represents management's estimate of the costs for standard monitoring and compliance to 2030.

Annual ground water monitoring has demonstrated the County is in compliance regarding ground water contamination regulations. The County is required to perform monitoring of the ground water every five years. Current year expenditures of \$48,769 were paid by the General Fund. The County estimates it will not expend any significant monies for post-closure costs in the next fiscal year. This estimate is based on what it would cost to perform all closure and post-closure care in fiscal year 2025. Actual costs may be higher due to inflation, changes in technology, or changes in regulations; therefore, an amount due within one year is not recorded.

**NOTE 8 – LEASE AGREEMENTS AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS**

The County has entered into agreements to lease land and buildings from third parties and the purchase of the right to use another parties' IT software, alone or in combination with tangible capital assets. The agreements have been recorded at the present value of the future payments as of the date of their inception or, for agreements existing prior to the implementation year at the remaining terms of the agreement, using the facts and circumstances available at July 1, 2021 for leases and July 1, 2022 for software-based information technology arrangements (SBITA). The liability is measured at the applicable IBR estimation made by the County based on current borrowing rates for a AAA bond rating. As a result of the agreements, the County has assets with net book value as detailed in Note 5 – Capital Assets and liabilities at June 30, 2025.

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 10 (CONTINUED)**

Improvement and Refunding Revenue bond have pledged revenue totaling a 5/16<sup>th</sup> cent gross receipts tax (two 1/8<sup>th</sup> cent increments and a 1/16<sup>th</sup> cent increment) dedicated to general purposes including debt service. The pledged revenue is 1.93 times the amount of debt service in the subsequent fiscal year for the bonds which averages \$2,570,932 per year over the next 10 years. Thus, the total pledge requirement is approximately \$4,956,658 per year or 22.9% of the 5/16<sup>th</sup> tax increments annually (based on fiscal year 2025 collections). The revenue pledge will remain in place until the bonds mature or they are called, if callable. Both the 1997 Series and the 1997A Series mature in fiscal year 2027 and are not callable. The 2016 Series will mature in fiscal year 2035 with an optional call date of June 1, 2025.

The two other revenue bonds described, the 2017 Series and the 2019 Series, are secured by pledged capital outlay gross receipts tax. This tax is a 1/4<sup>th</sup> cent tax increment dedicated to capital projects or debt service thereon. The pledged revenue is 1.94 times the amount of debt service for the bonds in the subsequent fiscal year which averages \$3,846,406 per year over the next 10 years. Thus, the total pledge requirement is approximately \$7,292,396 or 28.1% of the capital outlay gross receipts tax annually (based on fiscal year 2025 collections). The revenue pledge will remain in place until the bonds mature or they are called. The 2017 Series matures in fiscal year 2030 with an optional call date of June 1, 2027. The 2019 Series matures in fiscal year 2039 with an optional call date of June 1, 2027.

**Refunding – governmental activities**

**2015 County Issued Bonds**

The County issued \$39,220,000 in refunding bonds through GOB Series 2015, with an effective interest rate of 2.1% to refund the 2005A GOB Series and advance refund the 2007A and 2007B GOB Series general obligation bonds. The 2005A, 2007A and 2007B GOB Series bonds had average interest rates of 4.2%, 4.4%, and 4.2%, respectively. The total refunded principal was \$42,050,000 for the bonds. The net proceeds of \$44,246,869 of the refunding bonds, which includes \$5,026,869 net bond premium, were deposited with an escrow agent and invested in open market securities. Those securities were deposited in an irrevocable trust with an escrow and provided for payment of the refunded bonds on their call dates of July 1, 2015 (2005A Series) and July 1, 2016 (2007A and 2007B Series). As a result, the refunded general obligation bonds are considered to be defeased, and the liability for those bonds has been removed from the government-wide financial statements. The refunding / advance refunding was undertaken to reduce the total debt service payments over eight years by an average of \$440,000 per year with a savings in debt service payments to the County of \$5,679,464. The County recognized an economic gain of \$5,120,207. The 2007A and 2007B GOB Series were advance refunded with the call date and subsequent redemption, both dated July 1, 2016.

**2016 County Issued Bonds**

Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures / expenses that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

**Lawsuits** – The County is a defendant in a number of lawsuits as of June 30, 2025. It is the opinion of management and County counsel that the amount of losses resulting from these remaining litigations at June 30, 2025, would not be material to the financial position of the County.

**NOTE 14 – RISK MANAGEMENT**

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. The County belongs to the New Mexico Counties (NMC), a public entity risk pool currently operating as a common risk management and insurance program for its member counties. The County pays an annual premium to NMC for its general and law enforcement liability, excess liability, automobile, property and workers' compensation insurance coverage. The agreement for formation of the NMC provides that NMC will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of amounts that range from \$250,000 for property to \$1,000,000 for other liability claims. The County carries commercial insurance for employee accident insurance as well as for medical malpractice, builders risk, pollution and temporary use liability.

**Employee Group Coverage**

Beginning January 1, 2017, the County began offering all regular and limited-term employees the choice of two medical insurance options, which are HMO and Preferred Provider, both provided through Presbyterian Health Services, and dental insurance provided by Delta Dental. The County pays 80.0% of the premium for employees that earn \$37,100 or less annually; 75.0% of the premium for employees that earn between \$37,001 to \$79,500 annually; and 70.0% of the premium for employees earning above \$79,501 annually. The County reports its self-insurance programs in the internal service fund (601). Amounts are charged to the departments of the County to provide sufficient resources to cover claims incurred and to pay the insurance service agent's administrative fee. The County maintains specific stop loss coverage for individual claims in excess of \$225,000.

