

DOMESTIC WELL USE METERING PROGRAM

BEGINNING 2027

Santa Fe County's Domestic Well Use Metering Program helps the County better understand groundwater use and plan for a sustainable water future.

*Our Water
Our Community
Our Future*

WHO DOES THIS APPLY TO?

Property owners who use a private well and are requesting a County development permit.

WHY IS THIS HAPPENING?

Established in 2002 and prioritized since 2019, the program supports Santa Fe County's goals in:

Sustainable
Water Resources

Reliable Water Supplies for
Fire Protection

Preservation of
Traditional Land Uses
