December 1, 2021

To the Santa Fe County Board of County Commissioners, the County Manager, and the Citizens of Santa Fe County

We are pleased to submit to you the Annual Comprehensive Financial Report for Santa Fe County for the fiscal year ended June 30, 2021. The financial statements and supporting schedules have been prepared in conformity with generally accepted accounting principles (GAAP) for government, and with the requirements of the State of New Mexico, Office of the State Auditor.

This report consists of management's representations concerning the finances of Santa Fe County. County management assumes full responsibility for the completeness and reliability of the information presented in this report based on a comprehensive framework of internal controls that were established for this purpose. Santa Fe County has established a comprehensive internal control framework that is intended to provide reasonable assurance that assets are safeguarded against loss or unauthorized use, and that financial records can be relied upon to produce financial statements according to GAAP. "Reasonable assurance" is intended to recognize that the cost of maintaining the system of internal accounting controls should not exceed the benefits derived. The County's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. The County's management team asserts that, to the best of our knowledge, this financial report is complete and reliable in all material respects.

This report consists of the Introductory Section, the Financial Section that includes the opinion of the County's independent auditor, REDW LLC (REDW), the Management's Discussion and Analysis (MD&A), the Statistical Section with 10 years of summary data, and the Other Information Section. The Introductory Section includes this transmittal letter, the County's organizational chart and a list of County Officials and administrative staff. Readers should refer to the MD&A beginning on page 18 of this report for a more detailed overview of how to use this report, and for an introduction to the County's basic financial statements and an analytical overview of the County's financial activities.

REDW has audited the County's financial statements for the fiscal year ended June 30, 2021. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2021, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; thus, resulting in an assessment of the overall financial statements. REDW concluded that there was a reasonable basis for rendering an unmodified (or clean) opinion that Santa Fe County's financial statements for the fiscal year ended June 30, 2021, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The report may be found on pages 14-16 of this report.

The Reporting Entity and Its Services

Santa Fe County was established by the laws of the Territory of New Mexico of 1852, under provisions of Section 4-26-1 NMSA 1978. Santa Fe County is located in north-central New Mexico. The City of Santa Fe is the capital of the State of New Mexico and is in the center of the County, approximately 60 miles northeast of Albuquerque, New Mexico's largest city. Santa Fe County has a total area of 1,911 square miles, including 1,909 square miles of land and 2 square miles of water.

The 2020 decennial census revealed a population of 154,823, which included 87,505 individuals located in the City of Santa Fe. This reflects a countywide population percentage increase since the 2010 decennial census of 7.4%. During that period, Santa Fe County experienced a higher percentage population increase than the State as a whole, which saw a 2.8% increase. Santa Fe County experienced the 6th highest county population growth rate in the State (behind Lea, Sandoval, Los Alamos, Eddy, and Otero) and was the 3rd most populous County (behind Bernalillo and Doña Ana). Santa Fe County's unemployment rate in June 2021 was 7.8%, which was lower than the State rate of 8.4%.

The County operates under the commission-manager form of government. All legislative power within the County is vested in an elected five-member Board of Commissioners (BCC). The executive function is divided and shared by the BCC and five other elected county officials - the Assessor, Clerk, Probate Judge, Sheriff, and Treasurer. The County provides the following services: public safety (inclusive of sheriff, fire, emergency communications center and adult corrections), highways and streets, sanitation, health and social services, housing assistance, affordable housing, culture and recreation, senior services, public works, planning and zoning, economic development, and general administration services. A regional planning authority, created by the City of Santa Fe and Santa Fe County, as well as a County Housing Authority, utilities and home sales enterprises are included within the business activity of the County's financial statements.

Santa Fe County maintains extensive budgetary controls in compliance with State statutes. The annual budget approved by the BCC serves as the foundation for Santa Fe County's financial planning and control. The fiscal year 2021 budget continued utilizing a results-accountable, priority-driven budget methodology (referred to generically as performance-based budgeting) for budget development. Staff built budget requests focusing on four specific countywide population goals: 1) provide a safe community; 2) promote a sustainable community; 3) support a healthy community; and 4) be a proficient, transparent, and accessible government. Staff was further instructed to leave budgets flat to the extent possible.

Due to the factors resulting from novel Coronavirus 2019 (COVID-19), Santa Fe County took a more conservative approach to budgeting for fiscal year 2021. Despite increases in health insurance, medical malpractice insurance, SafetyNet Care Pool and other uncontrollable increases, the overall budget represented an 8.2% decrease from fiscal year 2020. Many non-essential contracts and spending plans were placed on hold without causing major decreases in services to citizens. The County made great effort to reduce recurring expenditures down to the level of anticipated recurring revenues.

Economic Outlook

In March 2020 the United States was confronted with a new pandemic with the outbreak of COVID-19. This has had a major impact to not only Santa Fe County's economy, but also the state, country and world. Most areas implemented some type of shut-down of businesses in order to combat the spread of the virus. Santa Fe County immediately began fiscal measures to limit the financial impact of COVID-19 on County operations and ensuring essential services continued to be provided to the citizens.

Major industries in the Santa Fe County area include government, health care and social assistance, and retail trade. Accommodation and food services and educational services contribute a large portion of the jobs in Santa Fe County as well. According to the New Mexico Department of Workforce Solutions, for Santa Fe County as of the first quarter of 2021, total employment was 54,910. Of that total, government employees comprised 9,326 jobs or 17.0% of the workforce; of those government employees, 7,226 worked in State government, 1,590 worked in local government, and 510 worked in federal government. An additional 8,572 employees, or 15.6%, worked in the health care and social assistance sector, while 7,902 employees, or 14.4% worked in the retail trade sector.

Budget and Reserves

Following months of study sessions, each year's budget is reviewed and approved by the BCC through adoption of a formal budget resolution. The State of New Mexico requires a balanced budget for each fund. Santa Fe County imposes this balanced budget standard in conjunction with the additional standard that recurring expenses in each fund be sourced with recurring revenues. The Finance Division provides a monthly report to the BCC detailing all revenues and expenditures, and comparing current year events to the same period of the previous fiscal year. Lastly, quarterly budget updates are submitted to the New Mexico Department of Finance and Administration's Local Government Division, pursuant to state law.

Santa Fe County's property tax base was assessed at \$8.7 billion for property tax year 2020 (the property tax year applicable to fiscal year 2021), which comprised 13.0% of the statewide total. This represented a 5.3% growth in assessed values over the previous property tax year, compared with a statewide increase in assessed values of 3.5%. Property tax collections continued to be strong in fiscal year 2021 with a collection of 96.1%.

In fiscal year 2021, Santa Fe County decreased the budget for countywide and unincorporated gross receipts taxes by 30.0%, due to the public health emergency that began on March 11, 2020. While Santa Fe County continues to have steady growth the property tax collections, fiscal year 2021 budgeted revenues were reduced by 5.0% to account for the possibility of homeowners not paying their property taxes due to the financial hardship of the pandemic. The actual growth in property tax for the fiscal year was \$1.1 million or 1.5%.

A principal financial issue for Santa Fe County is the funding of a large regional water system that will serve the northern part of the County, which has historically obtained its drinking water from wells. The Aamodt Settlement of water rights requires that a regional water system be designed and constructed. The cost of building this regional system will be borne by the Federal government, the State of New Mexico, and Santa Fe County.

The County strives to incorporate robust financial planning into its long-range vision to remain solvent throughout economic cycles. The County maintains the State-mandated cash reserve requirements in its general fund and the road fund. In addition to State-mandated reserves, the County adopted Resolution 2019-7 on January 8, 2019, which provides for the commitment of additional fund balances set aside for specific purposes. On June 30, 2021, the BCC approved the commitment of the following

reserves in addition to State-mandated reserves: \$9.4 million contingency reserve (10.0% of fiscal year 2022 operating budget); \$9.3 million disaster recovery reserve (11.0% of fiscal year 2020 unrestricted fund balance); \$8.5 million uninsured losses reserve (10.0% of fiscal year 2020 unrestricted fund balance); \$10.2 million major infrastructure repair and replacement reserve (12.0% of fiscal year 2020 unrestricted fund balance); cumulative \$15.4 million reserves in various special revenue funds that support ongoing operations; cumulative \$6.4 million reserves in various enterprise funds; and cumulative \$2.2 million reserves in the Self Insurance fund balance (20.0% of fiscal year 2020 operating budget).

Santa Fe County has both conscientiously and strategically maintained sufficient reserves and continued to be conservative with revenue projections. This strategy has insulated County services and employees from the effects of economic downturns, bolstered the credit rating on the County's bonds, and allowed the County to cash-finance many of its capital expenditures.

Debt Administration

Santa Fe County routinely issues general obligation bonds backed by the full faith and credit of the County, and payable from property tax revenues. Issuance of general obligation bonds requires approval of a majority of the electorate. General obligation bonds are issued for specific capital purposes contained in the ballot language, including but not limited to purposes related to utility infrastructure, roads, open space and trails, and various county facilities. As of June 30, 2021, the County had \$129.1 million of outstanding general obligation bonds. Standard and Poor's (S&P) has assigned the County's general obligation bonds a rating of AAA, the highest possible ratings given by S&P, with a stable outlook.

Santa Fe County also routinely issues revenue bonds backed by various gross receipts tax increments. Issuance of gross receipts tax bonds requires approval by the BCC. Gross receipts tax bonds are also issued for specific capital purposes, including but not limited to purposes related to utility infrastructure, roads, open space and trails, and various county facilities. As of June 30, 2021, the County had \$64.9 million of outstanding gross receipts tax bonds and \$23.0 million of outstanding capital outlay gross receipts tax bonds. Standard and Poor's has assigned the County's capital outlay gross receipts tax bonds and junior-subordinate lien gross receipts tax a rating of AA+ with a stable outlook.

Financial Policies

Santa Fe County's accounting records for general government operations are maintained on a modified accrual basis, with revenues being recorded when available and measurable and expenditures being recorded when services are rendered or goods are received, and the liabilities are incurred. Accounting records for Santa Fe County's utilities and other enterprise activities are maintained on an accrual basis.

In developing and maintaining the County's accounting system, constant consideration is given to the adequacy of the internal control structure. We believe that Santa Fe County's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. In addition to this strong control system, Santa Fe County also employs an independent internal auditor to review and make observations on various programs and systems under the direction of the County Audit Committee.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Santa Fe County for its annual comprehensive financial report for the fiscal year ended June 30, 2020. This was the tenth consecutive year that the County has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report could not have been accomplished without the dedication of staff within the Finance Division. We wish to express our sincere appreciation to all staff members whose efforts made the preparation of the report possible. We would also like to thank the staff from other Santa Fe County departments who assisted and contributed to its preparation. Finally, without the leadership and support of the County Manager and the members of the BCC, preparation of this report would not have been possible.

Respectfully submitted,

Independent Auditor's Report

Mr. Brian S. Colón, Esq., New Mexico State Auditor and To the Honorable Members of the Board of County Commissioners Santa Fe County, New Mexico

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and major special revenue funds of Santa Fe County, New Mexico (the "County"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this responsibility includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund and the major special revenue funds of the County as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 18-31, the Schedule of the County's Proportionate Share of the Net Pension Liability on pages 108-111, the Schedule of County Contributions (PERA) on pages 112-115, the Notes to Required Pension Supplementary Information on page 116, the Schedule of the County's Proportionate Share of the Net OPEB Liability on page 117, the Schedule of County Contributions (NMRHCA) on page 118, and the Notes to Required OPEB Supplementary Information on page 119, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, supplementary information, other supplementary information, and statistical section, as listed in the table of contents, are presented for the purposes of additional analysis or are required by Section 2.2.2.10 NMAC and are not a required part of the basic financial statements. The

schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information, other supplementary information, and schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary and other supplementary information, required by Section 2.2.2 NMAC, and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

INTRODUCTION

As management of Santa Fe County (County), New Mexico, we offer the readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2021. Please read it in conjunction with the transmittal letter in the Introductory Section of this report and with the financial statements that follow.

FINANCIAL HIGHLIGHTS

Government-wide Level

- The County's total government-wide assets and deferred outflows of resources exceed the County's liabilities and deferred inflows of resources as of June 30, 2021 by \$470.8 million (net position).
- The combined net change in net position for current year activities was \$20.9 million higher than the prior year as a combined result of increased operating grants and contributions and reduction in overall expenses. The County continues to have a strong financial position, operating reserves and assets available to provide services to its citizens.
- As of June 30, 2021 the County's governmental activities and business-type activities have a net position of \$300.9 million and \$169.9 million, respectively.

Capital Assets and Long-term Liabilities

- The County added \$31.6 million in capital assets including improvements to the public safety facility, the Eldorado/Canoncito water system improvement, upgrades to the Quill Wastewater Facility, improvements to the Adult Detention Facility, fire stations, equipment, and the completion of the Behavioral Health Triage Center with a final cost of \$2.4 million.
- As of June 30, 2021, the County issued \$24.4 million with General Obligation Series 2021 bonds for improvements to County roads, water and waste water facilities, open space projects. In addition, the County has unspent bond proceeds of \$62.2 million for improvements to County roads, water and waste water facilities, public safety buildings, open space projects, and American with Disabilities Act compliance improvements.
- As of June 30, 2021, the County's share of the New Mexico Public Employees Retirement Association (PERA) net pension liability and the New Mexico Retiree Healthcare Fund OPEB liability was \$120.2 million and \$40.4 million, respectively.

Fund Level

- The General Fund ended the year with an unassigned fund balance of \$36.4 million, which equals 107.2% of the fund's annual expenditures and is well above the industry's recommended level of 15.0%.
- On a budgetary basis, General Fund revenues were \$11.1 million (16.5%) above budget and General Fund expenditures were \$14.1 million (29.4%) below the final budget.