The following schedule represents the changes in claims liability for fiscal years 2024 and 2025:

	<u><b>Balance at June 30, 2025</b></u>	<u><b>Balance at June 30, 2024</b></u>

**NOTE 15 – PENSION PLAN – PUBLIC EMPLOYEES RETIREMENT ASSOCIATION**

**Plan description.** The Public Employees Retirement Fund (PERA) is a **cost-sharing, multiple employer defined benefit pension plan**. This fund has six divisions of members, including State General, State Police / Adult Correction Officer, Municipal General, Municipal Police / Detention Officers, Municipal Fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund, unless specifically excluded. PERA issues a publicly-available annual comprehensive financial report that can be obtained at <https://www.nmpera.org/financial-overview/>.

**Benefits Provided.** Benefits are generally available at age 65 with five or more years of service or after 25 years of service regardless of age for TIER I members. Provisions also exist for retirement between ages 60 and 65, with varying amounts of service required. Certain police and fire members may retire at any age with 20 or more years of service for Tier I members. Generally, the amount of retirement pension is based on final average salary, which is defined under Tier I as the average of salary for the 36 consecutive months of credited service producing the largest average; credited service; and the pension factor of the applicable coverage plan. Monthly benefits vary depending upon the plan under which the member qualifies, ranging from 2.0% to 3.5% of the member's final average salary per year of service. The maximum benefit that can be paid to a retiree may not exceed a range of 60.0% to 100.0% of the final average salary, depending on the division. Benefits for duty and non-duty death and disability and for post-retirement survivors' annuities are also available. A blended pension benefit is equal to the sum of the pension attributable to the service credit the member has accrued under each coverage plan with different pension factors, for service credit earned after July 1, 2013.

**TIER II**

The retirement age and service credit requirements for normal retirement for PERA state and municipal general members hired increased effective July 1, 2013 with the passage of Senate Bill 27 in the 2013 Legislative Session. Under the new requirements (Tier II), general members are eligible to retire at any age if the member has at least five years of service credit and the sum of the member's age and service credit equals at least 85 or at age 65 with 5 or more years of service credit. General members hired on or before June 30, 2013 (Tier I) remain eligible to retire at any age with 25 or more years of service credit. Under Tier II, police and firefighters in Plans 3, 4 and 5 are eligible to retire at any age with 25 or more years of service credit. State police and adult correctional officers, peace officers and municipal juvenile detention officers will remain in 25-year retirement plans, however, service credit will no longer be enhanced by 20.0%. Senate Bill 145 passed during the 2023

Legislative Session and provided the 20.0% enhanced service credit to certain state police members who had not previously been eligible. All public safety members in Tier II may retire at age 60 with 5 or more years of service credit. Generally, under Tier II pension factors were reduced by 0.5%, employee Contribution increased 1.5% and effective July 1, 2014 employer contributions were raised 0.05%. The computation of final average salary increased as the average of salary for 60 consecutive months.

Plan members are required to contribute between 16.15%-20.70% of their gross salary, depending on the specific plan type and salary range. The County is required to contribute between 11.30%-23.40% of the gross covered salary, depending on the specific plan type.

**Contributions.** The contribution requirements of defined benefit plan members and the County are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the Legislature. For the employer and employee contribution rates in effect for fiscal year 2025 for the various PERA coverage options, for both Tier I and Tier II, refer to Note 1C in PERA's fiscal year 2023 financial statements for a table of all retirement plans and required contribution rates. The PERA coverage options that apply to the County are: Municipal Plan 3 (Municipal General), Municipal Police Plan 5 (Municipal Police) and Municipal Fire Plan 5 (Municipal Fire). Statutorily required contributions to the pension plan from the County were approximately \$8,698,461 and employer paid member benefits that were "picked up" by the employer were approximately \$7,744,084 for the year ended June 30, 2025.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.***

The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. The total pension liability was rolled forward from the valuation date to the plan year ending June 30, 2024 using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2024. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2024. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. The liability is expected to be liquidated by the General Fund, Utilities Proprietary Fund and Housing Services Proprietary Fund in which salary expenditures occur.

**For PERA Fund Division Municipal General,** at June 30, 2025, the County reported a liability of \$81,320,422 for its proportionate share of the net pension liability. At June 30, 2025, the County's proportion was 3.4078%, which was 0.4098% greater than its proportion measured as of June 30, 2024.

For the year ended June 30, 2025, the County recognized PERA Fund Division Municipal General pension expense of \$11,644,654. At June 30, 2025, the County reported PERA Fund Division

Actuarial valuation date	June 30, 2023
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay for all divisions except for the Legislative division which is Level Dollar
Amortization period	25 years
Actuarial assumptions:	
• Investment rate of return	7.25% per year, net of investment-related expenses (composed of an assumed 2.50% inflation rate and a 4.75% real rate of return)
• Projected salary increases	3.25% to 13.50% annual rate
• Includes inflation at	2.50%
• Mortality Assumption	Pre-retirement mortality: PUB-2010 General Employees Mortality table, projected with the ultimate rates from the MP-2020 mortality improvement scale using a base year of 2010. For non-public safety group, 25% of in-service deaths are assumed to be duty related and 35% are assumed to be duty-related for public safety groups. Post-retirement mortality (non-disabled): PUB-2010 General Mortality table, Below Median Income, projected with the ultimate rates from the MP-2020 mortality improvement scale using a base year of 2010.
• Experience Study Dates	The PERA Board adopted new actuarial assumptions on May 30, 2024 based on the 2024 actuarial experience study prepared as of June 30, 2023. Experience study was conducted for July 1, 2018 to June 30, 2023.

