Santa Fe, New Mexico – July 19, 2023 – The Santa Fe County Clerk's Office, led by County Clerk Katharine E. Clark, is pleased to announce the successful completion of the digitization and redaction process for real estate records in Santa Fe County. This accomplishment marks a significant milestone in modernizing their operations. Additionally, the office is excited to introduce a new self-service portal that enables constituents to conveniently purchase and instantly download documents using their credit cards.

While the digitization project started in 2004, upon taking office in 2021, Clerk Katharine E. Clark committed to completing the remaining 480,000 unprocessed documents in her first term. The newly launched self-service portal empowers constituents to effortlessly access and purchase real estate documents online. The user-friendly interface allows individuals to search for specific records, preview document images, and select the desired documents for purchase. With the convenience of credit card payments, the Santa Fe County Clerk's Office ensures a seamless and secure transaction process.