- The Utility Fund's net change in net position for current year activities was \$5.6 million higher than the prior year and ended the year at \$158.4 million.
- The Housing Services Fund's net change in net position for current year activities was \$38.0K lower than the prior year and ended the year at \$7.3 million.

OVERVIEW OF FINANCIAL STATEMENTS

This MD&A is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements are comprised of three components: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business. This means all revenues and expenses are recognized regardless of when cash is received or spent, and all assets and liabilities, including capital assets and long-term debt, are reported at the entity level.

The statement of net position presents information on all of the County's assets, deferred outflows, liabilities and deferred inflows with assets and deferred outflows minus liabilities and deferred inflows reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities indicates how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused, compensated absences).

The government-wide statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or most of their costs through user fees and charges (*business-type activities*). Santa Fe County's governmental activities include general government, public safety, public works, culture and recreation, highways and streets, health and welfare and housing programs. The County has four business-type activities that include a water / waste water utility, the Regional Planning Authority, home sales and housing services.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required by law to exist, while others are established internally to maintain control over a particular activity. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year, modified accrual basis of accounting. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and government-wide statements.

Under New Mexico Administrative Code Section 2.2.2, governments in New Mexico must include the budgetary comparison statement for the General Fund and major special revenue funds as a component of the fund financial statements within the Basic Financial Statements.

Proprietary funds

The County maintains five proprietary funds. These enterprise funds are used to report certain functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its home sales program, regional planning authority, utilities, and housing authority. Enterprise funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Activities whose customers are primarily County departments are accounted for in an internal service fund. The internal service fund is consolidated with the governmental activities in the government-wide statements because those services predominately benefit governmental rather than business-type activities.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is the economic resources measurement focus and the accrual basis of accounting.

Reconciliation Between Government-wide and Fund Statements

The financial statements include schedules that reconcile the amounts reported for governmental activities on the government-wide statements with amounts reported on the governmental fund statements. Following are some of the major differences between the two statements:

 Capital assets, long-term debt, and pension / OPEB liabilities are included on the governmentwide statements but are not included on the governmental fund statements.

- Capital spending produces assets on the government-wide statements but is considered an expenditure on the governmental fund statements.
- Delinquent property tax revenues that are owed to the County but not yet collected are reported
 as revenue on the government-wide statements but are deferred inflows on the governmental
 fund statements.

Notes to the Financial Statements

The notes (pages 57-106) provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

This section includes required information related to the County's pension and OPEB plans.

Supplementary Information

In addition to the basic financial statements and accompanying notes, this section includes combining statements for the County's non-major governmental funds, budgetary comparison schedules for all funds other than the General Fund, and statutorily required schedules related to the County's cash and investment balances, state appropriations, vendors, and inter-local agreements between the County and other governmental entities.

Statistical Information

This section provides up to ten years of financial, economic, and demographic information about the County.

Single Audit Section

This section reports on the County's expenditures of federal awards and is required by federal and state statutes.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position

Net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows exceeded liabilities and deferred inflows by \$470.8 million at the current fiscal year end.

Total assets and deferred outflows of the County as of June 30, 2021, were \$924.6 million, an increase of \$74.8 million or 8.8% from prior fiscal year. The majority of the increase is due to increased capital asset investment, pension and OPEB deferred outflows, and an increase in cash reserves.

- For governmental activities, total assets and deferred outflows were \$748.1 million, an increase of \$68.5 million, or 10.1%.
- For business-type activities, total assets and deferred outflows were \$176.5 million, an increase of \$6.3 million or 3.7%.

Total liabilities and deferred inflows as of June 30, 2021 were \$453.9 million, an increase of \$28.4 million from the prior year due to the issuance of new general obligation bond.

- Total liabilities and deferred inflows for governmental activities were \$447.3 million, an increase of \$33.5 million or 8.1%.
- For business-type activities, total liabilities and deferred inflows were \$6.6 million, a decrease of \$5.1 million or 43.8%.

The County's total net position of \$470.8 million was \$46.4 million or 10.9% higher in fiscal year 2021 compared to the prior year. Of the County's net position, \$305.4 million was invested in capital assets, net of related debt, while \$73.6 million was restricted by state statute or other legal requirements and was not available to finance day-to-day operations of the County. Unrestricted net position was \$91.8 million.

A significant portion of the County's net position reflects its investment in capital assets (e.g. land, construction in progress, infrastructure, buildings and improvements, and vehicles, furniture and equipment), less any related debt used to acquire those assets that is still outstanding plus any unspent proceeds and deferred outflows on advance refunding of bonds. The County uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

The following table presents comparative information of the County's net position for the fiscal years ending June 30, 2021, and June 30, 2020.

- The cost of all governmental activities this year was \$133.4 million; the decrease of \$13.2 million from the prior year was primarily due to decreases in expenses related to general government and public safety.
- The expenses of all business-type activities this year was \$8.1 million, a decrease of \$0.6 million as compared to the prior year. The reduction is due to the Utility and Housing activities reduction in non-essential spending due to the COVID-19 and corresponding public health emergency.

• Charges for services and grants and contributions subsidized certain governmental programs and business-type programs with revenues of \$45.3 million, an increase of \$15.0 million or 49.4% from the prior year. Governmental programs had an increase of \$14.5 million as a result of increased operating grants and contributions. Revenues in business-type programs remained flat as compared to the prior year.

The following table shows to what extent the County's governmental activities relied on self-generated revenues to cover program costs. For 2021, these activities covered \$37.3 million (28.0%) of their total expenses through grants and charges for services. Taxes and other general revenues covered the remaining 72.0% of expenses. The majority of costs can be attributed to general government, public safety, highways and streets, and health and welfare.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

The County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Fund Balances

At June 30, 2021, the County's governmental funds reported combined ending fund balances of \$334.5 million. The County reported \$231.0 million, or 69.0%, as restricted. Note 2 – Classification of Net Position and Fund Balances contains more details about the fund balance classifications at June 30, 2021. Committed, assigned and unassigned totaled \$102.4 million, or 30.6%.

Governmental Funds

The focus of the County's governmental funds is on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unrestricted fund balances may serve as a useful measure of the County's net resources available for spending at the end of the fiscal year.

The financial performance of the County as a whole is reflected in its governmental funds. As the County completed June 30, 2021, its governmental funds reported a combined fund balance of \$334.5 million, an increase of \$33.7 million or 11.2%. This increase is attributable to the reduction in spending on non-essential costs due to the pandemic as well as the issuance of the 2021 general obligation bonds.

The General Fund is the principal operating fund of the County. The General Fund's fund balance increased over the previous fiscal year \$1.5 million to \$103.0 million. Overall revenue and expenditures decreased from the prior year by \$2.4 million and \$0.9 million, respectively, as result of the COVID-19 pandemic. The County continued its cost savings measures into Fiscal Year 2021 to ensure essential spending would be covered by the reduced incoming general revenue. General Fund support to other funds increased by \$3.8 million.

Major special revenue Developer Fees Fund provides affordable housing programs. The Developer Fees Fund's fund balance increased \$0.4 million from the prior fiscal year due to the County receiving payoff amounts from affordable mortgages and down payment assistance recipients in excess of assistance to new recipients in the same programs. Santa Fe County is experiences affordable housing shortage, which was exacerbated by the pandemic.

The major special revenue Corrections Operations Fund accounts for the care of detention center detainees. The Corrections Operations Fund has the second highest expenditures at \$16.5 million for the County; however, only generates 24.5% of revenue as support. The Corrections Operations Fund is heavily dependent on other funds for support through transfers. Santa Fe County housed fewer detainees to prevent the unnecessary spread of COVID-19 and experienced an average of 45 vacant public safety positions during the fiscal year. The Corrections Operations Fund's fund balance grew

by \$5.2 million as a result of the personnel savings and no reduction in support transfers to help build up fund balance committed reserves to meet the minimum funding levels as required by the County's reserve policy.

The Capital Outlay Gross Receipts Tax Fund, the only capital improvement fund reported this fiscal year as a major fund, realized an increase in its fund balance of \$1.8 million. Total revenue stayed flat compared to the prior year, while expenditures decreased by \$5.6 million. The County attempted to keep capital projects moving forward; however, experienced materials and contract labor shortages that has added time delays to projects like the Eldorado / Canoncito Water System, Quill Wastewater Plant improvements and the Adult Detention Facility improvements.

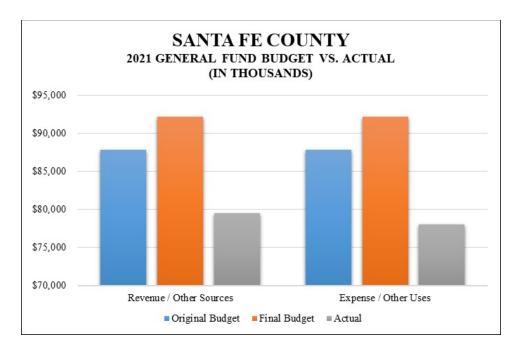

Proprietary Funds

The Enterprise Funds net position increased by \$11.4 million to \$169.9 million at year end. The increase can be attributed to a total of \$11.7 million in capital contributions to both the Utilities Fund and the Housing Services Fund also receiving \$0.4 million in capital contributions. Both funds experienced no significant change in their respective program expenditures and revenues.

BUDGETARY HIGHLIGHTS

The fiscal year 2021 budget was developed using a results-accountable, performance-based budgeting methodology and marked the ninth year using this form of budgeting. Staff built budget requests focusing on four specific countywide population goals: 1) provide a safe community; 2) promote a sustainable community; 3) support a healthy community; and 4) be a proficient, transparent, and accessible government. Staff was further instructed to leave budgets flat to the extent possible.

The General Fund saw significant impacts to the budget as departments identified new ways for cost savings ensuring essential functions were not reduced or impacted due to COVID-19. Due to the factors resulting from COVID-19, Santa Fe County took a more conservative approach to budgeting for the General Fund. Gross receipts taxes were budgeted at a 29.1% reduction from prior year's budgeted amounts. While property values were not expected to decrease for tax year 2020, the amount of anticipated property tax revenue was decreased by 10.0% as a precautionary, conservative measure. The County did plan to use \$21.4 million in cash balance carryforward to balance the original budget. The General Fund continued to provide support to other funds that were authorized to help enhance the 4 pillars of the population goals and addressed those goals by creating a Strategic Plan to help ensure that the citizens of Santa Fe County could express their views but also County officials could identify the needs of those residents and help fund certain programs that would help enhance Santa Fe County as an innovative and creative county when it came to how to best use county resources.

The General Fund's original budget for revenue and expenditures were amended for the following increases (decreases) as of June 30, 2021:

Grants	\$ 692,183
Intergovernmental	1,047,227
	/
General government	(392,510)
Culture and recreation	42,062
Public works	(413,795)
Highways and streets	59,104
Health and welfare	67,521
Capital outlays	3,320,969

On a budgetary basis, total General Fund revenues were \$12.9 million over the original budget and \$11.1 million in excess of the final budget. The increase is attributable to property and gross receipts taxes projections for the current fiscal year exceeded by \$13.2 million.

The General Fund's final expenditure budget was \$5.7 million less than the prior fiscal year. All General Fund departments came in under budget by \$13.8 million, with the general government activities experiencing the greatest savings at \$8.7 million.

The budgetary comparison statement on page 45 presents budget to actual results for all major revenue sources in, and each function of, the General Fund. The statement also reconciles the County's budgetary-basis revenues and expenditures to amounts reported in the financial statements on a modified accrual basis.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

For the fiscal year ended June 30, 2021, the County invested \$31.6 million in capital assets, including buildings, water systems, facilities, vehicles, computers, equipment, and other infrastructure. The investment in capital assets decreased by \$13.7 million. Total depreciation expense for the current fiscal year was \$19.1 million. The County continues to make investments in the Arroyo Hondo Trail, Santa Fe River Greenway, various county area trails, along with various County buildings such as the Adult Detention Facility, fire stations, the Santa Fe Fairgrounds Extension office renovation, the East Mountain Healthcare Facility, and both administrative building on Grant Avenue and Catron Street.

Additional information on the County's capital assets can be found in Note 5 – Capital Assets, pages 76 through 78.

Debt Administration

At fiscal year end, the County had \$393.1 million in long-term liabilities outstanding. The following table presents a comparative summary of the County's outstanding long-term debt for the fiscal year ended June 30, 2021, and June 30, 2020. Additional information on the County's debt can be found in Note 9 – Bonds Payable and Note 10 – Changes in Long-term Liabilities, pages 82 through 87.

The County had \$217.0 million in bonds outstanding as of June 30, 2021. State statute limits the amount of general obligation debt a County may issue for general purposes to 4.0% of its total assessed property valuation. The general obligation debt limitation for general purposes for the County as of June 30, 2021 is \$347.2 million. State statute currently does not limit the amount of general obligation debt a County may issue for Water and Wastewater systems. Debt service per capita in fiscal year 2021 totals \$137.87; \$97.08 for general obligation debt service and \$40.79 for revenue bond debt service. Outstanding debt per capita totals \$1,479.42; \$832.89 for general obligation debt and \$646.53 for revenue bond debt.

STATE OF NEW MEXICO SANTA FE COUNTY MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2021

Credit Ratings

On March 25, 2021, Standard & Poor's (S&P) assigned its AAA rating to Santa Fe County's \$24.4 million 2021 General Obligations (GO) Bonds and affirmed its AAA long-term rating on the County's existing outstanding GO bonds with a stable outlook. The financial condition of the County is strong as reflected by the County's general obligation bond rating of AAA from S&P, which assigned a stable outlook to the rating. The rating reflects that the County has an adequate economy, strong management with good financial policies and practices, strong budgetary performance, very strong budgetary flexibility, very strong liquidity, adequate debt and contingent liability profile, and a very strong institutional framework score. On November 2, 2021, S&P affirmed its AAA rating on the County's GO bonds outstanding for the same key factors mentioned above.