The total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2023. The total pension liability was rolled-forward from the valuation date to the plan year ended June 30, 2024. These assumptions were adopted by the Board use in the June 30, 2024, actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

***Discount Rate.*** The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB Statement No. 67. Therefore, the 7.25% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**NOTE 16 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – STATE RETIREE HEALTHCARE PLAN**

**Plan Description.** Employees of the County are provided with Postemployment Benefits Other than Pensions (OPEB) through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

**Benefits Provided.** The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

**Employees Covered by Benefit Terms.** At June 30, 2025, the Fund's measurement date, the following employees were covered by the benefit terms:

Plan membership	
Current retirees and surviving spouses	52,978
Inactive and eligible for deferred benefit	12,552

**Contributions.** Employer and employee contributions to the Fund total 3.00% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the County were \$1,321,441 for the year ended June 30, 2025.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.** At June 30, 2025, the County reported a liability of \$16,220,596 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2023. The County's proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2024. At June 30, 2025, the County's proportion was 0.90882%. The liability is expected to be liquidated by the General Fund, Utilities Proprietary Fund and Housing Services Proprietary Fund in which salary expenditures occur.

For the year ended June 30, 2025, the County recognized OPEB income of \$4,553,817. At June 30, 2025 the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Asset valuation method	Market value of assets
Actuarial assumptions:	
• Inflation	2.50% for Public Employees Retirement Association of New Mexico members
• Projected payroll increases	3.00% to 13.00%, based on years of service, including inflation
• Investment rate of return	7.00%, net of OPEB plan investment expense and margin for adverse deviation including inflation
• Health care cost trend rate	8.0% graded down to 4.5% over 14 years for non-Medicare medical plan costs and 8.5% graded down to 4.5% over 16 years for Medicare medical plan costs
• Mortality	PERA members: Headcount-Weighted RP-2014 Blue Collar Annuitant Mortality, set forward one year for females, projected generationally with Scale MP-2017 times 60.0%.

**Discount Rate.** The discount rate used to measure the Fund’s total OPEB liability is 7.00% as of June 30, 2024. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary-determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2070. The 7.00% discount rate, which includes the assumed inflation rate of 2.50% for PERA members, was used to calculate the net OPEB liability through 2070. Beyond 2070, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA / Aa or higher (3.65%) was applied. Thus, 6.22% is the blended discount rate.

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates.** The following represents the net OPEB liability of the County, as well as what the County’s net OPEB liability would be if it were calculated using a discount rate that is 1.0 percentage-point lower (6.00%) or 1.0 percentage-point higher (8.00%) than the current discount rate:

	<u>1.0% Decrease (6.00%)</u>	<u>Current Discount Rate (7.00%)</u>	<u>1.0% Increase (8.00%)</u>
County’s proportionate share of the net OPEB liability	\$ 20,455,239	\$ 16,220,596	\$ 12,749,280

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2025**

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 17, 18, & 19**

**NOTE 17 – TAX ABATEMENT**

The City of Santa Fe issued an Industrial Revenue Bond Series 2007 for the Ridgetop Road, LLC Project to provide funds to finance the acquisition, construction and equipping of certain land and other improvements to be used as a portion of an office campus facility located at 2300 North Ridgetop Road in Santa Fe, New Mexico. This office campus is currently being used by Thornburg Investment Management.

The City of Santa Fe issued an Industrial Revenue Bond Series 2019 for the El Castillo Retirement Residences Project to provide funds for the construction of a new retirement complex located at Old Taos Highway and Paseo de Peralta.

The amount of property taxes being abated to Santa Fe County as a result of the City of Santa Fe's Industrial Revenue Bonds during fiscal year 2025 is \$289,571. No payments were received by Santa Fe County in association with the foregone tax revenue. The County has set no threshold for individual disclosure as only one tax abatement from other governmental entities impacted the County.

**NOTE 18 – RECENT AND NEW ACCOUNTING PRONOUNCEMENTS**

The Government Accounting Standards Board's (GASB) following standards were implemented in fiscal year 2025 and if applicable to the County, were included in these financial statements:

GASB Statement No. 101, *Compensated Absences*;  
GASB Statement No. 102, *Certain Risk Disclosures*;

The following GASB pronouncements have been issued, but are not yet effective as of June 30, 2025:

• GASB Statement No. 103, <i>Financial Reporting Model Improvements</i>	• GASB Statement No. 104, <i>Disclosure of Certain Capital Assets</i>
---	---

The County will implement each new GASB pronouncement in the applicable fiscal year no later than the required effective date. The County believes that the above-listed new GASB pronouncements will not have a significant impact to the County financially or in it issuing its financial statements.

**NOTE 19 – CHANGES IN ACCOUNTING PRINCIPLES**

For fiscal year ending June 30, 2025, the County implemented GASB Statement No. 101, *Compensated Absences* (GASB 101), which resulted in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. In addition, the model can be applied consistently to any type of compensated absence and will eliminate potential comparability issues between governments that offer different types of leave. These changes were applied retroactively to the fiscal year ending June 30, 2024 resulting in a decrease of Beginning Net Position for governmental activities in the amount of \$2,902,604.

