*1) Schedule of higher fees applies. Delta Dental Premier Providers are subject to a schedule of higher Maximum Approved Fees than Delta Dental PPO Providers. You may have higher out-of-pocket costs when you visit a Delta Dental Premier Provider than if you visited a Delta Dental PPO Provider. This may be true even if the Coinsurance percentages are the same for these two types of Providers. You may have the lowest out-of-pocket costs when you select a Delta Dental PPO Provider. See the Summary of Dental Plan Benefits for more information on networks and cost sharing.*

*2) Balance billing applies. Non-Participating Providers may bill you above the Non-Participating Maximum Approved Fees they receive from Delta Dental. You will have the highest out-of-pocket costs when you visit a Non-Participating Provider. This will be true even if the Coinsurance percentages in this column match the percentages for other types of Providers. In addition, Non-Participating Providers have not agreed to Delta Dental's in-network protections for Enrollees. See the Summary of Dental Plan Benefits for more information on networks and cost sharing.*

- Oral exams (including evaluations by a specialist) are payable twice per calendar year.
- Routine prophylaxes (cleanings), periodontal maintenance, and scaling in the presence of generalized moderate or severe gingival inflammation are payable twice per calendar year. Two additional periodontal maintenance procedures are payable per calendar year for individuals with a documented history of periodontal disease.
- People with specific at-risk health conditions may be eligible for additional prophylaxes (cleanings) or topical fluoride treatment. The patient should talk with his or her Provider about treatment.
- Topical fluoride treatments are payable twice per calendar year for people up to age 19.
- Fixed bilateral space maintainers are payable once per arch per lifetime for people up to age 14.
- Fixed unilateral, removable unilateral, and removable bilateral space maintainers are payable once per quadrant per lifetime for people up to age 14.
- Bitewing images are payable twice per calendar year and a complete series of radiographic images (which include bitewing images) or panoramic radiographic image is payable once in any five-year period.
- Sealants are payable once per tooth per two-year period for permanent molars, excluding coverage where an occlusal restoration has been completed on the tooth, up to age 16.
- Prefabricated crowns are payable once per tooth in any two-year period for people up to age 16.
- Composite resin (white) restorations are Covered Services on all teeth.
- Porcelain and resin facings on bridges are Covered Services on posterior teeth.
- Implants and implant-related services are payable once per tooth in any five-year period.

## Additional Plan Information

**Deductible:** Does not apply to Diagnostic and Preventive Services, radiographic images, sealants, full mouth debridement, periodontal maintenance, emergency palliative treatment, consultations, cephalometric radiographic images, photos, diagnostic casts, and orthodontics (including fiberotomy, surgical repositioning, and devices to facilitate tooth eruption).

**Maximum Benefit Amount:** The Maximum Benefit Amount applies to all services except cephalometric radiographic images, photos, diagnostic casts, and orthodontics (including fiberotomy, surgical repositioning, and devices to facilitate tooth eruption).

**Orthodontic Lifetime Maximum:** Applies to cephalometric radiographic images, photos, diagnostic casts, and orthodontics (including fiberotomy, surgical repositioning, and devices to facilitate tooth eruption).

**Pre-Treatment Estimates:** Delta Dental recommends that you ask your Provider for a Pre-Treatment Estimate when more costly procedures are anticipated. A Pre-Treatment Estimate is not a guarantee of coverage. This free report estimates your applicable dental Benefits and out-of-pocket expenses for proposed dental services. Please see the Dental Benefit Handbook for more information. Pre-Treatment Estimates are optional unless specified otherwise in this Summary of Dental Plan Benefits.

## Delta Dental—Evidence Based Dentistry

Delta Dental plans include enhanced dental coverage for enrollees with certain high-risk medical conditions. These enhancements have been included based on scientific evidence that treating and preventing oral disease in these situations can improve overall health.

Individuals eligible for this coverage include:

- ✓ People with diabetes **AND** periodontal (gum) disease
- ✓ Pregnant women who have periodontal (gum) disease
- ✓ People with certain heart conditions that put them at high or moderate risk for infective endocarditis, a potentially deadly heart infection.
- ✓ People with kidney failure or who are undergoing dialysis
- ✓ People with suppressed immune systems due to chemotherapy and / or radiation treatment, HIV positive status, organ transplant, and/or stem cell (bone marrow) transplant.

The improved benefits include coverage of up to four teeth cleanings (either routine cleanings or periodontal maintenance cleanings) per calendar year, as opposed to the typical two. The routine cleanings are covered at the same copayment level as other preventive services. For people undergoing head and neck radiation, fluoride applications by your dentist are also covered twice per calendar year. (This service is typically covered to age 19.) Refer to your Group Summary of Benefits for the coverage levels applicable to these coverages.

The costs of the additional cleanings and fluoride treatments are applied to your annual maximum.

What  
should I do  
if I have one of  
the conditions listed?

Talk with your dentist  
and physician about if and  
when treatment is right for  
you.

The timing of treatment is  
important when serious  
medical conditions exist.

We do dental. *Better.*