On April 12, 2019, Moody's Investors Service affirmed the Aa3 rating on the County's outstanding County Capital Gross Receipts Tax (CGRT) bonds. The outlook was revised to positive from stable based on the County's large and stable tax base, anchored by the state capital, and solid debt service coverage, and a result of a change in the percentage of revenues pledged to the bonds. The positive outlook reflects Moody's expectation that debt service coverage will continue to improve in the next 18 to 24 months. The County's taxing base is large and regionally important, which drives continued growth in the County's CGRT collections, translating to healthy coverage relative to declining debt service. The County does not plan to further leverage the revenue stream.

Moody's Investors Service has assigned the County's general obligation bonds Aaa rating, which is higher than the median rating of Aa2 for US counties. The key factors for this rating include robust financial position, a very large tax base and a healthy wealth and income profile. It also reflects a manageable debt burden and an above average pension liability.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

In fiscal year 2022 Santa Fe County continued with its performance-based budget with the formal approval of four population goals – Provide a Safe Community, Promote a Sustainable Community, Support a Healthy Community, and Be a Proficient, Transparent, and Accessible Government – and priorities revealed by the citizen survey conducted during fiscal year 2014 and approved by the Board of County Commissioners in Resolution 2015-127. Priorities included public safety, senior services, sustainability, behavioral health, youth programs, programming and operational funding for new facilities, open space and trails master planning and maintenance, facility maintenance and water planning. The most significant priority change was in the area of behavioral health and staffing within public safety. Santa Fe County enacted an additional 1/8th percent gross receipt tax to fund the areas of public safety and behavioral health that began generating revenue January 2018.

On March 11, 2020, Governor Lujan Grisham declared a statewide public health emergency due to the novel Coronavirus 2019 (COVID-19) with Executive Orders 2020-4 through 2020-18. The US Government issued a Proclamation on March 13, 2020 declaring a national emergency concerning the COVID-19 outbreak. Then on March 24, 2020, the Santa Fe County Board of County Commissioners declared Santa Fe County to be an emergency area due to the public health emergency and the economic emergency being caused by the virus and the response to it with Resolution 2020-24.

STATE OF NEW MEXICO SANTA FE COUNTY MANAGEMENT'S DISCUSSION AND ANALYSIS YEAR ENDED JUNE 30, 2021

For Fiscal Year 2022, departments were directed to prepare flat budgets as compared to Fiscal Year 2021. The County continued to consider the public health emergency in its projections for the fiscal year with revenue projections for gross receipts tax and hold harmless distributions at 85.0% and 33.3%, respectively, of Fiscal Year 2020 actual revenue. By its nature, gross receipts tax is impacted by consumer behavior, which as evident with mandatory closures were instituted.

The original budget for Fiscal Year 2022 is \$44.8 million greater than Fiscal Year 2021. Included in this amount is \$14.6 million of the American Rescue Plan grant budgeted in the following spending buckets: Economic Development, Infrastructure, Affordable Housing & Shelter Assistance, Connect Services, Behavioral Health & Mobile Crisis, Public Awareness Campaigns, Public Health Related Supplies and Revenue Replacement. The budget also includes a 2.0% cost of living adjustment and 3.0% increase in bimonthly contributions from the employees and the County.

In addition, the County created a new department, the Community Development Department, consisting of Community Development Division, Economic Development, Lodger's Tax, Santa Fe Film Office, Sustainability and Housing for a total budgeted cost of \$12.7 million.

We believe this written analysis and the accompanying financial reports will indicate to the reader that Santa Fe County is in good financial health. Factors such as bond ratings, fund balances, cash on hand and budget management, reflect a positive financial direction and management.

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. When assets are sold a gain or loss is recognized for the difference between the cost and sale of the asset.

recognized for the difference between the cost and sale of the asset.

Loss on disposal of capital assets is not reported in the funds statements.		(71,069)
Transfers of capital assets from governmental capital assets to proprietary funds are not recorded in governmental funds.		(11,709,842)
An internal service fund (ISF) is used by management to charge for insurance. The net revenue (expense) of the internal service fund is reported with governmental activities.		1,415,529
Revenues in the governmental funds that provide current financial resources are not included in the Statement of Activities because they were recognized in a prior period.		
Property taxes Mortgages and down payment assistance	 (1,265,394) (11,129)	(1,276,523)
Amortization of deferred amounts related to advance refunding of long-term debt is not recorded in the governmental funds, but is included in the government-wide statement of activities.		
Deferred outflows – advance refunding of bonds		(492,344)
The issuance of long-term debt (e.g. bonds, loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. NOTES TO THE FINANCIAL STATEMENTS – NOTE 1

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Santa Fe County (County) was established by the laws of the Territory of New Mexico of 1852, under provisions of the act now referred to as Section 4-26-1 of the New Mexico Statutes Annotated, 1978 Compilation. The County operates under the commission-manager form of government and provides the following services as authorized in the grant of powers: public safety (sheriff, fire, emergency communications, and corrections), highways and streets, sanitation, health and social services, low rent housing assistance, culture-recreation, public improvements, planning and zoning, and general administrative services.

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The County's significant accounting policies are described below.

Reporting Entity

The County's major operations include public safety - sheriff and fire protection, emergency communication operations, adult detention operations; public works – roads, solid waste, projects and facilities management, utilities (water and wastewater operations); certain health, social and community services; general administrative services; planning and zoning; low income housing assistance and the collection and distribution of property taxes.

The County's basic financial statements include the accounts of all County operations. GASB Statement No. 14 as amended by GASBs 39 and 61, *The Financial Reporting Entity*, establishes the standards for defining and reporting on the financial reporting entity. GASB 14 defines the financial reporting entity as consisting of the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A primary government is any state government or general-purpose local government, consisting of all organizations that make up its legal entity. The County is a primary government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, the County has not identified any component units for the fiscal year ended June 30, 2021.

During July 1996, the Housing Authority's (Authority) Board resigned and day to day operations became a County responsibility. The Authority's operations are included in the financial statements as County proprietary and special revenue funds. The Santa Fe County Housing Authority Proprietary Fund is now known as Housing Services Proprietary Fund (Housing Services).

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

A. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) present financial information about the County as a whole. The reported information includes all of the non-fiduciary activities of the County. The effect of internal activity has been removed from these statements. These statements distinguish between governmental and business-type activities of the County. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for services.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, investment income and other items not included among program revenues are reported as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and the fiduciary funds, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide Financial Statements – The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. In addition, the fiduciary fund financial statements are reported on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met.

In general, eliminations have been made to minimize the double-counting of internal activity, including internal service fund activity. However, interfund services provided and used between different functional categories have not been eliminated when to do so would distort the direct costs and program revenues of the applicable functions. Interfund receivables and payables have been eliminated from the Statement of Net Position, except for the residual amounts due between governmental and business-type activities, if any, which are shown as "internal balances."

<u>Fund Financial Statements</u> – Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. In addition, derived tax revenues, such as gross receipts and gasoline taxes, are recognized as revenues when the underlying exchange transaction has occurred. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, gross receipts taxes, state shared taxes, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenue is not susceptible to accrual because generally they are not measurable until received.

Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Unearned inflows of resources also arise when resources are received by the County before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider.

Property taxes recognized are net of estimated refunds and uncollectible amounts. Delinquent property taxes have been recorded as unavailable revenue. Receivables that will not be collected within the available period have also been reported as unavailable revenue on the governmental fund financial statements.

Customer contributions owed to the Utilities Division for the extension of the water system to their property are recorded as revenue when the customer begins to receive water service. Customer contributions owed to the Utilities Division are recorded as notes receivable and unearned revenue if water service has not yet been extended to the customer.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

Presentation of Funds

The accounts of the County are organized on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. The transactions of each fund are summarized in a separate set of accounts, which include its assets, liabilities, fund equity, revenues, and expenses / expenditures. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. Governmental funds are reported as major funds in the accompanying financial statements if they meet both of the following criteria:

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

- 10.0% criterion An individual governmental fund reports at least 10.0% of any of the following for its particular fund type (government or proprietary): a) total governmental fund assets and deferred outflows, b) total governmental fund liabilities and deferred inflows, c) total governmental fund revenues, or d) total governmental fund expenditures.
- 5.0% criterion An individual government fund reports at least 5.0% of the total for both governmental and proprietary funds of any of the items for which it met the 10.0% criterion.

The County reports the following major governmental funds:

<u>General Fund</u> – This fund accounts for all financial activities except those required to be accounted for in other funds. It is funded primarily through property, gross receipts and other miscellaneous taxes.

<u>Developer Fees Fund</u> – This fund accounts for funds contributed by Las Campanas Limited Partnership and others for affordable housing programs and other projects. The fund was created by the Board of County Commissioners. In prior years, this fund had received approximately \$2.0 million in payments from the private Las Campanas housing development project and the Affordable Housing program, which assists low income persons in the purchase of homes. Current revenue is from interest on the cash balance of this fund and developer funds to assist the affordable housing program. Mortgages funded by developers as part of an affordable housing program are recorded to this fund.

<u>Corrections Operations Fund</u> – This fund accounts for the funding and expense of the County Adult and Juvenile Detention Facilities, through charges for care of prisoners from outside jurisdictions, property taxes and gross receipts taxes. This fund also accounts for expenditures associated with the care of Santa Fe County adult and juvenile inmates. This fund was identified as the Jail Operations Fund in prior years. Effective March 31, 2020, the Board of County Commissioners approved the closure of the youth detention center.

<u>Coronavirus Relief Fund</u> – To account for monies received through the Coronavirus Relief Fund, the Coronavirus Aid, Relief, and Economic Security (CARES) Act which provides for payments to State, Local, and Tribal governments navigating the impact of the COVID19 outbreak.

<u>Capital Outlay GRT Fund</u> – This fund accounts for a 1/4th cent gross receipt tax to be used for various capital projects.

The County has elected to report all of its proprietary funds and its internal service fund as major funds although only the Utilities Fund met the basic criteria of a major fund established by GASB Statement No. 34.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's proprietary funds are charges to customers for sales and services.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

The following are major proprietary funds:

<u>Home Sales Fund</u> – This proprietary fund is used to account for the construction and sales of housing to eligible buyers of affordable housing.

<u>Regional Planning Authority Fund</u> – This proprietary fund is used to account for the funding and expense of the Regional Planning Authority, created by agreement between the City of Santa Fe and Santa Fe County.

<u>Utilities Fund</u> – This proprietary fund is used to account for the funding and expense of the water and wastewater utilities of Santa Fe County.

<u>Housing Services Fund</u> – This proprietary fund is used to account for the funding and expense of the County's Public Housing Authority. Revenue for this fund is derived from housing rentals and Housing and Urban Development (HUD) grants and subsidies.

<u>Self-Insurance Fund</u> – This fund is used to account for revenues collected from employee / employer contributions for the purpose of self-funding health / prescription and dental insurance and other fully funded benefits to County employees.

Operating expenses for this fund include sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Additionally, the County reports the following fund type:

<u>Fiduciary Funds</u> – These funds are custodial in nature and do not present results of operations or have a measurement focus. These funds account for assets that the County holds for others in an agent capacity including inmate deposits, bail money posted, seized and / or forfeited amounts, court ordered writs of execution, and funds utilized by the multi-jurisdictional narcotic task force. In addition, the County Treasurer Fund accounts for collection of property taxes billed on behalf of the County and other taxing entities, and distribution of those taxes, plus any interest and penalties assessed, to the County and other recipient entities.

C. Deferred Outflows / Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense / expenditure) until then. The County reports a deferred outflow of resources related to advance refunding of bonds. The County also records deferred outflows of resources related to its participation in the New Mexico Public Employees Retirement Association (PERA) pension plan and the New Mexico Retiree Health Care Authority (NMRHCA) postemployment healthcare benefits plan.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

Also, in addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The County records deferred inflows of resources related to its participation in the PERA pension plan and the NMRHCA postemployment healthcare benefits plan. Deferred outflows of resources and deferred inflows of resources related to pensions and other postemployment benefit plans (OPEB) are the result of the changes in the net pension and OPEB liabilities not included in pension expense.

Additionally, the County has four types of items that arise only under modified accrual basis of accounting that qualify for reporting in the deferred inflows of resources category. Those amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Accordingly, the items under the deferred inflows category (*property taxes, mortgages and down payment assistance, and unearned revenue*) are reported only in the governmental funds balance sheet.

The County reports unearned revenue on its governmental fund balance sheet and the government-wide statement of net position. Unearned revenues reported by the County represent resources received by the County before it has legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods the County may reimburse unearned revenue amounts and remove the liability from the balance sheet and statement of net position. Alternatively, the County may remove the liability for unearned revenue from the balance sheet and statement of net position and recognize revenue when it meets both revenue recognition criteria methods and the County has a legal claim to the resources.

D. Cash and Investments

For purposes of the Statement of Cash Flows, the County considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents at year end were cash in bank and investments held by the County.

Section 6-10-10 NMSA 1978, as amended, authorizes the County Treasurer, with the advice and consent of the County board of finance, to invest public monies in interest-bearing savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; bonds or other obligations of the U.S. government that are guaranteed as to principal and interest by the U.S. government; and bonds of the State of New Mexico, counties, cities, school districts, and special districts as specified by statute. A significant portion of the cash and investment of funds of the County is pooled for investment purposes. Equity in pooled cash and investments includes amounts in demand deposit accounts, money market accounts, certificates of deposit, U.S. Treasury securities, and repurchase agreements secured by collateral with a market value greater than 102.0% of the value of the agreement. The securities are held by a third party in the County's name. Repurchase agreements are recorded at fair market value. Interest earned is allocated to the applicable County funds based on the County's policy of allocating interest to those funds, which is required by law or by debt covenants. The remaining interest income is recorded in the General Fund.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

Certain resources set aside for the repayment of debt, State of New Mexico and County required contingency are classified as cash and investments – restricted on the statement of net position / balance sheet, because their use is limited by applicable bond covenants or statutory and other contractual requirements. Trust accounts, recorded in the Debt Service Funds, are used to segregate resources accumulated for future debt service payments.