**NOTES TO THE FINANCIAL STATEMENTS – NOTE 20 & 21**

**NOTE 20 – CHANGES WITHIN THE FINANCIAL REPORTING ENTITY**

***Change in Presentation (Major to Nonmajor):***

The County reclassified the Corrections Operations Fund (247) from a major fund to a nonmajor fund for the year ended June 30, 2025, due to a decrease in its size relative to the overall primary government.

The County reclassified the American Rescue Plan Act Fund (305) from a major fund to a nonmajor fund for the year ended June 30, 2025. This change reflects the dwindling balance of the fund and the completion of initiatives funded by the grant funds.

***Change in Presentation (Nonmajor to Major):***

The County reclassified the Fire Operations Fund (244) from a nonmajor fund to a major fund for the year ended June 30, 2025, due to an increase in its size relative to the overall primary government.

These changes are a restatement to the financial reporting entity under GASB Statement No. 100 and the restatement is reflected in the Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds.

**NOTE 21 – SUBSEQUENT EVENTS**

In July, 2025, the County issued \$21,025,000 in Series 2025 General Obligation Improvement Bonds to pay for roads and open space and trails projects. Payments will be made January 1 and July 1, beginning on January 1, 2026 with an interest rate range of 4.0% to 5.0%. The final bond payment will be due July 1, 2040. A good faith deposit of \$420,500 was received in June 2025, which has been recognized as bond proceeds in the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds.

**STATE OF NEW MEXICO**  
**SANTA FE COUNTY**  
**DESCRIPTION OF NON-MAJOR SPECIAL REVENUE FUNDS (CONTINUED)**  
**YEAR ENDED JUNE 30, 2025**

The following non-major special revenue funds are maintained by the County.

**Corrections (201)** – To account for corrections fees levied by the Magistrate courts (e.g. a \$10 fee associated with a speeding or seat belt violation) and distributed to the County. This revenue is utilized in the local corrections system. These funds are to be used for the operation of the County jail and other costs related to housing County prisoners. See Section 33-3-25(C), NMSA 1978.

**Property Valuation (203)** – To establish and account for a 1.0% administrative charge assessed against the property tax collections of all taxing entities in the County. This revenue is utilized by the Assessor's Office for its property re-valuation activities. See Chapter 7, Article 38 NMSA 1978.

**Road Maintenance (204)** – To establish and account for revenues consisting of half of the vehicle registration fees in the County (the other half goes to municipalities) and a 21 cent per gallon gasoline tax, both collected and distributed to the County by the State of New Mexico. Also, the federal government collects a logging fee of which 25.0% is distributed to school districts and the County Road Fund. State law mandates that the Road Fund be utilized for "the construction, reconstruction, resurfacing or other improvement or maintenance of public roads ..." See Section 7-1-6.9, NMSA 1978.

**Hold Harmless Gross Receipts Tax Fund (1<sup>st</sup> 1/8<sup>th</sup>) (205)** – To establish and account for a 1/8<sup>th</sup> cent gross receipts tax enacted in 2015 and dedicated to maintenance and capital improvements of County facilities and infrastructure including debt service for bonds issued for those purposes.

**Emergency Medical Services (206)** – To establish and account for the Emergency Medical Services Fund Act, which makes funds available from the New Mexico State General Fund municipalities and counties for use in the establishment and enhancement of local emergency medical services, statewide emergency medical services and trauma services in order to reduce injury and loss of life. See Chapter 24, Article 10A NMSA 1978.

**Hold Harmless Gross Receipts Tax Fund (2<sup>nd</sup> 1/8<sup>th</sup>) (207)** – To establish and account for the second 1/8<sup>th</sup> cent gross receipts tax enacted in 2017 and dedicated to capital, maintenance, and operating expenditures for the Sheriff's Office, Fire Department, Corrections Division, behavioral health services, and debt service for bonds issued for any purpose.

**Farm and Range (208)** – To establish and account for the Farm and Range Improvement Act, which directs the County commissioners to expend funds derived from the State's share of the 1934 Taylor Grazing Act's public lands grazing district fees paid to the Bureau of Land Management. The funds may be used for the purposes of soil and water conservation, control of rodents and predatory animals, extermination of poisonous noxious weeds, and construction and maintenance of secondary roads within the County. See Section 6-11-6 NMSA 1978.

**Fire Protection (209/222)** – To establish and account for revenues of the Fire Protection Fund derived from fees on property and motor vehicle insurance businesses, which are collected and distributed by the State of New Mexico. Fire Protection Fund distributions to the County must be used for maintenance of fire departments, the purchase, construction, maintenance, repair and operation of fire

stations and substations, fire apparatus, and equipment, and the payment of insurance premiums on fire stations, substations, and fire fighters. See Section 59A-53-5 NMSA 1978. Also reported in this fund is a 1/4<sup>th</sup> cent gross receipts tax known as the County Fire Protection Excise Tax that is levied in the unincorporated area of the County. This tax may be used for operational expenses, ambulance services, or capital outlay costs in the County Fire Districts and regional fire stations. See Section 7-20E-15 NMSA 1978.

