

Handout Two - Community Visioning

Core Vision & Character

- Remain similar as it is now in 5-10 years.
- Preserve natural beauty and the traditional way of life.
- Be a sacred, simple, normal, and non-elitist community.
- Leave it alone, no major changes.
- Prioritize the community's voice regarding any changes that impact our peace & livelihood.
- Ensure better management and community communication.

Land & Environment

- Maintain the Natural Environment and the health of the forest and wildlife.
- Protect our National Forest, maintain the Night Sky (dark sky), and ensure Animal Safety.
- Enact no more trails, no logging.
- Restrict electric bikes on forest trails.
- Use sustainable land codes for locals that are thoughtful and practical for individuals.

Growth & Development

- Promote very controlled residential/commercial growth.
- Apply simplicity, small, modest form-based codes with no overreaching.
- Reduce complexity, keep it simple.
- Maintain no paved roads, or minimally paved roads.

- Protect our peace & livelihood, specifically regarding public use of public lands that impact traffic and quality of life.

Safety & Infrastructure

- Improve Safety regarding traffic, speed in the village using speed bumps to slow traffic down.
- Have less traffic for safer roads and a reduced speed limit on roads.
- Create a safe fire evacuation plan through community fire planning & evacuation.
- Create an additional emergency exit.
- Manage Drainage & Roads to prevent flooding with erosion control.
- Provide affordable water testing for wells.

Community Life

- See more community gatherings.
- Establish a community center for local events.
- Create a digital information resource.