E. Investment Income

Investment income is composed of interest, dividends, and net changes in the fair value of applicable investments.

F. Receivables and Payables

Activity between funds that are representative of lending / borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to / from other funds" (i.e., the current portion of interfund loans) or "advances to / from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to / from other funds." All receivables are shown net of allowance for uncollectible balances.

The County is responsible for assessing, collecting and distributing property taxes for its own operational and debt service purposes and for certain outside entities. Unpaid property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable in two installments no later than the following December 10 and May 10. Collections and remittance of property taxes are accounted for in the County Treasurer's Custodial Fund. Amounts are recognized as revenue in the applicable governmental fund types under accounting principles generally accepted in the United States. The property taxes receivable for the General Fund and for the Debt Service Fund in the governmental fund financial statements are net of an allowance for uncollectible accounts. Refunds related to the settlement of property tax protests are only recorded when the case is completed.

G. Inventory

Inventories on hand at year end were immaterial and therefore not included on the fund or government-wide financial statements.

H. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements and are recognized using the consumption method proportionately over the periods the service is provided.

I. Capital Assets

Capital assets, which include land and improvements; buildings and improvements; plant; vehicles,

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

furniture, and equipment; construction in progress; computer software; and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of \$3,000 or more and an estimated useful life of more than one year. Effective July 1, 2006, State law requires capitalization of assets greater than \$5,000. The County has elected to use the more conservative threshold of \$3,000 for internal tracking purposes. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets, donated works of art, historical treasures, and similar items are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Such assets, including infrastructure, have higher limits that must be met before they are capitalized. Governmental capital assets of the County are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and structures	40
Improvements other than buildings	25-40
Infrastructure	25-30
Machinery and equipment	3-10
Furniture, vehicles and other assets	3-5

All additions to the infrastructure have been capitalized. The Utilities Fund infrastructure consists of engineering costs and other expenses to plan and build a water system. Depreciation expense is recorded in the Utilities Fund over the estimated 50-year life of the water system. Proprietary capital assets of the County are depreciated using the straight-line method over the following estimated useful lives:

Assets	Utilities	Housing Services
Water system	50 years	-
Buildings	40 years	40 years
Machinery and equipment	10 years	10 years
Furniture, vehicles, other assets	3-5 years	3-5 years

J. Compensated Absences

The County's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay. Accumulated sick leave benefits in excess of 240 hours are eligible to be "sold back" to the County upon an employee's retirement at a rate of 50.0% of the excess leave. Sick leave that is eligible to be sold back and vested or accumulated vacation leave is expected to be liquidated with available financial resources and is recorded as an expenditure and fund liability of those funds that will pay it. No liability is recorded for sick leave benefits that are estimated or will be taken prior to retirement. In the entity-wide statements vested or accumulated vacation and sick leave eligible to

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

be sold back to the County are recorded as an expense and liability as the benefits accrue to employees. The General Fund has been used in prior years to liquidate the liability for compensated absences. The total amount of compensated absences is estimated due within one year because of the uncertainty of when the amounts will be paid.

K. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to / deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

L. Postemployment Benefits Other Than Pensions

For purposes of measuring the net Other Postemployment Benefits other than Pensions (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. Long-term Obligations

In the government-wide financial statements and proprietary fund types, long-term debt and other long-term obligations are reported as liabilities on the statement of net position. Bond premiums and discounts and the difference between the reacquisition price and net carrying amount of the old debt are deferred and amortized over the life of the bonds using the straight line method, which approximates the effective interest method over the term of the related debt. Bond issuance costs are recognized as expenditures in both the governmental fund types and entity-wide financial statements when bonds are issued.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, and similar items when bonds are issued. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

N. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund statements are reported as other financing sources / uses in governmental funds and non-operating revenues / expenses in proprietary funds.

O. Budgets

Budgets are adopted on a basis inconsistent with generally accepted accounting principles (GAAP). Appropriations of funds unused or underspent (Cash Balance Carryforward) during the fiscal year may be carried over into the next fiscal year by budgeting those amounts in the subsequent year's budget. For the current fiscal year actual to budget comparisons, the actual amounts are reported on the budgetary basis, which differs from the modified accrual basis for governmental fund types and the accrual basis for proprietary funds.

Differences between the budgetary basis and GAAP include the following:

- 1. The budget includes encumbrances (unperformed contracts for goods or services). GAAP does not include encumbrances.
- 2. The budget does not include certain liabilities, receivables, refunding bond payments, unrealized investment earnings, and depreciation expense for proprietary funds. Transfers are not reported as nonoperating revenues / expenses for proprietary funds. The GAAP basis financial statements does include these transactions.

Annual appropriated budgets are adopted for the general, special revenue, debt service, capital projects, and proprietary funds. Department heads and elected officials are required to complete budget request forms for each organizational unit. The County Manager's Office prepares a management budget recommendation based upon budget requests as well as Board of County Commissioner (Commission) and community priorities. The Commission reviews the management budget recommendations and makes changes as needed. The amended budget is then adopted and approved by resolution. The Finance Division prepares the adopted budget for submission to the Local Government Division of the New Mexico Department of Finance and Administration (DFA / LGD) by June 1, for interim approval.

Before July 1, DFA grants interim approval of the budget. The County's final annual budget document, which incorporates any changes recommended by DFA / LGD is prepared and submitted to DFA / LGD by July 31. During August, the County's final annual budget is reviewed and certified by DFA / LGD.

After the annual budget is adopted, the following types of adjustments must be approved by the governing body through a resolution and submitted to DFA / LGD for review and approval: 1) budget increases; 2) transfers of budget or cash between funds; and 3) budget decreases. Additionally, it is

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

County policy to prepare an internal budget adjustment request form for the following:

- Transfers within organizational units (between expenditure categories)
- Transfers between organizational units (same department and same fund)

Organizational unit budgets are monitored by the Finance Division to ensure that DFA / LGD and County policy are being followed. Additionally, a mid-year budget review is conducted with each organizational unit which includes a hearing with the County Manager or designee, Finance Division staff, and department heads and elected officials. During the hearing, department goals and objectives and budget status are reviewed. This review may result in budget adjustments.

The legal level of budgetary control is the fund level. Expenditures may not legally exceed budgeted appropriations at the fund level except for the following funds, whose legal level of budgetary authority is at the program or district level:

- Emergency Medical Services Fund
- Fire Protection Fund
- Fire Impact Fees Fund

The following funds were not budgeted in fiscal year 2021:

- Recreation Special Revenue Fund
- Federal Forfeiture Special Revenue Fund
- Linkages Special Revenue Fund
- EMS Health Hospital Special Revenue Fund
- Equipment Loan Debt Service Fund
- Water Trust Board Loan / Grant Debt Service Fund
- Community Development Block Grants Capital Projects Fund
- Equipment Loan Proceeds Capital Projects Fund
- Regional Planning Authority Proprietary Fund

P. Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting is used for purchase orders, contracts, and other commitments for the expenditures of monies to reserve that portion of the applicable appropriation, as an extension of formal budgetary integration. In governmental fund types, encumbrances outstanding at year-end do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year. Significant encumbrances, those greater than \$200,000, are disclosed in Note 12 – Contingent Liabilities.

O. Net Position

In the government-wide financial statements, net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation,

NOTES TO THE FINANCIAL STATEMENTS – NOTE 1 (CONTINUED)

reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds and deferred outflow of resources related to refunding of bonds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, laws or regulations of other governments. Unrestricted net position represents assets of the County not restricted for any other project or purpose.

R. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 2

NOTE 2 – CLASSIFICATION OF NET POSITION AND FUND BALANCES

Fund Balance Classifications:

Nonspendable – Represents amounts that are not in a spendable form, cannot be spent, or required by legal or other contractual reasons to be maintained intact. This classification includes permanent fund principal, inventory, assets held for sale, prepaids, and long-term receivables net of unearned revenue. At June 30, 2021, the County had \$1,116,424 in nonspendable fund balance made up of prepaid insurance for general and law enforcement liability, automobile, property, and boiler and machinery.

Restricted – Represents amounts that have been constrained by specific purposes stipulated by external providers, creditors, grantors and other governments, constitutionally, or through enabling legislation. At June 30, 2021, the County had \$230,958,115 in restricted fund balance. Restrictions included bond covenants restricted for capital projects, debt service restrictions, grantor agency restrictions, and other contractual amounts statutorily restricted by State or Federal law. Restricted fund balance also includes \$4,947,818 set aside for a loan guarantee with Santa Fe Film and Media Studios for the construction of a film and multi-media production studio.

Committed – Includes amounts that have been committed by formal action by the highest level of authority for specific purposes (via Commission resolution or adopted ordinance, both equally binding) and can only be changed or lifted by the same formal action. At June 30, 2021, the County had \$52,837,538 in committed fund balance. Committed amounts include a 10.0% to 25.0% reserve of the current fiscal year's operating budget in those governmental funds that directly support County operations and personnel totaling \$9,339,533 in non-major governmental funds, and \$6,114,918 in major funds excluding the General Fund. In the General Fund, there is a contingency reserve of approximately \$9,392,831 equal to 10.0% of the general fund operating budget for the succeeding fiscal year (including transfers), a disaster recovery reserve equal to 11.0% of unassigned fund balance as of the most recently released County ACFR, an uninsured loss reserve equal to 10.0% of unassigned fund balance as of the most recently released County ACFR, and a major infrastructure repair and replacement reserve equal to 12.0% of unassigned fund balance as of the most recently released County ACFR.

<u>Assigned</u> – Amounts that are intended to be used for specific purposes by the County, but do not meet the definition of other fund balance classifications. The General Fund is the only fund that has assigned fund balance due to the restricted nature of other fund types. The authority to assign fund balance can be that of the Commission or an official (usually the County Manager or County Finance Director) who has been delegated that authority. The County had assigned fund balance in the General Fund of \$13,183,366.

<u>Unassigned</u> – This is the fund balance that is the residual classification for the General Fund not contained in other classifications. Only the General Fund can report a positive unassigned fund balance. Other governmental funds may have a negative unassigned fund balance after all restrictions or commitments have been accounted for via other classifications. In the General Fund, the unassigned

NOTES TO THE FINANCIAL STATEMENTS – NOTE 2 (CONTINUED)

fund balance at June 30, 2021, was \$36,426,924 and represents residual fund balance undesignated by other classifications.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

The following schedule represents fund balance classifications at June 30, 2021:

NOTE 3 – CASH AND INVESTMENTS

At year end, the carrying amount of the County's deposits was \$64,291,360 and the bank balance was \$67,262,121. The difference represents outstanding checks, deposits, and other reconciling items. The County also has \$3,570 representing cash on hand with various departments throughout the County as cash drawers.

Custodial Credit Risk – Investments - To control custody risk, State law and the County-adopted Investment Policy requires all securities and all collateral for time and demand deposits, as well as repurchase agreement collateral, be transferred delivery versus payment and held by an independent party required to provide original safekeeping receipts. Repurchase agreements must be collateralized to 102.0%.

Custodial Credit Risk - Deposits - Custodial credit risk on deposits is the risk that in the event of a bank failure, the County's deposits may not be returned. The County has a deposit policy for custodial credit risk which follows New Mexico law. All deposits with financial institutions must be collateralized in an amount not less than 50.0% of the uninsured balance.

No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC). At year end, \$63,042,347 of the County's bank balance was exposed to custodial credit risk as uninsured. Pledged securities totaling \$38,161,038 collateralized the uninsured amount, exceeding the collateralization requirement by \$6,639,864. The County had three accounts that were not collateralized in an amount not less than 50% of the uninsured balanced, which aggregated to \$12,158 at June 30, 2021. See the Schedule of Pledge Collateral for details of County deposit balances and their respective collateral requirements.

The pledged collateral at year end consists of the following:

	 50.0% Requirement
Deposits	\$ 67,262,121
Less FDIC coverage	 4,219,774
Total unsecured public funds	63,042,347
Collateral requirement	31,521,174
Pledged securities, fair value	 38,161,038
Over (Under) Collateralized	\$ 6,639,864

Total	\$	309,234,983	\$	156,805,845	\$	64,905,654	\$	87,523,484	

Credit Quality Risk – The County investment policy further limits its investment choices. Risk is mitigated by limiting callable and variable rate securities to 25.0% of the investment portfolio, laddering maturities, limiting certificates of deposit to \$250,000 per certificate of deposit, limiting investment in any one US Agency's securities to 35.0% of the investment portfolio, limiting repurchase agreements to 25.0% per counterparty and to 10.0% of the investment portfolio, and limiting municipal securities to 15.0% of the investment portfolio.

All of the County's investments in U.S. Agencies in the preceding table were rated Aaa by Moody's Investors Services (Moody's), except for eight that are Not Rated totaling \$17,295,354. Standard and Poor's (S&P) rated the same investments AA+ with the exception of seven of the same investments above and an additional nine investments that were also Not Rated by S&P. All of the County's investments in municipal bonds, except for four Not Rated Bonds totaling \$4,114,543, are rated A1 or better by Moody's and A+ or better by S&P. The County's four investments in corporate bonds are all rated Aaa by Moody's and AAA by S&P.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 3 (CONTINUED)

Concentration of Credit Risk – Investments in securities of any issues, other than U.S. Treasury Securities, mutual funds, local government investment pool, that represent 5.0% or more of the total investments at year end are as follows:

Investment Type	Amount	Percentage of Investments
Corporate Bonds:	 	
International Finance Corporation	\$ 18,367,119	5.9%
U.S. Agencies:		
Federal Farm Credit Bank	39,124,954	12.7%
Federal Home Loan Mortgage Corporation	38,703,229	12.5%
Federal Home Loan Bank	 44,069,751	14.3%
Total	\$ 140,265,053	45.4%

Fair Value – The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, Level 3 inputs are significant unobservable inputs.