**Law Enforcement Protection (211)** – To account for revenues derived from 10.0% of fees, licenses, penalties, and taxes from life, general casualty, and title insurance business pursuant to the New Mexico Insurance Code (See Chapter 59A NMSA 1978). A distribution of this revenue is made to the County on the basis of population and the number of full-time certified County police officers. Proceeds from this fund may be spent on the Law Enforcement Protection Fund Act (see Article 29, Section 13 NMSA 1978) including but not limited to law enforcement equipment, advanced law enforcement training and conferences, and purchasing and training of dogs in K-9 units and related equipment.

**Environmental Gross Receipts Tax (GRT) (212)** – To establish and account for the pledged 1/8<sup>th</sup> cent gross receipts tax enacted in 1999 to pay off principal and interest related to the County's Environmental Gross Receipts Tax Revenue Bonds, and for the purpose of acquisition, construction, operation and maintenance of solid waste, water and wastewater facilities.

**Lodgers Tax (214/215)** – To establish and account for a 5.0% occupancy tax on lodging facilities in the unincorporated area of Santa Fe County. Fifty percent (50%) of the is used for advertising, publicizing, or promoting tourist attractions in Santa Fe County, as well as the County Fairgrounds, exposition buildings, field houses, auditoriums, welcome centers, tourist information centers, museums, performing art facilities, and convention facilities. Fifty percent (50%) of the proceeds is designated to equip, furnish, improve, acquire grounds for, advertise, and promote the tourist facilities noted above, and to administer the tax. Established pursuant to Santa Fe County Lodgers' Occupancy Tax Ordinance No. 1999-10 and Chapter 3, Article 38 NMSA 1978.

**Fire Impact Fees (216)** – To establish and account for fees charged for new development pursuant to Santa Fe Ordinance 1995-04 and Resolution 2013-119. The proceeds are used for capital improvements and facility expansion that are necessitated by the new development.

**Recreation (217)** – To account for 1 cent of a 21 cent per pack state cigarette tax designated for County and municipal recreation funds. The fund is designated for operating recreational facilities, including salaries of instructors and other employees. See Section 7-12-15 NMSA 1978.

**Clerk Recording (218)** – To account for the fee for recording documents such as deeds, mortgages, contracts, liens, bills of sale, power of attorney, mining location, and transcripts of judgment of \$9 for the first page and \$2 for each subsequent page. Of this fee, \$4 of the \$9 for the first page is designated as an equipment recording fee and is received into this fund. This fund is designated for the purchase of equipment associated with recording, filing, maintaining or reproducing documents. See Section 14-8-12.2, NMSA, 1978 Compilation.

**YEAR ENDED JUNE 30, 2025**

**Correctional GRT (219)** – To account for a 1/8<sup>th</sup> cent County-wide gross receipts tax approved by the voters in 2004. Proceeds from this fund are transferred to the Corrections Operations fund for the operation of the Adult Detention Facility and to pay debt service on the 1997 Correctional System Revenue Bonds issued for construction of the facility.

**Indigent Hospital (220)** – To establish and account for a countywide 1/8<sup>th</sup> cent gross receipts tax received into this fund. This tax is dedicated to providing support for indigent health services and includes funding the County's required payment to the State's Safety Net Care Pool. See Section 7-20E-9 NMSA 1978.

**Health Care Assistance Program (223)** – To account for hospital care, ambulance services or other health care services to indigent people living in the County. Support for this Fund comes from a transfer from the Indigent Hospital Fund (223).

**Economic Development (224)** – To establish and account for services in support of economic diversification, transition, and development programs within Santa Fe County.

**Federal Forfeiture (225)** – To establish and account for money from federal seizures associated with anti-drug law enforcement activities received in this fund and spent by the Sheriff's Office on these activities. Revenue in this fund is not anticipated in the initial budget. Budget is established when revenue is received during the fiscal year.

**Linkages (226)** – To account for a rental assistance program specific to families with identified disabilities funded by the New Mexico Mortgage Finance Authority. The program ended in fiscal year 2014.

**Housing Choice Voucher Section 8 (227)** – To account for rent subsidies received from U.S. Department of Housing and Urban Development (HUD) for vouchers to low-income persons renting housing in the private sector. This fund was created in accordance with the HUD contract.

**Local Assistance and Tribal Consistency Fund (LATCF) (230)** - To account for federal funding providing additional flexible assistance to eligible Tribal governments, eligible revenue sharing counties and eligible revenue sharing consolidated governments for any governmental purpose other than a lobbying activity. Funding can support general programs, services, and capital expenditures that are traditionally undertaken by a government are considered to fulfill a "governmental purpose."

**EMS Health Care (232)** – To establish and account for health service programs. Support for this Fund comes from a transfer from the 3<sup>rd</sup> 1/8<sup>th</sup> cent local option gross receipts tax.

**Wildlife / Mountains / Trails (233)** – To account for County Resolution No. 2000-57 that requires, "in all future property acquisition negotiations for Wildlife, Mountains, Trails and Historic Places Program, that participating landowners donate at least 5.0% of the market value of properties, as determined by an appraisal, in lieu of a real estate commission ..." to fund capital improvements and maintenance of properties acquired for the Program." This is paid through the title company to the County as part of the closing on the purchase of the property.

**DESCRIPTION OF NON-MAJOR SPECIAL REVENUE FUNDS (CONTINUED)**  
**YEAR ENDED JUNE 30, 2025**

**EMS Health Hospital (234)** – To account for funding received from the 3<sup>rd</sup> 1/8<sup>th</sup> cent local option gross receipts tax used to support County health services prior to its rededication in 2015.

