2. Viewshed Preservation. In order to preserve the unobstructed horizons surrounding Madrid, no portion of a residential, commercial, or any other structure shall be visible above a ridgetop when viewed from the centerline of NM 14 at the nearest spot on the highway with a direct view of the proposed structure.
3. Ridgetop Protection. Where a ridgetop measures more than two hundred feet (200') from shoulder to shoulder (a mesa), the ridgetop standards and requirements for the architecture and buffers shall apply within two hundred feet (200') of the shoulder of the ridge and setbacks will be directed away from the portion of property most visible from the major roadway as described above.
4. Landscaping and Screening. Evergreen trees at least 5 feet tall shall be used for screening and buffering of structures, cuts and fills in order to maintain year-round screening of previously disturbed areas.

[1] *Editor's note—Appendix C is included as an attachment to this exhibit.*

9.6.2.8 Density Transfer. Whenever density transfers are used to create open space in perpetuity by easement or other legal means, and when new lots are created, maximum lot coverage shall increase to 50% and shall be calculated based on each individual new development lot.

9.6.3 Establishment of Zoning Districts. The development standards of Chapter 8 of this Code shall be applicable to all development, except as otherwise specified herein.

9.6.3.1 Generally. The MCD Overlay modifies the underlying base zoning districts in order to address special siting, use, and compatibility issues requiring regulations that supplement or supplant those found in the underlying zoning districts. If an overlay zone regulation conflicts with any standard of this Code, the standard of this overlay zone shall govern.

9.6.3.2 Base Zoning Districts. Base zoning districts approved for use in the MCD are listed in Table 9-6-1:

Community facilities, institutional uses, agricultural uses, and home occupations that are residential in scale should continue to be allowed anywhere in the district. The MCD TC accommodates traditional community patterns, preserves historic and cultural landscapes, and protects agricultural uses.

#### 9.6.4 MCD Overlay Zones.

9.6.4.1 Madrid Rural Commercial Overlay (MCD O-RC); Purpose. The MCD O-RC accommodates the development of small-scale business, commercial, service-related, and limited manufacturing activities that have adequate facilities and would not cause a detriment to any abutting residential lands. This zone is appropriate for areas where such development should logically locate because of established, historic land use patterns in Madrid, planned or existing public facilities, and appropriate access.

1. Location. The MCD O-RC is appropriate for use in the MCD RUR and MCD TC districts so long as the property is directly adjacent to NM 14 and within the Planning Area. Commercial and nonresidential development shall conform to all requirements of this Code.

2. Uses permitted, conditional, accessory and prohibited as regulated in the MCD TC and MCD RUR Base Zoning Districts, with exceptions identified below:

a. Permitted Uses. In addition to those uses allowed by the underlying zoning, the following uses are allowed in the MCD O-RC upon the issuance of a development permit, and shall not exceed two thousand five hundred (2,500) square feet:

Entertainment facilities such as, theaters/dance/music establishments, exhibitions and art galleries, performing arts and supporting establishments, permanent outdoor stage and bandstands, public art installations, fitness, recreational sports, gyms, and athletic clubs, mini golf and bowling/billiards/pool hall.
- vi. Supplemental Conditional Uses; MCD TC. The following uses are only allowed in the MCD O-RC within the MCD TC Base Zoning District: bars, taverns, nightclubs and tattoo parlors.

vii. Supplemental Conditional Uses; MCD RUR. The following uses are only allowed in the MCD O-RC within the MCD-RUR Base Zoning District: Tourist courts, camps/camping and related establishments, cemeteries, clubs or lodges, commercial parking garages, aircraft facilities, recycling transfer center, geothermal productions facility, large-scale wind facility, stables and other equine facilities.

9.6.5.1 Accessory Dwelling Units. Accessory Dwelling Units are allowed as a conditional use throughout the zoning district.

1. At the time of application, the primary dwelling unit shall be owner-occupied.

9.6.5.2 Home Occupations. Purpose: Home Occupations are small-scale uses that are conducted from one's home and are clearly incidental and secondary to primary use of a residence. All Home Occupations shall meet the criteria established in this Overlay and as regulated in Chapter **10** of this Code with the following exceptions as identified in Table 9-6-6.

1. Medium Impact Home Occupations, as identified in Chapter **10** of this Code are prohibited throughout the Madrid Community Planning Area.

2. Home Occupation Parking. Parking for Home Occupations shall be provided on-site, as practicable. If, due to the historic land use or small lot development pattern of Madrid, conditions prohibit parking on-site, then the Home Occupation proprietor shall provide alternative parking sites for customers, staff and home occupation related vehicles.

All uses are designated as permitted, accessory, or conditional, as further explained in Table 9-6-7. Accessory uses may be subject to specific regulations as provided in Chapter **10**, and conditional uses are subject to the conditional use permit standards provided in Chapter 4. In addition, uses may be subject to modification by the overlay zoning regulations included in this chapter.

**Table 9-6-7: Use Table Labels**

P	Permitted Use: The letter “P” indicates that the listed use is permitted by right within the zoning district. Permitted uses are subject to all other applicable standards of the SLDC.
A	Accessory Use: The letter “A” indicates that the listed use is permitted only where it is accessory to a use that is permitted or conditionally approved for that district. Accessory uses shall be clearly incidental and subordinate to the principal use and located on the same tract or lot as the principal use.
C	Conditional Use: The letter “C” indicates that the listed use is permitted within the zoning district only after review and approval of a Conditional Use Permit in accordance with Chapter 4.

The Use Matrix also includes Function, Activity and Structure Codes in accordance with the Land Based Classification System.

Uses not specifically enumerated. When a proposed use is not specifically listed in the use matrix, the Administrator may determine that the use is materially similar to a listed use if:

The proposed use is listed as within the same structure or function classification as the use specifically enumerated in the use matrix as determined by the Land-Based Classification Standards (LBCS) of the American Planning Association (APA).; or

If the use cannot be located within one of the LBCS classifications, the Administrator shall refer to the most recent manual of the North American Industry Classification System (NAICS). The proposed use shall be considered materially similar if it falls within the same industry classification of the NAICS manual. A proposed use shall be treated in the same manner as the listed use to which it is materially similar. For example, if the proposed use is materially similar to a permitted use, this proposed use shall also be a permitted use.