- Money Market Mutual Funds of approximately \$144,179,789 are valued at the quoted market price of the fund, which represents the net asset value of the share held by the fund at year-end (Level 1 inputs).
- Corporate Bonds of approximately \$18,367,119 are valued using quoted market prices (Level 2 inputs).
- Municipal Bonds of \$15,476,956 and U.S. Agencies of \$131,211,119 are valued using a matrix pricing model (Level 2 inputs).

The County did not have any investments at June 30, 2021 that were valued using nonrecurring fair value measurements (Level 3 inputs).

<u>Construction Commitments</u> – At year end, the County had contractual commitments related to capital projects for the construction of upgrades to the Santa Fe County Public Safety Facility, the Pojoaque Basin Regional Water System, the Eldorado/Canoncito Water System Improvement, the Quill Wastewater Treatment Plant, the Adult Detention Facility Renovation, the Behavioral Health Triage Center, Eldorado Fire Station #1, the La Puebla Fire Station #1, and other various projects. At year end, the County had spent approximately \$25.1 million on construction projects and had estimated remaining contractual commitments of approximately \$11.1 million. These projects are being funded primarily with bond proceeds, grants and capital outlay gross receipts taxes.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 6

NOTE 6 – OPERATING LEASES

The County leases equipment and office space under the provisions of long-term lease agreements classified as operating leases for accounting purposes. Expenditures under the terms of the operating leases totaled \$759,541 for the current fiscal year. The operating leases are subject to future appropriation and, as such, cancelable by the County at the end of a fiscal year. The future minimum rental payments required under the operating leases at year end were as follows:

Year Ending June 30:	
2022	\$ 70,106

NOTES TO THE FINANCIAL STATEMENTS – NOTE 7

NOTE 7 – LANDFILL CLOSURE AND POST-CLOSURE COSTS

State and federal laws and regulations require the County to place a final cover on the County-operated landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Because closure and post-closure care costs will be incurred after the date the landfill stops accepting waste, the County reports these closure and post-closure care costs as a liability as of each balance sheet date. The County closed the landfill during fiscal year 1997. The \$995,636 reported as landfill closure and post-closure care liability at year end represents management's estimate of the costs for standard monitoring and compliance to 2030.

Annual ground water monitoring has demonstrated the County is in compliance regarding ground water contamination regulations. The County is required to perform monitoring of the ground water every five years. Current year expenditures of \$18,532 were paid by the General Fund. The County estimates it will not expend any significant monies for post-closure costs in the next fiscal year. This estimate is based on what it would cost to perform all closure and post-closure care in fiscal year 2021. Actual costs may be higher due to inflation, changes in technology, or changes in regulations; therefore, an amount due within one year is not recorded.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 8

NOTE 8 – CONDUIT DEBT OBLIGATIONS

The County has issued Project Revenue Bonds to provide assistance for the El Castillo Retirement Residences Project. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. At year end, there were two series of Project Revenue Bonds outstanding, with an aggregate principal amount payable of \$6,660,000.

The County issued \$7,400,000 of tax-exempt variable rate and \$2,965,000 of taxable fixed rate Education Facility Revenue Bonds in April 2008 to provide assistance for building an elementary school for the Archdiocese of Santa Fe. The bonds are secured by Education Facility Revenues. At year end, the amount of bonds outstanding was \$5,000,000.

Total conduit debt outstanding at June 30, 2021, was \$11,660,000. The County is not obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

NOTES TO THE FINANCIAL STATEMENTS - NOTE 9

NOTE 9 – BONDS PAYABLE

Bonds payable at year end consisted of the following outstanding general obligation and revenue bonds. The bonds are both callable and non-callable with interest payable semiannually. Property taxes or gross receipts taxes as applicable from the respective debt service funds are used to pay bonded debt.

Sinking fund requirements for the Correctional System and Gross Receipts Tax (GRT) Revenue Bonds are: 1) 10.0% of the original principal amount of the bonds; or 2) the maximum annual debt service of the bonds; or 3) 125.0% of the average annual debt service of the bonds. The County has chosen option 2.

General Obligation Bonds – purposes

The County issues General Obligation Bonds for Road (acquire, construct, design, equip, and improve roads within Santa Fe County), Fire (acquire, construct, design, equip, and improve fire safety facilities within Santa Fe County), Water (acquire real property and necessary water rights, construct, design, equip, rehabilitate, and improve water projects within Santa Fe County), Open Space (OS) (acquire, design, construct, equip, restore, and improve open space, trails and parks within Santa Fe County), Transfer Stations (acquire, construct, design, equip, rehabilitate, and improve waste transfer stations within Santa Fe County), and Health (acquire, construct, design, equip, and improve community health facilities within Santa Fe County). Refunding of prior General Obligation Bonds is reflected in the schedule.

Revenue Bonds – purposes

Correctional System 1997 Bonds were used to construct the Adult Detention Facility in Santa Fe County. Sheriff's Facility – 1997A Bonds were used to construct the Sheriff's Administration Building. Series 2010A and 2010B Bonds were used for the Buckman Direct Diversion which is used to supply water to Santa Fe County. Series 2016 Bonds were used to construct and renovate County Administration Buildings. Series 2017 Bonds were used to refund Series 2009, 2010A, and 2010B bonds. Series 2019 Bonds were used for the County Administration Complex and related facilities. Refunding of prior Revenue Bonds is reflected in the schedule.

<u>Pledged revenues – governmental activities</u>

The County has pledged future gross receipts tax revenues to repay outstanding revenue bonds of \$87,850,000 as of June 30, 2021. Proceeds from the original bond issuances provided financing for the acquisition and construction of major capital facilities and water systems.

The revenue bonds described in the schedule above are secured by pledged revenue as outlined in the bond covenants associated with each issuance. The 1997 Correctional Facility Bond, the 1997A Sheriff's Facility Bond, 2008 Judicial Center Revenue and the 2016 Series Gross Receipts Tax

NOTES TO THE FINANCIAL STATEMENTS – NOTE 9 (CONTINUED)

Improvement and Refunding Revenue bond have pledged revenue totaling a 5/16^{ths} cent gross receipts tax (two 1/8th cent increments and a 1/16th cent increment) dedicated to general purposes including debt service. The pledged revenue is 1.69 times the amount of debt service in the subsequent fiscal year for the bonds which averages \$4,048,756 per year over the next 10 years. Thus, the total pledge requirement is approximately \$6,834,883 per year or 51.7% of the 5/16^{ths} tax increments annually (based on fiscal year 2020 collections). The revenue pledge will remain in place until the bonds mature or they are called, if callable. Both the 1997 Series and the 1997A Series mature in fiscal year 2027 and are not callable. The 2016 Series will mature in fiscal year 2035 with an optional call date of June 1, 2025.

The two other revenue bonds described, the 2017 Series and the 2019 Series, are secured by pledged capital outlay gross receipts tax. This tax is a 1/4th cent tax increment dedicated to capital projects or debt service thereon. The pledged revenue is 1.67 times the amount of debt service for the bonds in the subsequent fiscal year which averages \$4,753,111 per year over the next 10 years. Thus, the total pledge requirement is approximately \$7,951,158 or 50.2% of the capital outlay gross receipts tax annually (based on fiscal year 2020 collections). The revenue pledge will remain in place until the bonds mature or they are called. The 2017 Series matures in fiscal year 2030 with an optional call date of June 1, 2027. The 2019 Series matures in fiscal year 2039 with an optional call date of June 1, 2027.

Refunding – governmental activities

2015 County Issued Bonds

The County issued \$39,220,000 in refunding bonds through GOB Series 2015, with an effective interest rate of 2.1% to refund the 2005A GOB Series and advance refund the 2007A and 2007B GOB Series general obligation bonds. The 2005A, 2007A and 2007B GOB Series bonds had average interest rates of 4.2%, 4.4%, and 4.2%, respectively. The total refunded principal was \$42,050,000. The net proceeds of \$44,246,869 of the refunding bonds, which includes \$5,026,869 net bond premium, were deposited with an escrow agent and invested in open market securities. Those securities were deposited in an irrevocable trust with an escrow and provided for payment of the refunded bonds on their call dates of July 1, 2015 (2005A Series) and July 1, 2016 (2007A and 2007B Series). As a result, the refunded general obligation bonds are considered to be defeased, and the liability for those bonds has been removed from the government-wide financial statements. The refunding / advance refunding was undertaken to reduce the total debt service payments over eight years by an average of \$440,000 per year with a savings in debt service payments to the County of \$5,679,464. The County recognized an economic gain of \$5,120,207. The 2007A and 2007B GOB Series were advance refunded with the call date and subsequent redemption, both dated July 1, 2016.

2016 County Issued Bonds

The County issued \$24,645,000 through Series 2016 GRT bonds to advance refund revenue bonds, with an effective interest rate of 2.2%. The revenue bond advance refunded the 2008 Gross Receipts Revenue bond that had an average interest rate of 4.9%. The total refunded principle was \$24,305,000 for the revenue bond. The net proceeds of \$26,389,550 of the advance refunding included \$1,774,550

NOTES TO THE FINANCIAL STATEMENTS – NOTE 9 (CONTINUED)

net bond premium and were deposited with an escrow agent and invested in State and Local Government Securities. The securities were deposited in an irrevocable trust with an escrow agent to pay interest when due and to redeem the callable maturities of Series 2008 Revenue Bond on their call date of July 1, 2018. Therefore, the gross receipts tax revenue bond is reflected as being defeased and the liability has been removed from the government-wide financial statements. The advance refunding was for the purpose of generating savings in debt service payments to the County of \$5,938,076. The County recognized an economic gain of \$4,625,608. The 2008 Gross Receipts Revenue Series was advance refunded with the call date and subsequent redemption, which both occurred on June 1,2018.

The County issued \$16,860,000 through GOB Series 2016 to refund bonds, with an effective interest rate of 1.5%. The bonds were issued to advance refund the 2008 GOB Series bond that had an average interest rate of 4.1%. The total refunded principal was \$18,400,000 for the bond. The net proceeds of \$19,649,349 from the advance refunding, which included \$2,789,349 net bond premium, were deposited with an escrow agent and invested in State and Local Government Securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for payment of the refunded bonds on the call date of July 1, 2018. Therefore, the general obligation bond is reflected as being defeased and the liability has been removed from the government-wide financial statements. The advance refunding was carried out to reduce payments by an average of \$175,000 per year over the next eight years with a savings in debt service payments to the County of \$1,408,542. The County recognized an economic gain of \$1,297,951. At year end, \$18,400,000 of the defeased bonds were still outstanding. The 2008 GOB Series was advance refunded with the call date and subsequent redemption which both occurred on July 1, 2018.

2017 County Issued Bonds

The County issued \$5,740,000 through GOB Series 2017 to refund bonds, with an effective interest rate of 1.5%. The bond was issued to advance refund the 2009 GOB Series bond that had an average interest rate of 4.1%. The total refunded principal was \$6,250,000 for the bond. The net proceeds of \$6,601,320 of the advance / refunding, which include \$935,480 bond premium were deposited with an escrow agent and invested in State and Local Government Securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for payment of the refunded bond on the call date of July 1, 2019. Therefore, the general obligation bond is reflected as being defeased, and the liability has been removed from the government-wide financial statements. The advanced refunding was carried out to reduce payments by an average of \$68,000 per year over the next seven years with a savings in debt service payments to the County of \$475,698. The County recognized an economic gain of \$429,891. At year end, \$6,250,000 of the defeased bonds was still outstanding. The 2009 GOB Series was advance refunded with the call date and subsequent redemption occurring on July 1, 2019.

The County issued \$25,470,000 through Capital Outlay GRT Series 2017 to refund bonds, with an effective interest rate of 2.4%. The bond was issued to advance refund the 2009 GRT Series, 2010A GRT Series, and 2010B GRT Series bonds that had a combined average interest rate of 4.2%. The total refunded principal was \$26,260,000 for the bonds. The net proceeds of \$28,162,006 of the advanced refunding, which include \$3,151,668 bond premium, were deposited with an escrow agent

and invested in State and Local Government Securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for payment of the refunded bond on the call dates of June 1, 2019 and June 1, 2020. Therefore, the gross receipts tax bonds are reflected as being defeased, and the liability has been removed from the government-wide financial statements. The advance refunding was carried out to reduce payments by a combined average of \$190,000 per year over the next 13 years with a savings in debt service payments to the County of \$2,462,575. The County recognized an economic gain of \$2,139,847. At year end, \$26,260,000 of the defeased bonds were still outstanding. The 2009 GRT Series, 2010A GRT Series, and 2010B GRT Series bonds were advance refunded with the call date and subsequent redemption occurring on June 1, 2019 and June 1, 2020.

2021 County Issued Bonds

The County issued \$4,445,000 through GOB Series 2021 to refund bonds, with an effective interest rate of 4.0%. The bond was issued to refund the 2011 GOB Series bond that had an average interest rate of 3.9%. The total refunded principal was \$4,750,000 for the bond. The net proceeds of \$4,851,959 of the refunding, which include \$406,959 bond premium were deposited with an escrow agent and invested in State and Local Government Securities. The securities were deposited in an irrevocable trust with an escrow agent to provide for payment of the refunded bond on the call date of July 1, 2021. Therefore, the general obligation bond is reflected as being defeased, and the liability has been removed from the government-wide financial statements. The refunding was carried out to reduce payments by an average of \$68,040 per year over the next six years with a savings in debt service payments to the County of \$408,241. The County recognized an economic gain of \$395,506. At year end, \$4,750,000 of the defeased bonds was still outstanding. The 2011 GOB Series was refunded with the call date and subsequent redemption occurring on July 1, 2021.