**Alcohol Programs (241)** – To account for state grants for DWI and alcohol education grants and programs and grants associated with the County Teen Court program.

**Detox Programs (242)** – To account for federal and state grants for the construction and operation of Detox programs in the County.

**Emergency Communication Operations (245)** – To account for the operation and management of the Regional Emergency Communication Center, which is the dispatch center for all emergency calls taken for the City of Santa Fe, Santa Fe County, and the Town of Edgewood.

**Law Enforcement Operations (246)** – To account for the operations of the County Sheriff, including grants pertaining thereto. Non-grant funding comes through a transfer of property taxes from the General Fund. This fund was established in fiscal year 2010 to isolate the operations of the Sheriff's Office in its own fund, especially due to the volume of grants that needed to be segregated from the General Fund. Prior to fiscal year 2010 the revenues and expenditures were recorded in the General Fund.

**Corrections Operations Fund (247)** – This fund accounts for the funding and expense of the County Adult Detention Facility, through charges for care of prisoners from outside jurisdictions, property taxes and gross receipts taxes. This fund also accounts for expenditures associated with the care of Santa Fe County adult inmates. This fund was identified as the Jail Operations Fund in prior years.

**LG Abatement (Opioid) Fund (260)** – To account for funds from the New Mexico Opioid Allocation Agreement (NMOAA). Funds may be expended only for Opioid Related Expenditures.

**Renewable Energy Special Fund (261)** – To establish and account for the energy savings realized by the County through its installation of renewable energy generating equipment and implementation of energy conservation measures at its facilities. This revenue is to be utilized to pay for its subscription to a 1.3 MW renewable energy subscription under Public Service Company of New Mexico (PNM) Rate Rider 50 for potential payments due under the PNM Solar Direct Program.

**Housing Capital Improvement (301)** – To account for the Capital Fund Program (CFP) funded by the HUD. These monies are used to make comprehensive repairs to the existing public housing of Santa Fe County and are applied for and granted on an annual basis. This fund was created in accordance with the grant agreement.

**American Rescue Plan Act Fund (305)** – This fund accounts for monies received through the Coronavirus State Federal Recovery Fund and the Coronavirus Local Fiscal Recovery Fund which provides for payments to State, Local, and Tribal governments to support their response to and recovery from the COVID-19 public health emergency.

**STATE OF NEW MEXICO**  
**SANTA FE COUNTY**  
**DESCRIPTION ON NON-MAJOR CAPITAL PROJECT FUNDS**  
**YEAR ENDED JUNE 30, 2025**

The following non-major capital project funds are maintained by the County.

**Community Development Block Grants (CDBG) (250)** – To establish and account for CDBG grants funded by the U.S. Department of Housing and Urban Development (HUD), passed through and administered by the New Mexico Department of Finance and Administration.

**Transfer Development Rights (310)** – To account for revenue and expense for development rights purchased by the County from qualified properties for conservation. The fund provides the County with a secure and reliable source of transfer development rights through the protection of areas with high conservation value. Funds from the proceeds of the sale of these development rights will be utilized to acquire additional development rights to replenish funds in order to maintain an adequate supply of development in receiving areas.

**Road Projects (311)** – To account for the revenue and expense for road projects conducted by the County. Only those road projects with present agreements for funding are included in the fiscal year budget. Established by the County to account for funding from the New Mexico Department of Transportation and other sources for road improvements.

**Special Appropriations & Other Projects (318)** – To account for revenue and expense for capital grants received from the State of New Mexico. The fund contains only those projects that have signed grant agreements. As additional grant agreements are carried out during the fiscal year they are added to the budget.

**General Obligation Bond (GOB) Series 2009 (335)** – To account for the proceeds of a \$17 million bond issuance for the purpose of improving open spaces, trails and parks, County roads, fire safety facilities, water projects, and solid waste transfer stations. The debt service on this bond series is paid with property taxes through the General Obligation Bond Debt Service Fund.

**General Obligation Bond (GOB) Series 2011 Improvement and Refunding (339)** – To account for the proceeds of a \$17.5 million bond issuance for the purpose of refunding GOB Series 2001A and improving open spaces, trails and parks, County roads, fire safety facilities, water projects, and waste transfer stations. The debt service on this bond series is paid with property taxes through the General Obligation Bond Debt Service Fund.

**Equipment Loan Proceeds (340)** – To account for the proceeds of loans from the New Mexico Finance Authority to purchase capital equipment. Payments on equipment loans are made through the Equipment Loan Debt Service Fund.

**General Obligation Bond (GOB) Series 2013 (351)** – To account for the proceeds of a \$19 million bond issuance for the purpose of improving open spaces, trails and parks, County roads, water projects, and solid waste transfer stations. The debt service on this bond series is paid with property taxes through the General Obligation Bond Debt Service Fund.

**General Obligation Bond (GOB) Series 2015 Improvement and Refunding Bond (352)** – To account for the proceeds of a \$47.22 million bond issuance for the purpose of refunding GOB Series 2005A, advance refunding GOB Series 2007A and GOB 2007B, and improving open spaces, trails and parks, County roads, and water or wastewater projects. The debt service on this bond series is paid with property taxes through the General Obligation Bond Debt Service Fund.

