

Key Issues

Directions: With your table, write down issues affecting you and your neighbors on the **post it notes** and place them in the center of the table or place them on one of the large maps. Below are some potential issues and questions organized by topic to help you generate additional ideas.

Land Use

- Conditional Use Permits that conflict with neighbors?
- Have you or your neighbors had issues with building setback regulations?

Economic Development

- Have you been able to open your business in the community?

Agriculture

- Are there any issues with livestock or other agricultural uses?

Open Space & Resource Conservation

- Increased encroachment from unmonitored recreation in the National Forest

Public Safety

- Fire and emergency access
- Flooding

Transportation

- Speeding and traffic on Canada Village Rd and Old Santa Fe Trail
- Pedestrian and Equestrian Safety

Water and Wastewater

- Do you have a reliable, consistent flow of water?
- Do you have issues with your septic system?

Community Services

- Illegal Dumping

Community Visioning

Directions: With your table, designate one person to write down all of your comments and write them in the space below.

- What do you want your community to look like in 5-10 years?
- What do you want to see?
- What would you change in your community? What would you keep the same?
- What would improve the quality, health, and safety of your community?

a few preliminary ideas: peace and quiet; promoting community connection (i.e. more events!); a dedicated community center; preserve and conserve natural beauty; enhance public safety; balanced recreation, access, and conservation; safe roads for all users;