Annual debt service requirements to maturity on revenue and general obligation bonds for governmental activities at year end are summarized as follows:

<u>Compliance</u> – Amounts received or receivable from grantor agencies (principally the federal government) are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures / expenses that may be disallowed by the grantor cannot be determined at this time, although the County expects such amounts, if any, to be immaterial.

<u>Lawsuits</u> – The County is a defendant in a number of lawsuits as of June 30, 2021. It is the opinion of management and County counsel that the amount of losses resulting from these remaining litigations at June 30, 2021, would not be material to the financial position of the County.

NOTES TO THE FINANCIAL STATEMENTS – NOTE 13

NOTE 13 – RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God. The County belongs to the New Mexico Counties (NMC), a public entity risk pool currently operating as a common risk management and insurance program for its member counties. The County pays an annual premium to NMC for its general and law enforcement liability, excess liability, automobile, property and workers' compensation insurance coverage. The agreement for formation of the NMC provides that NMC will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of amounts that range from \$250,000 for property to \$1,000,000 for other liability claims. The County carries commercial insurance for employee accident insurance as well as for medical malpractice, builders risk, pollution and temporary use liability.

Employee Group Coverage

Beginning January 1, 2017, the County began offering all regular and limited-term employees the choice of two medical insurance options, which are HMO and Preferred Provider, both provided through Presbyterian Health Services, and dental insurance provided by Delta Dental. The County pays 80.0% of the premium for employees that earn \$30,000 or less annually; 75.0% of the premium for employees that earn between \$30,001 to \$50,000 annually; 70.0% of the premium for employees that earn between \$50,001 and \$70,000 annually; and 65.0% of the premium for employees earning above \$70,001 annually. The County reports its self-insurance programs in the internal service fund. Amounts are charged to the departments of the County to provide sufficient resources to cover claims incurred and to pay the insurance service agent's administrative fee. The County maintains specific stop loss coverage for individual claims in excess of \$150,000.

The following schedule represents the changes in claims liability for fiscal years 2021 and 2020:

Self-Insured Claims Liability	Balance at 5/30/2021	Balance at 6/30/2020

NOTE 14 – PENSION PLAN – PUBLIC EMPLOYEES RETIREMENT ASSOCIATION

Plan description. The Public Employees Retirement Fund (PERA) is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police / Adult Correction Officer, Municipal General, Municipal Police / Detention Officers, Municipal Fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA Fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). As provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), each employee and elected official of every affiliated public employer is required to be a member in the PERA Fund, unless specifically excluded.

PERA issues a publicly-available financial report that can be obtained at http://saonm.org/ using the Audit Report Search function for agency 366.

Benefits Provided. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. Effective July 1, 2013, new legislation enabled two benefit tiers under each PERA coverage plan. The coverage plans include Municipal General, Municipal Police and Municipal Fire Plans. Members are eligible to retire when they meet the age and service credit requirement for the plan in which they participate. Plan members are required to contribute between 13.15%-17.80% of their gross salary, depending on the specific plan type and salary range. The County is required to contribute between 9.80%-21.90% of the gross covered salary, depending on the specific plan type.

Contributions. The contribution requirements of defined benefit plan members and the County are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the Legislature. For the employer and employee contribution rates in effect for fiscal year 2021 for the various PERA coverage options, for both Tier I and Tier II, refer to Note1C in PERA's fiscal year 2020 financial statements for a table of all retirement plans and required contribution rates. The PERA coverage options that apply to the County are: Municipal Plan 3 (Municipal General), Municipal Police Plan 5 (Municipal Police) and Municipal Fire Plan 5 (Municipal Fire). Statutorily required contributions to the pension plan from the County were approximately \$5,096,800 and employer paid member benefits that were "picked up" by the employer were approximately \$4,697,237 for the year ended June 30, 2021.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. The PERA pension liability amounts, and sensitivity information were based on an annual actuarial valuation performed as of June 30, 2019. The PERA pension liability amounts for each division were rolled forward from the valuation date to the plan year ending June 30, 2020. Therefore, the employer's portion was

NOTES TO THE FINANCIAL STATEMENTS – NOTE 14 (CONTINUED)

established as of the measurement date of June 30, 2019. The liability is expected to be liquated by the General Fund, Utilities Proprietary Fund and Housing Services Proprietary Fund in which salary expenditures occur.

The assets of the PERA fund are held in one trust, but there are six distinct membership groups (municipal general members, municipal police members, municipal fire members, state general members, state police members and legislative members) for whom separate contribution rates are determined each year pursuant to Chapter 10, Article 11 NMSA 1978. Therefore, the calculations of the net pension liability, pension expense and deferred inflows and outflows were preformed separately for each of the membership groups: municipal general members; municipal police members; municipal fire members; state general members; state police members and legislative members. The County's proportion of the net pension liability for each membership group that the employer participates in, is based on the employer contributing entity's percentage of that membership group's total employer contributions for the fiscal year ended June 30, 2020. Only employer contributions for the pay period end dates that fell within the period of July 1, 2019, to June 30, 2020, were included in the total contributions for a specific employer. Regular and any adjustment contributions that applied to fiscal year 2020 are included in the total contribution amounts. In the event that an employer is behind in reporting its required contributions to PERA, an estimate of the receivable was used to project the unremitted employer contributions. This allowed for fair and consistent measurement of the contributions with the total population. This methodology was used to maintain consistent measurement each year in determining the percentages to be allocated among all the participating employers.

For PERA Fund Division Municipal General, at June 30, 2021, the County reported a liability of \$70,573,711 for its proportionate share of the net pension liability. At June 30, 2021, the County's proportion was 3.4899%, which was 0.1135% less than its proportion measured as of June 30, 2020.

For the year ended June 30, 2021, the County recognized PERA Fund Division Municipal General pension expense of \$2,843,796. At June 30, 2021, the County reported PERA Fund Division Municipal General deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Total pension expense recognized for Fiscal Year 2021 for all membership groups the County participates in was \$4,858,546.

Actuarial Assumptions. As described above, the total pension liability, net pension liability, and certain sensitivity information are based on an actuarial valuation performed as of June 30, 2019. Then each PERA Fund member group pension liability was rolled forward from the valuation date to the Plan year ending June 30, 2020. These assumptions were adopted by the Public Employees Retirement Board for use in the June 30, 2020, actuarial valuation.

The long-term expected rate of return on pension plan investments was determined using statistical analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Discount Rate. The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumed that future contributions will be made in accordance with statutory rates. On this basis, the pension plan's fiduciary net position together with the expected future contributions are sufficient to provide all projected future benefit payments of current plan members as determined in accordance with GASB Statement No. 67. Therefore, the 7.25% assumed long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the net pension liability of PERA Fund, calculated using the discount rate of 7.25%, as well as what PERA Fund's net pension liability would be if it were calculated using a discount rate that is 1% point lower (6.25%) or 1 - percentage - point higher (8.25%) than the current rate:

NOTE 15 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – STATE RETIREE HEALTHCARE PLAN

Plan Description. Employees of the County are provided with Postemployment Benefits Other than Pensions (OPEB) through the Retiree Health Care Fund (the Fund)—a cost-sharing multiple-employer defined benefit OPEB plan administered by the New Mexico Retiree Health Care Authority (NMRHCA). NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents and surviving spouses) who have retired or will retire from public service in New Mexico.

NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

Benefits Provided. The Fund is a multiple employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

Employees Covered by Benefit Terms. At June 30, 2020, the Fund's measurement date, the following employees were covered by the benefit terms:

Plan membership	
Current retirees and surviving spouses	52,179
Inactive and eligible for deferred benefit	10,916
Current active members	91,082
	154,177
Active membership	
State general	17,097
State police and corrections	1,830
Municipal general	17,538
Municipal police	3,159
Municipal fire	1,966
Educational Retirement Board	49,492
	91,082

NOTES TO THE FINANCIAL STATEMENTS – NOTE 15 (CONTINUED)

Contributions. Employer and employee contributions to the Fund total 3.00% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee's salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer's participation in the Fund. Contributions to the Fund from the County were \$901,319 for the year ended June 30, 2021.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At June 30, 2021, the County reported a liability of \$40,441,783 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2019. The County's proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2020. At June 30, 2020, the County's proportion was 0.96315%. The liability is expected to be liquated by the General Fund, Utilities Proprietary Fund and Housing Services Proprietary Fund in which salary expenditures occur.

For the year ended June 30, 2021, the County recognized OPEB expense of (\$2,143,844). At June 30, 2021 the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual				
experience	\$	_	\$	7,181,378

Total	\$	10,275,889	\$	17,867,975

NOTES TO THE FINANCIAL STATEMENTS – NOTE 15 (CONTINUED)

Deferred outflows of resources totaling \$901,319 represent the County's contributions to the Fund made subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

	Year ende	ed June 3	30:
	2022	\$	(3,756,999)
	2023		(3,130,815)
	2024		(1,582,256)
	2025		(670,768)
	2026		647,434
Total		\$	(8,493,404)

Actuarial Assumptions. The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Actuarial valuation date	June 30, 2019
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
• Inflation	2.50% for Public Employees Retirement Association of New Mexico
Projected payroll increases	3.25% to 13.50%, based on years of service, including inflation
Investment rate of return	7.25%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8.00% graded down to 4.50% over 14 years for Non-Medicare medical plan costs and 7.50% graded down to 4.50% over 12 years for Medicare medical plan costs
Mortality	Public Employees Retirement Association of New Mexico members: RP-2014 Combined Healthy Mortality

Rate of Return. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major

asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for the long-term expected rate of return is summarized as follows:

	Target	Long-Term
Asset	Allocation	Rate of Return
U.S. Core Fixed Income	20.00%	2.10%
U.S. Equity – Large Cap	20.00%	7.10%
Non U.S. – Emerging Markets	15.00%	10.20%
Non U.S. – Developed Equities	12.00%	7.80%
Private Equity	10.00%	11.80%
Credit and Structured Finance	10.00%	5.30%
Real Estate	5.00%	4.90%
Absolute Return	5.00%	4.10%
U.S. Equity – Small/Mid Cap	3.00%	7.10%

Discount Rate. The discount rate used to measure the Fund's total OPEB liability is 2.86% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary-determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2040. Thus, the 7.25% discount rate was used to calculate the net OPEB liability through 2040. Beyond 2040, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA / Aa or higher (2.21%) was applied. Thus, 2.86% is the blended discount rate.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate and Healthcare Cost Trend Rates. The following represents the net OPEB liability of the County, as well as what the County's net OPEB liability would be if it were calculated using a discount rate that is 1.0 percentage-point lower (1.86%) or 1.0 percentage-point higher (3.86%) than the current discount rate:

NOTES TO THE FINANCIAL STATEMENTS – NOTE 16, 17, 18, 19 & 20

NOTE 16 – TAX ABATEMENT

The City of Santa Fe issued an Industrial Revenue Bond Series 2007 for the Ridgetop Road, LLC Project to provide funds to finance the acquisition, construction and equipping of certain land and other improvements to be used as a portion of an office campus facility located at 2300 North Ridgetop Road in Santa Fe, New Mexico. This office campus is currently being used by Thornburg Investment Management.

The City of Santa Fe issued an Industrial Revenue Bond Series 2019 for the El Castillo Retirement Residences Project to provide funds for the construction of a new retirement complex located at Old Taos Highway and Paseo de Peralta.

The amount of property taxes being abated to Santa Fe County as a result of the City of Santa Fe's Industrial Revenue Bond during fiscal year 2021 is \$261,331. No payments were received by Santa Fe County in association with the foregone tax revenue. The County has set no threshold for individual disclosure as only one tax abatement from other governmental entities impacted the County.

NOTE 17 - RECENT AND NEW ACCOUNTING PRONOUNCEMENTS

The Government Accounting Standards Board's (GASB) following standards were implemented in fiscal year 2021 and may be applicable to the County:

GASB Statement No. 84, Fiduciary Activities

The following GASB pronouncements have been issued, but are not yet effective as of June 30, 2021:

GASB Statement No. 87, Leases

GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period

GASB Statement No. 91, Conduit Debt Obligations

GASB Statement No. 92, Omnibus 2020

GASB Statement No. 93, Replacement of Interbank Offered Rates

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*

GASB Statement No. 96, Subscription-Based Information Technology Arrangements

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32

NOTES TO THE FINANCIAL STATEMENTS – NOTE 16, 17, 18, 19, & 20 (CONTINUED)

The County will implement each new GASB pronouncement in the applicable fiscal year no later than the required effective date. The County believes that the above-listed new GASB pronouncements will not have a significant impact to the County financially or in it issuing its financial statements.

NOTE 18 – RESTATEMENT OF FIDUCIARY NET ASSETS

The County implemented GASB Statement No. 84, *Fiduciary Activities*, that enhances the consistency and comparability of fiduciary activity reporting by state and local governments. This change resulted in recording beginning net position of \$827,393 for custodial funds to recognize net additions from prior years.

NOTE 19 - REMEDIAL ACTION PURSUANT TO REVENUE PROCEDURE 2018-26

During Fiscal Year 2021, the County determined that its Sublease Agreement with First Choice Community Healthcare, Inc., Lease Agreement No. 2019-0030 (Lease Agreement), concerning the Mountain and Valley Regional Health Center, #7 Municipal Way, Edgewood, Santa Fe County, New Mexico, resulted in (i) impermissible private business use of the facilities financed with proceeds of its General Obligation Improvement and Refunding Bonds, Series 2017 (the "Bonds") and (ii) impermissible levels of private payment in connection with those facilities under Internal Revenue Code Section 141(b). County Management decided to cure the nonqualified use and maintain the tax-advantaged status of the Bonds using the modified alternative use of disposition proceeds remedy for eligible leases provided in Section 5.01 of Revenue Procedure 2018-26. This remedial action requires the County to reclassify \$10,184,402 in Fiscal Year 2020 Capital Outlay GRT Fund capital outlay expenditures as the expenditure of disposition proceeds under Revenue Procedure 2018-26. This reclassification does not affect the presentation of expenditures in the Capital Outlay GRT Fund or the fund balance of that fund.