**General Obligation Bond (GOB) Series 2016 Improvement and Refunding Bond (354)** – To account for the proceeds of a \$24.9 million bond issuance for the purpose of advance refunding GOB Series 2008 and improving open space, trails and parks, County roads, and water or wastewater projects. The debt service on this bond series is paid with property taxes through the General Obligation Debt Service Fund.

**Gross Receipts Tax (GRT) Revenue Series 2016 Improvement and Refunding Bond (355)** – To account for the proceeds of a \$30.4 million bond issuance for the construction of the Grant Street Complex (New Administrative Building) and restoration of the administrative building and advance refunding Series 2008 Gross Receipts Tax Revenue Bond. Debt service on this bond is paid with gross receipts taxes.

**General Obligation Bond (GOB) Series 2017 Improvement and Refunding Bond (356)** – To account for the proceeds of a \$27.8 million bond issuance for the purpose of advance refunding Series 2009 GOB, and improving open space, trails and parks, County roads, fire and public safety facilities, community health facilities, and water or wastewater projects. The debt service on this bond series is paid with property taxes through the General Obligation Debt Service Fund.

**General Obligation Bond (GOB) Series 2018 Improvement Bond (358)** – To account for the proceeds of a \$13.0 million bond issuance for the purpose of improving County roads, water and wastewater projects, fire and other public safety facilities, and open space, trails and parks. The debt service on this bond series is paid with property taxes through the General Obligation Debt Service Fund.

**Gross Receipts Tax (GRT) Revenue Series 2019 Improvement Bond (359)** – To account for the proceeds of a \$28.5 million bond issuance for the restoration and equipping and furnishing the County administration complex and related facilities, and County roads pursuant to a settlement agreement with the Pueblo de San Ildefonso, and improvements necessary to comply with the Americans with Disabilities Act Countywide. Debt service on this bond is paid with gross receipts taxes.

**General Obligation Bond (GOB) Series 2021 Improvement and Refunding Bond (357)** – To account for the proceeds of a \$24.4 million bond issuance for the purpose of refunding Series 2011 GOB, and improving County roads, water and wastewater projects, and open space, trails, and parks. **Notes:**

(1) The Fire Gross Receipts Tax (GRT) Sunsetted in June 2009 and was re-established in July 2013; taxes collected between these dates are due to delinquent payments.

(2) The first 1/8<sup>th</sup>% Hold Harmless GRT went into effect starting in July 2015.

(3) The Health Care/EMS GRT was re-dedicated in July 2016. It is labeled the 3rd 1/8<sup>th</sup> portion of the General Fund GRT.

(4) The second 1/8<sup>th</sup>% Hold Harmless GRT went into effect starting in January 2018.

(a) The State of New Mexico amended the Gross Receipts Tax section of State Law in 2020. The change started in 2021.

They eliminated specific GRT allocations and instead created four "increments": County Wide GRT, County Wide GRT with Referendum, County Area GRT and County Area GRT with Referendum. Santa Fe County continues to allocate our GRT collections as before due to our Ordinances still being in place, which the state allows.

(b) The Emergency & Medical increment and the Regional Transit increment were not changed. The equalization GRT is still distributed to local governments as well.

County Assessor's Information - Annual Report

**Notes:**

- <sup>(a)</sup> The Total Taxable Value does not include Livestock or the State Assessed Property.
- <sup>(b)</sup> The Estimated Fair Market Value is three times the Taxable Value.
- <sup>(c)</sup> Due to the complexity of Santa Fe County's rate structure, Santa Fe County is calculating the effective rate, which is equal to total revenue expressed as a percentage of the total taxable value. Effective Rate for most current Tax Year cannot be calculated due to the Tax Levy not calculated at the time of this document being drafted.

**Notes:**

<sup>(a)</sup> Information based on calendar year counts; current year is year-to-date.

<sup>(b)</sup> The Santa Fe County Mobile Health Van Program was taken over by the state in 2018. Statistics are no longer available.

<sup>(c)</sup> The CADDy program ceased in FY2018 due to the closure of the only taxi cab company in Santa Fe.

The program resumed in FY2024 with the new name of "Take A Ride On Us"

<sup>(d)</sup> The Youth Development Program which housed Juveniles ceased during FY2021. The County sends Juveniles to other facilities to House.

<sup>(e)</sup> Due to the Covid-19 pandemic, the senior centers were closed. This led to the reduction in Congregate meals and transportation and the increase in home delivered meals.

**SANTA FE COUNTY**

**COMPLIANCE SECTION**

## **Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

The Board of County Commissioners  
Santa Fe County, New Mexico

Mr. Joseph M. Maestas, PE, CFE  
New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of Santa Fe County, New Mexico (the County) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise Santa Fe County, New Mexico's basic financial statements, and have issued our report thereon dated December 11, 2025.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Santa Fe County, New Mexico's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Santa Fe County, New Mexico's internal control. Accordingly, we do not express an opinion on the effectiveness of Santa Fe County, New Mexico's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Santa Fe County, New Mexico's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance and other matters that are required to be reported under Section 12-6-5 NMSA 1978. These matters are described in the accompanying schedule of findings and responses as items 2025-001, 2025-002 and 2025-003.

## **Santa Fe County's Response to Findings**

*Government Auditing Standards* require the auditor to perform limited procedures on Santa Fe County, New Mexico's responses to findings identified in our audit and described in the accompanying schedule of findings and responses. Santa Fe County, New Mexico's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE YEAR ENDED JUNE 30, 2025**

**Section III — Section 12-6-5 NMSA 1978 Findings**

**2025-001 (2022-004) Internal Control over Cash Receipts (Other Non-Compliance)**

**Condition:** For one of ten cash receipts tested during the year, the County did not deposit funds totaling \$799 into its bank before the close of the next succeeding business day. Management is working on a new procedure on end of day procedures to allow for deposits on the same business day.

