## Phase 1:

May/June 2011

- Identification of Concept Decision Points (CDPs)
- PIP –CDP Input
- BCC -CDP Decisions
- Code Team–Incorporation of CDP Decisions into SLDC Draft

## Phase 2:

July/October 2011

- Code Draft Elements Review for CDPs
- PIP CDP Input on additional CDPs
- BCC –Decisions on additional CDPs
- Code Team –Incorporation of CDP Decisions

## Phase 3:

Nov./Dec. 2011

- Final Code Draft
- Public Hearing Process

## Phasing Outcomes:

- Code Draft Elements released for Public Review.

Additional CDP's identified.

- Implementation of CDP Elements into Code draft.

- Additional Code Elements released for Public Review.

- Code Draft Public Review Process

- Code Draft Public Hearing Process

# Public Input Process:

## *The Goal:*

*“Make sure citizens are heard by decision makers”*

# How Will Citizens Be Heard?

- Identify Concept Decision Points (CDPs)
  - Discuss Alternatives
  - Implement Code
- Focus code discussion towards validating implementation rather than policy
- Organize the process to make it accessible.
  - Use appropriate technology to help
- Help public organize input
  - Education about the issues so they understand the big picture
  - Help groups and individuals organize input for maximum impact

# ***Concept Decision Points and Implementation Details***

- ***Concept Decision Points (CDPs)***
  - Define major policy decisions
  - Presented as a question with alternatives (one or several may be chosen)
- ***Implementation Details***
  - Specify the details related to a policy decision (may actually define policy)
  - Presented as a question with alternatives (one or several may be chosen)

***As we go through the process, we will determine what level of detail is appropriate***