NOTE 20 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The following fund exceeded approved budgetary authority for the year ended June 30, 2021:

Regional Transit \$188,020

The County plans to monitor, more closely, budget to actual activity and make required adjustments

Santa Fe County Sunset, Annette Baca

The following non-major special revenue funds are maintained by the County.

<u>Regional Transit</u> – To account for a 1/8th cent gross receipts tax imposed on July 1, 2001 in support of the North Central Regional Transit District (District). Funds are remitted in their entirety to the District and 50.0% is dedicated to the Rail Runner, 14.0% of the remaining 50.0% is used for administrative costs of the District and the balance is used for Santa Fe County mass transit projects.

<u>Corrections</u> – To account for corrections fees levied by the Magistrate courts (e.g. a \$10 fee associated with a speeding or seat belt violation) and distributed to the County. This revenue is utilized in the local corrections system. These funds are to be used for the operation of the County jail and other costs related to housing County prisoners. See Section 33-3-25(C), NMSA 1978.

<u>Property Valuation</u> – To establish and account for a 1.0% administrative charge assessed against the property tax collections of all taxing entities in the County. This revenue is utilized by the Assessor's Office for its property re-valuation activities. See Chapter 7, Article 38 NMSA 1978.

Road Maintenance – To establish and account for revenues consisting of half of the vehicle registration fees in the County (the other half goes to municipalities) and a 21 cent per gallon gasoline tax, both collected and distributed to the County by the State of New Mexico. Also, the federal government collects a logging fee of which 25.0% is distributed to school districts and the County Road Fund. Road Fund expenses are also funded by transfers from the General Fund. State law mandates that the Road Fund be utilized for "the construction, reconstruction, resurfacing or other improvement or maintenance of public roads ..." See Section 7-1-6.9, NMSA 1978.

<u>Hold Harmless Gross Receipts Tax Fund (1st 1/8th)</u> – To establish and account for a 1/8th cent gross receipts tax enacted in 2015 and dedicated to maintenance and capital improvements of County facilities and infrastructure including debt service for bonds issued for those purposes.

<u>Emergency Medical Services</u> – To establish and account for the Emergency Medical Services Fund Act, which makes funds available from the New Mexico State General Fund municipalities and counties for use in the establishment and enhancement of local emergency medical services, statewide emergency medical services and trauma services in order to reduce injury and loss of life. See Chapter 24, Article 10A NMSA 1978.

<u>Hold Harmless Gross Receipts Tax Fund (2nd 1/8th)</u> – To establish and account for the second 1/8th cent gross receipts tax enacted in 2017 and dedicated to capital, maintenance, and operating expenditures for the Sheriff's Office, Fire Department, Corrections Division, behavioral health services, and debt service for bonds issued for any purpose.

<u>Farm and Range</u> – To establish and account for the Farm and Range Improvement Act, which directs the County commissioners to expend funds derived from the State's share of the 1934 Taylor Grazing Act's public lands grazing district fees paid to the Bureau of Land Management.

The funds may be used for the purposes of soil and water conservation, control of rodents and predatory animals, extermination of poisonous noxious weeds, and construction and maintenance of secondary roads within the County. See Section 6-11-6 NMSA 1978.

<u>Fire Protection</u> – To establish and account for revenues of the Fire Protection Fund derived from fees on property and motor vehicle insurance businesses, which are collected and distributed by the State. Fire Protection Fund distributions to the County must be used for maintenance of fire departments, the purchase, construction, maintenance, repair and operation of fire stations and substations, fire apparatus, and equipment, and the payment of insurance premiums on fire stations, substations, and fire fighters. See Section 59A-53-5 NMSA 1978. Also reported in this fund is a 1/4th cent gross receipts tax known as the County Fire Protection Excise Tax that is levied in the unincorporated area of the County. This tax may be used for operational expenses, ambulance services, or capital outlay costs in the County Fire Districts and regional fire stations. See Section 7-20E-15 NMSA 1978.

<u>Law Enforcement Protection</u> – To account for revenues derived from 10.0% of fees, licenses, penalties, and taxes from life, general casualty, and title insurance business pursuant to the New Mexico Insurance Code (See Chapter 59A NMSA 1978). A distribution of this revenue is made to the County on the basis of population and the number of full-time certified County police officers. Proceeds from this fund may be spent on the Law Enforcement Protection Fund Act (see Article 29, Section 13 NMSA 1978) including but not limited to law enforcement equipment, advanced law enforcement training and conferences, and purchasing and training of dogs in K-9 units and related equipment.

<u>Environmental Gross Receipts Tax (GRT)</u> – To establish and account for the pledged 1/8th cent gross receipts tax enacted in 1999 that was used to pay off principal and interest related to the County's Environmental Gross Receipts Tax Revenue Bonds, and also for the purpose of acquisition, construction, operation and maintenance of solid waste, water and wastewater facilities.

<u>Lodgers Tax</u> – To establish and account for a 4.0% occupancy tax on lodging facilities in the unincorporated area of Santa Fe County. Fifty percent (50%) of the proceeds from the first 3.0% and 100.0% of the next 1.0% of the occupancy tax is used for advertising, publicizing, or promoting tourist attractions in Santa Fe County, as well as the County Fairgrounds, exposition buildings, field houses, auditoriums, welcome centers, tourist information centers, museums, performing art facilities, and convention facilities. Fifty percent (50%) of the proceeds from the first 3.0% of the occupancy tax is designated to equip, furnish, improve, acquire grounds for, advertise, and promote the tourist facilities noted above, and to administer the tax. Established pursuant to Santa Fe County Lodgers' Occupancy Tax Ordinance No. 1999-10 and Chapter 3, Article 38 NMSA 1978.

<u>Fire Impact Fees</u> – To establish and account for fees charged for new development pursuant to Santa Fe Ordinance 1995-04 and Resolution 2013-119. The proceeds are used for capital improvements and facility expansion that are necessitated by the new development.

<u>Recreation</u> – To account for 1 cent of a 21 cent per pack state cigarette tax designated for County and municipal recreation funds. The fund is designated for operating recreational facilities, including salaries of instructors and other employees. See Section 7-12-15 NMSA 1978.

<u>Clerk Recording</u> – To account for the fee for recording documents such as deeds, mortgages, contracts, liens, bills of sale, power of attorney, mining location, and transcripts of judgment of \$9 for the first page and \$2 for each subsequent page. Of this fee, \$4 of the \$9 for the first page is designated as an equipment recording fee and is received into this fund. This fund is designated for the purchase of equipment associated with recording, filing, maintaining or reproducing documents. See Section 14-8-12.2, NMSA, 1978 Compilation.

<u>Correctional GRT</u> – To account for a $1/8^{th}$ cent County-wide gross receipts tax approved by the voters in 2004. Proceeds from this fund are transferred to the Corrections Operations fund for the operation of the Adult Detention Facility and to pay debt service on the 1997 Correctional System Revenue Bonds issued for construction of the facility.

<u>Indigent Hospital</u> – To establish and account for a countywide 1/8th cent gross receipts tax received into this fund. This tax is dedicated to providing support for indigent health services and includes funding the County's required payment to the State's Safety Net Care Pool. See Section 7-20E-9 NMSA 1978.

<u>Health Care Assistance Program</u> – To account for hospital care, ambulance services or other health care services to indigent people living in the County. Support for this Fund comes from a transfer from the Indigent Hospital Fund.

<u>Economic Development</u> — To establish and account for services in support of economic diversification, transition, and development programs within Santa Fe County.

<u>Federal Forfeiture</u> – To establish and account for money from federal seizures associated with antidrug law enforcement activities received in this fund and spent by the Sheriff's Office on these activities. Revenue in this fund is not anticipated in the initial budget. Budget is established when revenue is received during the fiscal year.

<u>Linkages</u> – To account for a rental assistance program specific to families with identified disabilities funded by the New Mexico Mortgage Finance Authority. The program ended in fiscal year 2014.

<u>Housing Choice Voucher Section 8</u> – To account for rent subsidies received from U.S. Department of Housing and Urban Development (HUD) for vouchers to low-income persons renting housing in the private sector. This fund was created in accordance with the HUD contract.

<u>EMS Health Care</u> – To establish and account for health service programs. Support for this Fund comes from a transfer from the 3rd 1/8th cent local option gross receipts tax fund known as the EMS Health Hospital Fund.

<u>Wildlife / Mountains / Trails</u> — To account for County Resolution No. 2000-57 that requires, "in all future property acquisition negotiations for Wildlife, Mountains, Trails and Historic Places Program, that participating landowners donate at least 5.0% of the fair market value of properties, as determined by an appraisal, in lieu of a real estate commission ..." to fund capital improvements and maintenance

of properties acquired for the Program." This is paid through the title company to the County as part of the closing on the purchase of the property.

 $\underline{\textbf{EMS Health Hospital}}$ – To account for the 3^{rd} $1/8^{th}$ cent local option gross receipts tax used to support County health services.

<u>Alcohol Programs</u> – To account for state grants for DWI and alcohol education grants and programs and grants associated with the County Teen Court program.

<u>Detox Programs</u> – To account for federal and state grants for the construction and operation of Detox programs in the County.

<u>Fire Operations</u> – To account for the funding and expenses of the County's career fire and emergency medical services, and the volunteer stipend program. It is funded primarily through gross receipts taxes, charges for ambulance services, and revenue from various grants.

<u>Emergency Communication Operations</u> – To account for the operation and management of the Regional Emergency Communication Center, which is the dispatch center for all emergency calls taken for the City of Santa Fe, Santa Fe County, and the Town of Edgewood.

<u>Law Enforcement Operations</u> – To account for the operations of the County Sheriff, including grants pertaining thereto. Non-grant funding comes through a transfer of property taxes from the General Fund. This fund was established in fiscal year 2010 to isolate the operations of the Sheriff's Office in its own fund, especially due to the volume of grants that needed to be segregated from the General Fund. Prior to fiscal year 2010 the revenues and expenditures were recorded in the General Fund.

Renewable Energy Special Fund: To establish and account for the energy savings realized by the County through its installation of renewable energy generating equipment and implementation of energy conservation measures at its facilities. This revenue is to be utilized to pay for its subscription to a 1.3 MW renewable energy subscription under Public Service Company of New Mexico (PNM) Rate Rider 50 for potential payments due under the PNM Solar Direct Program.

<u>Housing Capital Improvement</u> – To account for the Capital Fund Program (CFP) funded by the HUD. These monies are used to make comprehensive repairs to the existing public housing of Santa Fe County, and are applied for and granted on an annual basis. This fund was created in accordance with the grant agreement.

Santa Fe County Snowy Mountains, Annette Baca

STATE OF NEW MEXICO SANTA FE COUNTY DESCRIPTION ON NON-MAJOR CAPITAL PROJECT FUNDS YEAR ENDED JUNE 30, 2021

The following non-major capital project funds are maintained by the County.

<u>Community Development Block Grants (CDBG)</u> – To establish and account for CDBG Grants funded by the U.S. Department of Housing and Urban Development (HUD), passed through and administered by the State of New Mexico Department of Finance and Administration, and other projects funded by outside donations.

<u>Transfer Development Rights</u> — To account for revenue and expense for development rights purchased by the County from qualified properties for conservation. The fund provides the County with a secure and reliable source of transfer development rights through the protection of areas with high conservation value. Funds from the proceeds of the sale of these development rights will be utilized to acquire additional development rights to replenish funds in order to maintain an adequate supply of development in receiving areas.

<u>Road Projects</u> – To account for the revenue and expense for road projects conducted by the County. Only those road projects with present agreements for funding are included in the fiscal year budget. Established by the County to account for funding from the New Mexico Department of Transportation and other sources for road improvements.

<u>Special Appropriations & Other Projects</u> – To account for revenue and expense for capital grants received from the State of New Mexico. The fund contains only those projects that have signed grant agreements. As additional grant agreements are executed during the fiscal year they are added to the budget.

<u>General Obligation Bond (GOB) Series 2009</u> – To account for the proceeds of a \$17 million bond issuance for the purpose of improving open spaces, trails and parks, County roads, fire safety facilities, water projects, and solid waste transfer stations. The debt service on this bond series is paid with property taxes through the General Obligation Bond Debt Service Fund.

<u>General Obligation Bond (GOB) Series 2011 Improvement and Refunding</u> – To account for the proceeds of a \$17.5 million bond issuance for the purpose of refunding GOB Series 2001A and improving open spaces, trails and parks, County roads, fire safety facilities, water projects, and waste transfer stations. The debt service on this bond series is paid with property taxes through the General Obligation Bond Debt Service Fund.

<u>Equipment Loan Proceeds</u> – To account for the proceeds of loans from the New Mexico Finance Authority to purchase capital equipment. Payments on equipment loans are made through the Equipment Loan Debt Service Fund (403).

General Obligation Bond (GOB) Series 2013 – To account for the proceeds of a \$19 million bond issuance for the purpose of improving open spaces, trails and parks, County roads, water projects, and solid waste transfer stations. The debt service on this bond series is paid with property taxes through the General Obligation Bond Debt Service Fund.