**Criteria:** The Public Money Action Section 6-10-3, NMSA 1978 requires all public monies in the custody or under the control of any state official or agency obtained or received by any official or agency from any source, except as in Section 6-10-54, NMSA 1978 provided shall be paid into the state treasury. It is the duty of every official or person in charge of any state agency receiving any money in cash or by check, draft or otherwise for or on behalf of the state or any agency thereof from any source, except as in Section 6-10-54, NMSA 1978 provided to forthwith and before the close of the next succeeding business day after the receipt of the money to deliver or remit it to the state treasurer.

**Effect:** Non-compliance with state statute.

**Cause:** The County neglected to follow County policy to ensure compliance with state statute.

**Recommendation:** We recommend the County should implement internal controls and procedures at the Treasurer's Office and any other relevant offices to comply with the Public Money Act.

**Management Response:** The Santa Fe County Treasurer's Office (CTO) implemented a process in late 2024 which changed the end of day processing by staggering staff's schedules for closing teller drawers each day. The CTO will continue to refine their 2024 established processes to address days, such as month end closing and holidays to ensure the public is still served through the end of business day and staff are able to reconcile and close the cash drawer(s) for depositing the following business day with complete resolution by June 30, 2026.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE YEAR ENDED JUNE 30, 2025**

**Section IV — Section 12-6-5 NMSA 1978 Findings — continued**

**2025-002 (2024-003) User Access Reviews (Other Matters)**

**Condition:** During our evaluation of the County’s information technology (IT) general controls over significant financial applications, we found that the County has implemented a robust system of preventive access controls over user provisioning and deprovisioning. However, our evaluation found that the access to the County’s system, NaviLine CentralSquare, is reviewed but lacks validation of the completeness of its review procedures. A user access review serves as a detective control to identify whether provisioned users to the system are accurate against active employees as well as ensuring roles and permissions assigned to each user are commensurate of each user’s job function to promote appropriate segregation of duties. This review includes a review of each system’s administrators and other privileged users who may assist in user provisioning and deprovisioning or configurations of the system. While the County had addressed the prior year finding and implemented controls over user access reviews, additional procedures are needed to document these reviews.

**Criteria:** The National Institute of Standards and Technology (NIST) recommends the implementation of user access review procedures over information systems to ensure users are appropriate and the assigned roles and permissions are appropriate, including over segregation of duties, to mitigate risks over access to an organization’s systems and data.

**Effect:** Lack of these reviews potentially exposes the County to financial and other risks relevant to inappropriate access.

**Cause:** We were not able to confirm that financially relevant users were reviewed and approved. Ensuring financially relevant users are reviewed and approval is documented was not part of the updated process.

**Recommendation:** We recommend the County ensure the review process over financial users within NaviLine CentralSquare is documented and evidence of the review and approval is retained. Additionally, the review should include validation that no users retain privileges beyond their job requirement. Any requested changes as a result of the review should be documented in a ticket.

**Management Response:** Santa Fe County did perform user reviews for Central Square users in Fiscal Year 2025, pursuant to its written Access Control Standards policy. Santa Fe County will augment its processes in future years to fully document the completion of the annual user review.

**STATE OF NEW MEXICO  
SANTA FE COUNTY  
SCHEDULE OF FINDINGS AND RESPONSES  
FOR THE YEAR ENDED JUNE 30, 2025**

**Section IV — Section 12-6-5 NMSA 1978 Findings — continued**

**2025-003 (2018-008) Collateralization of Public Funds (Other Noncompliance)**

**Condition:** On June 30, 2025, the County held deposits accounts with US Eagle Federal Credit Union that did not have additional pledged collateral to cover one-half of the amount in excess of FDIC/NCUA deposit insurance. Total uninsured deposits were \$878 at year-end. Management is working with this financial institution to ensure that balance adjustments on the last day of the year have timely adjustments made to the required collateral.

**Criteria:** The Public Money Act Section 6-10-17, NMSA 1978 and the County's Investment Policy Statement requires the County to collateralize an amount equal to one-half of the balance not covered by deposit insurance through either the Federal Deposit Insurance Corporation (FDIC) or the National Credit Union Administration (NCUA) for depository accounts.

**Effect:** The County was not noncompliant with deposit collateralization requirements.

**Cause:** Collateral was not pledged to cover one-half of the amount in excess of FDIC/NCUA insurance for the County's deposits.

**Recommendation:** The County Treasurer's Office should continue to implement internal controls and procedures to ensure adequate collateral is held for all deposits exceeding FDIC/NCUA deposit insurance in accordance with Section 6-10-17, NMSA 1978 and the County's Investment Policy Statement.

**Management Response:** The CTO will work with US Eagle Federal Credit Union to pay all accrued interest to the County instead of reinvesting back into the certificate of deposit or depositing into the County's savings account. In addition, the Finance Division will request a periodic statement or account balance at a minimum each quarter for reconciliation purposes as well as monitoring the balance does not exceed FDIC/NCUA deposit insurance beginning with the December 31, 2025 balances. The County will request the excess funds be disbursed to ensure the account balances are below the FDIC/NCUA deposit insurance.