STATE OF NEW MEXICO SANTA FE COUNTY DESCRIPTION ON NON-MAJOR CAPITAL PROJECT FUNDS (CONTINUED) YEAR ENDED JUNE 30, 2021

General Obligation Bond (GOB) Series 2015 Improvement and Refunding Bond — To account for the proceeds of a \$47.22 million bond issuance for the purpose of refunding GOB Series 2005A, advance refunding GOB Series 2007A and GOB 2007B, and improving open spaces, trails and parks, County roads, and water or wastewater projects. The debt service on this bond series is paid with property taxes through the General Obligation Bond Debt Service Fund.

<u>General Obligation Bond (GOB) Series 2016 Improvement and Refunding Bond</u> – To account for the proceeds of a \$24.9 million bond issuance for the purpose of advance refunding GOB Series 2008 and improving open space, trails and parks, County roads, and water or wastewater projects. The debt service on this bond series is paid with property taxes through the General Obligation Debt Service Fund.

Gross Receipts Tax (GRT) Revenue Series 2016 Improvement and Refunding Bond – To account for the proceeds of a \$30.4 million bond issuance for the construction of the Grant Street Complex (New Administrative Building) and restoration of the administrative building and advance refunding Series 2008 Gross Receipts Tax Revenue Bond. Debt service on this bond is paid with gross receipts taxes.

General Obligation Bond (GOB) Series 2017 Improvement and Refunding Bond — To account for the proceeds of a \$27.8 million bond issuance for the purpose of advance refunding Series 2009 GOB, and improving open space, trails and parks, County roads, fire and public safety facilities, community health facilities, and water or wastewater projects. The debt service on this bond series is paid with property taxes through the General Obligation Debt Service Fund.

<u>General Obligation Bond (GOB) Series 2018 Improvement Bond</u> – To account for the proceeds of a \$13.0 million bond issuance for the purpose of improving County roads, water and wastewater projects, fire and other public safety facilities, and open space, trails and parks. The debt service on this bond series is paid with property taxes through the General Obligation Debt Service Fund.

Gross Receipts Tax (GRT) Revenue Series 2019 Improvement Bond – To account for the proceeds of a \$28.5 million bond issuance for the restoration and equipping and furnishing a County administration complex and related facilities, and County roads pursuant to a settlement agreement with the Pueblo de San Ildefonso, and improvements necessary to comply with the Americans with Disabilities Act Countywide. Debt service on this bond is paid with gross receipts taxes.

General Obligation Bond (GOB) Series 2021 Improvement and Refunding Bond — To account for the proceeds of a \$24.4 million bond issuance for the purpose of refunding Series 2011 GOB, and improving County roads, water and wastewater projects, and open space, trails, and parks. The debt service on this bond series is paid with property taxes through the General Obligation Debt Service Fund.

Notes:

- (1) The Fire Gross Receipts Tax (GRT) Sunsetted in June 2009 and was re-established in July 2013; taxes collected between these dates are due to delinquent payments.
- (2) The first 1/8% Hold Harmless GRT went into effect starting in July 2015.
- (3) The Health Care/EMS GRT was re-dedicated in July 2016. It is labeled the 3rd 1/8 portion of the General Fund GRT.
- (4) The second 1/8% Hold Harmless GRT went into effect starting in January 2018.
- * Restated
- (a) The state of New Mexico amended the Gross Receipts Tax section of State Law in 2020. The change started in 2021.

They eliminated specific GRT allocations and instead created four "increments": County Wide GRT, County Wide GRT with Referendum, County Area GRT and County Area GRT with Referendum. Santa Fe County continues to allocate our GRT collections as before due to our Ordinances still being in place, which the state allows.

⁽b) The Emergency & Medical increment and the Regional Transit increment were not changed. The equalization GRT is still distributed to local governments as well.

County Assessor's Information - Annual Report

Notes:

- (a) The Total Taxable Value does not include Livestock or the State Assessed Property.
- (b) The Estimated Fair Market Value is three times the Taxable Value.
- (c) Due to the complexity of Santa Fe County's rate structure, Santa Fe County is calculating the effective rate, which is equal to total revenue expressed as a percentage of the total taxable value. Effective Rate for most current Tax Year cannot be calculated due to the Tax Levy not calculated at the time of this document being drafted.

SINGLE AUDIT SECTION

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Mr. Brian S. Colón, Esq., New Mexico State Auditor To the Honorable Members of the Board of County Commissioners Santa Fe County, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund and major special revenue funds of the Santa Fe County, New Mexico (the "County"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated December 1, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal controls, described in the accompanying schedule of findings and questioned costs as item 2021-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*; however, the results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Section 12-6-5 NMSA 1978. These matters are described in the accompanying schedule of findings and questioned costs as items 2021-003, 2021-004, and 2021-005.

The County's Responses to Findings

The County's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Mr. Brian S. Colón, Esq., New Mexico State Auditor and To the Honorable Members of the Board of County Commissioners Santa Fe County, New Mexico

Report on Compliance for Each Major Federal Program

We have audited Santa Fe County, New Mexico's, (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the County's major federal program for the year ended June 30, 2021. The County's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the County's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2021.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2021-002. Our opinion on each major federal program is not modified with respect to this matter.

The County's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the County, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Section II — Financial Statement Findings

2021-001 — Financial Close and Reporting (Significant Deficiency)

Criteria: The internal controls system should ensure financial statements and supporting financial schedules are properly reviewed by an individual separate from the initial preparer. To ensure review controls are effectively implemented, the review should be completed by an individual who possesses the skills, knowledge, and expertise to detect errors or material misstatements in a timely manner. Documentation should be maintained to provide evidence that reviews were performed.

Condition/Context: During our audit, we identified errors in the initial draft of the County's Annual Comprehensive Financial Report for the fiscal year ended June 30, 2021. Primarily, these corrections related to the following areas:

- A reclassification of \$43,677,364 was made to increase the net investment in capital
 assets, and reduce the amount reported as unrestricted net position on the Statement of
 Net Position. This reclassification had no impact on the total net position of the
 County.
- A reclassification of \$1,063,974 was made to increase the carrying amount and bank balance of deposits, and reduce the amount reported as investments in Note 3 Cash and Investments disclosure. This reclassification had no impact on the total cash and investment balance of the County.
- An adjusting journal entry was made to accrue expenses related to water services totaling \$469,344 within the Utilities fund.

We discussed these matters with management of the County and management made the appropriate revisions for these areas.

Cause and Effect: The Finance department had vacancies in certain positions, which resulted in some deficiencies in monitoring controls that have historically been in place at the County. As a result, there were certain errors in financial reporting that were not initially detected within the normal course of operations.

Auditor's Recommendations: The County should assess monitoring controls and revise, as necessary, to ensure second level reviews are performed on all financial information, including the year-end financial statements and supporting financial schedules. These reviews should be completed by an individual who possesses the skills, knowledge, and expertise to detect errors or material misstatements in a timely manner. Documentation should be maintained to provide evidence that reviews were performed. If monitoring controls cannot be achieved with current staffing, then the County may consider obtaining other professional resources, such as outsourced certified public accountants, to help achieve the County's financial reporting objectives.

Management's Response: Management concurs staff vacancies in the Finance Division resulted in insufficient resources to perform certain processes and procedures related to the preparation of the annual financial statements. The Finance Division will continue recruitment efforts to fill essential vacancies and look to contractual resources if vacancies are not filled. Person responsible for correction is assigned to the Finance Director and is expected to be resolved by June 30, 2022.

Section III — Federal Award Findings

2021-002 — Allowable Costs (Other Noncompliance)

Federal program information:

Funding agency: U.S. Department of the Treasury

Pass-through entity: New Mexico Department of Finance and

Administration (DFA)

Title: Coronavirus Relief Fund

Assistance listing number: 21.019

Award period and number: March 1, 2020 – December 30, 2021, CARES-

01000-SFC

Criteria: According to the County's contract with DFA, all expenditures for which the CARES Act Funding Recipient requests reimbursement must occur between March 1, 2020 and December 30, 2020.

Condition/Context: Out of twenty-six payroll expenditures tested, we found one expenditure totaling \$433.89 for administrative services performed was recorded after the December 30, 2020 contact expiration date. This appears to be an isolated instance of noncompliance, as this expenditure was related to a temporary employee who performed administrative services at the Community Services Department for this federal program. In reviewing payroll records, there were no additional payroll expenditures incurred by this temporary employee after December 30, 2020.

Other non-temporary employee expenditures were initially charged under their original fund, and then reclassified to this program as Management in the Finance Department deemed their services to be eligible under the CARES Act. Our testing procedures did not detect any internal control or compliance exceptions with these other non-temporary employee expenditures.

Known Questioned Costs Exceeding \$25,000: None

Cause and Effect: Monitoring controls did not identify these payroll charges were past the end of the contract period (December 30, 2020). As such, the request for reimbursement was improperly submitted to DFA for reimbursement.

Auditor's Recommendations: The County should notify DFA about this particular instance of noncompliance and take corrective measures, as necessary, to resolve this matter.

Management's Response: Management concurs with the identification of unallowable costs that were reimbursement to the County. The Finance Division has reached out the New Mexico Department of Finance and Administration and received approval to swap other allowable and unclaimed expenditures with those deemed unallowable to correct the error. Person responsible for correction is assigned to the Finance Director and is expected to be resolved by June 30, 2022.

Section IV — Section 12-6-5 NMSA 1978 Findings

2021-003 [2018-008] — Collateralization (Other Noncompliance)

Criteria: New Mexico State Statute Section 6-10-17, NMSA 1978 and the County's investment policy statement, requires the County to collateralize an amount equal to one-half of the balance not covered by the Federal Deposit Insurance Corporation (FDIC) for depository accounts.

Condition/Context: As of June 30, 2021, the County held checking accounts and certificates of deposit with the following financial institutions that did not have additional pledged collateral to cover one-half of the amount in excess of FDIC deposit insurance, as required by State Statute Section 6-10-17, NMSA 1978:

- U.S. Eagle Credit Union uninsured deposited exceeded pledged collateral by \$3.
- UBS Financial Services uninsured deposits exceeded pledged collateral by \$10,886.
- Mutual Securities, Inc. uninsured deposits exceeded pledged collateral by \$1,269.

In total, the County had \$12,158 in uninsured deposits that exceeded pledged collateral requirements as of June 30, 2021.

The County made progress towards implementing the County's prior year corrective action plan, as previously the County had nine depository accounts that had a combined total of \$162,864 of uninsured deposits that exceeded pledged collateral at June 30, 2020.

Cause and Effect: Additional collateral was not pledged to cover one-half of the amount in excess of FDIC insurance for the County's deposits, which caused the County to be out of compliance with the cash collateralization requirements.

Auditor's Recommendations: The County Treasurer's Office should continue to implement procedures to ensure collateral is held for all deposits.

Management's Response: Management agrees with the above list of deposits that were under collateralized as of June 30, 2021. The Finance Division will continue to work with the County Treasurer to improve its monitoring of collateral held for all deposits by training staff and obtaining regular reporting from all depositories. The County Treasurer will also be asked to report on collateralization monthly to the County Investment Committee and quarterly to the County Board of Finance. Person responsible for correction is assigned to the County Treasurer and is expected to be resolved by June 30, 2022.

Section IV — Section 12-6-5 NMSA 1978 Findings — continued

2021-004 — Actual Expenditures in Excess of Budgeted Expenditures (Other Noncompliance)

Criteria: According to 2.2.2.10 (R)(1)(a) NMAC, if actual expenditures exceed budgeted expenditures at the legal level of budgetary control, that fact shall be reported in a finding and disclosed in the notes to the financial statements. Additionally, according to 6.6.6 NMSA 1978, when any budget for a local public body has been approved and received by a local public body, it is binding upon all officials and governing authorities, and no governing authority or official shall allow or approve claims in excess thereof, and no official shall pay any check or warrant in excess thereof.

Condition/Context: Actual expenditures in the County's Regional Transit Fund exceeded budgeted expenditures amounts by \$188,020 for the year-ended June 30, 2021.

Cause and Effect: Controls were not in place to ensure actual expenditures did not exceed budgeted expenditure amounts for the County's Regional Transit Fund. As a result, the County did not comply with regulatory requirements regarding budgeted expenditures for fiscal year-ended June 30, 2021.

Auditor's Recommendations: The County should ensure budgetary controls ensure actual expenditures do not exceed the authorized budget limits. Budget adjustments should be prepared and authorized for any amounts that are projected to exceed the original budgetary amounts.

Management's Response: Management agrees that the Regional Transit General Fund had actual expenditures exceed budgeted expenditures. The Finance Division will continue to monitor actual performance as compared to the annual budget and process budget adjustments as necessary for actual resulted exceeding or not meeting projected amounts. Person responsible for correction is assigned to the Finance Director and is expected to be resolved by June 30, 2022.

Section IV — Section 12-6-5 NMSA 1978 Findings — continued

2021-005 —Personnel Action Forms (Other Matters)

Criteria: An entity should have updated employee files that will reflect their most current change in pay rate.

Condition/Context: Out of twenty-six payroll expenditures tested, we found eleven employees who did not have a personnel action form that reflected their most recent change in pay rate signed by an authorized individual.

Cause and Effect: The Human Resources department did not issue new Personnel Action Forms when the January 2020 Cost of Living Adjustment was rolled out. This led to a deficiency in the internal control structure. This can lead to several years' worth of pay rate changes not being recorded in the official employee file.

Auditor's Recommendations: The Human Resources department should ensure to follow their procedures of having an electronic Personnel Action Form for any change in an employee's status, such as changes in their pay.

Management's Response: Management agrees that the January 2020 Cost of Living Adjustment was not documented in individual employee personnel files. The Human Resources and Risk Management Division will ensure all personnel action changes are documented and included in an employee's personnel file. In addition, the 2020 Cost of Living Adjustment will be documented in all applicable personnel records to correct this deficiency. Person responsible for correction is assigned to the Human Resources and Risk Management Director and is expected to be resolved by June 30, 2022.
